LEGISLATIVE JOURNAL
SESSION OF 1955

REASONS FOR PARDONS GRANTED BY GOVERNOR

January 4, 1955.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania:

I have the honor to present herewith the reasons for pardons and communtations granted from January 7, 1953, to date

JOHN S. FINE.

BOARD OF PARDONS

In re application of James Faiola, D-7271, No. 9921, November Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Faiola, convicted of robbery, being armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on July 1, 1943 to be computed from June 8, 1943 be commuted from 15 years to 9 yrs. 6 mos. & 12 days, expiring on December 20, 1952.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he has now served approximately ten years of a minimum sentence of fifteen years. He has been in difficulty before to the extent that he served a sentence in the Pennsylvania Industrial School when but sixteen years of age. After his release from the Pennsylvania Industrial School, when he was seventeen years of age, he was sentenced to a term of one to three years on charge of aggravated assault and battery. He violated this sentence when he became involved in this offense, and this occurred before he reached his twentieth birthday. He has now spent one-third of his life behind bars.

The Board of Trustees of the Eastern State Penitentiary in their report to the Board of Pardons, have stated that this applicant has been a model prisoner and has developed a trade of pressman. The custodial officers consider him a model prisoner and indicate that he is a good morale builder in his cell bar. The trial judge is deceased and no report is made from the court on the question of whether or not this applicant should be given consideration. The district attorney of Philadelphia County stated to the Board of Pardons that he was not opposed to favorable consideration of this applicant.

In consideration of applicant's excellent institutional record and the fact that he has served over two-thirds of his minimum sentence, we feel that he has been sufficiently punished, and we, therefore, recommend that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Robert L. Miller, No. A-1715, November Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert L. Miller, convicted of (1) conspiracy (2) larceny in the Court of Quarter Sessions of Lancaster County on April 25, 1952, to be computed from May 19, 1952 be commuted from 1 year to 8 months expiring on January 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he was sentenced to a term of not less than one nor more than two years on a charge of conspiracy and larceny. The facts are that this applicant, together with his father, were engaged in the junk business and they bought scrap and material that had been stolen from the Armstrong Cork Company. This applicant has never been in any difficulty and the District Attorney of Lancaster County has written the Board of Pardons and stated that he was amazed that the Court did not distinguish in the sentence of this applicant and his father, since all the arrangements were concluded by the father before the son had any knowledge of the offense.

He is not opposed to the granting of clemency. Since this applicant has served over seven months of his minimum sentence we feel that he should be given some consideration at this time and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Russell Bainbridge, B-9033, No. 8045, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Russell Bainbridge, convicted of larceny in the Court of Oyer and Terminer of Allegheny County on June 15, 1944, be commuted from a maximum term of 10 years to a maximum term of 8 years and 7 months, expiring on January 15, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Robert Vernon Baker, No. A-1732, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Vernon Baker, convicted of armed robbery in the Court of Quarter Sessions of Montgomery County on January 12, 1951, to be computed from December 29, 1950, be commuted from 5 years to 2 years 1 month expiring on January 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age. He had no prior criminal record. He pleaded guilty to the charge of Armed Robbery and was sentenced to not less than five nor more than ten years. At the present time he has served over two years of his minimum sentence. If granted commutation he will be given a parole plan in Kansas. He has an excellent institutional record in the Eastern State Penitentiary and the Trial Judge has stated that he has no objection to a commutation at this time.

The District Attorney's office in Montgomery County, however, feels that this application is premature. Since this was his first conviction for any offense and since his parole plan calls for his going to Kansas, we feel that further confinement can serve no useful purpose and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Ronald Baxter, No. A-1189, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ronald Baxter, convicted of prison breach, from Rockview in the Court of Quarter Sessions of Centre County on August 11, 1948 to be computed from May 16, 1951 be commuted from 4 years to 1 year 8 month expiring on January 16, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he was sentenced to a term of not less than four nor more than ten years on the charges of Breaking and Escaping from the Rockview Branch of the Western State Penitentiary where he had been serving a similar sentence of charges of forgery. At the present time he has served over five and one-half years but only one year and seven months applies on this sentence. He has an excellent institutional record except for this offense.

The Trial Judge, the Honorable Ivan Walker, leaves the matter up to the Board of Pardons as does the District Attorney of Centre County. We feel that one year and eight months is sufficient for this escape and we, therefore, recommend that his sentence be commputed.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Joseph Bisko, C-7194, No. 4596, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed upon Joseph Bisko, convicted of robbery with intent to kill, larceny in the Court of Oyer and Terminer of Schuylkill County on June 17, 1931, be commuted on Bill No. 472 May Sessions, 1931, from a maximum term of 3 years to a maximum term of 1 year and 7 months, expiring on January 17, 1953; on Bill No. 547 from a maximum term of 20 years to a maximum term of 1 day, expiring on January 18, 1953; on Bill No. 548 from a maximum term of 20 years to a maximum term of 1 day, expiring on January 19, 1953; and

on Bill No. 552 from a maximum term of 20 years to a maximum term of 1 day, expiring on January 20, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Peter Chiodo, No. A-1541, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Peter Chiodo, convicted of the following offenses: 1st count: conspiracy; 2nd count: conspiracy; 3rd court: wilful fraud by altering ballots; 4th count: wilful fraud by making false counts on votes case; 5th count: wilful fraud by making false return of votes case in the Court of Quarter Sessions of Cambria County on May 24, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and he had no prior criminal record. He was sentenced to a term of not less than three months, nor more than one year on May 24, 1937 for fraudulently altering ballots, fraudulently making a false count and fraudulent election return and conspiracy. It was pointed out that this applicant had a mistaken sense of loyalty when he refused to testify at his trial. At the present time he is Captain of the Police Force of the City of Johnstown and is an outstanding citizen.

The Trial Judge is not opposed and the District Attorney of Cambria County leaves it to the Board of Pardons. Since all of this occurred over fifteen years ago and was the only offense that he has committed, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Thomas Coates, D-115, No. 3392, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprinsonment imposed upon Thomas Coates, convicted of robbery, being armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on November 8, 1934, be commuted from a maximum term of 20 years to a maximum term of 18 years and 2 months, expiring on January 8, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Laden Collins, B-6618, No. 6741, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Laden Collins, convicted of murder in the second degree in the Court of Oyer and Terminer of Washington County on February 25, 1939, be commuted from a maximum term of 20 years to a maximum term of 13 years and 11 months, expiring on January 25, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his

fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of John Cottrell, No. 9343, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Cottrell, convicted of robbery in the court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 13, 1943, to be computed from April 26, 1943 be commuted from 20 years to 10 years expiring on April 26, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and he has no prior criminal record of any sort. He was sentenced to a term of not less than twenty nor more than forty years on charges of robbery. At the time of his conviction he was only seventeen years of age. At the present time he has served approximately ten years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record and that he has matured physically, emotionally and socially during his incarceration.

The Trial Judge is deceased and the District Attorney states that he is not opposed to the granting of commutation at this time.

Under all the circumstances we feel that this applicant deserves another chance and we, therefore, recommend that his sentence be commuted at the expiration of ten years, on April 26, 1953.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Rosetta Davis, C-4941, No. 4510, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Rosetta Davis, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on November 21, 1928, be commuted from a maximum term of life to a maximum term of 24 years and 2 months, expiring on January 21, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Richard Morris Dickstein, No. 8106, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Richard Morris Dickstein, convicted of or pleaded guilty to the following offenses: (1) illegal possession and manufacture of liquor in the Court of Quarter Sessions of Philadelphia County June 3, 1925; and (2) setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County on March 14, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-eight years of age and he is asking a Pardon for volation of the liquor laws of the Commonwealth of Pennsylvania during the time prohibition was in force. He was also convicted of setting up and maintaining an illegal lottery. The first offense occurred over twenty-seven and one-half years ago and the last occurred approximately twelve years ago. Since that time the applicant has not been in any difficulty and has conducted a successful business under the name of Paramount Hosiery Company and asks this pardon in order that his record may be cleared and that the sins of the father may not be visited upon his family.

The Trial Judge is deceased and we have no recommendation from any Judge in Philadelphia County. The District Attorney has stated that he is not opposed to this pardon. This applicant has proved himself worthy of the pardon and we feel that under all the circumstances we should recommend it to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re applicaiton of Bert Edwards, D-8637, No. 8568, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Bert Edwards, convicted of robbery, being armed with an offensive weapon, assault in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on January 4, 1946, be commuted from a maximum term of 10 years to a maximum term of 7 years, expiring on January 4, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Albert James Fallat, No. A-1725, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Albert James Fallat, convicted of burglary in the Court of Oyer and Terminer of Allegheny County, on July 31, 1941 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and this was his first arrest. He was placed on probation for three years on a charge of burglary. He has not been in any further difficulty for a period of more than twelve years and at the present time is serving with the United States Army in Africa. The Board of Parole of the Commonwealth of Pennsylvania has reported to the Board of Pardons and states that this applicant has an excellent reputation but for this offense. Under all the circumstances we feel that this applicant has so conducted himself that he should be granted some consideration.

The trial judge recommends that a pardon be granted. The district attorney of Allegheny County is not opposed to the granting of a pardon. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Samuel D. Fishman, No. A-1730, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Samuel D. Fishman, convicted of violation of liquor control act Section 411, in the Court of Oyer and Terminer of Philadelphia County, on December 13, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and has no prior crime record of any sort. He is alleged to have committed a violation of the Pennsylvania Liquor Control Act when he was seen serving drinks to people in his bar on Election Day. He plead not guilty but was convicted and was sentenced to pay a fine of $100.00. The fine has been paid.

This applicant was never cited by the Liquor Control Board for this violation. They evidently considered it very minor or their investigators did not consider it a violation of their rules. The Board of Parole, in its investigation for the Board of Pardons, has stated that this applicant has a very excellent reputation. The trial judge has no objections to the granting of clemency, and the district attorney of Philadelphia County has stated that he is not opposed to the granting of this pardon.

We feel that this is a technical violation of the law at best. Since the applicant has never before, or since, been in any difficulty we are recommending to your Excellency that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Theodore Harris, B-7341, No. 135-B, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Theodore Harris, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on September 5, 1940, be commuted from a maximum term of 14 years to a maximum term of 12 years and 4 months, expiring on January 5, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Paul Heyduke, D-5785, No. 7405, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Paul Heyduke, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Bucks County on May 20, 1941, be commuted from a maximum term of 12 years to a maximum term of 11 years and 8 months, expiring on January 20, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Henry Emmett Hileman, No. A-927, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Emmett Hileman, convicted of statutory rape in the Court of Oyer and Terminer of Allegheny County on June 21, 1948, to be computed from April 2, 1948 be commuted from 8 years to 4 years 9 months 20 days expiring on January 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and but for the fact that he was in some difficulty approximately twenty-six years ago he has had a good reputation. The girls involved in this matter have written letters stating that they are not opposed to the granting of clemency.

The trial judge, the Honorable Russell H. Adams, has written the Board of Pardons and states that he leaves the matter of commutation up to the board. The warden of Allegheny County workhouse has stated this applicant has an excellent institutional record. He has a good parole plan and it is felt that if he is given consideration at this time he can adjust to society. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Lucius Jackson, No. A-1200, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum

sentence of Lucius Jackson, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 23, 1947, sentence to be computed from December 28, 1946 be commuted from 10 years to 6 years 1 month expiring on January 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this is not the first time he has been in difficulty with the law. In fact he had two juvenile convictions and has had four other previous arrests prior to his becoming involved in this offense. He was convicted of the charges of burglary, larceny and receiving stolen goods together with three accomplices, and at the present time has served six years of his minimum sentence.

The board of trustees of the Eastern State Penitentiary states that this applicant has earned a very good performance report and his disciplinary record and adjustments at the institution are excellent. He also has an honorable discharge from the United States Army where he served with distinction during World War II. His wife, who was his representative, states that he will reside with her upon his release and she has pledged the Board of Pardons to aid and assist this applicant in his rehabilitation. The board feels that this applicant deserves some consideration since he has served more than one-half of his minimum and all but one of his accomplices have been freed from further incarceration. Under the circumstances we feel that this applicant has been sufficiently punished and we, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Arthur W. Keddies, B-6872, No. 7346, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Arthur W. Keddies, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on August 24, 1939 to be computed from August 17, 1939, be commuted from a maximum term of 24 years to a maximum term of 13 years and 5 months, expiring on January 17, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John W. Kelso, No. 3661, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John W. Kelso, convicted of burglary in the Court of Oyer and Terminer of Delaware County on October 21, 1932, be communted on Bill No. 76, imposed at December Sessions of 1932 from a maximum term of 10 years to a minimum term of 1 day, expiring on January 21, 1953; and on Bill No. 79, imposed at December Sessions, 1932 (Delaware County) from a maximum term of 10 years to a new maximum term of 1 day, expiring on January 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is 44 years of age and he asks commutation of his maximum sentence in order that his sentence may be given the effect that the courts of Pennsylvania have now passed upon such sentences. In 1942, he was granted commutation of his original sentence but the commutation was granted on lumped sentences which had been improperly entered. Therefore, the commutation was improperly granted. As a result of this, when the applicant was again sentenced in 1949, he did not receive the credit he was entitled to under the original Delaware County sentence. Consequently, this applicant has now been incarcerated for a total period of 15 years.

The District Attorney of Delaware County has stated that he is not opposed to the granting of commutation in this matter. Since this applicant asked commutation of his original maximum sentence in 1932 we feel that he should be granted this application and we, therefore, recommend that the maximum sentence of Delaware County imposed October 21, 1932, be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.

In re application of Leroy Kirk, No. 9956-A, No. 3108, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Leroy Kirk, convicted of larceny, robbery, rape, in the Court of Oyer & Terminer, and Quarter Sessions of Allegheny County on October 14, 1930, be commuted on Bill No. 15 February Sessions 1930, from a maximum term of 20 years to a maximum term of 1 year and 3 months, expiring on January 14, 1953; on Bill No. 23, from a maximum term of 10 years to a maximum term of 1 day, expiring on January 15, 1953; on Bill No. 16, from a maximum term of 10 years to a maximum term of 1 day, expiring on January 16, 1953; and on Bill No. 115 from a maximum term of 3 years to a maximum term of 1 day, expiring on January 17, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

BOARD OF PARDONS

In re application of John Kubiak, No. A-1170, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Kubiak, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 12, 1947, to be computed from July 8, 1947 be commuted from 10 years to 5 years, 6 months, 20 days, expiring on January 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and this was his first conviction for any offense whatsoever. He was sentenced to a term of not less than ten nor more than twenty years on charges of burglary. At the present time he has served more than five years of his minimum sentence. He was only sixteen years of age when this offense was committd and he received a very substantial sentence. He has an excellent record in the Philadelphia County Prison where he is confined.

The Trial Judge is deceased and the District Attorney has advised that they are not opposed to the granting of clemency. Since this applicant was only sixteen years of age when he was sent to prison, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

In re application of James E. Land, No. A-1738, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that James E. Land, convicted of operating a motor vehicle while under the influence of intoxicating liquor, in the Court of Quarter Sessions of Philadelphia County, on October 20, 1937 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and he was placed on probation approximately fifteen years ago on the charge of operating a motor vehicle while under the influence of intoxicating liquor. Since this conviction he joined Alcoholic Anonymous and has not indulged in the use of alcoholic liquor. He is now the Sales Manager of an automobile agency and has a very responsible position. During the period of the last war he served in the United States Marine Corps and has an honorable discharge.

The Trial Judge, the Honorable T. J. Crumlish, has written the Board of Pardons and states that he recommends a Pardon be granted. The District Attorny in Philadelphia also recommends that a pardon be granted. The Board feels that this applicant has completely rehabilitated himself and by reason of his conduct over the past fifteen years they further feel that he has earned a right to this favorable recommendation. We, therefore, recommend to your Excellency that a complete pardon be granted.

In re application of Robert Landymore, No. 5173, No. 1305, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of

imprisonment imposed upon Robert Landymore, convicted of robbery in the Court of Oyer & Terminer of Allegheny County on August 10, 1931, be commuted on Bill No. 166, June Sessions 1931 from a maximum term of 5 years to a maximum term of 1 year and 5 months, expiring on January 10, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. In re application of Rubie Leibovitz, No. 57541, No. 7054, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Rubie Leibovitz, convicted of entering a building with intent to commit a felony in the Court of Quarter Sessions of Allegheny County on October 12, 1931, be commuted on Bill No. 322 from a maximum term of 10 years to a maximum term of 7 years and 10 monhts, expiring on January 15, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. In re application of Allen Lewis, D-1003, No. 6346, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Allen Lewis, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Luzerne County on November 16, 1935, be commuted from a maximum term of 20 years to a maximum term of 17 years and 2 months, expiring on January 16, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. In re application of Henry Mays, No. 9669, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Mays, convicted of robbery in the Court of Oyer and Terminer of Philadelphia County on May 7, 1943 be commuted from 25 years to 10 years expiring on May 7, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first conviction for any offense whatsoever. He was convicted of the crime of robbery and was sentenced to a term of not less than twenty-five nor more than

UNIVERSITY OF ILLINOIS
LIBRARY

fifty years. At the present time he has served nearly ten years of his minimum sentence. The Board of Trustees of the Eastern State Penitentiary states that this applicant had some difficulty adjusting during the early part of his sentence but he now has an excellent record in the institution. This applicant was but seventeen years of age when he entered the Eastern State Penitentiary.

The Trial Judge is deceased and the District Attorney of Philadelphia is opposed to his release at the present time. Nevertheless the Board of Pardons feels that this applicant has matured sufficiently while in prison to understand the nature of his difficulties and since he has served approximately ten years of his minimum sentence we feel he should be given some consideration at this time. We, therefore, recommend that his sentence be commuted to ten years, expiring on May 7, 1953.

In re application of Raymond Roger Moore, No. A-615, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Raymond Roger Moore, convicted of armed robbery in the Court of Oyer and Terminer of Allegheny County on February 11, 1947, to be computed from December 24, 1946 be commuted from 7 years to 6 years, 1 month expiring on January 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction. At the present time he has served six years of his minimum sentence. He and three accomplices held up a store and guns were used in the hold-up. The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and that if he was eligible to apply for parole they would recommend that parole be granted.

The Trial Judge is deceased and the Present Judge has no recommendation to make. The District Attorney of Allegheny County is objecting to the granting of commutation at this time. The applicant accomplices have had their sentences commuted, and they are all released. We feel that this applicant's prior record was no worse than his accomplices and since they have all been released we recommend that this applicant be granted commutation at this time.

In re application of Harry Perkins, No. A-1591, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry Perkins, convicted of pandering in the Court of Oyer and Terminer of Allegheny County on February 6, 1952 be commuted from 2½ years to 1 year expiring on February 6, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and has been in no difficulty whatsoever until his arrest in this connection. He was charged with pandering and was convicted. He was sentenced to a term of not less than two and one-half years nor more than five years. At the present time he has served approximately eleven months of his minimum sentence. He has an excellent record in the Allegheny County Workhouse and they would recommend his release on parole.

The trial judge, the Honorable Clarence Nixon, has stated that he is not opposed to the granting of commutation. The accomplice in this case was sentenced to thirty days. We cannot understand the disparity between the sentences and we, therefore, feel that if this applicant serves one year he will be sufficiently punished. We, therefore, recommend that his sentence be commuted expiring on February 6, 1953, when he has served one year.

In re application of Joseph Rizzo, No. A-1761, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that Joseph Rizzo, convicted of Lottery in the Court of Common Pleas of Allegheny County, on April 16, 1947 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he has no prior criminal record. He was sentenced to pay a fine of Two Hundred Dollars ($200.00), on a charge of lottery. This sentence was imposed over five years ago and he has been in no further difficulty since that time. The applicant served in World War II and received an honorable discharge with the rank of Sergeant.

Since this offense the applicant has married and has two children. He has made an honest effort at self-improvement and desires this pardon to clear his record. The Board of Parole of the Commonwealth of Pennsyl-

vania states this applicant has an excellent reputation but for this arrest. The Board feels that because of his present good record and the very evident rehabilitation that he has made we should recommend that a pardon be granted.

In re application of William B. Sherman, No. A-1114, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William B. Sherman, convicted of burglary and larceny in the Court of Quarter Sessions of Venango County on November 9, 1950, to be computed from November 4, 1950 be commuted from 4 years to 2 years 2 months 10 days expiring on January 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and he had no prior criminal record. He was sentenced to a term of not less than four years nor more than eight years. The places involved were cabins and hunting lodges, and the applicant did not attempt to sell, or dispose of any of the articles that were taken, but kept them in his garage. When he was arrested all the loot was found and returned to their rightful owners. He has an excellent record in the Western State Penitentiary and they state that they would recommend him for parole.

Both the Trial Judge and the District Attorney recommend that his sentence be commuted. Under the circumstances we feel that this applicant has been sufficiently punished and since he has served over two years of his minimum sentence we recommend that his sentence be commuted.

In re application of Peter Anthony Talarico, No. 5645, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Peter Anthony Talarico, convicted of murder, in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 29, 1934 be commuted from Life Imprisonment to 18 years 3 month expiring on January 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and this was the first time he was in any serious difficulty. He, together with four accomplices, held up and robbed the victim while he was on his way to the bank. During the hold-up a policeman was shot and killed and although this applicant was the driver of the get-away car he was convicted as an accomplice of his part in the offense. His brother and another, who committed the killing, paid with their lives in the electric chair.

As the present time this applicant has been incarcerated for a period of more than eighteen years. The Board of Trustees of the Eastern State Penitentiary states that this applicant has made an excellent adjustment in the institution and that he has become an excellent craftsman in the Novelty Shop. It is felt that this applicant's rehabilitation has been complete and that nothing further can be served by furher confinement.

The District Attorney of Philadelphia County states that he feels this applicant should be made to serve nineteen years but the Board of Pardons feels that if this applicant's rehabilitation is complete further incarceration can serve no useful purpose. Under all the circumstances we feel that this applicant is entitled to consideration at this time and we, therefore, recommend that his sentence be commuted.

In re application of Meyer Talenfeld, No. A-36, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Meyer Talenfeld, convicted of Corrupt Solicitation in the Court of Quarter Sessions of Allegheny County, on November 27, 1940 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-eight years of age and in 1941 he was convicted of the crime of corrupt solicitation. This was the first major offense for which he was convicted and he was sentenced to one year in the Allegheny County Jail, to pay a fine of $500.00 and the costs of prosecution. Upon payment of the fine and costs he was released from prison after having served sixty days. This applicant has been in the real estate business most of his life and has been very active in this business in the City of Pittsburgh. He is married and has one daughter. He has been in no further difficulty for the past twelve years. He feels that the disgrace of this conviction should not hinder him in the business in which he and a partner are now engaged.

Since applicant has not been in any further difficulty for a period of twelve years we feel that he has com-

pletely rehabilitated himself and that he is entitled to consideration at this time for the offense which was committed approximately twelve years ago. We therefore, recommend that a pardon be granted.

In re application of Joseph Troha, No. A-1745, December Session, 1952.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Troha, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on September 23, 1947 be commuted from 6 years to 5 years 4 months expiring on January 22, 1953.

Our reasons for making this recommendation are as follows:

The applicant is twenty-seven years of age and has no prior criminal record. He was sentenced to a term of not less than 3 nor more than 6 years on a charge of burglary. He served his minimum sentence and he was released at the expiration thereof. He had been on parole two years and 3 months. He now wishes commutation of his maximum sentence in order that he may go to California without supervision.

The Board of Parole states that they have investigated the applicant's record while on parole and have no objection to a commutation of his maximum sentence.

The Trial Judge is deceased and the District Attorney of Allegheny County is opposed to this release although the Board feels that there is no reality in their opposition at this time. Since this applicant has served three years in prison and all but nine months of his jail period we feel that he has been sufficiently punished and he should not be refused commutation of his maximum sentence. We, therefore, recommend that the maximum sentence be commuted.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Minimum sentence of Victor Szymanski, convicted of armed robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 5, 1940, be commuted from the maximum term of imprisonment imposed at February Sessions, 1940 of 40 years to a maximum term of 13 years, expiring on February 16, 1953; and on bills of Indictment imposed to May Session, A. D., 1945, from a total minimum term of 15 years to a minimum term of 1 day, expiring on February 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was his first major conviction for any offense. He is asking commutation of a sentence on a charge of robbery, which was committed with accomplices, all of whom have since been released. While in the Eastern State Penitentiary he escaped. The Board of Trustees of the Eastern State Penitentiary has stated that his record in the Penitentiary has been unblemished since his escape. At the present time he has served nearly seven years since he and an accomplice dug their way out of the Eastern State Penitentiary. In all he has served nearly thirteen years of a minimum of thirty-five years.

The Trial Judge is deceased and the Present Judge has no comment to make. Although all his accomplices have long since been released, this applicant is still incarcerated. We feel that he has received a very severe sentence and that he has been sufficiently punished. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Michael Bayuik, No. A-616, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Michael Bayuik, convicted of armed robbery in the Court of Oyer and Terminer of Philadelphia County on October 22, 1942, to be computed from March 17, 1944 be commuted from 10 years to 8 years 11 months expiring on February 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age, and this was his first major conviction. He was sentenced to a term of ten to twenty years for armed robbery. At the present time he has served nearly nine years of his minimum sentence. When arrested he voluntarily admitted his guilt and made a complete breast of it to the officer. He has gone to great length to attempt to rehabilitate himself and has an excellent institutional record in the Eastern State Penitentiary.

The Trial Judge, the Honorable L. Stauffer Oliver, has written the Board of Pardons and recommends a commutation of sentence be granted. The District Attorney is not opposed. Under all the circumstances we believe this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Herbert Wilson Bowser, B-5960, No. 7936, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above applicant having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Herbert Wilson Bowser, convicted of robbery, receiving stolen goods, attempt robbery, and violation of firearms act in the Court of Oyer and Terminer of Allegheny County on January 27, 1938, be commuted on Bills No. 18 and No. 25 from a maximum term of 20 years to a maximum term of 15 years 1 month, expiring on February 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 23, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Daniel Collora, No. A-1796, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel Collora, convicted of burglary in the Court of Quarter Sessions of Philadelphia County on October 24, 1947, computed from October 17, 1947, be commuted from 10 years to 5 years, 4 months, expiring on February 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and when these offenses were committed he was barely eighteen years of age. At the present time he has served over one-half of his minimum sentence and has just become twenty-three years of age. He has an excellent institutional record with one violation of the rules, which was having contrabrand pepper. This is not considered serious.

The Trial Judge is no longer on the bench and the present Judge has no comment to make. The District Attorney of Philadelphia County stated to the Board of Pardons that he is not opposed to the granting of commutation in this case, due to the youth of the applicant when the crime was committed and the long period of time which he has since served with an excellent record.

The Board of Pardons concurs with the recommendation of the District Attorney and we, therefore, recommend to your Excellency that the plea be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING.

BOARD OF PARDONS

In re application of Nicholas DiPietro, 9234-C, No. A-1809, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Nicholas DiPietro, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 30, 1942, to be computed from December 10, 1941, be commuted from a maximum of 12 years to a maximum term of 11 years, 2 month, expiring on February 10, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Della T. Gaines, No. A-1773, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Della T. Gaines, convicted of perjury in the Court of Quarter Sessions of Allegheny County, on November 14, 1941 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and had never been in any difficulty whatsoever prior to this offense. She was the innocent party in the offense that was committed. The Board after argument was presented in this case, felt that by reason of the applicant's lack of formal education she unwittingly and unintentionally committed these offenses and will never again be involved in any further difficulty. These offenses occurred over eleven years ago and although the District Attorney is opposed to her plea, the Board is very sympathic to it and for that reason we recommend that a parden be granted.

In re application of Anthony M. Giangrasso, No. A-1133, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Anthony M. Giangrasso, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on February 3, 1950 be commuted from 5 years to 3 years, 1 month expiring on March 3, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was his first major conviction. He was sentenced to a term of not less than five nor more than fourteen years for the commission of two burglaries. At the present time he has served three years of his minimum sentence. He has an excellent institutional record in the Eastern State Penitentiary, which shows that he will probably be rehabilitated by this conviction.

The Trial Judge has not made any recommendation, but the District Attorney leaves the matter to the Board of Pardons. Since this was a first offense and since the applicant has served over three-fifths of his minimum sentence we recommend that his sentence be commuted.

In re application of Ernest Gugliemello, No. 3749, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Ernest Gugliemello, convicted of murder in the second degree in the Court of Oyer and Terminer of Delaware County on March 19, 1935 be commuted from 20 years to 18 years, expiring on March 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and had no prior criminal record. He was sentenced to a term of not less than six nor more than twenty years on a charge of murder, in the second degree. The applicant served his entire minimum sentence and has been on parole for a period of approximately twelve years. He has an excellent record on parole and the Board of Parole is not opposed to a commutation of his maximum sentence. Neither is the District Attorney of Delaware County. The Trial Judge is no longer on the bench and has made no recommendations.

Since this applicant has an excellent record on parole for almost twelve years, we will recommend that his maximum sentence be commuted in order that he may be released from further parole supervision.

In re application of Harry Jackson, 7750-C, No. 6096, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Harry Jackson, convicted of murder, second degree in the Court of Oyer and Terminer, of Delaware County, on June 11, 1935, computed from March 31, 1935, be commuted from a maximum term of 20 years to a maximum term of 17 years, 11 months and 20 days, expiring on February 21, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. In re application of Warren H. Kistler, C-5466, No. 4257, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Warren H. Kistler, convicted of Murder, in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Luzerne County, on June 10, 1929, be commuted from a maximum term of life to a maximum term of 23 years, 8 months, expiring on February 10, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. In re application of Wilma Lettrick, No. 7937, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wilma Lettrick, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on December 1, 1942 be commuted from life imprisonment to 10 years, 3 months expiring on March 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and at the present time has served over ten years of an indeterminate sentence on the charge of murder. She had no prior criminal record and it is alleged that she suffocated her sister's illegitimate baby, although no specific evidence of crime, or of the corpus delecti, was ever established. She has an excellent institutional record in the Industrial Home for Woman, and the Board was of the opinion it was difficult to find any premeditation on the part of this applicant. They felt that rather than being convicted of first degree the offense that she committed should not raise higher than second. If the Boards is correct she has then served the minimum of her sentence, or second degree murder. Since she has an excellent institutional record and since the District Attorney of Allegheny County feels that she is entitled to another chance the Board agrees with the District Attorney and recommends that her sentence be commuted.

In re application of Louis Liever, No. A-1790, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Louis Liever, convicted of receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on November 22, 1928; and further convicted of felonious entry and attempted larceny in the Court of Quarter Sessions in Berks County on December 13, 1932; and further convicted of breaking and entering and larceny in the Court of Quarter Sessions in Schuylkill County on June 15, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty-seven years of age and the three offenses that he seeks pardon for occurred between twenty and twenty-four years of age. At that time the applicant's reputation was not of the best and he served time in various institutions on charges of felonious entry and attempted larceny, receiving stolen goods, breaking and entering, and larceny. However, subsequent to his release from the Schuylkill County Prison approximately thirteen years ago, this applicant

decided to completely change his way of living and to attempt to reform himself. In this he has made good progress. At the present time he is the head of an export business that grosses over one hundred thousand dollars per annum. Much of his business is done by letters of credit and in these business dealings the firms with whom he deals often call for credit reports on the applicant. Naturally they refer to the offense for which he now seeks a pardon. This has hurt him on occasions and since he has had a good reputation for nearly two decades, he asks that these offenses, which occurred many years ago, be wiped from the slate.

The Trial Judge in Philadelphia, the Honorable Frank Smith, has advised the Board of Pardons that if this applicant is conducting a bona fide business he should be granted a pardon. The Board of Parole has indicated that this applicant has a good reputation and has maintained the same for more than a decade. Nevertheless, the District Attorney of Philadelphia County has seen fit to oppose the application.

The Board of Pardons is of the opinion that this is a of "a reformed 'good' thief" and that he can point to evidence of his good reputation for nearly a generation. Under these circumstances the Board feels that he should be given consideration, and recommend pardon be granted.

In re application of Anthony B. McNulty, No. A-1266, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Anthony B. McNulty, convicted of burglary, larcency and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on May 22, 1947, computed from April 18, 1947 be commuted from 10 years to 5 years 10 months expiring on February 18, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and this is his first major conviction. He was but eighteen years of age when he became involved in this offense, and his violation of the rules can be laid more or less to lack of paternal care. He has matured greatly since going to the institution and has become completely rehabilitated. When he entered the prison he was a boy without a friend or trade in a man's world. Today he is a man, a master pressman and printer, and upon his release will seek work in the printing industry.

The district attorney of Philadelphia County recommends that this applicant be given another chance. The trial judge, the Honorable Louis E. Levinthal, also recommends that this applicant be given another chance. To all of this, the Board of Pardons echoes that this applicant be given another chance. We, therefore, recommend that the sentence be commuted.

In re application of William Nedzwecky, No. A-1769, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Nedzwecky, convicted of armed robbery, conspiracy to rob and carrying concealed deadly weapons in the Court of Quarter Sessions of Philadelphia County on December 16, 1949, to be computed from December 15, 1949, be commuted from 5 years to 3 years 2 months 10 days expiring on February 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and has no prior criminal record. This occurred approximately three years ago when the applicant was barely eighteen years of age. He went for a ride in a car with some friends and while in the car the accomplices held up a gas station attendant and committed a robbery. This being a felony, the applicant was held equally guilty with those who actually committed the robbery. He has an excellent reputation and the trial judge, the Honorable L. Stauffer Oliver, has gone into the background of the applicant with a great deal of care and has advised the Board that he feels this applicant was the victim of bad associates and that his accomplices had never discussed this matter, nor drawn the applicant into their scheme. He was, nevertheless, made part of it without actually advising his accomplices. The district attorney of Philadelphia opposes.

Our report from the Board of Paroles indicates this applicant has an excellent reputation.

The Board is of the opinion that he will not again commit offenses of this nature, that he has been rehabilitated, that he has learned his lesson, and, therefore, we recommend that his application for commutation of maximum sentence be granted.

In re application of William Reilly, 967-B, No. 3409, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

The above applicant, having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons, recommend that the sentence of imprisonment imposed upon William Reilly, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 7, 1932, be commuted on Bill No. 1621 from a maximum term of 20 years to a maximum term of 1 year, expiring on March 7, 1953; and on Bill No. 1622 from a maximum term of 10 years to a maximum term of 1 day, expiring on March 8, 1953.

Our reasons for making this recommendation are as follows:

In re application of Theodore Shellnick, No. A-1781, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Theodore Shellnick, convicted of unlawful possession of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County, on May 4, 1932 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this is the only time that he has ever become involved with the law. It was rather a technical violation in that he had possession of whiskey that was not taxed, and it was unlawful to possess intoxicating liquors. He was a member of a club and as a member of this club he had been designated to get certain intoxicating liquor for the purpose of having a party. He was arrested while carrying four pints of unlawful alcoholic beverages, or intoxicating liquor. This occurred at or about the time of the repeal of the 18th Amendment and although a technical violation was committed, certainly hardly anyone looks upon it today as a heinous offense.

The trial judge is deceased, the district attorney is not opposed to the granting of clemency and the Board of Parole advises he has an excellent reputation. The Board, therefore, is of the opinion that he merely acted as good club brother, that he had no intention of committing any serious offense and that he is guilty of a technical violation only. We, therefore, recommend that a pardon be granted.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

The above applicant, having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Alexander Simonitis, convicted of burglary, breaking, larceny in the Court of Quarter Sessions, of Luzerne County be commuted on Bill No. 705 from a maximum term of 10 years beginning on August 25, 1943 to a new maximum term of 9 years, 6 months, expiring on February 25, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

In re application of Charles A. Smith, No. A-1765, January Session 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles A. Smith, convicted of robbery in the Court of Quarter Sessions of Philadelphia County on February 21, 1944, to be computed from August 22, 1947 be commuted from 10 years to 5 years, 6 months expiring on February 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age. He behaved himself for a period of eleven years when he became involved in this offense. His mother and sister are at a loss to understand why he would become involved in this situation when he had been gainfully employed, and was making an excellent effort towards rehabilitation in society. At the present time he has served nearly nine years in the Eastern State Penitentiary but only five years and five month apply on the ten to twenty year term, because of his formerly long probationary period.

The Board of Trustees has advised that this applicant has an excellent institutional record. The Trial Judge is deceased and the present judge has no comment to make concerning this applicant's plea for commutation. However, the District Attorney of Philadelphia County states that his office is opposed to the granting of clemency, because he feels that this applicant once violated the confidence which had been placed in him.

Nevertheless the Board feels that having served nine years with an excellent institutional record he has served nearly the entire sentence which the late Judge McDevitt felt he should serve. Since he has had an excellent institutional rcord for nine years we feel that he should be given some consideration at this time. We, therefore, recommend that his sentence be commuted.

In re application of Thomas Salvatore Strazzieri, No. A-1775, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas Salvatore Strazzieri, convicted of receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on November 26, 1937 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was the first time he had ever been convicted of any offense. He purchased a typewriter from a stranger for the sum of twelve dollars. This typewriter was stolen. This offense occurred over fifteen years ago and constitutes the only offense for which he was ever convicted. He was only eighteen when this offense occurred and at the present time he is thirty-three years of age, married and the father of five children.

Under the circumstances the Board feels that this applicant is sufficiently rehabilitated to grant him favorable consideration in his application for pardon and we, therefore, recommend that the pardon be granted.

BOARD OF PARDONS

In re application of Stephen Sumen, No. 7969, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stephen Sumen, convicted of murder, in the first degree in the Court of Oyer and Terminer of Philadelphia County on April 29, 1927, computed from Sept. 27, 1944 be commuted from life imprisonment to 8 years, 5 months expiring on February 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and this is the only time he ever became involved with the law. Prior to this offense for which he is serving time, he had an excellent reputation but for some unknown reason he committed these offenses within a short space of time, and to date has served over twenty-six years, both for the Federal offense of mail robbery and this crime of murder of his wife. He has served the Federal sentence for robbery of the mails and has been an inmate of the Eastern State Penitentiary for approximately ten years. However, his total period of incarceration has been over twenty-six years.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record and is considered a model prisoner. The Trial Judge is deceased and the District Attorney of Philadelphia County is not opposed to the granting of clemency at this time.

The Board is of the opinion that if commutation is to be extended to this applicant it must be promptly, otherwise he will be an institutional case for his entire life. We feel that now is the proper time and that he can be rehabilitated. Under these circumstances we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

BOARD OF PARDONS

In re application of Sherman H. Wright, No. A-497, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Sherman H. Wright, who plead guilty to burglary and larceny, in the Court of Oyer and Terminer of Delaware County on October 11, 1944, to be computed from July 5, 1944, be commuted from 20 years to 8 years 8 months, expiring on March 5, 1953; and further plead

guilty to burglary and larceny, in the Court of Oyer and Terminer of Montgomery County on February 5, 1945, be commuted from 10 years to 8 years 1 month, expiring on March 5, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was his second major conviction. He became involved in a series of burglaries which occurred over a period of one year. At the present time he has served over eight and one-half years of a minimum sentence of twenty years. During this entire period of incarceration he has had an excellent institutional record.

The Trial Judge of Delaware County is no longer on the bench and we have had no communication from any of the sentencing authorities in Montgomery County. Under the circumstances we feel that this applicant has been sufficiently punished and by reason of his good record in the institution we are recommending that his sentence be commuted.

BOARD OF PARDONS

In re application of Albert Yenkosky, 5733-C, No. 3727, January Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Albert Yenkosky, convicted of robbery, in the Court of Quarter Sessions of Monroe County on April 26, 1935, be commuted on Bill No. 17-1, May 1935, from a maximum term of 20 years to a new maximum term of 17 years 6 months, expiring on February 26, 1953; and on Bill No. 17-2 from a maximum term of 3 years to a maximum term of 1 day expiring on February 27, 1953.

Our reasons for making this recommendation are as follows:

The applicant is one of many parolees whose release from parole by commutation of the maximum sentence has been recommended to the Board of Pardons by the Board of Parole.

The Board of Parole has recommended this applicant, as well as the others, because of his excellent record in the armed forces of the United States. By reason of his fealty to country, steadfastness in courage, and military earnestness, he helped overpower the enemies of our country in World War II.

As a token of appreciation, and feeling that his gallant conduct has atoned for the error of his past ways, it is our recommendation to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Ralph L. Bocian, No. A-1815, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ralph L. Bocian, convicted of larceny of automobile in the Court of Quarter Sessions of Allegheny County, on Jaruary 24, 1938 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this offense occurred when he was but seventeen years of age. He plead guilty to charges of larceny and was placed on probation for a period of three years. Later the court reduced this probation to one year in order that the applicant could enlist in the Civilian Conservation Corp. He served therein and later upon the declaration of war he was summoned to active duty with the National Guard, volunteered as a paratrooper and served with the famous 82nd Airborne Division in the European Theatre a total of six years. He received his honorable discharge from the armed services, is now married and has a son five years of age. He has an excellent reputation in the community in which he lives and there is no doubt about it that this applicant has felt the weight of this sentence rather heavily, having lost several jobs as a result of this conviction.

In view of the applicant's excellent war record, the fact that the Trial Judge, the Honorable J. Frank Graff, leaves the matter up to the Board and the District Attorney is not opposed, we feel that this offense, which occurred in his youth, should not be a burden upon him forever. Under all the circumstances we recommend that the pardon be granted.

In re application of William Felmuth, No. 5698, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Felmuth, convicted of burglary, receiving stolen goods, possession of burglary tools and conspiracy in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 28, 1939,

to be computed from December 20, 1939, be commuted from 30 years to 13 years, 3 months expiring on March 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-four years of age and it is not the first time he has become involved with the law. In fact, this applicant has eighteen prior arrests, eight convictions and four parole violations. He served ten years of his minimum sentence and was released on the expiration thereof. He has become the owner and operator of a wholesale poultry establishment in New Jersey and has been getting along very well. He has now been on parole approximately thirteen years. The Board is of the opinion that this applicant has finally realized that a return to the institution for violation of parole could mean a life sentence.

The Trial Judge is deceased. The District Attorney does object because of his lengthy crime record. We, however, feel that this applicant is completely rehabilitated and for that reason we recommend that his maximum sentence be commuted.

In re application of John Vincent Franklin, No. A-1813, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Vincent Franklin, convicted of burglary, larceny, receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County on March 9, 1949, sentence to be computed from February 2, 1949 be commuted from 5 years to 4 years, 1 month expiring on March 2, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and he has had a bad prior record. He was originally sentenced to the Eastern State Penitentiary for a period of not less than five nor more than ten years on charges of burglaries. Because of the fact that he aided the officials of the Eastern State Penitentiary in preventing a murder in the institution he was transferred to the Montgomery County Prison for his own safety. The Board of Trustees of the Eastern State Penitentiary and the Warden of Montgomery County Prison state that this man has an excellent institutional record.

The Trial Judge, the Honorable James F. Henninger, has stated that he is in favor of the commutation in this case. The District Attorney of Lehigh County states he has no objection to the granting of commutation in this case. The District Attorney of Lehigh states has has no objection to the granting of commutation.

Because of the excellent record that this applicant has had in the institution, and the help that he has given the prison authorities, and the fact that the sentencing authorities are in favor of commutation, we recommend that sentence be commuted.

In re application of John Donald Greenawald, No. A-564, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Donald Greenawald, convicted of murder, first degree in the Court of Oyer and Terminer of Westmoreland County on May 29, 1931 be commuted from life imprisonment to 21 years, 10 months, expiring on March 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and this was his first major conviction. He was sentenced to life imprisonment for a murder committed in the perpetration of a robbery. He has an excellent institution record in the Western State Penitentiary and at the present time has served nearly twenty-two years of his life sentence. Of the other persons who were convicted with him only one still remains in prison. We feel that this offense occurred when the applicant was young and thoughtless in his actions.

The Trial Judge is deceased and the present Judge of Westmoreland County is opposed, as is the present District Attorney.

However, we believe he has matured and will not again commit these offenses. We, therefore, recommend that his sentence be commuted.

In re application of William Holland, No. A-755, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Holland, convicted of burglary, lar-

ceny, receiving stolen goods in the Court of Oyer and Terminer of Philadelphia County on July 11, 1947, to be computed from May 14, 1947 be commuted from 10 years to 5 years, 10 months, 10 days expiring on March 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was the first time he was convicted for any offense whatsoever. He was involved in eleven burglaries. However, upon his apprehension, he cooperated with the police, and it was shown he had not been involved with any of his accomplices for a period of two years. At the time of his entry into the institution he was suffering from the amputation of a leg. This caused his work record in the institution to be somewhat spotty, but the officials in the institution state that he deserves credit for the constructive use of his spare time.

The Trial Judge is deceased and the District Attorney has advised the Board that since he has now served nearly six months of his minimum sentence he is not opposed. He was not any more guilty than his accomplice who had his sentence commuted by this Board at the April 1952 Session. We, therefore, recommend that this applicant's sentence be commuted.

In re application of John Korkobecz, No. A-1822, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Korkobecz, convicted of burglary in the Court of Oyer and Terminer of Lackawanna County on February 26, 1949, to be computed from February 23, 1949 be commuted from 8 years to 4 years, 1 month, expiring on March 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first major conviction. He was given a rather severe sentence of eight to twenty years. This occurred when the applicant was only eighteen years of age and was brought about largely because of the fact that the applicant thought it was smart to commit these offenses. Since he has been confined for a period of four years he has developed a wholesome attitude toward life and knows that crime does not pay. His parents have stood by him and will give him a home when released. He has learned a trade at the institution and the Board of Trustees states he is a trustworthy prisoner.

The Trial Judge, the Honorable Michael J. Eagen, leaves the matter to the Board of Pardons and the District Attorney also leaves the matter to the board. The Board feels that this applicant has been sufficiently punished and we, therefore, recommend that the sentence be commuted.

In re application of Eugene Kuhn, 5720, No. 1156, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon Eugene Kuhn, convicted of murder, second degree in the Court of Oyer and Terminer of Westmoreland County on September 12, 1919, be commuted on Bill No. 128, May Sessions 1918, from a maximum of 20 years to a new maximum of 13 years, 5 months, 5 days, expiring on February 17, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 12, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Wilbur S. McClean, No. 8650, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wilbur S. McClean, convicted of murder first degree in the Court of Oyer and Terminer of Philadelphia County on May 19, 1933 be commuted from life imprisonment to 20 years, expiring on May 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and this was his

first major conviction. In fact it was the first time that he had served time in an institution. This was a crime of passion involving the applicant who was spurned by the victim. As a result of his inability to patch up his quarrel with his sweetheart shots were fired and she was killed. The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent record. Several years ago he became the head of the bobby pin project and has, since its installation at the prison, "headed up" this effort. This has helped many of the inmates there and over a period of time it is stated that it has brought one and one-half million dollars into the institution for distribution among the inmates and their families.

We feel that he will not again become involved in such an offense and in the light of his outstanding record in the institution, the fact that the District Attorney is not opposed, we recommend that his sentence be commuted at the expiration of twenty years.

In re application of Albert J. Mitchell, No. A-1831, February Session, 1953

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Albert J. Mitchell, convicted of pool selling and bookmaking in the Court of Quarter Sessions of Philadelphia County, on October 11, 1939 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and had no prior record whatsoever. The applicant plead guilty to the offense of bookmaking and pool selling and received a suspended sentence. This occured approximately thirteen and one-half years ago and applicant has been in no further difficulties whatsoever. In nineteen hundred and forty-six he was appointed to the Police Force of the City of Philadelphia and has been an excellent patrolman. This matter did not come to the attention of the Civil Service Board, but it should be stricken from his record, otherwise he would have to be dismissed, unless a parden is granted.

Neither the trial judge, the Honorable Thomas Bluett, nor the district attorney opposes the granting of pardon in this matter. We, therefore, recommend that a pardon should be granted.

In re application of Steve Repyneck, No. 2425, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Steve Repyneck, convicted of burglary in the Court of Quarter Sessions of Lehigh County on June 5, 1940, to be computed from September 20, 1946, be commuted from 16 years to 6 years, 6 months, expiring on March 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was his first major conviction. He was sentenced in 1931 to a term of not less than eight nor more than sixteen years. He violated his parole by this conviction and as a result he served in the institution eight years and nine months before being released. However, as a result of the parole violation in the original case he received a commutation of sentence on these bills after having served two years and five months. He was released on parole on March 22, 1949 and at the present time he has served more than four years of his maximum sentence.

The trial judge, the Honorable James F. Henninger, has written the Board of Pardons that he has no objection to the commutation of the maximum sentence. The District Attorney of Lehigh County leaves the matter up to the Board. The Board of Parole, who had this applicant under supervision for the past four years, states that this applicant has an excellent record on parole and that it feels he is completely rehabilitated and needs no further supervision. In light of the fact that he has been on parole four years with a good record, we are inclined to agree with the Board of Parole recommendation and recommend that his maximum sentence be commuted.

In re application of Ralph Zarra, No. 2956, February Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ralph Zarra, convicted of or pleaded guilty to the following offenses: (1) burglary in the Court of Quarter Sessions of Lackawanna County on October 24, 1931; and (2) burglary in the Court of Quarter Sessions of Lackawanna County on April 8, 1933, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age. He asks pardon for two offenses of burglary occurred in 1931 and 1933. At that time the applicant was sixteen and eighteen years of age respectively. On the second conviction he was sentenced in Lackawanna County to a term of not less than ten nor more than twenty years and he served nine and one-half years of it before he was released on commutation. He has been on parole ten and one-half years and at this time he has demonstrated his complete rehabilitation.

He has offered to the Board letters from Detective Foust, of the City of Harrisburg, and from the Assistant Chief of Police, testifying to the fact that he is considered an asset in the community. He is a respected member of the Fraternal Order of Eagles and the State Secretary and President have written to the Board advising that he has devoted a great amount of time to many humanitarian projects for the relief of orphans, widows, cancer research and similar causes.

This is the story of a man who did not let a mistake ruin his entire life and has risen above his past to a position of high standing in the community. It is the feeling of the Board that in too few cases recognition is given to this type of rehabilitation. We feel that under all the circumstances a pardon should be granted in this case and we so recommend.

In re application of Edward Adams, No. A-1845, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

The above applicant, having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward Adams, convicted receiving stolen goods, in the Court of Quarter Sessions of Allegheny County on June 26, 1941; and further convicted of violating worthless check act, in the Court of Quarter Sessions of Allegheny County on October 8, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-seven years of age and he has no prior criminal record. He is alleged to have received certain stolen goods and to have written a bad check. The check was made good, but he was placed on probation in both instances for periods of three years and one year to run concurrently.

Since his release in 1941 he has had a good record and has been in no further difficulty. He is married and the father of three daughters and has had a good reputation for the past twelve years. He desires to go into the real estate business and to run for town office, all of which would not be possible if these offenses were to remain on the records against him. Since he has a good reputation in the community in which he lives, and has been in no further difficulty for twelve years, we are recommending that a pardon be granted.

In re application of Walter Brillinger, No. 2218-A, No. 1921, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Walter Brillinger, convicted of murder, in the first degree, in the Court of Oyer and Terminer and Quarter Sessions on January 16, 1926 be commuted from life to 27 years 3 months expiring on April 16, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 29, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Burgy, convicted of Robbery in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on February 14, 1936, be commuted from a maximum term of 20 years to a maximum term of 17 years 2 months, expiring on April 14, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 13, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Nunzio Anthony Castiglione, No. 9133, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentences of Nunzio Anthony Castiglione, convicted of burglary and larceny in the Court of Oyer & Terminer and Quarter Sessions of Montgomery County on February 5, 1945, be commuted from 10 years to 8 years, 3 months, expiring on May 5, 1953; and further convicted of burglary and larceny in the Court of Oyer & Terminer and Quarter Sessions of Delaware County on October 10, 1944, to be computed from June 9, 1944, be commuted from 20 years, to 8 years 11 months, expiring May 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was his first major imprisonment. He was sentenced for a series of burglaries committed in Delaware County to a term of not less than twenty nor more than forty years. In Montgomery County, however, the sentence was from ten to twenty years. The sentences in the two counties are to run concurrently. At this time the applicant has served nearly nine years of his minimum sentence and all of his accomplices have been released, including the accomplice, Sherman H. Wright, who received a similar sentence to the applicant and whose sentence was commuted in January, 1953. The Board of Trustees of the Eastern State Penitentiary state that his disciplinary record is unblemished and he receives an excellent adjustment report from his custodial officer.

The trial judge, the Honorable Albert D. MacDade, has written the Board of Pardons and leaves the matter of commutation up to the Board. The district attorney of Delaware County is not opposed to the granting of commutation, and the trial judge in Montgomery County, the Honorable George C. Corson, also leaves the matter of commutation up to the Board. However, the district attorney of Montgomery County is opposed to any clemency whatsoever. The Board is of the opinion that since this applicant is no worse than his accomplices and they have had their sentences commuted, he should be treated in the same manner as his accomplices. Especially is this so as all the sentencing authorities, with the exception of the district attorney in Montgomery County, leave the matter to the Board of Pardons. We feel that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Edward L. F. Clarke, No. 7229, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of Edward L. F. Clarke convicted of larceny by bailee, embezzlement by attorney and fraudulent conversion in the Court of Quarter Sessions of Delaware County, March 26, 1943 and June 14, 1943.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he had no prior criminal record. He was sentenced to a term of five to ten years on charges of larceny, conversion, larceny by bailee and embezzlement. This applicant was an attorney and he misapprehended funds belonging to clients. He served his entire minimum sentence and then was released on parole, and at the present time his maximum sentence has expired. The Board of Parole has stated that this applicant made an excellent adjustment while on parole and redeemed himself in the eyes of his fellowmen in the community in which he lives. He has two sons, ages nineteen and thirteen and he desires his pardon in order that it will not reflect upon him when they begin their college education.

The trial judge, the Honorable A. D. MacDade, has written the Board of Pardons and stated he leaves the matter of pardon up to the Board. The district attorney is not opposed to the granting of pardon. This applicant has served his full sentence and we feel that he has sufficiently paid his debt to society. Under all the circumstances we feel that this applicant is entitled to a pardon and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Anthony Cook, No. 140-A, No. 2804, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Anthony Cook, convicted of robbery, larceny of automobile, carrying concealed weapons in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County on May 29, 1931 be commuted on Bill No. 79, May Session 1931, from a maximum of 20 years to a maximum of 1 year 10 months, expiring on March 29, 1953; on Bill No. 3, May Session 1931, from a maximum of 10 years to a maximum of 1 day, expiring on March 30, 1953; and on Bill No. 1, May Session 1931, from a maximum of 20 years to a maximum of 1 year 10 months 2 days, expiring on March 31, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 29, 1956.

In re application of Alfonso Cuccuzella, No. 5291-C, No. 4055, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Alfonso Cuccuzella, convicted of murder, in the second degree, in the Court of Oyer and Terminer of York County on November 4, 1935 be commuted on Bill No. 44 from a maximum of 20 years to a maximum of 17 years 5 months, expiring on April 4, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 3, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of William Cunningham, No. 2219-A, No. 1736, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon William Cunningham, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on November 20, 1911, be commuted from a maximum term of life to a maximum term of 41 years, 5 months, expiring on April 20, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the

applicant to be relieved of further parole supervision on the basis of his adjustment and progress on porale. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until Life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of David Francis Doyne, E-1785, No. A-1304, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Francis Doyne, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County on July 10, 1950, computed from July 8, 1950 be commuted from 5 years to 2 years, 10 months expiring on May 8, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this is his first conviction whatsoever. He was sentenced following his plea of guilty on a charge of burglary. At the present time he has served two years nine months of his minimum sentence. This applicant is suffering from cancer of the rectum and probably does not have long to live. He will be aided in his condition by the Salvation Army and the Saint Agnes Hospital in Philadelphia. The Board of Trustees of the Eastern State Penitentiary state the applicant has an excellent record and neither the trial judge nor the district attorney of Schuylkill County are opposed to his release.

In view of the physical condition of the applicant and his excellent record over the past two years nine months we recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Marion F. Ellis, No. 4627, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Marion F. Ellis, convicted of murder, in the first degree in the Court of Oyer & Terminer and Quarter Sessions of Bucks County on May 25, 1931 be commuted from life to 22 years expiring on May 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and this was his first major conviction. He was sentenced, in 1931, to a term of life imprisonment for a murder committed in the perpetration of a robbery of a tavern keeper where the victim was killed during the hold up. The accomplice who did the shooting was electrocuted, and the applicant, who was along but who did not shoot at anyone, was given life imprisonment. After having served approximately twelve years this applicant was granted commutation and he immediately secured a position as an electrical lineman working on a high tension wire.

He is married and has two children. He is now living in Great Falls, South Carolina, and is presently unemployed, but expects to be gainfully employed on construction work in the near future. At the time of the hearing the attorney for the applicant requested that the application be amended to read: "application for commutation of maximum sentence." The Board permitted the amendment to be made and then, after noting that the Board of Parole had no objection to commutation of maximum sentence, agreed that since this applicant has had supervision for over ten years and since the Board of Parole had no objection, would recommend that the commutation of maximum sentence be granted.

In re application of Frank Gerome, No. 3865-A, No. 3812, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Gerome convicted of robbery, armed, larceny of auto in the Court of Oyer and Terminer and Quarter Sessions, of Philadelphia County on January 15, 1929 be commuted on Bill No. 527 from a maximum of 14 years to a maximum of 8 years 3 months expiring on April 15, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But

for this action the applicant, because of his sentence, would remain on parole until January 13, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Frank E. Hauck, No. A-1842, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank E. Hauck, convicted of conspiracy to defraud in the Court of Quarter Sessions of Lancaster County on April 25, 1952 be commuted from 1 year, 6 months to 1 year expiring on April 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and has had no prior record. He was sentenced to imprisonment for not less than one and one-half years nor more than four years on charges of conspiracy to defraud. The applicant and several accomplices were defrauding the Armstrong Cork Company in scrap dealings which the junkmen and Armstrong Cork Company had with the applicant, who was an employee of the company.

The district attorney of Lancaster County has written the Board of Pardons and states that he recommends this applicant be granted a commutation because he felt that the applicant was a dupe of the other accomplices who profited by the transaction. One of these persons, who perverted this applicant was himself released by order of the Board of Pardons at the last Session of the Board. He certainly was in no worse position than this applicant. Under all the circumstances we recommend that this applicant's sentence be commuted.

BOARD OF PARDONS

In re application of George Hoagland, E-1999, No. A-1779, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Hoagland, convicted of burglary and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on November 10, 1950, computed from November 8, 1950 be commuted from 6 years to 2 years 6 months, expiring on May 8, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and he has nothing to recommend him to the Board but his condition. This applicant has been arrested on thirteen occasions, convicted eight times and is guilty of at least one parole violation. He plead guilty to the offense and was sentenced to a term of not less than six nor more than twelve years. At the present time he has served a little over two years of his minimum sentence. However, this applicant's physical condition is not very good because he has suffered a stroke and has hovered between life and death for some time. He was last hospitalized on the day before Christmas 1952 where he remains at the time if this hearing. He has an excellent record at the institution, but that is probably true because of the fact that he has not been in good health since his incarceration.

The trial judge is not opposed to release because of his health. The district attorney is opposed regardless of his health. The Board is inclined to agree with the trial judge and we, therefore, recommend that sentence be commuted.

In re application of Roosevelt Hodge, D-4569, No. A-1855, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Roosevelt Hodge, convicted of robbery, being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 8, 1940, to be cumputed from December 29, 1939, be commuted from 15 years to 13 years 4 months, expiring on April 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-eight years of age and this is his second major conviction. He, with three accomplices, committed three armed robberies. The applicant alone was also involved in two other armed robberies. When he was apprehended the applicant pleaded guilty to the offense and was sentenced to a term of not less than fifteen nor more than thirty years. This is applicant's first application for commutation. He has now served over thirteen years of his minimum sentence. The Board of Trustees of the Eastern State Penitentiary have stated that this applicant has an excellent institutional record

and enjoys a good reputation in the penitentiary. The three accomplices all have been released from prison. Two of the accomplices had longer sentences than this applicant.

The trial judge, the Honorable Joseph L. Kun, has written the Board of Pardons and suggested that we treat this applicant as the others have been treated. The district attorney of Philadelphia County has stated that he is not opposed to commutation.

Since this applicant has served all but a year and eight months of his minimum sentence and has an excellent institutional record, and the sentencing authorities are not opposed to the granting of clemency, we recommend that the applicant's sentence be commuted.

In re application of Floyd M. Hoffman, Sr., No. 7884, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Floyd M. Hoffman, Sr., convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Perry County on March 18, 1952, computed from March 3, 1952, be commuted from 2 years to 1 year 2 months, expiring on May 3, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this conviction was a violation of a prior parole from the Western State Penitentiary. He is asking for commutation of this sentence in order that he may be reparoled by the Board of Parole whenever they see fit to parole him. Mr. Banmiller, of the Eastern State Penitentiary, has stated that their Board of Trustees recommend that he be given consideration at this time, particularly for the fact that he has a large family to support. Judge Troutman has interested himself in this individual and has stated that he will do everything to help this applicant become an honest, law-abiding citizen.

The district attorney of Philadelphia County is not opposed to the granting of relief in this matter. Therefore, the Board, feeling that the economic situation of this family will be relieved by the release of this applicant, recommends that the applicant's sentence be commuted.

In re application of James Holland, No. A-1846, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Holland, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on February 4, 1952, be commuted from 1 year 6 months to 1 year 3 months, expiring on May 4, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first conviction for any offense whatsoever. He, and an accomplice, were drinking and broke into a store stealing shirts and shoes therein. They were observed peddling these shirts and shoes from bar to bar. They plead guilty. Applicant was sentenced to a term of from eighteen to thirty-six months and at the present time has served approximately thirteen months of his minimum sentence. The Warden of the Allegheny County Workhouse has advised the Board of Parole that the applicant has an excellent record and the trial judge, the Honorable Samuel A. Weiss, states that he has no objection to the granting of commuted sentence. The district attorney of Allegheny County is opposed although this is the applicant's first conviction for any offense whatsoever.

We feel that this applicant has been sufficiently punished under all the circumstances and we cannot agree with the district attorney's position. We therefore, recommend that the sentence be commuted.

In re application of John A. Jacksic, also known as Jaksic, No. A-1831, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John A. Jacksic, also known as Jaksic, convicted of operating a gambling house, in the Court of Quarter Sessions of Allegheny County, on May 25, 1944; and further convicted of maintaining a gambling place, in the Court of Quarter Sessions of Allegheny County on December 11, 1945; and further convicted of operating a lottery, in the Court of Quarter Sessions of Allegheny County on September 5, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and over a period of approximately six years committed three offenses of the gambling laws. These offenses occurred on May 25, 1944; December 11, 1945 and September 5, 1950. Since his last offense the applicant has secured a job with a contractor and is working steadily in his position. His reputation in the neighborhood is that he is a "nice fellow" and he has not been in any further

trouble for more than three years. The applicant is married and has two children. It is in order to remove the stigma of these arrests from his name that he desires this pardon.

The trial judge, the Honorable Thomas Marshall, makes no recommendation and the district attorney has stated he is not opposed to the granting of clemency. Applicant further states that one of the prime reasons he desires a pardon is that he may buy a tavern with a Pennsylvania license and unless he has secured a pardon, the Liquor Control Board will not approve the transfer to himself. Since this applicant has demonstrated a willingness to go straight and to stay out of gambling we recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Douglas Joseph, E-669, No. A-631, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Douglas Joseph, convicted of assault being armed with an offensive weapon with intent to rob, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 1, 1948, computed from September 25, 1948, be commuted from 8 years to 4 years 7 months, expiring on April 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his first conviction for any offense whatsoever. He, and three accomplices, attempted to rob a store. Guns and knives were used. When apprehended the applicant plead guilty and was given a sentence of eight to thirty years. At the present time he has served over four and one-half years of his minimum sentence. The Board of Trustees of the Eastern State Penitentiary states that all adjustment reports are excellent and he deserves credit for constructive use of prison time.

The trial judge, the Honorable Frank Smith, has stated that the sentence in his opinion was a proper one, but as to the propriety for commutation he makes no comment. The district attorney is not opposed to the granting of commutation. The Board of Trustees recommends that commutation be granted in this matter because this is the applicant's first conviction for any offense whatsoever and he has served more than one-half of his minimum sentence; and he has an excellent institutional record. We, therefore, recommend that the sentence be commuted.

BOARD OF PARDONS

In re application of Martin Lessner, No. A-1841, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Martin Lessner, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on September 30, 1938; and further convicted of poolselling and bookmaking in the Court of Quarter Sessions of Philadelphia County on September 16, 1945, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and he desires a pardon in order that he may bring up his children without the stigma of his past activities. This applicant committed the crime of larceny and receiving stolen goods in 1938 and in 1945 was again arrested for poolselling and bookmaking. Following his being placed on probation in 1945 this applicant has been gainfully employed by the Penn-Jersey Radio Stores, and has completely rehabilitated himself according to the reports received from the Board of Parole. The agent of the Board of Parole has stated that he is working honestly and diligently and has established an attractive home for his family in a good residential section and appears to have the respect of his employer and other persons who have been contacted. This is quite an achievement for one who no longer than eight to twelve years ago was just a small time thief and petty racketeer. He has completely reversed his former anti-social conduct and has made every effort to atone for his past mistakes.

The trial judge, the Honorable L. Stauffer Oliver, has written the Board of Pardons and stated: "Under the circumstances I have no objection to the pardon being granted if your board wishes to act favorably in this matter." The district attorney is not opposed to the granting of clemency.

We feel that since this applicant has been completely rehabilitated and for the sake of his wife and children we should recommend to your Excellency that a full and complete gubernatorial pardon should be granted.

BOARD OF PARDONS

In re application of Jack Levine, No. A-1844, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Jack Levine,

convicted of setting up an illegal lottery, in the Court of Quarter Sessions of Philadelphia County on July 19, 1929; and further convicted of setting up an illegal lottery, in the Court of Quarter Sessions of Philadelphia County on February 8, 1937; and further convicted of setting up an illegal lottery in the Court of Quarter Sessions on May 10, 1939; and further convicted of setting up an illegal lottery on May 7, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and he has been involved four times with the authorities in Philadelphia County. On four different occasions between July 19, 1929 and May 7, 1940, this applicant was convicted of setting up an ilegal lottery. However, for the past thirteen years this applicant has not been involved in any illegal business. For the past eleven years he has been gainfully employed by the City of Philadelphia in the Board of Revision of Taxes. This employment is satisfactory and he desires a pardon to remove the blemish to himself in both his business and social life. He feels he is handicapped from further advancement by reason of these convictions.

The trial judge, the Honorable Frank Smith, did not forward any comments to the Board of Pardons. The district attorney has stated that they are not opposed to the granting of clemency. The Board of Parole has stated to the Board of Pardons, in their report, that this applicant now has a good reputation in Philadelphia. Under the circumstances, we recommend that executive clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph McManus, No. 3194-A, No. 2767, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph McManus, convicted of Murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 29, 1924, be commuted from a maximum term of life to a maximum term of 29 years, expiring on May 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until the end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Ralph Melissari, No. 2661, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Ralph Melissari, convicted of murder, first degree, in the Court of Oyer and Terminer of Luzerne County on April 29, 1929, computed from March 29, 1928, be commuted from life to 24 years, expiring on April 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and this is his first serious conviction. It was a most unusual case in that applicant and his accomplice were alleged to have shot and killed two men. This applicant was tried and was acquitted of the killing of one of the men, but was subsequently convicted of killing the other one. As a result of this conviction the applicant was sentenced to life in the Eastern State Penitentiary and remained in that institution for nearly fifteen years before being released on parole. Subsequent to his release on parole in April 1944 this applicant went to a parole plan in the State of New York and has engaged in the dressmaking business with a great deal of profit. He is also well thought of in the community in which he lives and the New York Board of Parole thought so well of him that they permitted him to sponsor an applicant for parole in their state. For a period of approximately nine years this applicant has led an exemplary life and in view of the circumstances of his conviction we feel that he has been amply punished. Therefore, it is our recommendation that this applicant's maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Lloyd J. Moore, E-783, No. A-728, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum

sentence of Lloyd J. Moore, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 12, 1949, computed from December 31, 1948, be commuted from 10 years to 4 years, 3 months, 29 days, expiring on April 30, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his first sentence for any offense whatsoever. He and an accomplice, robbed a taxicab driver and attempted robbery of another but were talked out of the actual robbery by the intended victim. Upon their apprehension they plead guilty and were sentenced to a term of not less than ten nor more than twenty years. At this time the applicant has served nearly one-half of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary have stated that this applicant has "an unblemished disciplinary record and that he receives excellent adjustment reports from all the officials and officers who have had contact with him and deserves credit for the constructive use he has made of his prison time."

The trial judge is deceased and we have no comment from any other judge. The district attorney of Philadelphia County has stated he is not opposed to the granting of communtation at this time. Since this is a first conviction, and since he has served nearly one-half of his minimum sentence with an excellent adjustment, we recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of William James Mulholland, No. 462, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William James Mulholland, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer of Philadelphia County on September 26, 1947, be commuted from 10 years to 5 years 7 months, expiring on April 26, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and on September 26, 1927, he was sentenced to a term of not less than ten nor more than thirty years on a charge of robbery, being armed with an offensive weapon. This was his first conviction for any offense whatsoever. He served his minimum sentence and was released from the institution on June 27, 1934, so that as of the twenty-seventh of March, 1953, this applicant will have been on parole eighteen years nine months. In that time the applicant has shown the Board of Parole that he is completely and successfully rehabilitated, and that further supervision is completely unnecessary. Further, the applicant has a position with a painting contractor who specializes in painting interiors of churches, which requires the applicant to travel a good deal. His traveling is complicated by the fact that he is a parolee and he seeks commutation of his maximum sentence in order that he may be free to travel in the course of his employment.

Since this applicant has been under supervision for almost nineteen years and has had an excellent record, we feel that he has shown himself to be completely rehabilitated and we, therefore, recommend that the maximum sentence be commuted.

BOARD OF PARDONS

In re application of Frank Raymond Noggle, C-2899, No. A-1204, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Raymond Noggle, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Lancaster County on August 4, 1950, be commuted from 2 years to 1 day, expiring on April 30, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he and two accomplices committed a number of burglaries in Dauphin and Lancaster Counties. He had no previous criminal record. He is imprisoned in the Rockview Branch of the Western State Penitentiary. He was not involved in any of the recent riots in that institution.

The trial judge of Dauphin County, the Honorable Paul G. Smith, leaves the matter of commutation up to the Board. The district attorney of Dauphin County is not opposed. However, Lancaster County does object to any sort of clemency at this time. At the present time this applicant has served a longer period of time than any of his accomplices and for that reason we recommend that clemency be granted in this matter.

In re application of Hugh O'Brien, No. 2665, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Hugh O'Brien, convicted of murder in the first degree in the Court of Quarter Sessions of Philadelphia County on September 18, 1931, be commuted from life to 21 years 7 months 10 days, expiring on April 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and this was his first major conviction. He was sentenced to a term of life imprisonment in 1931. However, after having served approximately eight years, his sentence was commuted and he was released on parole on July 20, 1939. At the present time he has been on parole approximately thirteen years and seven months.

The trial judge is deceased and no other judge has made any comment to the Board of Parole. The district attorney of Philadelphia County is not opposed to the granting of the relief sought for here. The Board of Parole, in their report, stated that they have no objection to the commutation of maximum sentence to relieve the applicant from further parole supervision. Since this applicant has had a successful readjustment for over thirteen years and since the Board of Parole feels that this supervision can be terminated, we recommend to your Excellency that the maximum sentence of life be commuted.

In re application of Samuel Parrilla, No. A-1856, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Samuel Parilla, convicted of lottery in the Court of Oyer and Terminer of Allegheny County, on October 27, 1948 and December 16, 1948, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and has no prior record. He was arrested on two occasions for having in his possession football pool tickets and number writing records. This occurred four and one-half years ago and since that time he has been in no further difficulty. The Board of Parole states that he was in this business only for a brief period of time and that he is known as a young man who has led a sober life, worked regularly and helped his family. The Board of Parole states further he has a good reputation.

The trial judges, the Honorable Walter P. Smart, and the Honorable Henry Ellenbogen, leave the matter of pardon up to the Board. The district attorney of Allegheny County also leaves the matter up to the Board. Applicant is a veteran of World War II and has an honorable discharge. Under all the circumstances we feel he has been sufficiently punished and, therefore, recommend that pardon be granted.

In re application of Juliano Santore, No. 7738, No. 2240, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Juliano Santore, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 3, 1926, be commuted from a maximum term of life to a maximum term of 26 years, 4 months, expiring on April 3, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

In re application of Charles Schwartz, No. 9902-C, No. 7171, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Schwartz, convicted of armed robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 15, 1940, to be computed from April 4, 1940, be commuted from a maxiimum term of 20 years on Bills No. 413 and No. 414 to a maximum term of 13 years, expiring on April 4, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 4, 1980.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of John Joseph Spanard, No. A-1850, March Session, 1955.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Joseph Spanard, convicted of operating a lottery in the Court of Quarter Sessions of Allegheny County, on May 4, 1948 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and he had no prior record. He was found to have in his possession lottery tickets. When apprehended he plead guilty. He was placed on probation. This occurred over five years ago and since that time he has not been in any further difficulties. The Board of Parole states that he has a good reputation in the community, is considered a reputable person and is known to be interested in his family and participates in civic affairs.

The trial judge, the Honorable Henry X. O'Brien, has stated that he leaves the matter of pardon up to the Board. The district attorney, of Allegheny County, is not opposed to the granting of clemency as applied for. In view of the applicant's good reputation over five years and the fact that there is no objection to the granting of this pardon, we recommend that a pardon be granted.

In re application of George Walter Tomcyk, No. 8235, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Walter Tomcyk, convicted of murder, second degree in the Court of Oyer and Terminer of Luzerne County on April 14, 1941, computed from September 17, 1940 be commuted from 20 years to 12 years 8 months, expiring on May 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was his first major conviction. He was sentenced following a plea of guilty to murder generally for from eight to twenty years on April 14, 1941. He was released on parole, following commutation of his sentence, on February 24 1947, and has been on parole a total of over six years and one month. The Board of Parole has informed the Board of Pardons that in view of the applicant's progress the Board has no objection to the granting of a commutation of the maximum sentence.

The trial judge is deceased and the present judge has made no comment. The district attorney left the matter of commutation of maximum sentence up to the Board. Under all the circumstances we feel that further parole supervision will serve no useful purpose and we, therefore, recommend that the maximum sentence of the applicant be commuted.

In re application of John Arnold White, D-8396, No. A-1798, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Arnold White convicted of burglary in the Court of Quarter Sessions of Northumberland County on July 23, 1945, computed from July 16, 1945 be commuted from 15 years to 7 years 10 months, expiring on May 16, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and has been in previous difficulties with the law and when he committed these offenses the court decided to impress him with the folly of leading a criminal existence and sentenced him to a term of not less than fifteen nor more than thirty years. At the present time this applicant has served seven years and approximately nine months of his minimum sentence. The Board of Trustees of the Eastern State Penitentiary has written the Board of Pardons and stated that the custodial officer in charge of this applicant gives him the reputation of a model prisoner.

The present judge the Honorable Robert M. Fortney, has stated that he will not oppose this application nor

will the district attorney of Northumberland County. This applicant was over nineteen years of age when he committed these offenses and since he has now served nearly eight years of his minimum sentence, we feel that he has been sufficiently punished and, therefore, recommend that his sentence be commuted.

In re application of Herman Zussman, No. 2826, March Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Herman Zussman, convicted of murder, second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on
be commuted from 20 years to 2 years 10 months, expiring on April 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and the convictions which he was sentenced on June 27, 1930 and again on October 28, 1932, were the only times that he had ever been sentenced to a penal institution. The applicant possessed a gun with which he held up victim and robbed her, and in connection therewith the victim was shot and later died as a result of sepsis, which caused this applicant to be sentenced on a charge of murder in the second degree. The combined sentences of this applicant amounted to twenty to forty years for this one offense. After he had served approximately fourteen years of his minimum the applicant's sentence was commuted and he was released on parole. At the present time this applicant has been on parole eight years and six months. The applicant desires commutation of maximum sentence in order that he and his wife and children may move to Chicago, Illinois, his wife's home, without the necessity of having a parole investigation made there. The wife's family are not aware of his parole status. He feels his application for commutation of maximum sentence is justified by his good record over the past eight and one-half years.

The trial judge, the Honorable Edwin O. Lewis, has written the Board and states he has no objection to the granting of relief. The Board of Parole has no objection to the granting of relief and the district attorney of Philadelphia County is not opposed. We, therefore, recommend the commutation of maximum sentence.

In re application of Michael Aliano, No. 7771, No. 2309, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Michael Aliano convicted of entering to steal, to commit felonies, robbery and armed robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 27, 1930, be commuted on Bill No. 1553 from a maximum sentence of 20 years to a maximum sentence of 2 years 10 months, expiring on April 27, 1953; and commuted on Bill No. 1554 from a maximum sentence of 10 years to a maximum sentence of 1 day, expiring on April 28 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 7, 1980.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Beatty, No. C-1066, No. A-1787, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Beatty, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Westmoreland County on March 4, 1949, computed from November 19, 1948 be commuted from 10 years to 4 years 6 months expiring on May 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age and he has had a bad prior record. He was convicted of the offense of burglary, larceny and receiving stolen goods, and sentenced to a term of not less than ten or more than twenty years. At the present time he has served nearly one-half of his minimum sentence. His accomplice, who received a shorter sentence than the applicant, was com-

muted six months ago and presently is free. The applicant is the last one of his group to remain in prison. The Board of Trustees of the Western State Penitentiary state he has an excellent institutional record and they would recommend commutation.

The trial judge, the Honorable Edward G. Bauer, has no objection to the granting of commutation, and the district attorney of Westmoreland County leaves the matter up to the Board. Since all his accomplices have been released and this applicant has served nearly five years of his minimum sentence, we recommend that commutation be granted.

In re application of Melvin Boyce, D1020, No. 6952, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Melvin Boyce, convicted of murder, first degree in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on November 29, 1935 be commuted from life imprisonment to 18 years expiring on November 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he is serving a life sentence on a charge of murder in the first degree. The person who was killed, was the applicant's wife. This applicant has an outstanding institutional record in the Eastern State Penitentiary and many of the persons with whom he has come into contact with have advised the Board of Pardons of his outstanding adjustment in the institution. He is self-taught in reading and writing, being an illiterate when he came to the Eastern State Penitentiary.

The trial judge is deceased and the present judge has no comment to make. The district attorney feels that this applicant has not served sufficient time for this offense.

In view of the outstanding institutional record which this applicant has and since he has now served more than seventeen years, the Board feels that he has been sufficiently punished and recommends that his sentence be commuted upon the expiration of eighteen years.

BOARD OF PARDONS

In re application of Iley Miles Brewer, No. C-987, No. A-611, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the minimum sentence of Iley Miles Brewer, convicted of burglary in the Court of Oyer & Terminer of Venango County on December 28, 1948, computed from August 16, 1948 be commuted from 6 years to 4 years, 9 months expiring on May 16, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this was his first serious conviction. He, together with two accomplices, committed a robbery and larceny upon their victim, the total loot being approximately $3,000. This applicant was sentenced to not less than six nor more than twelve years and at the present time has served four years, nine months, of his minimum sentence. The Board of Trustees of the Western State Penitentiary state this applicant has an excellent institutional record and feel that he can be given favorable consideration.

The trial judge and the district attorney in Venango County are opposed to the granting of clemency. We feel, however, that for a first offense he received a very severe sentence, and since he has served over two-thirds of this sentence we feel that he should be given consideration. We, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Armand Carlomagno, No. A-1873, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Armand Carlomagno, convicted of robbery and receiving stolen goods in the Court of Oyer & Terminer and Quarter Sessions of Allegheny County, on March 9, 1943 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and had no prior criminal record. He served two months on a charge of robbery and receiving stolen goods. He had an excellent record in the institution and since then has had an excellent reputation in the community in which he lives. He has been in no further trouble for a period of approximately ten and one-half years. He is married and the father of two daughters, one of whom is twelve years old. He desires this pardon in order that he might clear his name. Since he has an excellent reputation in this community and has been in no further difficulty we feel that he is completely rehabilitated and recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Andrew Ciarnella, No. 2772-D, No. A-1875, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Andrew Ciarnella, convicted of robbery armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on September 16, 1926, be commuted on Bill No. 924 from a maximum sentence of 10 years to a maximum sentence of 6 years, 7 months, 14 days, expiring on April 30, 1953; and be commuted on Bill No. 927 from a maximum sentence of 10 years to a maximum sentence of 1 day, expiring on May 1, 1953; and be commuted on Bill No. 932 from a maximum sentence of 10 years to a maximum sentence of 1 day, expiring on May 2, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 16, 1976.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Daniel D'Angelo, No. C-1709, No. A-1858, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel D'Angelo, convicted of robbery, armed with an offensive weapon, robbery, burglary and larceny of automobile in the Court of Oyer & Terminer and Quarter Sessions of Allegheny County on May 9, 1950, computed from October 17, 1949 be commuted from 4 years to 3 years 7 month expiring on May 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and has now served over three years on a minimum sentence of four years on charges of larceny and robbery. This is not the first time this applicant has been in a penal institution.

However, the Board of Trustees of the Western State Penitentiary has stated this applicant has an excellent record and that they would recommend him for parole if he were eligible. The Board of Trustees of the Western State Penitentiary has also advised the Board of Pardons that this applicant has, through his efforts in the institution, saved the Commonwealth of Pennsylvania upwards of $50,000.

He has but six months to serve and the District Attorney of Allegheny County is opposed to clemency, but in view of the savings made to the Commonwealth and his excellent record we are of the opinion that some consideration should be given the applicant. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD.
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Wilson Darden, No. A-589, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Wilson Darden, convicted of voluntary manslaughter in the Court of Oyer & Terminer of Montgomery County on November 4, 1948, be commuted from 6 years to 4 years, 7 months, expiring on June 4, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and had no prior criminal record. On a plea of guilty to voluntary manslaughter he was given a sentence of three to six years. He has served his minimum sentence and has been on parole for more than one and one-half years. Since this was applicant's only brush with the law we feel that he has been completely rehabilitated both by his confinement and by his parole supervision. We feel that this applicant has had an excellent record on parole and should be given consideration for the time that he has served. We do not feel that further parole supervision will serve any useful purpose. We, therefore, recommend that his maximum stentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Daniel DeBartolo, No. 7124-C, No. 6731, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Daniel DeBartolo, convicted of robbery, armed with an offensive weapon, in the Court of Quarter Sessions of Philadelphia County on April 24, 1935, be commuted from a maximum sentence of 20 years to a maximum sentence of 18 years, expiring on April 24, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 24, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

The above recommendation is approved:

BOARD OF PARDONS

In re application of William Delevin, No. B-8133, No. 9247, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Delevin, convicted of robbery, receiving stolen goods and larceny, in the Court of Quarter Sessions and Oyer & Terminer of Allegheny County on April 16, 1942, computed from March 9, 1942 be commuted from 12 years to 11 years, 2 months expiring on May 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this was his first serious offense and his heaviest sentence. He was sentenced to a term of not less than twelve nor more than twenty-five years on charges of robbery and larceny involving approximately $35.00. At the present time applicant has served eleven years of his minimum sentence. His one accomplice has already been released upon the expiration of his minimum sentence. This applicant, who was not more guilty than the accomplice, has served an additional three and one-half year period.

In this matter the district attorney is also opposed. The applicant has an excellent institutional record, and since he has served eleven years of his minimum sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank Del Vaccio, No. 4782-A, No. 276, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Del Vaccio, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 6, 1929, be commuted from a maximum of life imprisonment to a maximum sentence of 23 years 5 months, expiring on May 6, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

The above recommendation is approved:

BOARD OF PARDONS

In re application of William Diggs, No. D-7249, No. A-445, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Diggs, convicted of robbery and larceny from person, in the Court of Oyer and Terminer

of Delaware County on June 17, 1943, computed from May 7, 1943, be commuted from 20 years to 10 years, expiring on May 7, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this is his first serious offense and first major conviction. During a period of two months he committed fifteen pocket-book snatchings, and when apprehended plead guilty. At the time of the applicant's plea he was but seventeen years of age. He now served almost one-half of a very long minimum sentence of twenty years and has, according to the prison authorities, matured considerably in the institution.

The trial judge is deceased and the present judge has no comment to make at the present time. The district attorney of Delaware County is not opposed to the granting of clemency.

Since this applicant was only seventeen years of age when he was committed and since he has now served ten years of his sentence, we feel that he has been sufficiently punished and, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Leonard P. Eddy, No. C5261, No. 5483, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leonard P. Eddy, convicted of murder, first degree, in the Court of Oyer and Terminer of Philadelphia County on March 27, 1929, be commuted from life imprisonment to 24 years 2 month, expiring on May 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and this was has first conviction for any offense whatsoever. He was sentenced on a plea of guilty to life imprisonment for the killing of his wife by striking her over the head with a rolling pin.

He was apprehended shortly after the commission of the offense and upon being sentenced to the Eastern State Penitentiary for life was committed to the Farview State Hospital for the Criminal Insane. After spending almost six years in that institution he was returned to the Eastern State Penitentiary as having been of normal mental intelligence. He has been imprisoned for over twenty-four years and the Board felt that before action should be taken on this application to relieve someone who is mentally ill, an examination should be made by a psychiatrist attached to the Department of Welfare. Consequently, Dr. Samuel Levin, of the Department of Welfare, conducted this examination on Mr. Eddy at the Eastern State Penitentiary. He states that this applicant is apparently well adjusted and shows no evidence of psychosis. He has neither hallucinations nor delusions, and his emotional reaction is in keeping with his status.

The Board feels that he has been very severely punished and since he has a good institutional record, having served more than twenty-four years we recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph Anthony Episcopia, E-1535, No. A-1857, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Anthony Episcopia, convicted of burglary, in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on February 3, 1950, computed from December 17, 1949, be commuted from 6 years to 3 years 5 months, expiring on May 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he has no prior criminal record. He was sentenced to not less than six nor more than eighteen years on a charge of burglary which was committed with four accomplices over a short period of time. The loot amounted to approximately $2,400.00 and at the present time this applicant has served over three years, four months, of his minimum sentence. He has an excellent institutional record and the trial judge, the Honorable Michael J. Eagen, who has written the Board, states he is not opposed to commutation. The district attorney of Lackawanna County leaves the matter of commutation up to the Board of Pardons. An accomplice of the applicant was released on commutation at the January 1953 Session of the Board. This accomplice has the same record that this applicant has.

Since the accomplice received consideration from the hands of the Board of Pardons, we feel this applicant should receive similar treatment and we, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Howard W. Evans, No. B-9284, No. A-1867, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Howard W. Evans, convicted of burglary in the Court of Oyer & Terminer of Allegheny County on May 9, 1945, computed from June 19, 1944 be commuted from 10 years to 8 years, 11 months, expiring on May 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and had no prior criminal record. He was in a series of twenty-seven burglaries which amounted to a more or less continuous operation. The total involved was approximately $8,000. However, at the present time the applicant has served nearly nine years of his minimum sentence. The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record and they would recommend him for parole if he were eligible.

The trial judge did not see fit to advise the Board of his opinion and the district attorney of Allegheny County is opposed to the granting of clemency. A member of the Board of Pardons stated at the time of hearing that this was a most severe sentence and the applicant had served a long prison term with a good institutional record. This is the opinion of the entire Board and results in a recommendation to your Excellency that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re applicantion of Clyde S. Gehr, No. D3358, No. A-1617, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clyde S. Gehr, convicted of forgery and embezzlement in the Court of Quarter Sessions of Dauphin County on November 26, 1951, computed from September 12, 1951 be commuted from 2 years, 6 months to 1 year, 8 months, expiring on May 12, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and has no prior criminal record of any sort. He was an auditor of one of the largest banks in the City of Harrisburg. However, he had an abiding fear of his employer and in need of funds he entered three fictitious notes in the bank. His inability to meet the payments on these notes caused him to write additional notes to pay the interest, all of which caused a great deal of pecuniary loss to the Bank. It was estimated at approximately $35,000.

The President of the Bank has advised the Board of Pardons that he leaves the matter of commutation up to the Board. The trial judge has left the matter of clemency to the Board and the district attorney of Dauphin County is not opposed. Since this applicant has served twenty months of thirty months, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

In re application of Charles Van Hale, No. A-1689, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Van Hale, convicted of sodomy in the Court of Quarter Sessions of Delaware County on January 6, 1950, to be computed from December 8, 1949 be commuted from 5 years to 3 years, 5 months, expiring on May 8, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and has been on parole for over three years. This offense was committed while the applicant was under the influence of intoxicating liquors. Since his release he has been employed by the Sun Shipbuilding Company and has made a good adjustment. Further parole restriction will not lend itself to further rehabilitation on the part of the applicant.

The trial judge has no objection, nor does the district attorney, and we, therefore, recommend that the maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

In re application of James Johnson, No. D-3760, No. A-819. April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Johnson, convicted of burglary in the Court of Oyer & Terminer and Quarter Sessions of Cumberland County on February 11, 1939, computed from February 7, 1939 be commuted from 25 years to 14 years, 3 months, expiring on May 7, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and was sentenced on twenty-four charges of burglary to a term of twenty-five to fifty years. He has a long record of arrests, twenty-four in number, together with six convictions. At the present time he has served over fourteen years of his minimum sentence. This is probably one of the longest sentences and the largest term that any applicant has

served on a charge of burglary in the Eastern State Penitentiary. This applicant's accomplice was commuted at the October 1952 Session by the Board. If this applicant is commuted he will go to a parole plan in the State of Virginia.

Neither the trial judge, nor the district attorney, have any objections to the granting of clemency in this matter. Since he has served such a long period of time and his accomplice had his sentence commuted., we recommend that the applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Elmer Paul Kissman, No. C-1496, No. A-1383, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Elmer Paul Kissman, convicted of voluntary manslaughter, in the Court of Oyer & Terminer of Erie County on January 26, 1950, computed from June 3, 1949, be commuted from 5 years to 4 years, expiring on June 3, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and this was his first conviction for any offense whatsoever. He was sentenced on a charge of voluntary manslaughter to not less than five nor more than ten years. The conviction resulted from a fatal shooting of the applicant's wife. He has an excellent institutional record and the authorities there state that his prognosis for parole appears to be very good as he is essentially a law-abiding citizen. He was not involved in the riot at the Western State Penitentiary. If released, he will live with his son and mother.

The trial judge leaves the matter of commutation up to the Board of Pardons and the district attorney of Erie County is not opposed to the granting of clemency. Under all the circumstances we feel that this applicant has been sufficiently punished and we, therefore, recommend that the sentence be commuted.

In re application of Philip La Normandin, No. D-1767, No. 6772, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Philip La Normandin, convicted of armed robbery in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on December 4, 1936 be commuted from 20 years to 16 years, 6 months expiring on June 4, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this was not his first conviction. In fact he had been incarcerated on four different occasions. Therefore, when he became involved in this offense the trial judge gave him a very severe sentence of not less than twenty nor more than forty years. At the present time he has served more than sixteen years of his minimum sentence. He has a good record at the Eastern State Penitentiary, but the trial judge feels that he should be required to serve his minimum sentence. We feel, however, that this applicant has had a long institutional record and has been in no difficulty in the institution, and should, therefore, be given some consideration. The district attorney of Philadelphia is not opposed to the granting of clemency in this matter. Under all the circumstances we feel that this applicant's sentence should be commuted.

In re application of Edward Maloof, No. 9415, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Edward Maloof, convicted of robbery, being armed with an offensive weapon, conspiracy with intent to rob, assault, etc. in the Court of Quarter Sessions of Jefferson County on September 2, 1947, computed from May 26, 1947 be commuted from 10 years to 6 years, expiring on May 26, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his first conviction for any offense whatsoever. He, and an accomplice, were sentenced to a term of three to ten years on a charge of robbery. Following the conviction the applicant served more than two years of a minimum sentence before his sentence was commuted. Since that time he has been living in Williamsport, Pennsylvania, where he has attended school and desires to have his sentence commuted in order that he may go with his family to reside in South America.

Since this applicant has shown evidence of rehabilitation and has made an effort to properly conduct himself, we feel that he should be given some consideration in the matter of a commutation of his maximum sentence. We, therefore, recommend that his sentence be commuted.

LLOYD H. WOOD,

In re application of Peter Michael Mazyk, No. 6584, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Peter Michael Mazyk, convicted of robbery in the Court of Oyer & Terminer and Quarter Sessions of Schuylkill County on Jan. 7, 1941, computed from July 1, 1939 be commuted from 30 years to 13 years, 11 months, expiring on June 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and this was his first major conviction. He was convicted of the charge of robbery, being armed with an offensive weapon. As a result of this conviction, he was given the sentence of fifteen to thirty years, and at the present time he has been on parole nearly five years having served more than seven years before he was released. Both his accomplices, who were given similar sentences, have had their sentences commuted more than seven years ago and this applicant has been on parole almost five years. The Board of Parole has advised us that they have no objection to the granting of commutation of maximum sentence in order to relieve the applicant of further parole supervision.

Since both his accomplices have had their sentences commuted and this applicant has been a good parolee for more than five years, we believe he has been sufficiently rehabilitated to permit the commutation of his maximum sentence.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

In re application of John Misycuk, No. 1573, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Misycuk, convicted of breaking and entering with intent to commit a felony; robbery; assault with intent to kill in the Court of Oyer & Terminer and Quarter Sessions of Somerset County on July 1, 1929 be commuted from 37 years to 24 years, expiring on July 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-nine years of age and he was sentenced to a term of not less than eighteen and one-half years nor more than thirty-seven years in connection with a bank robbery in Somerset County. He was released on parole after he had served his minimum sentence and he has now been on parole over five years and three months. The Board of Parole has advised the Board of Pardons that he has been making a good adjustment and works steadily, also that he has an excellent attitude towards parole. The Michigan authorities recommend that favorable consideration be given to termination of his parole status. We, therefore, recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

Governor

BOARD OF PARDONS

In re application of James Montgomery, No. 4317-A, No. 1830, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Montgomery, convicted of murder in the first degree, in the Court of Oyer and Terminer of Clarion County on May 31, 1930, be commuted from a maximum sentence of life imprisonment to a maximum sentence of 23 years, expiring on May 31, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Austin Pottmeyer, No. 3995, No. 1242, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Austin Pottmeyer, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Alegheny County on April 8, 1924; and further convicted of Prison Breach in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County on April 21, 1925, be commuted on Bill No. 58 from a maximum sentence of 10 years to a mixiumum sentence of 9 years, 20 days, expiring on April 28, 1953; and further commuted on Bill No. 514 from a maximum sentence of 10 years to a maximum sentence of 1 day, expiring on April 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 30, 1964.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Frank Pulvirenti, No. A-1876, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Pulvirenti, convicted of perjury in the Court of Quarter Sessions of Philadelphia County, on October 29, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and he had no prior criminal record. He was sentenced to five years probation in 1931 in connection with the entry of bail. He holds a responsible position as Road Manager for a theatrical agency and was described by his advocate as being a "aging hoofer." Nevertheless it should be pointed out that he has been in no further difficulty for more than twenty years and has a good reputation for honesty.

The trial judge, the Honorable Eugene V. Alessandroni, has written the board recommending that clemency be granted here by stating that the applicant has proven "worthy of this sovereign act of clemency."

We feel that this applicant has conducted himself in a manner worthy of pardon and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Walter Rosenbaum, No. A-931, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Walter Rosenbaum, convicted of fraudulently registering votes on voting machine in the Court of Quarter Session of Philadelphia County, on December 5, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and this was his first conviction. He was sentenced in connection with giving illegal assistance to voters. He has been in no further difficulty for a period of approximately three years. The applicant operates a collection business in Philadelphia. Under the circumstances we feel that this applicant has been sufficiently punished because as part of his sentence he is denied his right to vote.

The trial judge, the Honorable L. E. Levinthal, has not written the Board of Pardons and given us any indication of his position in the matter. The district attorney, however, is opposed to the graning of clemency. We do not feel that this applicant will again commit any similar offense. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Joseph Shepelsky, No. 2220-A, No. 3366, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Shepelsky, convicted of murder in the first degree, in the Court of Oyer and Terminer of Lackawanna County on April 10, 1926, be commuted from a maximum sentence of life imprisonment to a maximum sentence of 27 years, 20 days, expiring on April 30, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on

the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William F. Stees, No. 5633, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William F. Stees, convicted of murder in the first degree in the Court of Oyer and Terminer of Dauphin County on March 20, 1933 be commuted from life imprisonment to 20 years 3 months expiring on June 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this was his first major conviction. He was sentenced to life imprisonment following a plea of guilty to murder generally. The killing occurred in the commission of a robbery. The Board of Trustees of the Eastern State Penitentiary have advised the Board of Pardons that this applicant has an excellent institutional record.

The trial judge, the Honorable William M. Hargest, is deceased, but the present judge, the Honorable Paul G. Smith, opposes the commutation of sentence. The district attorney of Dauphin County appeared before the Board of Pardons and stated he felt this case should be opposed by his office, but if the Board was inclined to vote favorably he left the matter of commutation with the Board. At the present time this applicant has served more than twenty years of a life sentence. He comes from a good family in the City of Harrisburg and if released will serve his parole plan in this city.

Since this applicant has served over twenty years with an excellent institutional record we feel that he has been sufficiently punished and will be able to again take his place in society, if commutation is granted. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
DISSENTING,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Glenn A. Thomas, No. C2288, No. A-1874, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Glenn A. Thomas, convicted of statutory rape in the Court of Oyer and Terminer of Franklin County on February 16, 1951, computed from February 9, 1951 be commuted from 5 years to 2 years 3 months expiring on May 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and this is his first conviction for any offense whatsoever. He is alleged to have committed rape upon his wife's niece and was convicted of this offense. At the present time he has served over two years of his minimum sentence of five years. On the oral argument before the Board of Pardons the applicant attorney stated that this victim did not have a good reputation for chastity and had this victim been but a year or two older the offense would not have risen higher than fornication and bastardy. This was a very severe sentence for one who had never before become involved with the law.

Although the trial judge and the district attorney both feel that this application is premature, the Board is of the opinion that this applicant has been severely punished and that at the present time the only person suffering is the applicant's wife. The Board was inclined to agree with the applicant's attorney that five years was a long sentence if the reputation of the victim was as we were lead to believe.

Therefore, the Board feels that since this applicant has an excellent institutional record and has been sufficiently punished, his sentence should be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

In re application of William Thorpe, No. 2674-A, No. 2740, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Thorpe, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on July 17, 1928, be commuted on Bill No. 486 from a maximum sentence of 20 years to a maximum sentence of 4 years, 9 months, 10 days, expiring on April 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 17, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Frieda Trost, No. 3399-A, No. 3486. April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frieda Trost, convicted of murder, first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 29, 1913, be commuted from a maximum of life imprisonment to a maximum of 39 years, 4 months, expiring on April 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

In re application of Stephen Vinansky, No. C-1077, No. A-265, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stephen Vinansky, convicted of robbery, armed with an offensive weapon and larceny of an automobile in the Court of Oyer and Terminer of Allegheny County on March 22, 1949, computed from March 6, 1949 be commuted from 5 years to 4 years, 2 months, expiring on May 6, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and had no prior criminal record. He, and his accomplice, held up several places and stole property valued at approximately $2,000. He has now served over four years of his minimum sentence. At the time this offense took place he was only nineteen years of age. He has an excellent institutional record and the trial judge and district attorney, respectively, make no recommendation and are opposed to the granting of clemency. Since this applicant was only nineteen years of age when these offenses were committed, and since he has an excellent institutional record, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

BOARD OF PARDONS

In re application of William Francis Vogt, No. D-7958, No. 9377, April Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Francis Vogt, convicted of robbery, assault with intent to rob, carrying concealed deadly weapons in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 20, 1944, computed from August 26, 1944 be commuted from 20 years to 8 years, 9 months, expiring on May 26, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this was his first conviction for any offense. He, and an accomplice, were about to hold up a cab driver and when their purpose was discovered the robbery was averted. He plead guilty to the offense and was given a term of ten to twenty years and at the present time he has served nearly nine years of his minimum sentence.

The trial judge has not advised the Board of his feeling in the matter, but the district attorney has stated he is not opposed to the granting of clemency. He has an excellent record at the Eastern State Penitentiary and his attorney has stated that he has been truly rehabilitated. He is one of the wood carvers in the institution and has earned considerable money as a result of this additional income. We feel that since he has learned his lesson that further incarceration would serve no useful purpose. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

In re application Salvatore Albanese, No. A-1914, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Salvatore Albanese, convicted of receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on April 18, 1941 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he desires a pardon in order that a conviction in 1941 of receiving stolen goods may be wiped from the record. This applicant purchased some stolen furs for ten dollars without knowledge that the goods had been stolen. He had an excellent record both before and after the arrest and has not been in any further difficulty for over twelve years.

The Board is of the opinion that this applicant was a victim of circumstances and although he may have been technically guilty of the crime, there was no moral turpitude involved. The District Attorney of Philadelphia is not opposed to the granting of clemency and the trial Judge is deceased. Under the circumstances, since this applicant has an excellent reputation, we feel that he has been sufficiently punished, and we, therefore, recommend that a pardon be granted.

In re application of Tony Alessio, No. 7121, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Tony Alessio, convicted of murder in the first degree in the Court of Oyer & Terminer and Quarter Sessions of Westmoreland County on September 15, 1933 be commuted from life to 19 years 10 months expiring on July 15, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-four years of age and this was his first major conviction. He was sentenced to life imprisonment following a conviction of murder in the first degree and served fourteen years and nine months of his minimum sentence when he was commuted to parole for the rest of his life. This applicant now desires commutation of his maximum sentence on condition that he go to Italy where he intends to remain for the balance of his life. He has had an excellent record on parole and desires commutation of his maximum sentence at this time in order that he may go to Italy, free of parole supervision, to spend the rest of his life.

The Board is of the opinion that if this is the reason for his commutation they would have no objection and, therefore, recommend that the sentence be commuted on condition that he go to Italy and should he return to this Country at any time during his natural life he is to be returned to parole supervision immediately upon his arrival.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Earl Edward Althoff, No. A-1910, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Earl Edward Althoff, convicted of burglary and larceny in the Court of Quarter Sessions of Delaware County on May 26, 1944, to be computed from April 20, 1944 be commuted from 10 years to 9 years 2 months expiring on June 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was not his first major conviction. At the present time he has served over nine years of a minimum sentence of ten years and this is his first application to the Board of Pardons for clemency. He has learned the trade of barber in the institution and if released will be able to support his wife and three children who are objects of charity at the present time.

He has an excellent institutional record and the trial judge is no longer on the bench, and the present judge has no comment to make. The district attorney of Delaware County is not opposed to the granting of clemency. We feel that this applicant has been sufficiently punished and since he has served over nine years of a minimum sentence of ten years he should be granted clemency. We, therefore, recommend to your Excellency that his sentence be commuted.

In re application of Ralph Delmour Bell, No. A-1885, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ralph Delmour Bell, convicted of entering a building with intent to commit a felony in the Court of Quarter Sessions of Allegheny County, on April 12, 1939 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this was his first conviction for any offense whatsoever. He was a special police for the City of Pittsburgh in the Hill District, and after his conviction he was removed from the force. He now has an opportunity of being reemployed in the force as a special police and it would be a distinct advantage and a step upward from his present position in society.

The trial Judge is deceased and the District Attorney of Allegheny County is opposed to the granting of relief. We feel that this one mistake should not hold up the applicant's advancement and since he has been in no further trouble for thirteen years we feel that he has been completely rehabilitated and, therefore, recommend that a pardon be granted.

In re application of Frank Benton, No. 7850-A, No. A-1872, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Benton, convicted of attempted robbery, being armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on August 6, 1935 be commuted from a maximum term of 20 years to a maximum term of 17 years 10 months, expiring on June 6, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 6, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Peter John Biernat, No. A-1893, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Peter John Biernat, convicted of larcency and operating a motor vehicle without the consent of the owner, in the juvenile courts of Philadelphia County, on May 8, 1927; April 26, 1928; June 3, 1928 and January 9, 1930, and in the Court of Quarter Sessions of Philadelphia County on October 31, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and in the days of his youth, when he was thirteen to fifteen years of age, became involved with the law on various occasions and was finally sent to Huntingdon Reformatory for operating a motor vehicle without the consent of the owner. He spent approximately one year in the institution and was released. He has been in no further difficulty for over twenty-two and one-half years. The Board of Parole has written the Board of Pardons and states that he has an excellent reputation which is attested to by his friends and neighbors in the vicinity in which he lives. This applicant desires his record to be cleared by a pardon in order that his son and family may have this blot removed their family name.

The Board feels that these were mere youthful indiscriminations and that he has completely rehabilitated himself and, therefore, these various indiscriminations should be erased from the otherwise bright record. We, therefore, recommend that a pardon be granted.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Emanuel Bruni, convicted of assault and battery with intent to kill in the Court of Quarter Sessions of Montgomery County on November 16, 1951 be commuted from 2 years to 1 year 9 months 15 days expiring on September 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age and this was his first major conviction. He was sentenced to a term of not less than two nor more than four years in the Montgomery County prison for assault and battery with intent to kill, which arose out of a barroom fight. During this fight applicant hit the victim over the head with a beer tap which fractured his skull. The offense occurred when both the applicant and the victim had been drinking. He has an excellent record in the Montgomery County institution.

The trial judge and the district attorney are both opposed to clemency at this time. However, it is the feeling of this board that perhaps two years is just a bit too long of a sentence in this case and we, therefore, recommend that commutation of the sentence be granted as of September 1, 1953, when the applicant will have served twenty-one and one-half months of a minimum sentence of twenty-four.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Harry W. Bryant, Jr., No. 9192, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Harry W. Bryant, Jr., convicted of burglary, larceny, and receiving stolen goods, in the Court of Quarter Sessions of Philadelphia County, on January 24, 1947 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is tweny-seven years of age and this is the only offense for which he was arrested, or convicted. At this time this offense was committed the applicant was a student in Temple University and following his incarceration in the Eastern State Penitentiary he returned to the university and has majored in accounting. This applicant has become engaged to a young lady in Philadelphia and would like to marry, but before doing so would like to have this conviction wiped from the record. This young man received the Purple Heart in World War II, and has an excellent reputation and we feel that this will aid him in overcoming a physical handicap which he suffers as a result of the war.

The board, after carefully considering all the facts, recommends that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank J. Burkholder, No. 9834, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank J. Burkholder, convicted of murder in the second degree in the Court of Oyer & Terminer of Somerset County on January 14, 1946, to be computed from October 25, 1945 be commuted from 10 years to 7 years 8 months expiring on June 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and this was his first major conviction for any offense. He was sentenced to a term of not less than ten years nor more than twenty years on charges of murder in the second degree. At the present time he has served over seven and one-half years of his minimum sentence. There has been some question as to whether or not this applicant was properly confined because of the fact that his wife unfortunately died as a result of a fight he had with her. Applicant alleges that she was a diabetic and that was not given insulin treatments and that this was the cause of her death. However, the facts brought out at the trial indicate that she died of multiple pin point hemorrhages of the brain.

This applicant has an excellent record in the institution and the district attorney of Somerset County is not opposed to commutation in this matter. Since he has served over three-fourths of his sentence with an excellent record

and there is no objections from the authorities in Somerset County, we recommend that a commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Edward Blaine Chalfonte, No. 58, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward Blaine Chalfonte, convicted of robbery in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on November 5, 1937, to be computed from October 29, 1937 be commuted from 30 years to 15 years 8 months expiring on June 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and this is not the first time he has been in difficulty. In fact, he has ten prior arrests, six convictions and two parole violations. He has very little to commend him except that he has now served over fifteen years and seven months of a minimum sentence of thiry years. Even so, the Board would not consider this applicant favorably but for the fact that this man is wanted by the State of New Jersey and the State of New York on active detainers. There is no doubt about this applicant being shrewd and prison wise but he does have an excellent record in the institution.

The trial judge is deceased and the district attorney of Philadelphia has stated that at present they are not opposed to the granting of commutation so that this applicant may be released to the other states on the detainers now lodged against him.

Because of the fact that he is wanted in New Jersey and New York on active detainers that will keep him in prison for many years to come, we recommend that his sentence be commuted, in order that he may answer the charges in other jurisdictions.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Pete Christean, No. 2366, No. 230, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Pete Christean, convicted of murder in the first degree, in the Court of Oyer & Terminer of Lawrence County on December 4, 1922, be commuted from a maximum term of life imprisonment to a maximum term of 30 years 6 months, expiring on June 4, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Lee Clarke, No. A-1918, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Lee Clarke, convicted of robbery in the Court of Oyer and Terminer of Philadelphia County on January 26, 1948, to be computed from December 23, 1947 be commuted from 10 years to 5 years 6 months expiring on June 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and he committed a series of robberies in Philadelphia County over a ten month period. As a result of these robberies he was apprehended and plead guilty, being sentenced to a term of not less than two and one-half years nor more than ten years in the Eastern State Penitentiary. The applicant served over three years before being released on parole. At the present time he has been on parole two years and three months. The applicant now desires commutation of a maximum sentence in order that he may return to the State of Missouri, where his sister and family intend to set him up in business.

The trial judge has stated he has no objection and the district attorney states he is favorably impressed with the applicant and feels that the application should be granted. He has been under supervision for over five and one-half years and all of the persons who have had him under supervision have been favorably impressed. We, therefore, recommend that further parole supervision be terminated and that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Roy H. Cross, No. 8337, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Roy H. Cross, convicted of practicing medicine without a license and abortion in the Court of Quarter Sessions of Philadelphia County on February 26, 1943, computed from February 21, 1943 be commuted from 30 years to 10 years, 4 months, expiring on June 21, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-seven years of age and this was his first major conviction. He was convicted of practicing medicine without a license and committing abortions. This applicant served his entire minimum sentence of six years and at the present time has been on parole for approximately four years, 3 months.

For some time this applicant has been in rather poor health and he desires to return to the State of Michigan, which is his ancestral home, but he does not desire to go there while under parole supervision. The Board of Parole states that he has been a cooperative parolee and that he has done everything possible to rehabilitate himself.

The district attorney of Philadelphia leaves the matter of commutation of maximum sentence to the Board of Pardons. The trial judge, however, is opposed to the granting of relief. We feel that this applicant has been sufficiently punished and that further parole supervision will serve no useful purpose. We, therefore, recommend that the commutation of his maximum sentence be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Herbert S. Edmiston, No. A-1399, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Herbert S. Edmiston, convicted of burglary, robbery armed with an offensive weapon and conspiracy in the Court of Quarter Sessions of Delaware County on June 9, 1947, to be computed from March 15, 1947 be commuted from 10 years to 6 years, 3 months, expiring on June 15, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this is his first major conviction for any offense. He was sentenced to a term of not less than ten nor more than twenty years on charges of burglary and robbery. At the time of his plea of guilty he was only nineteen years of age. His accomplices were a great deal older and they were the ones who influenced this applicant in the commission of the crimes. One of the accomplices has already had his sentence commuted from ten years to three and one-half.

This boy has now served almost as long as the one accomplice and the other accomplice is serving the same sentence as the applicant. Since this applicant was just out of the juvenile age limit and since it was his first major conviction, we feel that he was very severely dealt with and we also feel that he should be given some consideration. He has an excellent institutional record and the district attorney of Delaware County has no objection to the granting of clemency. We, therefore, recommend that the commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

BOARD OF PARDONS

In re application of William Thomas Fisher, Jr., No. A-1903, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Thomas Fisher, Jr., convicted of burglary and larceny in the Court of Oyer & Terminer of Washington County on August 19, 1952, to be computed from June 9, 1952 be commuted from 2 years to 1 year, 6 months, expiring on December 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his third offense. He was sentenced to from two to eight years on charges of burglary and larceny, which occurred over a period of three months, and according to the records before the Board there were seventeen places entered. However, this is the applicant's first time in prison and it seems to have had a good effect on him. He has an excellent record in the institution and the Board of Trustees feels that he received a very lenient sentence.

The trial judge states that he has no objection to the granting of commutation at this time. The district attorney is opposed to clemency. However, we feel that this applicant has received a longer sentence than his accomplice, who was equally guilty. We can see no reason for the accomplice to serve less time than the applicant. Since he has now served approximately the same length of time as the accomplice we feel that if he serves an additional term of six months, making a total of eighteen months, that will be sufficient punishment for this offense. We, therefore, recommend that his sen-

tence be commuted when he has served eighteen months of his minimum sentence.

LLOYD H. WOOD,

GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Lee French, No. 4026-D, No. A-1924, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Lee French, convicted of Rape in the Court of Oyer & Terminer and Quarter Sessions of Delaware County on October 3, 1939, be commuted from a maximum term of 15 years to a maximum term of 13 years, 8 months, expiring on June 3, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 22, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Howard G. Gibbon, C-1470, No. A-1341, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Howard G. Gibbon, convicted of robbery in the Court of Oyer and Terminer of Westmoreland County on December 29, 1949 be commuted from 5 years to 4 years, 1 month, expiring on January 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he had no prior criminal record. He was sentenced to a term of not less than five nor more than ten years on charge of robbery of less than ten dollars. Although the offense occurred in January, 1949, this applicant was not convicted until December of 1949.

At the present time the applicant has served four years of a minimum sentence of five years. The trial judge is no longer on the bench and the present judge leaves the matter of clemency up to the Board of Pardons. The district attorney of Westmoreland County, in May 1953, also objected to clemency although we do not have his opinion at the present time.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record.

The Board feels that for a first offender he has been sufficiently punished and since he has served four-fifths of his minimum sentence we recommend that his sentence be commuted.

In re application of Michael Gogliuzza, No. A-1898, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Michael Gogliuzza, convicted of unlawful pool selling and bookmaking in the Court of Quarter Sessions of Philadelphia County, on June 27, 1947 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and was sentenced following a plea of guilty on charges of unlawful pool-selling and bookmaking on horse races. He was arrested in the act of taking bets in a horse parlor. Since his release, approximately six years ago, he has been a law abiding citizen. He has three daughters, the youngest of whom is six years and the oldest of whom is twenty. He desires a pardon so that his children and family will not be offended by his past conduct.

He is presently employed in the County Commissioners Office in the City of Philadelphia. He has a good reputation in his community. He is a member of the American Legion and has become affiliated with Lodge No. 27 of the Order of Brotherly Love. We feel this applicant has been sufficiently punished and since this was his only offense, we recommend that a Pardon be granted.

In re application of Lester E. Gore, No. A-1740, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lester E. Gore, convicted of perjury in the Court of Quarter Sessions of Philadelphia County on February 13, 1952 to be computed from October 8, 1952 be commuted from 1 year to 8 months, 10 days, expiring on June 18, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and was never before arrested for any offense whatsoever. He was convicted of having given perjured testimony in connection with a review of the operation of the Zoning Board of Adjustment in Philadelphia. Following this testimony he was convicted in the Court of Quarter Sessions and sentenced to a term of not less than one year nor more than three years. At the present time this applicant has served over eight months of his minimum sentence. Prior to this conviction he had an excellent reputation. In fact his reputation was of such a character that at the time of the hearing before the Board, his neighbors presented a petition which contained the names of over five hundred persons, and which requested the Board of Pardons to give favorable consideration to this application. The Eastern State Penitentiary has advised the Board of Pardons this applicant has an excellent institutional record. The District Attorney's office of Philadelphia, however, is opposed to the granting of clemency.

It has often been said that a man's reputation is based upon his past conduct and what his neighbors think of him. If such is the case, this applicant certainly bears an excellent reputation in the community in which he lives and how better can a good reputation serve a man in his time of need. Therefore, in the light of the petition which was presented to the Board and which is made a part of this record, as well as the fact that this applicant has never before been arrested for any offenses whatsoever, we recommend that his sentence be commuted.

Respectfully submitted,

In re application of Emil Grayshock, No. 8335-A, No. 4002, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Emil Grayshock, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on March 6, 1931 be commuted from a maximum term of 40 years to a maximum term of 22 years, 3 months, expiring on June 6, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 6, 1971.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Leroy Harrell, convicted of murder in the second degree, in the Court of Oyer and Terminer of Armstrong County on January 7, 1939, be commuted from a maximum term of 20 years to a maximum term of 14 years, 5 months, expiring on June 7, 1953.

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. In re application of George Haslerig, No. 6263, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Haslerig, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on March 3, 1933 be commuted from life imprisonment to 20 years, 4 months, expiring on July 3, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and this was his first major conviction. He was sentenced on a plea of murder generally to life imprisonment in the Eastern State Penitentiary. He has an excellent record in the institution and at the present time has served more than twenty years of his life sentence. He desires to have his sentence commuted in order that he may return to his native land of Cuba.

The trial judge is deceased and the present judge, the Honorable Harold L. Ervin, has no opinion. The district attorney of Delaware County has no objection if this applicant is deported to Cuba. Since this applicant has served over twenty-years of a life sentence and since there is no objection to commutation by the district attorney, we recommend that his sentence be commuted on condition that he be deported to Cuba.

In re application of James Hay, No. 3083-C, No. 4574, May, Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Hay, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Westmoreland County on February 8, 1933 be commuted from a maximum term of 20 years to a maximum term of 4 months, expiring on June 8, 1953 expiring on June 8, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 8, 1963.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervisions.

In re application of Kenneth J. Hazard, No. A-1767, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Kenneth J. Hazard, convicted of involuntary manslaughter in the Court of Quarter Sessions of Wayne County, on June 21, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and he has no prior criminal record. He plead guilty to charges of involuntary manslaughter, which occurred as a result of death to a passenger in his car. The applicant was under the influence of intoxicating liquor while operating an automobile. The applicant was sentenced to six months in prison and was immediately placed on probation for the duration of the sentence. His license was suspended in New York State for a period of one year and it has again been restored. This offense in New York State amounts to a felony and as such causes the applicant to lose all rights of his citizenship. This is a much heavier sentence than the offense in Pennsylvania and has had a very marked effect upon this applicant because he was a Justice of the Peace in New York State.

We do not feel that the effect that is given to his sentence in New York State should be further imposed upon this applicant. It is the feeling of the Board that he has been sufficiently punished, and we, therefore, recommend that a pardon be granted.

In re application of Edward J. Judyski, No. A-1911, May Session. 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward J. Judyski, convicted of burglary and larceny in the Court of Oyer and Terminer of Montgomery County, on May 15, 1942 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and his only offense against the law is the one for which he seeks pardon at this time. He plead guilty to charges of burglary and the larceny and served one year and three

months of a minimum sentence and has been in no further difficulty for eleven years.

Since his release he served in the Armed Forces of the United States for a period of approximately three years and was discharged with an honorable discharge. He has been employed by the Lee Tire and Rubber Company of Conshohocken, but desires to become a member of the Police Force of the City of Philadelphia. In order to be accepted for this position it is necessary for him to have a pardon.

Neither the Trial Judge nor the District Attorney are opposed to the granting of relief in this case. Since it occurred over eleven years ago, and the applicant has been completely rehabilitated and served three years in the Armed Forces, we recommend that the pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Walter Keller, No. 7357, No. 2145, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Walter Keller, convicted of robbery, in the Court of Oyer & Terminer and Quarter Sessions of Lackawanna County on February 11, 1928, be commuted from a maximum term of 30 years to a maximum term of 25 years, 4 months, expiring on June 11, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 11, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Anthony Lamonica, No. 8246-A, No. 3157, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Anthony Lamonica, convicted of murder, conspiracy to commit murder, and aggravated assault and battery and assault and battery in the Court of Quarter Sessions and Oyer & Terminer of Delaware County on October 3, 1935, to be computed from May 22, 1935, be commuted from a maximum term of 20 years to a maximum term of 18 years expiring on May 22, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 22, 1955.

BOARD OF PARDONS

In re application of John Edward Lauffer, No. A-331, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Edward Lauffer, convicted of arson in the Court of Oyer and Terminer of Westmoreland County on December 18, 1946 computed from February 13, 1946 be commuted from 10 years to 7 years 5 months expiring on July 13, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this is his first conviction. He was sentenced to not less than ten nor more than twenty years on two charges of Arson. He was convicted of the offense and at the present time he has served over seven years of his minimum sentence. The Board of Trustees of the Western State Penitentiary state this applicant has an excellent institutional record and if eligible for parole they would recommend him.

Both the trial judge and the district attorney are opposed to commutation in this matter. However, they failed to take into consideration that this applicant was not quite eighteen years of age when the offense took place. We believe that if you take into consideration the applicant's age at the time of commission of the offense,

and his subsequent development in the institution, you will find that he is entitled to some consideration at the present time. That is the feeling of the Board in this matter and because of his institutional record and age at the time of commission of the offense, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Wilson Link, convicted of Robbery in the Court of Oyer and Terminer of Allegheny County on May 13, 1931, be commuted from a maximum term of 40 years on Bills No. 44, 45, 46, 47, 53, 63 and 64 to a maximum term of 2 years 1 month, expiring on June 13, 1953; and on Bills No. 54, 55, 56, 57, 58, 59, 60, 61 and 62 from a maximum term of 40 years to a maximum term of 1 day, expiring on June 14, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. In re application of Harry Lower, No. 6979-A, No. 4212, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harry Lower, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Session, of Philadelphia County on March 8, 1932, be commuted from a maximum term of 20 years on Bill No. 1651 to a maximum term of 1 year 3 months expiring on June 8, 1953; and from a maximum term of 20 years on Bill No. 1652 to a maximum term of 1 day expiring on June 9, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 10, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Guss Mackris, No. A-1891, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Guss Mackris, convicted of attempt to fire a building in the Court of Quarter Sessions of Delaware County, on April 9, 1937 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and he was convicted on a charge of attempt to set fire to a building. The evidence against this applicant was clearly circumstantial and the Assistant District Attorney, who is now Judge in Delaware County, has written the Board of Pardons to recommend a pardon be granted because there was grave doubt of the guilt of this applicant. The District Attorney of Philadelphia County has advised the Board of Pardons that he has no objection to the granting of the pardon. The Board of Parole, in writing the Board of Pardons, states that from their investigation they find this applicant has an average, satisfactory reputation in the community. He has been in no further difficulty for a period of sixteen years and has been in the restaurant business until recently.

Since this applicant has been in no further trouble in the past sixteen years and the trial judge and district attorney have stated there is grave doubt that he committed this offense, we recommend that a pardon be granted.

In re application of Thomas McCartney, No. 1931-B, No. A1884, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Thomas McCartney, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions on October 18, 1935, be commuted from a maximum term of 20 years to a maximum term of 17 years 8 months, expiring on June 18, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 7, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Elmer McCord, No. A-1881, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Elmer McCord, convicted of robbery, armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on April 20, 1940, be commuted from 20 years to 13 years, 2 months, 2 days, expiring on June 22, 1953; and further recommend that the maximum sentence of the said Elmer McCord, convicted of robbery in the Court of Quarter Sessions of Bucks County on September 8, 1943, be commuted from 8 years to 1 year, 6 months, 13 days, expiring on June 23, 1953; and further recommend that the minimum sentence of the said Elmer McCord, convicted of robbery, burglary, and breaking and escaping prison on August 29, 1944, be commuted from 20 years to 1 day, expiring on June 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he has been sentenced in the courts of Philadelphia, Bucks and Berks County for a series of robberies, which he committed in those three counties. As a result of this commission he was sentenced to three consecutive terms which total together would amount to thirty-four minimum to sixty-eight maximum years. At the present time this applicant has been in the Eastern State Penitentiary since April 12, 1940, or a total of over thirteen years and one month.

Since this was the first major conviction we feel that this applicant was sufficiently punished and since he has now served this length of time with a good record we recommend that the sentence be commuted.

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Edward Martinez Medellin, No. A-1916, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward Martinez Medellin, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Lawrence County on September 5, 1952, to be computed from September 1, 1952 be commuted from 18 months to 12 months expiring on September 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and has no prior criminal record. He was sentenced to not less than eighteen nor more than thirty-six months in the Allegheny County Workhouse on charges of burglary, larceny and receiving stolen goods. This followed a plea of guilty to the above charges. This offense occurred while applicant was unemployed and while it is believed that he was suffering from the use of narcotics, it is now believed that he has gotten over the use of this dope and if granted clemency at this time will go to live with relatives in Ohio from whence he came.

He has a good record at the Allegheny County workhouse. The district attorney of Lawrence County and trial judge are opposed to the granting of clemency in this matter. We feel, however, that they gave this applicant a heavier sentence than they would normally give under the offense because of his coming from Ohio to commit these offenses. We further feel that one year would have been sufficient under all the circumstances and we, therefore, recommend that commutation be granted at the expiration of one year.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Charles Moser, No. A-1907, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles Moser, convicted of bookmaking in the Court of Oyer and Terminer and Quarter Sessions of Delaware County, on April 11, 1939 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-three years of age and this was his first conviction for any offense whatsoever. There was nothing to connect this applicant with the operation of bookmaking other than his presence in the apartment at the time of the raid.

This applicant has a good reputation and served honorably with the Armed Forces of the United States during World War II. The present judge, the Honorable Harold L. Ervin, has no objection to the granting of a pardon in this matter.

The applicant lives with his mother in Philadelphia and has been in no further difficulty for over a period of fifteen years. The district attorney of Delaware County is not opposed to the granting of a pardon in this case. The Board of Parole states this applicant has a good reputation in the neighborhood in which he lives. At present he is a licensed bondsman in Philadelphia.

In view of the circumstances we feel that this applicant has suffered sufficient punishment, and in view of the further fact that he has been in no further difficulty for over fifteen years, we recommend that a pardon be granted.

In re application of Charles Adrian Neal, No. 6660-A, No. 4617, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Adrian Neal, convicted of robbery, armed with an offensive weapon, in the Court of Oyer & Treminer and Quarter Sessions, of Philadelphia County on December 14, 1928, to be computed from June 14, 1931, be commuted from a maximum term of 20 years on Bill No. 536 to a maximum term of 2 years, expiring on June 14, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 15, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Joseph H. Newhouse, No. A-1882, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph H. Newhouse, convicted of pool selling and bookmaking, in the Court of Quarter Sessions of Philadelphia County, on May 12, 1948 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was his first conviction for any offense whatsoever. Approximately five years ago this applicant was arrested on charges of pool selling and bookmaking and upon his apprehension plead guilty. This applicant has had an offer to become associated in an executive capacity with a vending company, but it requires the collection of funds and this requires the applicant to secure a bond. Also, he has three children who will be affected by the stigma of this conviction. He has tried to be an honest, law-abiding citizen and the Board of Parole has testified that he has a good reputation in the community in which he lives.

We do not feel that a sentence of this type should serve to prevent the applicant from advancing in life, and we feel that he has served his sentence and that further sentence should not be imposed. Under all the circumstances we feel that this applicant has been completely rehabilitated and we, therefore, recommend that a pardon be granted.

In re application of Joseph Panichelli, No. 2842-B, No. 4658, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Panichelli, convicted of murder in the first degree, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on October 8, 1930, be commuted from a maximum term of life imprisonment to a maximum term of 22 years, 8 months expiring on June 8, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until the end of life.

BOARD OF PARDONS

In re application of Manley F. Parks, No. 8787, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Manley F. Parks, convicted of prison breach in the Court of Quarter Sessions of Centre County on December 11, 1945, to be computed from January 28, 1947 be commuted from 10 years to 6 years, 5 months expiring on June 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he was convicted in Bradford County on charges of assault to rob and sentenced to a term of not less than two nor more than ten years. He persistently maintained his innocence from the time of his incarceration and when he was transferred to Bellefonte he walked away from this institution. Needless to say he was apprehended and after he was apprehended the district attorney in Bradford County felt this applicant was not guilty of the offense for which he was sentenced and caused the sentence there to be removed and a nolle prosequi entered. However, this applicant was sentenced for his escape from Rockview and is now out of the institution and seeking a commutation of his maximum sentence on the basis that he should not have been convicted in the first instance.

The Board of Parole has written us and stated that they have no objection to the granting of commutation in this matter. In view of the unfortunate original conviction, we feel that this applicant has been very severely dealt with and we recommend that the maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Morris Pearlman, No. A-1915, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Morris Pearlman, convicted of keeping a gambling house in the Court of Quarter Sessions of Allegheny County, on May 24, 1939 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age and he has no prior criminal record. He was president of a club which permitted gambling and when the raid occurred he was arrested. This offense occurred fourteen years ago and he has been in no difficulty before or since. He has an excellent reputation in the community in which he lives and is now in the carpet business. He has no connection whatsoever with any illegal activities. We feel to hold this conviction over the head of this applicant is not good when he has become completely rehabilitated.

Under all these circumstances, we feel that consideration should be given to his plea and we, therefore, recommend to your Excellency that a pardon be granted.

In re application of Leroy James Price, No. A-1338, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leroy James Price, convicted of arson and intent to defraud in the Court of Oyer and Terminer of Huntingdon County on May 17, 1948, to be computed from February 23, 1948 be commuted from 7½ years to 5 years 4 months expiring on June 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age and this was his first major conviction. He was convicted on a charge of arson and setting fire to a building with intent to defraud. He was convicted of the crime in Huntingdon County and as a result of this conviction was sentenced to a term of not less than seven and one-half nor more than fifteen years in the Western State Penitentiary. At the present time the applicant has served over five years two months of his minimum sentence. The Board of Trustees of the Western State Penitentiary has written the Board of Pardons and stated that this applicant has an excellent institutional record and if he was eligible for parole they would recommend him. The applicant will do farm work if released with a sponsor and it is a well-run household and will be a good home for him.

The trial judge is deceased and the present judge has no objection. The district attorney has no objection to the granting of clemency and since this was the applicant's first major conviction, we feel that he has been sufficiently punished and recommend that commutation be granted.

In re application of Henry Reinschriber, No. 6499, No. 1174, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Henry Reinschriber, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 27, 1923, be commuted from a maximum term of life imprisonment to a maximum term of 30 years 2 months, expiring on May 27, 1953.

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

In re application of Vincent A. Sciacca, No. A-1922, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Vincent A. Sciacca, convicted of aggravated assault and battery in the Court of Quarter Sessions of Perry County, on August 4, 1925 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age and this offense occured more than twenty-eight years ago when applicant was a visitor in Perry County and attempted to make a call on a party line. As a result, the person who was using the phone threatened to beat up the applicant and when he appeared, applicant drew knife and cut victim. A great deal of sympathy goes out to the applicant in this type of case when he was unable to use a party line phone. However, the Board is not sympathetic with the fact that he used a knife to make his point. He has not been in difficulty for more than twenty-eight years and because of the change in the Immigration Laws he may be deported because of this conviction. As a result of this youthful act there is some question whether the law remains the same as in Department of Labor et al vs. U. S. ex rel Malesevic, and, therefore, in order to avoid deportation, he desires a pardon.

Under all the circumstances, we feel that this applicant has been sufficiently punished and has been completely rehabilitated. We, therefore, recommend that a pardon be granted.

Governor.

BOARD OF PARDONS

In re application of Harry Sharp, No. 1221, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Harry Sharp, convicted of setting up an illegal lottery, in the Court of Quarter Sessions of Philadelphia County on February 8, 1937; and further convicted of setting up an illegal lottery and conspiracy in the Court of Quarter Sessions of Philadelphia County on May 17, 1940; and further convicted of setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County on April 26, 1948, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and he was convicted on three different occasions for setting up an illegal lottery. The applicant has been in no further difficulty and is now living in New Jersey where he is operating a Cafe. He is required to have a pardon in order that he will not be made to suffer further punishment as a result of these convictions. Also, in order to operate this Cafe in New Jersey, the New Jersey Alcoholic Beverage Control Board desires that he seek

a pardon. The New Jersey parole investigation states that there is no reason why favorable consideration should not be given to this application.

The trial judges have made no comment and the District Attorney is not opposed. Under all the circumstances the Board feels that a pardon should be granted and we, therefore, make that recommendation to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of George Shaw, No. 6963-C, No. 4963, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Shaw, convicted of robbery, armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions, of Philadelphia County on April 7, 1937 be commuted from a maximum term of 20 years to a maximum term of 16 years 2 months, expiring on June 7, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 7, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommeds to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of George Sheehan, No. 8975-A, No. 423, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Sheehan, convicted of robbery, armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on March 20, 1929, be commuted from a maximum term of 60 years to a maximum term of 24 years 3 months, expiring on June 20, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 20, 1989.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommeds to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Correll David Smith, No. A-1324, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Correll David Smith, convicted of burglary and perjury in the Court of Oyer & Terminer and Quarter Sessions of Monroe County on July 12, 1949, to be computed from May 22, 1949 be commuted from 6 years to 4 years 1 month expiring on June 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and this was his first major conviction for any offense whatsoever. He was sentenced to a term of not less than six nor more than twelve years on charges of burglary and perjury growing out of his burglary convictions and his application for a marriage license. Since he has been incarcerated in the Eastern State Peniteitiary he has had an excellent record and the trial judge in Monroe County leaves the matter of commutation up to the Board, as does the district attorney.

If granted release this applicant intends to reside with a brother in Stroudsburg and will have employment in that vicinity. Many of the applicant's friends in the vicinity of Stroudsburg show a willingness to help in his rehabilitation.

Since neither the trial judge nor the district attorney are opposed to commutation in this matter and he has an excellent institutional record, we feel that he has been sufficiently punished and recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Anthony C. Tomasco, No. A-1908, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Anthony C. Tomasco, convicted of assault and battery and aggravated assault and battery by auto, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on November 30, 1928; and further convicted of fornication and bastardy, in the Municipal Court of Philadelphia on March 7, 1929; and further convicted of selling liquor to non-members of club, selling liquor after hours, and selling liquor to persons visibly intoxicated, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 9, 1942, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is forty-three years of age and the offenses for which he seeks pardon were all committed by the applicant while he was a young man in his early twenties. The Board of Parole has made an investigation and reports to the Board of Pardons that this applicant has an excellent reputation for the past ten years.

The trial judge, the Honorable Vincent A. Carroll, has written the board and leaves the matter of pardon up to the board. The district attorney is not opposed to the granting of clemency as prayed for. We feel that this applicant has made an honest effort to rehabilitate himself and since he has served in the Armed Forces of the United States, we feel that he should be given some consideration at this time. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Max Weinstein, No. 9264-A, No. 4938, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Max Weinstein, convicted of setting fire to building and conspiracy to set fire, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 28, 1938, to be computed from January 6, 1939, be commuted from a maximum term of 20 years to a maximum term of 14 years 5 months, expiring on June 6, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 9, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs,

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Russell Clifford Wentz, No. 7368, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Russell Clifford Wentz, convicted of murder, in the first degree in the Court of Oyer & Terminer of Westmoreland County on May 29, 1931 be commuted from life imprisonment to 22 years 1 month expiring on June 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this was his first major conviction. He was convicted of murder in the first degree and was sentenced to a term of life imprisonment for the commission of a killing during the perpetration of a robbery. He has served nearly one-half of his entire life in the Western State Penitentiary. During that time he became a school teacher in the institution and has taught not only the inmates, but others who later became teachers in the institution. When the riots occurred in January 1953, this inmate was not a participant therein, and was, in fact, not locked in a cell for a good portion of the time. He has an excellent record in the institution and the Board of Trustees of the Western State Penitentiary state that if he were eligible for parole they would recommend him.

The district attorney of Westmoreland County leaves the matter up to the Board. The trial judge is deceased and the present judge has stated that he is opposed to the granting of commutation. However, it should be pointed out that this present judge is generally opposed to any action taken by the Board of Pardons.

Since this applicant has served over twenty-two years of a life sentence, and has shown evidence of his complete rehabilitation we recommend commutation of sentence be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Matthew Willmick, No. 771-B, No. 4396, May Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Matthew Willmick, convicted of murder in the second degree, in the Court of Oyer & Terminer and Quarter Session, of Luzerne County, on January 8, 1937, be commuted from a maximum term of 20 years to a maximum term of 16 years 5 months, expiring on June 8, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 4, 1942.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of John Julian Andrews, B7813, No. 3173, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Julian Andrews, plead guilty to robbery, being armed with an offensive weapon, and in the Court of Oyer & Terminer of Philadelphia County on August 15, 1941, computed from June 30, 1948, be commuted from 10 years to 5 years 2 months, expiring on August 30, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and he has had a long criminal record, which included seven arrests for juvenile convictions, two adult convictions and one parole violation, as a result of which the applicant has received sentences which would mean a service in the Eastern State Penitentiary of approximately fifty years. At the present time he has served over twelve years of this sentence and still has approximately eighteen years of back time to serve before beginning the service of his last sentence. Part of the time that this applicant has been in the institution has been served in the Farview State Hospital for a mental ailment. He is now completely recovered and has been transferred to the Western State Penitentiary where he is serving his time. All accomplices in the original criminal offense have been released on parole and this applicant has an excellent institutional record. In fact, it is considered by the Board of Trustees of the Western State Penitentiary to be outstanding. He is considered to be a painter of considerable merit and has perfected a type of textile painting that is unique and above the standard used by the industry today.

He has a good parole plan and if released can secure employment in line with his artistic ability.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia is not opposed to the commutation by reason of the long period of time served, and leaves the matter of commutation up to the Board of Pardons. The Board feels that this applicant has shown considerable improvement while in the institution, that he has served a long period of time, and that in view of his outstanding institutional record, some credit should be given.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Major Miles Bell, No. 6665-C, No. 3981, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Major Miles Bell, convicted of murder, in the second degree, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on September 29, 1933, be commuted from a maximum term of 20 years to a maximum term of 19 years 9 months, expiring on June 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 29, 1953.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Meyer G. Borish, No. A-1961, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Meyer G. Borish, convicted of unlawful sale and manufacture of liquor and conspiracy in the Court of Quarter Sessions of Philadelphia County, on April 18, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and has no prior criminal record. He became involved in the unlawful manufacture and sale of alcoholic liquor, and quantities of mash and liquor were found. Prior to his arrest, and subsequent, he had a good reputation in the neighborhood in which he lived. He has completely disassociated himself with any further criminal activities and is now seeking a job with the Seashore Transportation Company, which requires that he be bonded. He is presently employed as a truck driver in Philadelphia.

The district attorney of Philadelphia has stated he leaves the matter up to the Board. Since this applicant is thirty-four and has been in no further trouble, we do not feel that he will again become involved with the law, and since he desires to improve his position in life, we do not wish to stand in his way. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Andro Broeckey, E-1729, No. A-1945, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Andro Broeckey, convicted of murder in the second degree in the Court of Oyer & Terminer and Quarter Sessions of Montgomery County on June 15, 1950, computed from September 6, 1947 be commuted from 10 years to 5 years 11 months expiring on August 6, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-four years of age and has had no prior criminal record. He was convicted of first degree murder and sentenced to life imprisonment, but changed his plea to guilty and was sentenced to a term of not less than ten nor more than twenty years in the Eastern State Penitentiary. He has served over one-half of his minimum sentence, and this is his first application for commutation.

The Board of Trustees of the Penitentiary advise that his disciplinary record and adjustment have been excellent. At the present time he has been released from work at the penitentiary as a result of an upper respiratory infection.

The district attorney of Montgomery County is strongly opposed, but the trial judge, the Honorable George C. Corson, leaves the matter up to the Board, as he states the murder "was a crime of passion involving jealousy between two men over one woman."

The Board, in considering all the facts of this case, feel that since the applicant has made such a good adjustment in the institution, as well as his physical condition, and since the trial judge is not opposed, commutation should be granted. We, therefore so recommend to your Excellency.

Respectfully submitted,

In re application of Elijah Brown, No. 358-B, No. 3094, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Elijah Brown, convicted of murder in the second degree, in the Court of Oyer & Terminer and Quarter Sessions, in the Court of Philadelphia County on June 14, 1934, be commuted from a maximum term of 20 years to a maximum term of 17 years 10 days, expiring on June 24, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 14, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Wallace Buxton, No. A-1999, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Wililam Wallace Buxton, convicted of attempting false pretenses; fraudulently making a written instrument, uttering forged instrument in the Court of Quarer Sessions of Philadelphia County, on November 26, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and he plead guilty to cheating by fraudulent pretenses; forgery and uttering forged instrument, which amounted to pretending to be a purchasing agent for a church and ordering curtains which would fit only his own home. Before they were finished the fraud was discovered. The applicant paid for them and plead guilty to making the purchase and returning the truck.

For the past fourteen years he has been an employe of the Liberty Mutual Insurance Company. There is a rule of the Liberty Mutual Insurance Company that "any person who is not acceptable for bonding by the company which bonds our employees, cannot be kept on the payroll." In view of these circumstances it would seem very true that in addition to the punishment already meted out and served, additional punishment should not be added, and he applicant lose employment which he has served faithfully and well for the past fourteen years.

Because of this one mistake applicant has paid dearly and we do not feel it should cast a shadow over the balance of his life. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of John Joseph Costello, D82, No. 7333, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Joseph Costello, convicted of murder in the first degree in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on October 29, 1934 be commuted from life imprisonment to 18 years 9 months expiring on July 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and he has no prior criminal record with the exception of a juvenile arrest in 1931. At the time of the commission of this offense the applicant was nineteen years of age and he had fallen in with bad company. The group was arrested for the murder of a police officer who was escorting a theatre manager to the bank with the day's receipts. The persons who fired the guns were electrocuted, and this applicant and two others were given life sentences.

At the present time this applicant has served nearly nineteen years of a life sentence. The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County leaves the matter of commutation up to the Board of Pardons and has stated that their office is not opposed to the granting of clemency.

The board is of the opinion that since this applicant was but nineteen years of age and since he has an excellent record in the institution for nineteen years, and there is no objection from the authorities in Philadelphia County, he has proved his complete rehabilitation and should be given some consideration at this itme, and that his sentence should be commuted.

In re application of Frank De Rogatis, No. 3428-C, No. 4209, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank De Rogatis, convicted of robbery, armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on March 20, 1935, effective February 27, 1935, be commuted from a maximum sentence of 20 years to a maximum sentence of 18 years, 4 months, expiring on June 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 27, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Vincent Dever, No. 7250-D, No. A-1929, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Vincent Dever, convicted of Burglary in the Court of Quarter Sessions of Philadelphia County on March 21, 1946, be commuted from a maximum term of 10 years to a maximum term of 7 years, 3 months, expiring on June 21, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 13, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Dominick Diodata, No. A-1953, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The application of the above having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Dominick Diodata, convicted of entering with intent to steal, larceny and receiving stolen goods, in the Court of Quarter Sessions of Philadelphia County, on January 23, 1913; and further convicted of setting up an illegal lottery, in the Court of Quarter Sessions of Philadelphia County on June 12, 1941; and further convicted of unlawfully selling brewed or malt beverage without a license in the Court of Quarter Sessions of Philadelphia County on March 31, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty-three years of age and he committed the offenses of breaking and entering, operating a lottery and offenses against the Liquor Control Act. These offenses occurred forty years ago and twelve years ago. Our letters indicate that this applicant, since his last trouble in 1941, has become a pillar in the community in which he lives in Philadelphia, and that he has an excellent reputation, according to friends and neighbors. He has done much to achieve a position of respect in the community.

Since this man is now sixty-three years of age, and has been in no further difficulty for a period of twelve years, we feel that he has shown he is completely rehabilitated, that he has a position of respect in the neighborhood, and we, therefore, recommend that a pardon be granted.

In re application of Ruth Raplee Duffield, No. A-1995, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Ruth Raplee Duffield, convicted of perjury in the Court of Quarter Sessions of Bradford County on September 1, 1950 be commuted from 5 years to 3 years expiring on September 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and she has had no prior criminal record. She was sentenced to pay a fine of $100 and placed on probation for five years on charges of perjury. This charge grew out of an assault and battery and it was alleged the perjury was in that this applicant testified the offender was another brother, and not the one who was finally convicted.

The applicant has been in no further difficulty for approximately three years. Her former husband has divorced her on the grounds of cruelty and indignities to the person, claiming he was unable to live with a woman who was on parole. She has since remarried and throughout the period of probation there was no reports of misconduct.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney, are opposed to the granting of clemency although for different reasons. The district attorney of Bradford County seems to be of the opinion that this applicant is attempting to seek a pardon. She is not, she merely seeks commutation of maximum sentence.

Since this applicant has been on parole for nearly three years of five years, we feel that further parole supervision, especially since she has remarried, is unnecessary. We, therefore, recommend that her maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John A. Falasco, No. A-1938, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John A. Falasco, convicted of burglary and larceny in the Court of Quarter Sessions of Delaware County on September 30, 1952 be commuted from 1 year to 10 months, expiring on July 30, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and this was his first major conviction. He was alleged to have broken into and entered a club and stole personal property of the club. The applicant states that he was under the influence of intoxicating liquors and that he did not know what was going on.

Since his incarceration in the Delaware County Jail he has made every effort to rehabilitate himself and holds a position of trust. The district attorney of Delaware County is not opposed although the trial judge, the Honorable Harold L. Ervin, is opposed and feels that this is premature. We do not agree with the trial judge in this matter in view of the dependent's rehabilitation. The district attorney of Delaware County shares our belief that this applicant should be given some consideration. Under all these circumstances we, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Leo Thomas Ficzko, D-8023, No. A-1986, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leo Thomas Ficzko, plead guilty upon certain indictments charging him with prison breach, burglary and larceny of automobile, breaking and entering and larceny in the Court of Quarter Sessions of Northampton County on November 29, 1944, computed from November 14, 1944, be commuted from 22 years, 1 month, 13 days to 8 years, 9 months, expiring on August 14, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he has had a long criminal record In 1942, after having committed a series of burglaries he was sentenced to the Northampton County Prison for a period of not less than two and one-half nor more than ten years. While so confined he escaped from the Northampton County Jail and committed a burglary and larceny while at large. Upon his apprehension he was sentenced for the crimes of prison breach, burglary and larceny to a total term of not less than twenty-two years, one month, thirteen days nor more than fifty-six years, one month, thirteen days, in the Eastern State Penitentiary.

At the present time he has served approximately nine years of his minimum sentence. All of his accomplices have been released from the institution and the Board of Trustees of the Eastern State Penitentiary have stated to the Board of Pardons that this applicant has had an excellent institutional record while confined to the Eastern State Penitentiary.

The trial judge is no longer on the bench and the present judge has stated that he is not opposed to consideration at this time. The district attorney of Northampton County has advised the Board that he feels this applicant merits consideration.

The Board is of the opinion that this applicant received a most severe sentence and in light of his prison record, and the fact that the authorities are not opposed, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of John Griffin, D-9798, No. 9426, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Griffin, convicted of burglary, larceny, receiving stolen goods, possession of burglary tools in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on July 30, 1947, computed from July 9, 1947 be commuted from 10 years to 6 years, expiring on July 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was his first major conviction. He and four accomplices committed six robberies and five burglaries over a period of four months. At the time this applicant was apprehended he had completely disassociated himself from his criminal companions.

The Board of Trustees of the Eastern State Penitentiary state this applicant has an excellent institutional record and they further state that he now appears to be very well motivated.

The trial judge is deceased and the district attorney of Philadelphia County is not opposed to the granting of commutation as prayed for. All of the accomplices, who accompanied this applicant on the burglaries and robberies which he was a party to, having received the same or lesser sentences, with one exception, have been paroled. The one exception, accomplice Anthony Perpiglia, received a sentence of fifty to one hundred years. He is still an inmate of the Eastern State Penitentiary.

Since this applicant has served six years of his minimum sentence and since all accomplices with the same, or lesser sentences, have had their sentences commuted and since this applicant has had a good institutional record, we feel that he should be treated as his accomplices were and his sentence commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Robert Hughes, D-9807, No. A-948, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Hughes, convicted of robbery, armed with an offensive weapon, burglary, larceny and receiving stolen goods in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on August 1, 1947, computed from July 18, 1947 be commuted from 20 years to 6 years, expiring on July 18, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and has had no prior criminal record. He and two accomplices robbed a store. They were apprehended during the robbery and the loot involved amounted to approximately $500. At the present time he is serving a twenty to forty year sentence in the Eastern State Penitentiary and has an excellent institutional record. For the past six years this applicant has played in the penitentiary orchestra and it was called to the Board's attention that he had an excellent reputation before the occurrence of these offenses.

The Board feels that for a young man with no prior criminal record his sentence of twenty to forty years for armed robbery was very severe. The district attorney of Philadelphia feels that the application is a bit premature, but the present judge, the Honorable Peter F. Hagan, has left the matter of commutation up to the Board.

Since this applicant was a first offender and has served six years of a twenty year sentence, we feel that he has been sufficiently punished and we, therefore, recommend that his application be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of James Johnson, D-2943, No. 6264, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Johnson, convicted of robbery in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on March 2, 1938, computed from February 24, 1938 be commuted from 20 years to 15 years 5 months expiring on July 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was not his first criminal offense, having served two prior convictions, one of which he violated parole in the commission of this offense. The applicant and two accomplices, during a period of three months, committed two robberies in which the loot amounted to approximately $121. For these offenses the applicant received a sentence of not less than twenty nor more than forty years. At the present time he has been confined in the institution almost fifteen and one-half years, and during the majority of the time he has had an excellent record. This is the third time the applicant has sought release on parole and the only one since an accomplice was paroled in 1948, and the other accomplice died in prison. Both of these accomplices had the same prison sentence.

The trial judge is deceased and the district attorney of Philadelphia County is not opposed to the granting of clemency in this matter. In view of the long period of time; the fact that there is no opposition; and the further fact that all of his accomplices have been released, requires us to recommend that he be given favorable consideration.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Harold E. Jordan, No. 9360, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harold E. Jordan, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 12, 1946, to be computed from November 27, 1946 be commuted from 10 years to 6 years 8 months expiring on July 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and never has been in any difficulty before this offense. He and an accomplice were caught in the act of robbing a store and he was sentenced on a plea of guilty to a term of not less than five nor more than ten years. He served four and one-half years of his minimum sentence before being released on parole by commutation of sentence.

At the present time he has been on parole two years one month. The Board of Parole has indicated to us, in its confidential report, that he has an excellent reputation and has made every effort to rehabilitate himself and that he desires to go into the used car business which will require certain financial commitments which he could not make while on parole.

Since the Board of Parole has no objections to the granting of commutation of his maximum sentence and he has a good reputation in the community in which he lives, and this, in spite of his present conviction, we feel that he is entitled to relief from parole and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

In re application of Charles Kessler, No. 7219-A, No. 1057, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Kessler, convicted of robbery, being armed with an offensive weapon in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on December 9, 1929, be commuted from a maximum term of 20 years to a new maximum term of 13 years 3 months 2 days, expiring July 1, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 9, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of Robert Kiley, D-43, No. 6206, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Kiley, convicted of murder, in the first degree in the Court of Oyer & Terminer and Quarter Sessions of Luzerne County on October 15, 1934 be commuted from life imprisonment to 18 years 9 months expiring on July 15, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this is his first major conviction. He was sentenced to life imprisonment on a charge of first degree murder. He and an accomplice broke into the basement of a church to rob the janitor. The victim was hit over the head by the accomplice and died. The applicant was only nineteen years of age at the time the offense was committed, and he had been drinking heavily.

The applicant has now served over eighteen years of his sentence. The Board of Trustees of the Eastern State Penitentiary advise that this applicant has an excellent record in the institution and has become a proficient and skillfull woodworker. He has made numerous blood donations to the American Red Cross serum bank. He has matured emotionally and socially and the Board feels that he is completely rehabilitated.

The trial judge leaves the matter up to the Board and the district attorney is not opposed. In view of this, and the fact that he was only nineteen years when admitted and has now served nearly nineteen years in the institution, the Board feels that his sentence should be commuted, and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

In re application of Nathan Kimmel, No. A-1988, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Nathan Kimmel, convicted of conspiracy and receiving stolen goods in the Court of Quarter Sessions of Lancaster County on April 25, 1952, to be computed from January 9, 1953 be commuted from 2 years to 8 months expiring on September 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and he was sentenced to a term of not less than one nor more than two years on a charge of conspiracy and receiving stolen goods. He was engaged in the junk business and was involved in a conspiracy with an employee of the Armstrong Cork Company and bought scrap and material that had been stolen from the company. The person with whom he had these scrap realings, Frank E. Hauck, received a lesser sentence than the applicant and was himself released by the Board of Pardons in April, 1953. Another person involved in similar dealings, Robert Miller, with the same company was also released by the Board. The applicant was one of the minor participants in the offenses.

The district attorney of Lancaster County is opposed and we have no recommendation from the trial judge. We feel, however, that since the applicant was one of the minor participants in the offenses and others involved in the same offenses have been released, the sentence of the applicant should be commuted and we so recommend to your Excellency.

In re application of Arthur Kreischer, D-7362, No. A-385, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Arthur Kreischer, convicted of burglary in the Court of Quarter Session of Northumberland County on September 7, 1943, to be computed from June 28, 1943 be commuted from 20 years to 10 years 1 month, expiring on July 28, 1953; and further convicted of assault, being armed with an offensive weapon with intent to rob; burglary with intent to commit felony, in the Court of Quarter Sessions of Philadelphia County on September 27, 1943, be commuted from 20 years to 10 years 1 month 1 day, expiring on July 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was his first major conviction. He was sentenced to the Eastern State Penitentiary for a period of not less than twenty nor more than forty years for the commission of nine burglaries in Northumberland County, and a robbery in Philadelphia County. He was quickly apprehended and given the sentences which have been referred to above.

At the present time he has served ten years of his minimum sentence. The Board of Trustees of the Eastern State Penitentiary state that this applicant has an excellent institutional record. The present judge of Northumberland County has stated that he is not opposed to the granting of clemency, and the district attorney of Northumberland County leaves the matter of clemency up to the Board of Pardons.

Under all the circumstances we feel that for the first major conviction this applicant was severely punished and since he has served one-half of his minimum sentence with an excellent institutional record we recommend that the sentence be commuted.

In re application of Gene Tunney Floyd Kulp, No. A-1972, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gene Tunney Floyd Kulp, convicted of robbery, armed with an offensive weapon in the Court of Oyer & Terminer and Quarter Sessions of Montgomery County on September 15, 1944, computed from August 18, 1944 be commuted from 12 years 6 months to 8 years 11 months expiring on July 18, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and at the present time he has served almost nine years of a minimum sentence of twelve and one-half years. He committed a series of robberies over a period of two months, there being six of them in all. He also stole an automobile.

This is applicant's first application for commutation of sentence and it is well to point out to your Excellency that this applicant was only seventeen years of age when these offenses were committed. The applicant has made an excellent adjustment in the Eastern State Penitentiary and is given credit by the officers for rehabilitation.

We believe that since he has served three-fourths of his sentence, that some consideration should be given to his application at this time. The Board is of the opinion that commutation should be granted because of his youth at the time of the commission of the offenses, his excellent prison record and the length of time that he has served. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of John S. LaRocca, No. A-1785, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John S. LaRocca, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Allegheny County, on April 2, 1940 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and he was convicted of three charges in 1939 growing out of an arrest on a charge of lottery. The lottery charges grew out of the fact that the applicant had in his possession stolen license plates and the additional charges of larceny were laid against him. He has had and maintained a good reputation since the offenses in 1939 and for the past fourteen years has conducted himself as an honorable and upright citizen engaged in a legitimate business.

The trial judge, the Honorable Thomas Marshall, has written the Board and has stated he leaves the matter of pardon up to the Board. The district attorney of Allegheny County is opposed to the granting of clemency at this time. In view of the fact that this applicant has been in no further difficulty over fourteen years and has had a good reputation in the community we feel he should be given consideration at this time and that a pardon should be granted. This is particularly so when we learned that although these facts were available for more than fourteen years, it is only recently that action was taken to attempt to deport this applicant by virtue of the fact that

he had not been granted citizenship, after having been brought to this country as a young child by his father. The Board is of the opinion it would be cruel and unusual punishment at this time to refuse a pardon so that he may be deported, and in order to forestall such action we recommend that a pardon be granted.

Secretary of the Commonwealth.
WILLIAM S. LIVENGOOD, JR.,

In re application of George Loiselle, No. 4396-A, No. 4098, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Loiselle, convicted of robbery with aggravated circumstances in the Court of Oyer and Terminer of Beaver County on September 29, 1934, be commuted from a maximum term of 20 years to a maximum term of 18 years 9 months, expiring on June 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 29, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Rosario Mantione, No. 8458, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Rosario Mantione, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on July 2, 1941 be commuted from life imprisonment to 12 years 10 days expiring on July 12, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and he was convicted of murder in the first degree. However, it was argued to the Board that at the commission of this offense there was a great deal of merit to applicant's contention that he should not have been convicted of a greater crime than second degree murder. If such was the case, applicant's minimum would have expired two years ago.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record. The trial judge, the Honorable Edward P. Little, leaves the matter of commutation up to the Board. The district attorney of Lackawanna County refers us to previous correspondence in which he left the matter up to the Board. We are impressed by applicant's contention that he should not have been convicted of a greater crime than second degree murder, and since he has already served more than the minimum term for second degree murder, we recommend that his sentence be commuted.

In re application of Nicholas Marracino, No. A-1943, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Nicholas Marracino, convicted of lottery in the Court of Quarter Sessions of Allegheny County, on April 15, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and has no prior criminal record. He was arrested in the operation of a lottery. He has since completed a course of study in music and teaches in the Allegheny and Robinson Township High Schools. He is a veteran of the armed forces and served over three years over seas. He is married and has no children. He enjoys an excellent reputation and it is doubtful whether he will ever again offend against society.

Because of his past record in the armed services and his good reputation, both before and since the occasion of this offense, we feel that he has been sufficiently punished, and we, therefore, recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Ralph Marratto, No. 1854, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ralph Marratto, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on January 20, 1930, computed from November 25, 1938, be commuted from 50 years to 14 years 8 months, expiring on July 25, 1953.

Our reasons for making this recommendation are as follows:

The applicant is forty-one years of age and this is not the first time he has been in difficulty. In fact, his difficulties started back in 1929, when he received his first major conviction. Since that time he has had almost continuous brushes with the law and at least, in 1939, he was sentenced for from fifty to one hundred years. At the present time he has served fourteen years seven months. He also has been serving back parole time, although the judge who sentenced him attempted to make his back parole time run concurrently with his new sentence. This is a violation of the law, as set forth by the Supreme Court in the Wheeler Case and, therefore, we are unable to so compute the back time. Nevertheless, fourteen years seven months has been a very long period of time.

The trial judge in this case leaves the matter up to the Board of Pardons, but the District Attorney of Allegheny, following the usual procedure, has opposed commutation even though the parole plan calls for the applicant to reside in California. The applicant has an excellent institutional record and the Board of Trustees of the Western State Penitentiary states that this applicant was not involved in the riot which racked the Western State Penitentiary. Under those circumstances they recommend that clemency be granted.

We believe that this applicant has been sufficiently punished and should be given consideration for this long period of sentence, and should also be given consideration for his excellent institutional record. Since the district attorney is the only one that opposed his application, we recommend that clemency be granted.

BOARD OF PARDONS

In re application of Helen Roberta Martin, No. A-1952, June Session, 1955.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Helen Roberta Martin, convicted of larceny by employee in the Court of Quarter Sessions of Allegheny County, on February 24, 1944 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-years of age and has no prior criminal record. She was cashier of an insurance company and as such she was requested by other employes to withhold their checks from deposit until they could make them good. As a result of this, she began to extract sums of money from the company and when she advised them of her shortage it amounted to $1810.00. She has made complete restitution of this amount to the bonding company. She has been employed for the past seven years, in fact, almost from the time of this offense, with Joseph Horne Company, Pittsburgh, Pennsylvania, as a statistical worker. This is closely associated to the office of Controller and is similar to the situation she had with the insurance company.

We have been advised by the Probation Officer of the County of Allegheny that the court costs were paid and restitution made.

The trial judge is deceased and the present judge has no comment to make. The district attorney is not opposed. There is no doubt about this applicant's attempt to rehabilitate herself and since she has been in no further difficulty for almost ten years we feel that she will never again offend against society. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Jacob P. Martin, No. 6753-C, No. 5362, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Jacob P. Martin, convicted of felonious entry and larceny, in the Court of Oyer & Terminer and Quarter Sessions of Lancaster County on March 17, 1939, effective February 11, 1939, be commuted from a maximum term of 20 years to a maximum term of 14 years 5 months, expiring on July 11, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 11, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Milton McCormick, No. 6037-D, No. A1933, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maxium sentence of Milton McCormick, convicted of murder, in the second degree in the court of Oyer & Terminer of Washington County on February 5, 1940, be commuted from a maxium term of 15 years to a maxium term of 13 years 5 months, expiring July 5, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 26, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In reapplication of Jack Richard Mell, E573, No. A724 June session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jack Richard Mell, convicted of burglary and larceny in the Court of Oyer & Terminer and Quarter Sessions of Berks County on October 8, 1948 be commuted from 6 years to 4 years 9 months expiring on July 8, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his first serious conviction. He was once before arrested and sent to the Pennsylvania Industrial School, but upon his release became involved in this difficulty. This was caused by breaking into a series of homes. Also this applicant escaped from Berks County Prison and it was on this escape that applicant stole an automobile. Nevertheless this applicant has now served over four years of his minimum sentence and he has demonstrated a good habit of industry and industrial stability. He also has an excellent and unblemished disciplinary record. It is believed that release to parental supervision may be helpful at this time.

Neither the trial judge, nor the district attorney, has written the Board of Pardons to express their opinion, although they have stated their opinion to the Board of Parole in opposition to favorable consideration.

We feel that this applicant has demonstrated that he will not again violate the law, and that he has stability back of him, most of which was acquired in the institution. He was between nineteen and twenty years of age when this offense took place. We feel that this applicant has been sufficiently punished and since he has an excellent institutional record, we recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Nicholas Miller, No. 6310-C, No. 4701, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Nicholas Miller, convicted of robbery, armed with an offensive weapon, in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County on September 13, 1938, effective September 7, 1938, be commuted from a maximum term of 20 years to a maximum term of 14 years 10 months, expiring on July 7, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 7, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Leo Mincarelli, 27615, No. A-1218, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of Leo Mincarelli, convicted of robbery in the Court of Oyer & Terminer of Philadelphia County on February 18, 1929, computed from May 20, 1953, be commuted on Bill 716 from a maximum of 20 years to a new maximum of 8 months, 28 days, expiring February 18, 1954; and on Bill 718 from a maximum of 10 years to a new maximum of 1 day, expiring February 19, 1954; and on Bill 721 from a minimum of 10 years to a new minimum of 1 day, expiring on February 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age. He was sentenced in 1929 by the late Judge Harry S. McDevitt to a term of not less than twenty-five nor more than fifty years on charges of robbery. At the time of his conviction in Pennsylvania he was under indictment in the State of Maryland and was released by Judge McDevitt to Maryland authorities with the understanding that if he received less than the death sentence in Maryland he was to be returned to Pennsylvania to begin serving his sentence. In Maryland he received a sentence of life imprisonment and was not returned to Pennsylvania. He served a period of twenty-two years in Maryland and was finally returned to Pennsylvania on May 20, 1953, to begin serving the sentence imposed in 1929.

The sentences of all his accomplices have been commuted, the last in 1946. Thus out of a group of four young men, who were nineteen or twenty years of age, this applicant is the last to be in an institution.

Our records indicate that at the present time he has a good record in the Eastern State Penitentiary although he has been there but a short time. We do not feel that service of the Maryland sentence atones for a past crime in its entirety, but we do feel that this man has served a long time.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County is not opposed. Under all the circumstances the board is of the opinion that this applicant should be granted some clemency, and we, therefore, recommend that the sentence be commuted as of February 20, 1954, when he will have served nine months on account of his Pennsylvania sentence, and a total of twenty-five years in both states.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of William Moran. D-7234, No. 9705, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Moran, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on June 17, 1943, computed from June 11, 1943 be commuted from 50 years to 10 years 1 month expiring on July 11, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this is his first major conviction. He made a practice of placing a black mask over his head, ringing a doorbell and sticking a gun into the victim's ribs when the door was opened. There were five robberies of this nature and he has now served ten years of a sentence of fifty to one hundred years. Thus, it can be seen that this applicant, who was seventeen years of age when he embarked upon this youthful spree, received a very severe sentence.

The board of trustees of the Eastern State Pentitentiary advise that this applicant has an unblemished record and that his adjustment has been excellent and he deserves credit for the constructive use he has made of his spare time.

The sentencing judge is deceased and the district attorney of Philadelphia County leaves the matter up to the Board of Pardons. The board is of the opinion that this applicant has been very severely dealt with and that having served ten years he should be given credit for his excellent record in the institution and should be granted clemency at this time.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Erwine Moss, No. A-1981, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Erwine Moss, convicted of assault and battery in the Court of Quarter Sessions of Philadelphia County, on January 19, 1934 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and he has no prior criminal record. He became involved in a fight with a friend over an election. He was arrested and placed on prohibition for a period of one year. This was nineteen and one-half years ago. Since that time he and the victim have again become good friends. He has an excellent reputation. He is the vice-president of a company in New Jersey. He is executive office manager in another company. He was special deputy sheriff in Philadelphia for a period of nine years.

He has a wife and a daughter and bears an excellent reputation in the community in which he lives. This pardon is recommended by the parole office and the district attorney's office. We feel this was nothing more than a friendly election scrap and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph Richard Palermo, C-1882, No. A-947, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Richard Palermo, convicted of voluntary manslaughter in the Court of Oyer & Terminer of Beaver County on December 6, 1950, computed from July 15, 1950 be commuted from 4 years to 3 years expiring on July 15, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this is his first serious conviction. It was only his second arrest. The applicant was convicted of voluntary manslaughter on the basis that he went to his sister's aid after having just returned from a hunting trip. A fight ensued and in the struggle the applicant's brother-in-law threatened to kill applicant, but applicant's gun went off killing his brother-in-law.

He has many letters of recommendation filed with his application and one of them comes from the former district attorney of Beaver County, wherein he states that the applicant deserves consideration and requests that sentence be commuted.

The Board of Trustees of the Western State Penitentiary states that they have no objection to commutation and we, therefore, recommend that clemency be granted. The trial judge, the Honorable Morgan H. Sohn, has written the board that he has no objection to the granting of clemency, and there is a recommended parole plan.

This is a very meritorious case. In fact, nearly everyone in Beaver County recommends this applicant. Under all the circumstances, we feel that he has been sufficiently punished, and since there is no objection to the granting of clemency, we, therefore, recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Salvatore Pinto, No. A-2003, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Salvatore Pinto, convicted of lottery in the Court of Quarter Sessions of Philadelphia County, on November 17, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and he was arrested for writing number slips. He has no prior record, and upon his arrest he was fined $25.00.

This applicant has a good reputation in his neighborhood and has been gainfully employed. He has made application for a position on the Philadelphia Police force and the favorable action of the Board on his application will enable him to accept the same.

The district attorney is not opposed. The trial judge has not seen fit to advise us. Since this applicant has been in no further trouble for over two and one-half years, and since this was his only offense against society, it is recommended that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Mario L. Pomendale, No. A-1886, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Mario L. Pomendale, convicted of practicing medicine without a license in the Court of Quarter Sessions of Philadelphia County on January 30, 1931; and further recommend that Mario L. Pomendale, plead guilty to practicing medicine and surgery without a license in the Court of Quarter Sessions of Delaware County on March 25, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and has had no prior criminal conviction. He was charged with the crime of practicing medicine without a license in that he performed minor surgery. There was nothing illicit about his activities except he did diagnose and treat without having received a certificate from the Department of Public Instruction. Since this offense in 1931 he has been in no further trouble and has left the field of medicine and gone into the field of accounting. He is a member of character buildings societies, such as the American Red Cross, Knights of Columbus, Holy Name Society and contributes to various charitable organizations. He bears an excellent reputation in the community.

The trial judge is deceased and the district attorney of Delaware County and Philadelphia County have no objections and since he has raised a family and has been in no further difficulty for twenty-two and one-half years, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Anthony Poska, No. 4340-A, No. 3895, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Anthony Poska, convicted of assault and battery to rob; pointing firearm; breaking and entering, larceny, etc., in the Court of Oyer & Terminer and Quarter Sessions of Susquehanna County on August 19, 1933, be commuted from a maximum term of 20 years to a new maximum term of 8 years expiring on August 19, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 19, 1965.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

BOARD OF PARDONS

In re application of Joseph Reisinger, No. A-1948, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Reisinger who plead guilty to charges of burglary and larceny in the Court of Quarter Sessions of Northampton County on May 26, 1947, be commuted from 10 years to a new minimum of 6 years, 4 months, expiring on July 25, 1953; and further recommend that the maximum sentence of Joseph Reisinger, who plead guilty to charges of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Lehigh County on June 3, 1947, be commuted from a maximum term of 10 years to a new maximum term of 6 years, 2 months, expiring on August 3, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he has no prior criminal record. He was out of work, broke and in debt and as a result committed a series of robberies and larcenies in Northamberland and Lehigh Counties. For the offense in Lehigh County he received a sentence of not less than five nor more than ten years and when he was brought before the Court in Northampton County he was given a sentence of not less than ten nor more than twenty years. The sentences were to run concurrently.

At the present time he has served the minimum of the Lehigh County sentence and has served an additional year and three months of the Northampton County sentence. The Warden of the Northampton County Prison states that this applicant is an excellent prisoner and has made strides towards complete rehabilitation. The Trial Judge of Lehigh County has stated he has no objections to the granting of clemency. We have not heard from the trial judge in Northampton County. Neither the district attorney of Lehigh nor Northampton Counties are opposed to the granting of clemency and leave the matter up to the Board.

Since this applicant was a first offender we feel that he has been sufficiently punished and since he has an excellent institutional record, we recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank Riley, B-3030, No. 4352, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Riley, convicted of murder, in the first degree in the Court of Oyer and Terminer of Armstrong County on December 28, 1931 be commuted from life imprisonment to 21 years, 7 months, expiring on July 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and he had a very minor criminal record before becoming involved in a murder during the commission of a robbery. However, there is an extenuating fact. He was only seventeen years of age when this offense was committed. At the present time has has served twenty-one and one-half years of a life sentence. He merits the confidence of the Board of Trustees of the Western State Penitentiary in that they state he has an excellent record for almost twenty-two years, and they have no reason to believe that he was involved in the riot at the penitentiary.

The trial judge, the Honorable J. Frank Graff leaves the matter of commutation up to the Board of Pardons. The district attorney of Armstrong County has no comment to make in the case.

Since this was the applicant's first conviction for any offense whatsoever and he plead guilty to the offense, and since he has an excellent institutional record for nearly twenty-two years, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.

In re application of Werner Roettgen, No. A-1958, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Werner Roettgen, convicted of larceny in the Municipal Court of Philadelphia County, on June 15, 1917 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and he suffered imprisonment in Philadelphia County for nine months in 1917, more than thirty-six years ago. In fact this case is so old that most of the records in the Philadelphia County Courts have been lost. Following this arrest, this applicant returned to his homeland, Germany, and remained there for a period of approximately thirty-five years. Following world war II, he served with the British Occupation Forces and American Forces and then became employed by the Bendix Aviation Corporation and is now in this Country and desires to make application for citizenship.

The trial judge is deceased and the present judge makes no comment. The district attorney of Philadelphia is not opposed.

Because of his record for the past thirty-six years and in order for this not to affect his present application for citizenship, we recommend that a full and complete pardon be granted.

In re application of Ernest Rookstool, No. 4215-D, No. A-1932, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Ernest Rookstool, convicted of conspiracy to rob and robbery at point of gun in the Court of Quarter Session and Oyer & Terminer of Philadelphia County on August 26, 1932, be commuted on Bill No. 236 from a maximum term of 10 years to a new maximum term of 10 months, expiring on June 26, 1953; and commuted on Bill No. 237 from a maximum term of 10 years to a new maximum term of 1 day, expiring on June 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 26, 1972.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Vincent Rossi, E-2511, No. A-2011, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Vincent Rossi, convicted of subornation of perjury in the Court of Oyer & Terminer and Quarter Sessions of Chester County on September 10, 1951, computed from April 4, 1952 be commuted from 3½ years to 1 year, 5 months, expiring on September 4, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and this is the first time he was convicted of any serious offense. He was alleged to have been guilty of subornation of perjury of a numbers pick-up man. Actually what happened in this case was that this applicant was tried on a numbers charge and was acquitted. When the necessary witness did not deliver the testimony which had been expected, the witness was taken by the police. It was then that the applicant was charged with this offense and was convicted upon the testimony of his alleged accomplice. Some of the matters contained in the letter of the trial judge has no bearing on this case.

This applicant has an excellent institutional record in the Eastern State Penitentiary and has been a cooperative prisoner. Both the trial judge and the district attorney are strongly opposed to this applicant's release. We believe that the trial judge's opposition has been not very objective but nevertheless it is in the record and it must be reported. The Board is of the opinion that this applicant received the most severe sentence it was possible to give and that it was not done in a calm, judicial manner as should have been done by an impartial court. We, therefore, feel that this applicant has been sufficiently punished and we recommend that his sentence be commuted at the expiration of one year, 5 months.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Jerome Scott, No. 6365-C, No. A-1935, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Jerome Scott, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 13, 1938 be commuted from a maximum term of 20 years to a new maximum term of 14 years, 10 months, expiring on July 13, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 19, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank Segall, No. 5891, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Segall, convicted of entering a building in the Court of Quarter Sessions of Allegheny County, on March 3, 1936 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and he was sentenced on a charge of entering a building in 1936. He was placed on two years' probation and sentenced to pay the costs. This applicant served in the armed forces of the United States and in the South-West Pacific for one year. After two and one-half years' service he was honorably discharged. He has an excellent reputation in the vicinity in which he lives and is married and the father of three small children. He has been self-employed in the trucking business and intends to reenter the employment of his former employee upon the sale of his business.

This applicant has not been in any further trouble for seventeen years. It is the opinion of the Board that this was a fight and not a true breaking and entering, as contemplated by the criminal statute. We also feel that this applicant has atoned for his misconduct in the armed forces of his country and by continuing good reputation for a period of more than seventeen years.

Under all the circumstances the Board feels that this is a case for the exercising of clemency and recommends that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Raymond Seifert, No. 2492-A. No. 5420, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Raymond Seifert, convicted of larceny of automobile in the Court of Quarter Sessions of Allegheny County on January 24, 1938 be commuted from a maximum term of 20 years to a new maximum term of 15 years, 6 months, expiring on June 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 27, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Charles V. Shadduck, No. A-688, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles V. Shadduck, convicted of perjury in the Court of Oyer and Terminer and Quarter Sessions of Bradford County on September 1, 1950, computed from September 14, 1950 be commuted from 7 years to 3 years, expiring on September 14, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and he has no prior criminal record. He was sentenced to pay a fine of $100.00 and to imprisonment for not less than one nor more than seven years in the Eastern State Penitentiary on charges of perjury. This charge grew out of an assault and battery and it was alleged the perjury was that this applicant testified the offender was another son, not the one who was finally convicted. The applicant has had an excellent reputation in the community. He has been on parole after serving seven months of his minimum sentence, and at the present time he has been under suprvision for two years and one month. The Board of Parole indicates that he has been amenable to parole supervision but is rather contentious with the restrictions that are imposed upon him. The Board of Parole seems to indicate that they do not think their supervision hampers this applicant.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney are opposed to the granting of clemency although for different reasons. The district attorney of Bradford County seems to be of the opinion that this applicant is attempting to seek a pardon. He is not, he merely seeks commutation of maximum sentence. The Board feels that having been on parole for over two years, as well as having been in prison for seven months, that he has sufficiently complied with his sentence and we need fear no further trouble from this applicant. We, therefore, recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Donald Shadduck, No. A-1010, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Donald Shadduck, convicted of perjury in the Court of Quarter Session of Bradford County on September 1, 1950, computed from January 11, 1951 be commuted from 7 years to 2 years, 8 months, expiring on September 11, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and was in no prior difficulty. He was sentenced to pay a fine of $100.00 and to imprisonment for a term of not less than one nor more than seven years in the Eastern State Penitentiary on charges of perjury. This charge grew out of an assault and battery and it was alleged the perjury was that this applicant testified it was his brother, and not himself, who was involved. He served his minimum sentence in the institution. He has had an excellent record while on parole and has been under parole supervision for approximately one and one-half years. The applicant's employer at the present time is objecting to parole supervision of this applicant and feels that there is no further need for his remaining under the jurisdiction of the Board of Parole, as he has been completely rehabilitated.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney are opposed to the granting of clemency although for different reasons. The district attorney of Bradford County seems to be of the opinion that this applicant is attempting to seek a pardon. He is not, he merely seeks commutation of maximum sentence. We feel that since he has been under parole supervision for approximately one and one-half years he is in no need for further supervision and we, therefore, recommend that his maximum sentence be commuted.

In re application of Luther Shadduck, No. A-1996, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Luther Shadduck, convicted of perjury in the Court of Quarter Sessions of Bradford County on September 1, 1950 be commuted from 5 years to 3 years expiring on September 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he has no prior record. He was sentenced to pay a fine of $100.00 and placed on probation for a period of five years on a charge of perjury. This charge grew out of an assault and battery and it was alleged the perjury was that this applicant testified the offender was another brother, not the one who was finally convicted. Since his release on probation he has been under parole supervision for approximately three years. In that period of time he has married and has attempted to comply with the parole restrictions. However, this applicant has had several brushes with his parole agent, none of which have been serious.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney, are opposed to the granting of clemency although for different reasons. The district attorney of Bradford County seems to be of the opinion that this applicant is attempting to seek a pardon. He is not, he merely seeks commutation of maximum sentence.

Since this applicant has been on parole for a period of approximately three years, and has been in no serious difficulty, we feel that he has been sufficiently punished and we, therefore, recommend that his parole supervision be terminated.

In re application of Ralph Shadduck, No. A-687, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Ralph Shadduck, convicted of perjury in the Court of Quarter Sessions of Bradford County on June 12, 1950, computed from September 14, 1950 be commuted from 4 years to 3 years expiring on September 14, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and has no prior criminal record. He was sentenced to pay a fine of $200 and to imprisonment for not less than one year nor more than four years in the Eastern State Penitentiary on charges of perjury. This charge grew out of an assault and battery and it was alleged the perjury was that this applicant testified it was himself and not his brother who was involved. He served seven months, was released on parole, and has been on parole over two years one month, and has been in no further difficulty. The Board of Parole has not made a report on his conduct.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney, are opposed to the granting of clemency although for different reasons. The district attorney of Bradford County seems to be of the opinion that this applicant is attempting to seek a pardon. He is not, he merely seeks commutation of maximum sentence.

In re application of Aloysius Shields, No. 4032-C, No. 3575, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Aloysius Shields, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on the 12th day of December, 1932, be commuted from a maximum term of 20 years to a new maximum term of 7 months, expiring on July 12, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 12, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Lee Shifflett, No. A-1471, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Lee Shifflett, plead guilty to charges of larceny, burglary, and violation of auto laws, in the Court of Quarter Sessions of Chester County on November 15, 1948, effective September 24, 1948; and further plead guilty to charges of burglary, in the Court of Quarter Sessions of Lancaster County on March 14, 1949, effective August 25, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and has had no prior criminal record. He committed a number of burglaries in Chester and Lancaster Counties and when apprehended was sentenced to White Hill Industrial School. After having served approximately one and one-half years in the institution, and following his release, he entered Penn State College, where he is now in his senior year. He is at present head of the Independent Men at Penn State. He received excellent comment from the Dean of Men and from the President of the College, the Honorable Milton S. Eisenhower. The Director of Student Affairs says that this applicant in two difficult situations this year reacted courageously and ably to emergency situations, and showed good judgment, sound thinking under pressure, and courage to do the right thing.

The trial judge in Chester County has stated he leaves this matter up to the Board. The trial judge in Lancaster County is not opposed. The district attorney in Chester County has no objections.

It may be further pointed out that this applicant is married and has a daughter eighteen months old. The Board of Pardons is of the opinion that this applicant has completely rehabilitated himself and we are recommending a pardon for these reasons: he was only nineteen at the time of these offenses; he is now married and has a daughter and a pardon will remove the stigma from this little family; he is a college leader and has complete trust and confidence placed in him by the college authorities; and since he is graduating this year it will make it easier for him to seek gainful employment for himself and family.

In re application of Howard Shilton, D-8677, No. A-190, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Howard Shilton, convicted of robbery in the Court of Oyer & Terminer of Bucks County on February 4, 1941, computed from January 24, 1946 be commuted from 9 years to 7 years 6 months expiring on July 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he was sentenced to a term of not less than nine nor more than twenty years on charges of robbery. He has had two prior convictions and has been returned as a parole violator on two occasions. Nevertheless this was a single holdup of a drug store in Bucks County. The loot involved was $122. At the present time this applicant has served, as a result of his parole violation and incarceration, a period of over twelve and one-half years in the Eastern State Penitentiary. During all of this time he has had an excellent institutional record. All three of his accomplices, who received similar sentences have long since been released from imprisonment. This young fellow, when first involved with the law, was but fifteen years of age and he is the victim of pampering in the family home, which developed an introvert personality in the individual. This explains some of his actions, but we feel that having reached the age of thirty-three years, and having spent the last twelve of them in the institution, his emotions will be more restrained.

Under all the circumstances we believe that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

In re application of Lloyd Shupe, No. 6779-C, No. 6425, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Lloyd Shupe, convicted of felonious entry, larceny, larceny of auto and auto plates in the Court of Oyer & Terminer and Quarter Sessions of Indiana County on April 12, 1937, effective April 21, 1937, be commuted on Bill No. 17B from a maximum term of 10 years, to a new maximum term of 1 day, expiring on June 22, 1953; and commuted on Bill No. 18 from a maximum term of 3 years to a new maximum term of 1 day, expiring on June 23, 1953; and commuted on Bill No. 19 from a maximum term of 3 years to a new maximum term of 1 day, expiring on June 24, 1953; and commuted on Bill No. 20 from a maximum term of 10 years to a new maximum term of 1 day, expiring on June 25, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action, to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 21, 1979.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Eugene Smith, D-7219, No. A-860, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Eugene Smith, convicted of robbery, armed with an offensive weapon in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on June 10, 1943, to be computed from May 29, 1943 be commuted from 35 years to 10 years 2 months expiring on July 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and this was his first conviction for any offense whatsoever. He and two accomplices committed two hold-ups in the City of Philadelphia and two of his accomplices were apprehended in the commission of one of the offenses. He plead guilty to two bills of indictment and was convicted on two other bills of indictment, as a result of which he was sentenced to not less than thirty-five years nor more than seventy years in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary state that this applicant has made excellent adjustment and that a slight misconduct in 1949 is no longer considered prejudicial. It is interesting to note that this applicant was nineteen years of age when he received the very severe sentence referred to above.

The trial judge is deceased and the district attorney of Philadelphia is not opposed to the granting of clemency. Since he was a very young man of nineteen with no prior criminal record, we feel that he received a very severe sentence, and since he has now served ten years of his minimum sentence of thirty-five, we feel that he has been sufficiently punished and recommend that a commutation be granted.

In re application of George Sojourner, No. 489-B, No. 5129, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Sojourner, convicted of assault & battery; aggravated assault & battery; assault & battery to ravish; attempted rape; and rape in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on March 14, 1940, effective March 9, 1940 be commuted from a maximum term of 15 years to a maximum term of 13 years 3 months, expiring on June 9, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 9, 1955.

In re application of Eli Stanley, No. A-1994, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Eli Stanley, convicted of attempted blackmail and extortion, in the Court of Quarter Sessions of Philadelphia County on February 21, 1951, computed from February 19, 1953 be commuted from 3 years to 1 year, 3 months, 20 days, expiring on June 9, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and had no prior criminal record. He and his two accomplices were charged with attempted blackmail and extortion. However, at the argument before the Board of Pardons it was shown that he was improperly convicted of the offense and at most should have been convicted of attempted bribery. The offense grew out of an argument between two families of gypsies.

At the time of the original conviction the trial judge sentenced the one defendant to a term of one month to twenty-three months, and the other two defendants to a term of one to three years. However, after an appeal was taken to the Supreme Court and the conviction affirmed, the trial judge vacated the sentence and sentenced the defendants to a term of three years.

We feel that a reading of the record would disclose that substantial justice has been done by the amount of imprisonment that they have now suffered. Both the trial judge and the district attorney are opposed.

Under all the circumstances we feel that this applicant has been sufficiently punished and we, therefore, recommend that this applicant's sentence be commuted.

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Stanley, convicted of attempted blackmail and extortion in the Court of Quarter Sessions of Philadelphia County on February 21, 1951, computed from February 19, 1953 be commuted from 3 years to 1 year, 3 months, 20 days expiring on June 9, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and had no prior criminal record. He and his two accomplices were charged with attempted blackmail and extortion. However, at the argument before the Board of Pardons, it was shown that he was improperly convicted of the offense and at most should have been convicted of attempted bribery. To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Larry Stanley, convicted of attempted blackmail and extortion in the Court of Quarter Sessions of Philadelphia County on February 21, 1951, computed from February 18, 1953 be commuted from 3 years to 1 year, 3 months, 20 days expiring on June 9, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and had no prior criminal record. He and his two accomplices were charged with attempted blackmail and extortion. In re application of Samuel Starke, E-2230, No. A-1928, June Sessions, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel Starke, convicted of operating automobile while intoxicated and failure to stop in the Court of Quarter Sessions of Philadelphia County on October 21, 1952 be commuted from 18 months to 1 year, expiring on October 21, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this is not his first conviction. He was sentenced to a term of eighteen months to three years for operating a motor vehicle while under the influence of intoxicating liquor. We feel that this applicant received a very substantial sentence in that it is a larger sentence than that usually meted out where no physical injury was done, as in this case.

The Board is of the opinion that the trial judge was incensed by the applicant's conduct, but that upon sober reflection he would be willing to a reduction of sentence at this time. He has a good institutional record and under the circumstances we feel that he has been sufficiently punished if he served a year of his sentence. The district attorney of Philadelphia County is not opposed.

Under the circumstances we feel that tihs sentence should be commuted on October 21, 1953, when he shall have served one year.

BOARD OF PARDONS

In re application of Frederick R. Stone, E3341, No. A1223, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frederick R. Stone, convicted of burglary and larceny in the Court of Quarter Sessions of Lancaster County on August 4, 1950, computed from October 29, 1952 be commuted from 2 years to 9 months, expiring on July 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and this was his first major conviction for any offense. He was sentenced in both Dauphin and Lancaster Counties for burglaries committed in those counties. At the present time he has served three years three months of a combined minimum sentence of four and one-half years. He has an excellent institutional record in the Eastern State Penitentiary where he is presently confined and since he has served the Dauphin County sentence, there is no opposition from the authorities in Dauphin County.

The trial judge in Lancaster County, the Honorable Joseph B. Wissler, however, states that he is opposed. We feel, however, that he received a very severe sentnce for a first offender and since he has served three years three months of his combined minimum sentences, we feel that he has been sufficiently punished. Under all the circumstances the Board feels that since his accomplice has received commutation of sentence this applicant should be granted commutation also. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Joseph George Strockbine, E-711, No. A-465, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph George Strockbine, convicted of robbery, burglary and larceny of automobile in the Court of Quarter Sessions of Philadelphia County on December 17, 1948, to be computed from December 1, 1948; and further convicted in the Court of Quarter Sessions of Montgomery County on May 13, 1949, to run concurrently with the Philadelphia sentence; and further convicted in the Court of Quarter Sessions of Delaware County on June 3, 1949, to run concurrently with the Philadelphia sentence and to be computed from December 1, 1948, be commuted from 5 years to 4 years, 7 months, 14 days, expiring on July 15, 1953, on the Philadelphia sentence; and commuted from 5 years to 4 years, 2 months, 3 days, expiring on July 16, 1953 on the Montgomery sentence; and commuting 5 years to 4 years, 7 months, 16 days, expiring July 17, 1953, on the Delaware sentence.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and has no prior criminal record. He and three accomplices committed a series of offenses in Philadelphia, Montgomery and Delaware Counties. Cars were stolen in the perpetration of the larceny and robbery. This applicant has now served approximately four and one-half years of his minimum sentence of five years, said sentence from the three counties to run concurrently.

The district attorney of Philadelphia County is not opposed to the granting of commutation, nor is the district attorney of Delaware County opposed, if the other counties agree to commutation. We have not been advised as to the feeling of the district attorney of Montgomery County.

Since this applicant was a first offender and since he has made every effort to adjustment in the institution, and since we have been advised of no objection from the sentencing authorities, we recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Stanley Szymanski, D-7442, No. A-235, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stanley Szymanski, convicted of assault, robbery, being armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on August 6, 1940, computed from October 6, 1943, be commuted from 15 years to 9 years, 9 months, 10 days, expiring on July 16, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he has a record of nine arrests and six previous convictions. He was sentenced to a term of not less than fifteen nor more than thirty years and at the present time has served nearly ten years of his minimum sentence. The offense for which he is serving is a bad one, but since he has been incarcerated in the Eastern State Penitentiary he has made an honest effort to rehabilitate himself and has gained proficiency as a woodcarver. As an individual novelty maker in the institution he has been able to invest over six thousand dollars in War Bonds and to establish a prison balance of more than one thousand dollars. He is considered a perfect inmate and is one of the most cooperative and well-adjusted prisoners in the institution. All of the accomplices in this offense have had their sentences commuted, or have served the minimum sentences.

The sentencing judge is deceased and the present judge has no comment. The district attorney of Philadelphia has no objection to the granting of commutation in this matter.

Since this applicant has served all but two years of a minimum sentence, we feel that he has been sufficiently punished in view of his evidence of rehabilitation and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Joseph Tagg, Jr., No. 5621-A, No. 2497, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Joseph Tagg, convicted of murder in the first degree in the Court of Oyer & Terminer on May 25, 1931, be commuted from a maximum term of life imprisonment to a new maximum term of 22 years, 1 month, expiring on June 25, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record.

But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Jairus W. Thayer, C-1173, No. A-960, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jairus W. Thayer, convicted of burglary and larceny in the Court of Oyer and Terminer of Indiana County on June 27, 1949, to be computed from June 6, 1949 be commuted from 6 years to 4 years, 2 months, expiring on August 6, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this was his first conviction for any offense whatsoever. He and several accomplices particpated in eight burglaries and larcenies. There were two accomplices with him, one of whom received a sentence similar to the accomplice, who has been released over one year ago. The other accomplice, who received one-half the sentence of the applicant, was released over two years ago.

This applicant has an excellent institutional record, and the Board of Trustees of the Western State Penitentiary says he was not connected with the riot in that institution. They also advised that if he were eligible they would recommend that his sentence be commuted. He has now served over two-third of his sentence with an excellent record and since both accomplices, who were equally guilty, have had their sentences commuted, we, therefore, recommend that this applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Thomas Tunnell, C-025, No. 6865, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Tunnell, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on June 13, 1933 be commuted from life imprisonment to 20 years 1 month expiring on July 13, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this was his first offense. He was sentenced to life imprisonment in the Eastern State Penitentiary when he plead guilty to murder. He stood by while his accomplice beat the victim with a club and poker, and robbed victim of his wallet. Applicant and accomplice divided the money and disposed of the bloody clothing. When victim died three days later applicant was arrested. Applicant has now served twenty years of a life sentence and the accomplice, who also received a sentence of life imprisonment, died in the penitentiary in 1936.

Applicant was only nineteen years of age at the time this offense took place and we are advised by the Board of Trustees of the Eastern State Penitentiary that his disciplinary record is unblemished and all adjustment reports are outstanding. The Board also states that applicant deserves credit for his excellent adjustment, and ability to meet situations that could have resulted in a poor prison record.

The trial judge is deceased and the present judge has not taken any position and the district attorney is not opposed. The Board feels, therefore, in view of the age of this applicant at the time of the crime, his present prison record, and the fact that the district attorney is not opposed, that his sentence should be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Oscar Tushal, No. 3996-C, No. A-1944, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Oscar Tushal, convicted of being armed with offensive weapon with intent to rob in the Court of Oyer and Terminer and Quarter Sessions on May 19, 1941, effective May 12, 1941, be commuted from a maximum term of 20 years to a new maximum term of 12 years 2 months, expiring on July 12, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 12, 1961.

For the reason that this applicant has served a long

In re application of Wilbur Umnitz, No. 2187, No. 213, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Wilbur Umnitz, convicted of robbery, robbery armed with an offensive weapon, striking, ill-using in the Court of Oyer & Terminer of Erie County on June 7, 1932 be commuted from a maximum term of 20 years to a new maximum term of 11 years, expiring on July 1, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 1, 1962.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Carl Wilson, No. 6965-C, No. 6141, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Carl Wilson, convicted of assault and battery with intent to steal and robbery in the Court of Oyer & Terminer of Delaware County on March 18, 1929, be commuted on Bill No. 164 from a maximum term of 20 years to a new maximum term of 4 years, 4 months, expiring on July 18, 1953; and commuted on Bill No. 63 from a maximum term of 20 years to a new maximum term of 1 day, expiring on July 19, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. In re application of Robert Zendarsky, No. A-1483, June Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Robert Zendarsky, convicted of aggravated assault and battery in the Court of Quarter Session of Allegheny County, on October 15, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and has no prior criminal record. He was a police officer and in the commission of this offense struck a person he was arresting. It is asserted more force was used than was necessary and the present action was brought as a result of which he served in the Allegheny County Jail for a period of approximately six months. As a result of his conviction he was dismissed from the Police Force and has been required to accept odd jobs in employment that were not remunerative. This applicant feels he was operating in the line of duty and did not consider he was committing an offense against society.

We feel that this applicant has been sufficiently punished, both by his imprisonment and by his loss of job, and feel further that he will never again offend against society, and for that reason we recommend that a pardon be granted.

In re application of Walter Adams, 7698-C, No. A-2022, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Walter Adams, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 3, 1936, be commuted from a maximum term of 20 years to a new maximum term of 17 years, 8 months, expiring on October 3, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 3, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of John Alexander, D-3154, No. 7717, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Alexander, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 9, 1938, computed from May 4, 1938 be commuted from 30 years to 15 years, 5 months, 1 day expiring on October 5, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this is his first major conviction. He was sentenced to a term of not less than thirty nor more than sixty years in five taxicab robberies. He has served over fifteen years of his minimum sentence. All of his accomplices have been released.

The Board of Trustees of the Eastern State Penitentiary states he has an excellent institutional record. The trial judge is deceased and the district attorney of Philadelphia is not opposed.

We feel that this applicant has been sufficiently dealt with, having served over one-half of a very heavy sentence, and further feel that he is entitled to some consideration. We, therefore, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Jess D. Allen, Jr., No. A-990, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Jess D. Allen, Jr., convicted of assault with intent to kill; assault and battery and aggravated assault and battery in the Court of Quarter Sessions of Erie County on November 3, 1949, computed from September 23, 1949 be commuted from 6 years to 4 years, 16 days expiring on October 8, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this is his first major conviction. He was sentenced to a term of not less than two and one-half years nor more than six years on charges of assault and battery with intent to kill. The applicant served his minimum sentence and was released on parole on March 23, 1952 so that at the present time he has been on parole for a period of approximately one and one-half years, leaving him with two years of parole supervision unless clemency is granted.

This applicant desires a commutation of his maximum sentence in order that he may go to Texas with other members of his family and to secure employment there. The Board of Parole has advised the Board of Pardons that the applicant has made a good adjustment since his release and they state his reputation in the community is good, and people in the community have expressed surprise at his change of attitude since release.

The trial judge has not commented on this case and the district attorney of Erie County has stated that he is not opposed to commutation of maximum sentence.

Since this applicant has been on parole for a period of one and one-half years with an excellent record, we are willing to recommend to your Excellency that his maximum sentence be commuted on condition that applicant take up residence in Texas, and that if he does not, he is to continue on parole supervision until the expiration of his maximum sentence, unless sooner commuted by your Excellency.

In re application of Martin Axtman, 8110-C, No. 6942, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Martin Axtman, convicted of robbery, armed with an offensive weapon, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on June 22, 1936 be commuted from a maximum term of 20 years to a new maximum term of 17 years, 3 months, expiring on September 22, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 22, 1956.

In re application of Matthew R. Bastardi, No. A-1764, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Matthew R. Bastardi, convicted of embezzlement in the Court of Quarter Sessions of Dauphin County, on April 2, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and had no prior criminal record. The applicant plead guilty to a charge of embezzlement of company funds in which he was an officer. The most that can be said about this applicant is that he was guilty of loose business practices and that had he stood trial it is probable that he would not have been convicted of the offense for which he was charged. He served with credit and distinction in World War I$I. He is married and is the father of five children.

The applicant is now living in California and if granted clemency intends to follow the public accounting field. He intends to take the examination of a certified public accountant in California.

Neither the trial judge nor the district attorney are opposed.

Since this applicant had only one offense and it is doubtful if a conviction could have been secured in the first instance had he stood trial, we feel that he has been sufficiently punished and we, therefore, recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Ranson Benjamin, C-4985, No. 4972, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ransom Benjamin, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on December 7, 1928, be commuted from life imprisonment to 24 years, 10 months, expiring on October 7, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and had no prior criminal record. He was convicted of murder in the first degree and sentenced to life imprisonment. He has an outstanding institutional record in the Eastern State Penitentiary and has now served almost twenty-five years of his sentence, and this is the only offense which he committed.

The trial judge is deceased and the present judge makes no comment as to whether or not he should be released from the institution. The district attorney of Delaware County is not opposed to the granting of clemency. It may also be stated that this applicant is an arrested tuberculosis patient in the institution.

Since this applicant has served almost one quarter of a century of his sentence of life imprisonment with an excellent institutional record and the authorities are not opposed, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

On re application of Walter Blayle, No. A-2055, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Walter Blayle, convicted of larceny and forgery, in the Court of Quarter Session of Northampton County on November 24, 1952, computed from September 21, 1952, be commuted from 3 years to 1 year, 6 months, expiring on March 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and he plead guilty to charges of larceny and forgery, and was sentenced to not less than three nor more than six years. At the present time he has served over one year of his minimum sentence. If released he will go to New York State to live with his wife and will be able to restore the family relationship. We feel that for six checks this applicant received a very serious sentence. In addition, the fact of the family situation and the need of his wife for his support and maintenance makes us feel some consideration should be given at this time.

The trial judge is opposed and the district attorney of Northampton is also opposed.

We, therefore, recommend that he serve one and one-half years, which will cause his sentence to expire on March 21, 1954, and we recommend clemency at that time.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Willie Brown, 6767-C, No. 6004, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Willie Brown, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 6, 1935, be commuted from a maximum term of 20 years to a new maximum term of 18 years, 8 months, expiring on October 6, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 6, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of James Bruno, No. 1986-B, No. 4245, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Bruno, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions of Schylkill County on July 13, 1936, computed from November 5, 1934, be commuted from a maximum term of 20 years to a new maximum term of 18 years, 11 months, expiring on October 5, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until November 5, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommend him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Robert Burgess, 7748-C, No. 6843, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Robert Burgess, convicted of murder in the second degree, in the Court of Oyer and Terminer, on October 28, 1938, computed from July 25, 1938, be commuted from a maximum term of 20 years to a new maximum term of 15 years, 2 months, expiring on September 25, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But

for this action the applicant, because of his sentence, would remain on parole until July 25, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Gene Capone, D-7441, No. A-1597, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gene Capone, convicted of rape, sodomy and prison breach in the Court of Oyer and Terminer and Quarter Sessions of Bucks County on October 5, 1943, computed from September 17, 1943 be commuted from 18 years, 6 months to 10 years, 1 month, expiring on October 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first major conviction. He plead guilty to rape, sodomy and prison breach and was sentenced to not less than eighteen and one-half years nor more than thirty-seven years. This was a most vicious and brutual crime and cannot be condoned under any circumstances, even though it occurred when this applicant was but eighteen years of age. At the present time he has served over ten years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has had an excellent institutional record for the past eight years and that he has adjusted favorably in the institution.

The trial judge is no longer on the bench and the present judge has written the Board of Pardons and stated that they leave the matter of commutation up to the Board of Pardons. The district attorney of Bucks County is opposed to commutation on the basis that this was an extremely aggravating crime and for that reason it should be opposed.

Normally the Board of Pardons would not recommend an application for commutation in the type of crime which was committed in this case, but we have here extenuating circumstances such as the age of the applicant, the time served, and our records indicate there is a detainer lodged for violation of probation in New Jersey. The Board, therefore, recommends his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of August J. Cenevivo, 802-D, No. 5586, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of August J. Cenevivo, convicted of robbery, receiving stolen goods, etc., in the Court of Oyer and Terminer and Quarter Sessions of Westmoreland County on March 4, 1940, computed from November 24, 1939 be commuted on Bill No. 22 from a maximum term of 16 years to a new maximum term of 13 years, 10 months, expiring on September 24, 1953; and further convicted of robbery, receiving stolen goods, etc., in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County on April 24, 1941, be commuted on Bill No. 3 from a maximum term of 20 years to a new maximum term of 12 years, 5 months, expiring on September 24, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 24, 1961.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles Chase, 7723-A, No. 3308, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Chase, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions, in the County of Philadelphia, on March 7, 1932, be commuted on Bill No. 1621 from a maximum term of 20 years to a new maximum term of 1 year, 7 months and 1 day, expiring on October 8, 1953; and commuted on Bill No. 1622 from a maximum term of 20 years to a new maximum term of 1 day, expiring on October 9, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the

applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 9, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Anthony Cinico, 473-B, No. A-2014, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Anthony Cinico, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 29, 1937, computed from January 29, 1937, be commuted from a maximum term of 20 years to a new maximum term of 16 years, 8 months, expiring on September 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 29, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Joseph Coffey, No. A-1967, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Coffey, convicted of setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County on December 15, 1952, computed from December 4, 1952 be commuted from 13 months to 11 months, expiring on November 4, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and this is not his first conviction. The fact of the matter is, that this applicant has had twenty-one arrests and seven convictions, mostly for larceny and violating liquor law. He was considered to be one of the big number bankers in Philadelphia and he was sentenced to pay a fine of $750.00 and to imprisonment for not less than thirteen years nor more than twenty-six years. Normally the Board of Pardons would refuse a recommendation for commutation in this case because of his obvious connection with the rackets, but here we have a positive recommendation from the district attorney of Philadelphia County that this applicant should serve eleven months, after which he should be released. The district attorney further stated that his recommendation of eleven months was based on a "deal" which applicant's attorney had with the district attorney's office. What the basis or facts, constituting the "deal" was not revealed.

The trial judge leaves the matter of commutation up to the Board.

The Board is willing to accept the district attorney's recommendation in this matter since they were very positive about it. For that reason, and that reason only, we are recommending to your Excellency that the applicant's sentence be commuted when he has served eleven months.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles Colflesh, C-1422, No. A-1543, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Robert Colflesh, convicted of rape, incest and bastardy in the Court of Quarter Sessions of Somerset County on November 14, 1949, computed from October 5, 1949 be commuted from 5 years to 4 years, 2 months, expiring on December 5, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age, and he has no prior record. He was sentenced to a term of not less than five nor more than ten years on charges of rape, incest and bastardy. At the present time he has served approximately four years of his minimum sentence. He had no prior criminal record.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institu-

tional record and if he were eligible for parole they would recommend him.

The district attorney is not opposed at this time. However, the trial judge is opposed. We feel that this offense merits the imprisonment, but since he has now served four-fifths of his sentence he has been sufficiently punished to deter others from this type of crime. We, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Connison, 8480-C, No. 6175, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Connison, convicted of armed to rob, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 31, 1937, computed from December 22, 1937, be commuted on Bill No. 958 from a maximum term of 20 years to a new maximum term of 15 years, 10 months, expiring on October 22, 1953; and commuted on Bills No. 483 and No. 484 from a maximum term of 10 years to a new maximum term of 1 day, expiring on October 23, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 22, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Thomas Connor, 8112-C, No. 6940, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Thomas Connor, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on August 12, 1935 be commuted on Bill No. 252 from a maximum term of 20 years to a new maximum term of 18 years, 2 months, expiring on October 12, 1953; and commuted on Bill No. 253 from a maximum term of 20 years to a new maximum term of 1 day, expiring on October 13, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 12, 1975.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of George W. Davis, Jr., E664, No. A-748, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George W. Davis, Jr., convicted of murder in the second degree in the Court of Quarter Sessions of Philadelphia County on November 29, 1948, computed from May 10, 1948 be commuted from 10 years to 5 years, 5 months, expiring on October 10, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and had no prior criminal record. He plead guilty generally to the offense of murder and was determined to be guilty of murder in the second degree and sentenced to a term of not less than ten nor more than twenty years. He has now served over five years, four months of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record for the past three years.

The trial judges leaves the matter of commutation up to the Board. The district attorney of Philadelphia County is opposed to the granting of clemency, although we feel that this applicant has been sufficiently punished. He was just sixteen years of age when this offense occurred and it was done more in the spirit of bravado than with any actual intent to commit bodily harm. Also it should

be pointed out that this applicant was a member of the Armed Forces at the time this offense occurred.

We feel that he has been sufficiently punished and if released at this time he will be in a position to rehabilitate himself. Under the circumstance we are, therefore, recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Willie Davis, E-796, No. A-2039, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Willie Davis, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 13, 1949, computed from August 19, 1948 be commuted from 10 years to 5 years, 2 months, expiring on October 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this is his first major conviction for any offense. He has now served over five years of a minimum sentence of ten years for a series of burgularies, in which the loot amounted to three thousand dollars.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record. The trial judge is deceased and the present judge has no comment to; make. The district attorney of Philadelphia County is opposed to the granting of clemency in this matter.

The Board feels that he has been sufficiently punished for a first offense by having served over five years of his minimum sentence and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Downey Richard De Bolt, Jr., C-2323, No. A-2058, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Downey Richard De Bolt, Jr., convicted of burglary and larceny in the Court of Oyer and Terminer of Greene County on July 14, 1951, computed from June 25, 1951 be commuted from 5 years to 2 years, 6 months, expiring on December 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he has had several previous arrests and convictions. In this offense he was sentenced to a term of not less than five nor more than ten years following a plea of guilty to charges of burglary and larceny. Two places were broken into by this applicant and his two accomplices and approximately twelve hundred dollars in loot was taken.

At the present time this applicant has served nearly two and one-half years of his minimum sentence. One of his accomplices has been released and the other accomplice, who had at least a similar bad record, still remains in the institution.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and that as he was a witness for the Commonwealth in the riot trial he should be given consideration.

The trial judge, the Honorable John I. Hook, is opposed, and the district attorney of Greene County has not seen fit to advise the Board of his position. The Board feels that we should give consideration to this applicant for the reason that he has served one-half of his minimum sentence and that he was an aid to the Commonwealth in the riot trial. For these reasons, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

Secretary of the Commonwealth.

In re application of Charles Domasinsky, 2789-B, No. A-2031, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Domasinsky, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia Vounty on January 25, 1938, computed from December 20, 1937, be commuted from a maximum term of 25 years to a new maximum term of 15 years, 10 months, expiring on October 20, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 20, 1962.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Horace James Esham, No. A-2015, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Horace James Esham, convicted of burglary and larceny in the Court of Quarter Sessions of Delaware County on November 6, 1952, computed from August 26, 1952 be commuted from 1 year, 6 months to 1 year, 2 months, expiring on October 26, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he has no prior record. He was sentenced to a term of one and one-half to three years on charges of larceny of tools from builder's shacks on housing projects. He is perhaps the least culpable of all the parties involved in this offense, and he has been sufficiently punished as a result of this infraction with the law. His wife and children suffer as a result of his misconduct and he feels very keenly for the suffering which he has brought upon his family. If released he will be able to secure employment and take care of his family and remove them from the Department of Public Assistance rolls. Under the circumstances we would normally feel this applicant should be made to serve his entire sentence, but since he has served all but four months of his sentence, we recommend commutation to ease the suffering of his family.

Since this applicant was a first offender and since he has now served over thirteen months of his minimum sentence of eighteen months, and since our recommendation of clemency is based on the extreme hardship of his family, we recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.

BOARD OF PARDONS

In re application of Louis Farrar, E-103, No. A-2083, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Farrar, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on January 13, 1948, computed from December 23, 1947 be commuted from 10 years to 5 years, 10 months, expiring on October 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and has no prior criminal record. He and an accomplice, were sentenced to a term of not less than ten nor more than twenty years on charges of burglary and larceny. There was only two offenses involved and upon the applicant's apprehension he plead guilty to the offenses. At the present time he has served nearly six years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record. The trial judge has written the Board stating he is opposed to the granting of communtation. The district attorney of Philadelphia, however, advised the Board that since he has served nearly three-fifths of his minimum sentence without prior application, and having a good institutional record, they are not opposed to granting of clemency. For some strange reason the accomplice, who was equally guilty, was found not guilty.

We feel this applicant has been sufficiently punished under all the circumstances, and we recommend that his sentence be commuted.

GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

In re application of James Forneyberger, 6803-C, No. 6599, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Forneyberger, convicted of murder, in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Cumberland County on December 6, 1941, computed from August 24, 1941, be commuted from a maximum term of 15 years to a new maximum term of 12 years, 1 month, expiring on September 24, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 24, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Edward Freund, C-2419, No. A-1590, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward Freund, convicted of assault with intent to maim in the Court of Quarter Sessions of Erie County on November 13, 1951 be commuted from 2 years, 6 months to 2 years, expiring on November 13, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and this is his first conviction for any offense whatsoever. He plead guilty to assault and battery with intent to maim. The victim in this offense was his wife whom applicant felt was unfaithful to him, and in an argument which resulted over her alleged misconduct, his wife was shot by the applicant. He was sentenced to not less than two and one-half nor more than five years and at the present time has served one year ten months of his minimum sentence.

The Board of Trustees of the Western State Penitentiary state that the applicant has an excellent institutional record and the trial judge has not advised us of his opinion. The district attorney, however, is not opposed.

The Board feels that there are some mitigating circumstances in this case, particularly those of his wife's conduct, and although this is no justification for shooting wives who are unfaithful, the Board further feels he will be sufficiently punished if he has served two years. We recommend, therefore, that his sentence be commuted on November 13, 1953, when he has served two years of his minimum sentence.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

BOARD OF PARDONS

In re application of Edward Gaynor, 8442, No. 1643, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Edward Gaynor, convicted of assault, being armed with offensive weapon to rob, in the Court of Oyer and Terminer, and Quarter Sessions of Philadelphia County on November 12, 1926, be commuted on Bill No. 307 from a maximum term of 20 years to a new maximum term of 6 years, 10 months and 7 days, expiring on September 19, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 19, 1962.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs,

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Samuel German, No. A-2072, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel German, convicted of contributing to the delinquency of a minor in the Court of Quarter Sessions of Jefferson County on August 25, 1952, computed from August 22, 1952 be commuted from 1 year, 6 months to 1 year, 2 months, expiring on October 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has no prior criminal record. He plead guilty to contributing to the delinquency of a minor, in this instance a girl seventeen and one-half years of age. However, it was explained to the Board of Pardons that this seemed to have been a love affair between a married man and a juvenile, and that this charge was brought by the wife, who was spurned by the applicant.

This applicant is presently confined in the Allegheny County Workhouse, where he is given a satisfactory conduct rating. The trial judge has not made any recommendation in this matter and the district attorney of Jefferson County is opposed to his release. As a member of the Board of Pardons expressed it: "We do not feel that he contributed to the delinquency of a minor,as he was charged in this case, but merely concurred in the delinquency of the minor." There is a letter in the file from the mother of the victim in which she states that even though the applicant is incarcerated the victim is still true to applicant and they speak of each other as husband and wife.

Under all the circumstances, we feel that since this applicant has now served thirteen months of a minimum sentence of eighteen months, he has been sufficiently punished and we, therefore, recommend that the sentence be commuted

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Alfred Givigliano, 5362-D, No. 4723, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Alfred Givigliano, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on November 25, 1938, computed from October 27, 1938, be commuted from a maximum term of 20 years to a new maximum term of 15 years, expiring on October 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 27, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of James Grennor, No. 9305, No. 6648, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Grennor, convicted of robbery, being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 5, 1939, computed from July 13, 1943, be commuted from a maximum term of 20 years to a new maximum term of 10 years, 3 months, expiring October 13, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 13, 1963.

BOARD OF PARDONS

In re application of George Gross, D-7157, No. A-2032, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Gross, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 13, 1943, computed from April 19, 1943 be commuted from 20 years to 10 years, 6 months, expiring on October 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this was his first major conviction for any offense. He was convicted of a series of robberies, seven in number, and was sentenced to a term of not less than twenty nor more than forty years. At the present time he has served approximately ten and one-half years of his minimum sentence without prior application to the Board of Pardons. Three of his accomplices have already received commutation of sentence in these offenses and he makes application at this time for mercy on his behalf.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record.

The trial judge is deceased and the district attorney is not opposed to the granting of clemency. Since this application has served over one-half of his minimum sentence and the district attorney is not opposed, we feel that he has been sufficiently punished for a first major conviction, and we, therefore, recommend that his sentence be commuted.

In re application of Herman Gross, No. 7280-A, No. 2959, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Herman Gross, convicted of robbery, being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 1, 1935 be commuted from a maximum term of 20 years to a new maximum term of 18 years, 8 months, expiring on October 1, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has faborably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 1, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Paul W. Hackett, E-85, No. A-828, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul W. Hackett, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 7, 1948, computed from December 3, 1947 be commuted from 10 years to 5 years, 10 months and 20 days, expiring on October 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and has no prior criminal record. He was sentenced to a term of not less than ten nor more than thirty years on charges of robbery. There were four taxicab hold-ups in which this applicant participated. He has now served almost six years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent institutional record. The trial judge has written to the Board and states be believes this applicant should be given another chance. The district attorney of Philadelphia County is opposed to the granting of commutation.

This applicant is clerk to Mr. William J. Banmiller, the Senior Parole Officer, and comes highly recommended by him. One accomplice has had his sentence commuted and the other accomplice is still an inmate in the Eastern State Penitentiary. Mr. Banmiller advises that this applicant has been completely rehabilitated.

Since there is evidence of his rehabilitation and the fact that he has served a major portion of his sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Leon Hellner, No. 9527, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Leon Hellner, convicted of burglary in the Court of Quarter Sessions of Philadelphia County on February 8, 1946, computed from December 17, 1945, be commuted from 16 years to 7 years, 10 months, expiring on October 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he has no prior criminal record. He was convicted on certain Bills of Indictment on a charge of burglary. As to whether or not this man was guilty of the offense as charged is a matter of little moment at this time. He served approximately four years of his minimum sentence of eight years and has been on parole for nearly four years at the present time.

Since his release he has been employed as ship's carpenter and goes from port to port on the Eastern Seaboard, making repairs to ships. The Board of Parole has no objection to the granting of clemency in this matter.

The trial judge has no recommendation to make and the district attorney is not opposed to the granting of clemency. The applicant desires commutation of his maximum sentence in order that he may be free to ply his trade of ship's carpenter without parole supervision.

Since this applicant has been in no further trouble for almost four years and this was his first offense against society, we believe that he has been rehabilitated and we, therefore, recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.

In re application of Louella Jackson, No. 3515-C, No. 6083, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Louella Jackson, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 31, 1930, be commuted from a maximum term of life imprisonment to a new maximum term of 23 years, expiring on October 31, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Clyde Johnson, 9163-C, No. 3909, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Clyde Johnson, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 6, 1934, be commuted on Bills No. 322, No. 323 and No. 324 from a maximum term of 20 years, to a new maximum term of 19 years, 7 months, expiring on October 6, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 6, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Forest Johnson, 1041-B, No. 3038, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Forest Johnson, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 3, 1928, be commuted from a maximum term of life imprisonment to a new maximum term of 25 years, 6 months, expiring on October 3, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

BOARD OF PARDONS

In re application of Fred Jones, E-790, No. A-2075, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Fred Jones, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 13, 1949, computed from September 28, 1948, be commuted from 10 years to 5 years, 1 month, expiring on October 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and he had been involved with the law on at least several different occasions, and he has had one parole violation. There is no

doubt that this applicant and five accomplices were involved in a series of burglaries and larcenies. As a result of his apprehension, he plead guilty and was sentenced to a term of not less than ten nor more than twenty years.

The Board of Trustees of the Eastern State Penintentiary states that this applicant has an excellent institutional record.

This applicant has earned the license of barber while in the institution.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County is opposed.

On behalf of the applicant it should be stated that Detective Driscoll, of the Philadelphia Police Force, advised the Board that this applicant helped solve one hundred and fifty-eight crimes in Philadelphia and for that reason the Board feels that some celemency should be extended. Two accomplices have already had their sentences commuted. Even though this applicant has been involved in approximately seven or eight burgularies we feel that his cooperation with the police deserves some consideration and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of George H. Jones, No. A-2017, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George H. Jones, convicted of aggravated assualt and battery in the Court of Quarter Sessions of Allegheny County, on June 12, 1940 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and had one prior arrest. He was sentenced to pay a fine of twenty-eight dollars, and placed on probation for a period of three years, following charge of assault and battery with intent to rob. This offense occurred more than thirteen years ago and applicant has been in no further difficulty. At the present time he has applied for a position with the Special Police of the City of Pittsburgh and would be appointed but for the fact that he has this conviction against him.

The Board of Parole advises that the applicant has a good reputation in the community in which he lives and they recommend that clemency be granted.

The trial judge has made no comment, and the district attorney of Allegheny County does not object to the granting of clemency in this matter.

Since this applicant bears a good reputation in the community in which he lives with the execption of this offense, we feel that he has been sufficiently punished and we, therefore, recommend that a pardon be granted.

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

BOARD OF PARDONS

In re application of James William Jones, C-893, No. A-1016, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James William Jones, convicted of robbery and receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on October 28, 1948, computed from October 9, 1948, be commuted from 6 years to 5 years, expiring on October 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and this was his first major conviction. He was sentenced to a term of not less than six nor more than eleven years for robbery of two taxicabs. The loot involved amounted to approximately twenty dollars. At the present time this applicant has served four and one-half years of his minimum sentence. The Board of Pardons has been advised that a detainer has been lodged by the United States Marshall for parole violation. The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and since he was not involved in the riots, they recommend that clemency be granted.

The trial judge has not advised the Board of Pardons of his position in this matter. However, the district attorney is objecting to clemency.

Since this applicant has served more than two-thirds of his minimum sentence on a first conviction, and there is a possibility that he will be forced to serve additional time for Federal parole violation, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Oscar Lee Jones, E-799, No. A-1358, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Oscar Lee Jones, convicted of burglary, etc., in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 13, 1939, computed from August 19, 1948; and further conviced of violation

of the Firearms Act in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 10, 1949, to begin at the expiration of the sentence imposed on January 13, 1949, be commuted from 10 years, 11 months to 5 years, 2 months, expiring on October 19, 1953, and the maximum of 23 months be commuted to a maximum of 1 day, expiring on October 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and he was convicted on two previous occasions. He was guilty of the offenses as charged and was involved in seven or eight burglaries. Also there was an offense of assault and battery which the applicant commited on his girl friend, but this has now been served.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record.

This applicant has cooperated with the Federal Bureau of Investigation and they advise that he has been most cooperative since his incarceration. Under these circumstances we feel that he should be given some consideration. Since he has now served over one-half of his minimum sentence, we recommend that consideration be given to his application because of his cooperation with the Federal Bureau of Investigation.

BOARD OF PARDONS

In re application of Karl Webster Kivler, D-44, No. 6043, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Karl Webster Kivler, convicted of murder in the first degree in the Court of Oyer and Terminer of Luzerne County on October 15, 1934 be commuted from life imprisonment to 19 years expiring on October 15, 1953.

Our reasons for making this recommendation are as follows:

The applicant is forty-one years of age and this was his first conviction for any offense whatsoever. At the time this offense was committed the applicant was twenty years of age so that he has now served approximately one-half of his life in the Eastern State Penitentiary. There is no doubt that this offense was committed by the applicant and his accomplice. However, it should be pointed out that the accomplice's sentence was commuted at the June 1953 Session of the Board of Pardons.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent instituional record and the present judge in Luzerne County leaves the matter of commutation up to the Board of Pardons. The district attorney has not advised the Board of his position in this matter.

We recommend that commutation be granted because this applicant has served nearly nineteen years of a life sentence and it was his first conviction, and we also recommend it on the basis that the accomplice, who was equally guilty, has had his sentence commuted three months ago. Under all the circumstances we recommend that this applicant also be commuted.

Respectfully submitted,

In re application of Irving Kolker, No. A-2059, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Irving Kolker, convicted of accessory after the fact to robbery in the Court of Quarter Sessions of Philadelphia County on August 26, 1932; and further convicted of setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County on March 7, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and has had no prior criminal record. He was charged with being accessory after the fact to robbery and also served a sentence on the charge of setting up an illegal lottery. Since these offenses occurred over twelve years ago this applicant has been in no further difficulty.

For the past twenty years this applicant has served as General Manager and Steward in hotels and clubs from New Jersey to Florida, and at the present is located at Monterey Hotel, Asbury Park, New Jersey. There are letters in the file indicating that this applicant has rehabilitated himself and has been in no further difficulty. Also it should be brought out that this applicant served in World War II, and has an Honorable discharge.

Since this applicant has completely rehabilitated himself and has been in no further difficulty for over twelve and one-half years, we feel that he is entitled to consideration at this time and we, therefore, recommend that a pardon be granted.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum

sentence of Allen Law, convicted of murder, second degree, in the Court of Oyer & Terminer of Allegheny County on February 26, 1934, be commuted from a maximum term of 20 years to a new maximum term of 19 years, 7 months, expiring on September 26, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 26, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Leone, John, 4212-C, No. A-2042, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Leone, convicted of burglary and larceny in the Court of Crawford County on May 27, 1940, computed from March 16, 1940, be commuted from a maximum term of 20 years to a new maximum term of 13 years, 7 months, expiring on October 16, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 16, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Edward Logan, No. 6761-C, No. 6035, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Edward Logan, convicted of robbery, armed, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 2, 1938, computed from April 29, 1938, be commuted from a maximum term of 20 years to a new maximum term of 15 years, 5 months, expiring on September 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 29, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

BOARD OF PARDONS

In re application of John Lucian, No. B-1508, No. 515, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Lucian, convicted of breaking and entering with intent to commit a felony, robbery, felonious attempt to kill, in the Court of Oyer and Terminer of Somerset County on July 1, 1929, be commuted from a maximum term of 32 years to a new maximum term of 24 years, 3 months, expiring on October 1, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 1, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommend to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Charles McCrary, No. 1043-D, No. 6073, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles McCrary, convicted of Burglary in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County on the eighth day of May, 1940, computed from March 26, 1940, be commuted from a maximum term of 16 years to a new maximum term of 13 years, 6 months, expiring on September 26, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 26, 1956.

For the reason that this applicant has served a long time on parole, and the further reason that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

BOARD OF PARDONS

In re application of Percy McDonald, B-3239, No. 6343, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Percy McDonald, convicted of murder in the first degree, in the Court of Oyer and Terminer of Allegheny County on May 27, 1932, be commuted from life imprisonment to 21 years, 5 months, expiring on October 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and has no prior criminal record. He was sentenced, in 1932, to life imprisonment, following a plea of guilty to murder. This applicant, together with three accomplices, had been brought to the Pittsburgh area by the victim, who had promised them work and they had agreed to pay victim for their transportation. Later they learned that they had been victimized by the deceased and they then formed a conspiracy to murder him. They carried this into effect and as a result all were sentenced to life imprisonment. One of the accomplices died in the Western State Penitentiary and two other accomplices have already had their sentences commuted, one in 1942 and the other in 1952. This applicant is the last remaining one of the group in the institution.

At the present this applicant has served over twenty years of a life sentence. The Board of Trustees of the Western State Penitentiary state that this applicant has an excellent institutional record and if eligible for release they would recommend his parole.

The trial judge recommends that the sentence be commuted, although the district attorney of Allegheny County objects to any release. It should be pointed out that this applicant has no prior criminal record. In view of the above, the Board recommends that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of James McDonough, 1042-D, No. 5656, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James McDonough, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer of Allegheny County on March 21, 1940, computed from March 9, 1940 on Bills No. 88 and No. 90 from a maximum term of 20 years to a new maximum term of 13 years, 7 months, expiring on October 9, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 9, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Mickles, Robert, 455-C, No. 5412, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Robert Mickles, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 13, 1938, computed from September 7, 1938, be commuted from a maximum term of 20 years to a new maximum term of 15 years, 1 month, expiring on October 7, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 7, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommend him for release, the Board of Pardons recommend to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Jacob J. Miller, E3528, No. A-2043, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jacob J. Miller, convicted of conspiracy and larceny, in the Court of Quarter Sessions of Lancaster County on April 25, 1952, computed from February 6, 1953, be commuted from 2 years to 8 months, expiring on October 6, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-three years. He was one of a group who conspired to defraud the Armstrong Cork Company of property by fraudulent weight slips. There were other people involved, his son and an employee of the company, and when this was uncovered they were all convicted of conspiracy and larceny.

The Board of Parole has a report from the Board of Trustees of the Eastern State Penitentiary stating this applicant has an excellent institutional record. The trial judge however, is opposed to the granting of clemency, but the district attorney feels that clemency should be granted in this case, and he is not opposed. It should be stated that all the other accomplices were released after the expiration of eight months.

We feel that this applicant should be treated in the same manner as the others and since he has now served seven months of his minimum sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Theodore Moro, D272, No. 5745, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Theodore Moro, convicted of murder in the first degree, in the Court of Oyer and Terminer of Lackawanna County on December 24, 1934, be commuted from life imprisonment to 18 years, 10 months, expiring on October 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and has no prior convictions. He was sentenced to life imprisonment following a plea of guilty to murder generally for the shooting of a member of a black-hand gang, who had threatened him and who had attempted to draw a gun on the applicant. However, applicant beat him to the draw, the victim was killed.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record and is considered by them to be a model prisoner. The trial judge has not advised the Board of Pardons of his position in this matter. The family of the victim, of course, is opposed to any clemency. The district attorney of Lackawanna County leaves the matter of commutation up to the Board of Pardons.

Computing applicant's time from the date of his arrest, we find that he has served nearly nineteen years for this offense. We feel that this was a killing, the motive for which was fear, and although it is not to be condoned, we believe that almost nineteen years' incarceration is sufficient to attone for this offense. We, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Morrison, Norman, 5628-A, No. 4326, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Norman Morrison, convicted of murder in the first degree, in the Court of Oyer & Terminer of Cumberland County on December 23, 1929, be commuted from a maximum term of life imprisonment to a new maximum term of 23 years, 10 months, expiring October 23, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Henry Mosebach, convicted of sodomy, taking female child for purpose of intercourse, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on February 3, 1938, computed from January 29, 1938, be commuted on Bills No. 1566, No. 1567, and No. 1569 from a maximum term of 25 years to a new maximum term of 15 years, 8 months, expiring on September 29, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 29, 1963.

In re application of Edward Nixon, E-611, No. A-2073, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward Nixon, convicted of larceny in the Court of Oyer and Terminer and Quarter Sessions of Northampton County on December 11, 1945, computed from October 30, 1952 be commuted from 2 years, 6 months to 1 year expiring on October 30, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he plead guilty

to the charge of larceny and was sentenced to a term of not less than two and one-half nor more than five years. The larceny of an automobile occurred when the applicant escaped from the Northampton County Jail and stole the automobile to effect the escape. He has actually been in the institution for approximately eight years, but only eleven months apply on this sentence of two and one-half years. All of the accomplices have been released, the last one being released in June 1953 by commutation by this Board.

The Board of Trustees of the Eastern State Penitentiary states that he has an excellent institutional record. The district attorney of Northampton County and judge are opposed to commutation. However, if this applicant's sentence is commuted he will go to live in New York State, and we feel that since he has served such a long period of time that further incarceration can have little effect.

We, therefore, recommend that his sentence be commuted.

In re application of Charles Nugent, 8404, No. 6215, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Nugent, convicted of robbery, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on January 25, 1938, computed from December 20, 1937, be commuted on Bills No. 427 and No. 428 from a maximum term of 30 years to a new maximum term of 15 years 9 months expiring on September 20, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 20, 1967.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Paul Passero, No. 9450 September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Paul Passero, convicted of selling indecent photographs and possessing articles intended for immoral purposes in the Court of Quarter Sessions of Cambria County, on February 17, 1941 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and had no prior criminal record. He pleaded guilty to the charge of selling indecent photographs. These offenses occurred over twelve and one-half years ago and since that time the applicant has been in no further difficulty. At the present time the applicant is living in New York City and is operating a grocery store. In view of this conviction he is unable to secure a license for the sale of malt beverages in his store. There is no further evidence of improper conduct.

The trial judge has not advised this office of his position. However, the district attorney is opposed to the granting of pardon. The Board feels that this applicant has made an effort to rehabilitate himself over a period of twelve and one-half years and since this was his only offense in his entire lifetime, the Board further feels that it should not be held against him forever. Therefore, under the circumstances set forth above, we feel that a pardon should be granted and we so recommend.

In re application of Payton, George, 7013-C, No. 5460, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Payton, convicted of being armed, etc., in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on May 26, 1939, computed from May 18, 1939, be commuted from a maximum term of 20 years to a new maximum term of 14 years, 5 months, expiring on October 18, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record.

But for this action the applicant, because of his sentence, would remain on parole until May 18, 1959.

In re application of Mike Pidhirnay, Jr. No. 1301-D, No. 3785, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Mike Pidhirnay, Jr., convicted of second degree murder in the Court of Oyer & Terminer of Indiana County on March 1, 1937, be commuted from a maximum term of 20 years to a new maximum term of 16 years, 7 months, expiring on October 1, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 1, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Preno, No. A-2035. September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Preno, convicted of violation of the Pennsylvania Motor Code, in the Court of Quarter Sessions of Montgomery County on March 13, 1942; and further convicted of larceny of automobile, in the Court of Quarter Sessions of Philadelphia on February 7, 1946; and further convicted of Violation of the Liquor Control Act in the Court of Quarter Sessions of Philadelphia County on December 27, 1949, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he seeks a pardon for three offenses, being: violation of Pennsylvania Motor Code, larceny of automobile and violation of the Liquor Control Act. Neither of these offenses are very serious and the applicant, who is married, and the father of five children, desires a pardon in order that he may take an office with the City of Philadelphia.

The Board of Parole has stated that this applicant, who is a Democratic committeeman in the Twenty-Sixth Ward of Philadelphia, has a good reputation in the community. All references contained in the file state that he merits favorable consideration. The trial judge is deceased and the present judge has no knowledge of the facts. The district attorney of Philadelphia County is not opposed to clemency.

Since this applicant has been in no further trouble for more than four years we recommend that a full and complete pardon be granted.

BOARD OF PARDONS

In re application of Earl Norman Price, No. 585-D, No. 7281, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Earl Norman Price, convicted of accessary before the fact to murder in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 12, 1939 computed from December 12, 1938, be commuted from a maximum term of 20 years to a new maximum term of 14 years, 10 months, expiring on October 12, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 12, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Giuseppe Ricciardi, No. 2840-B, No. 2770, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Giuseppe Ricciardi, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions on December 5, 1928 be commuted from a maximum term of life imprisonment to a new maximum term of 24 years, 10 months, expiring on October 5, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of David Lewis Richardson, C-348, No. A-2028, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Lewis Richardson, convicted of burglary in the Court of Oyer and Terminer of Juniata County on October 8, 1947, computed from October 3, 1947 be commuted from 10 years to 6 years, 20 days, expiring on October 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this is his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of burglary. From the testimony as related to the Board of Pardons it is obvious that this would not even amount to a common-law burglary and that the two places entered were cabins, one of which was used periodically and the other, daily. The Board is of the opinion that this was a very severe sentence.

The Board of Trustees of the Western State Penitentiary state that this applicant has an excellent institutional record, but in view of four prior juvenile arrests, they feel that his release is premature. The trial judge is no longer on the bench and has not made any comment. The district attorney of Juniata County has not seen fit to comment either.

The Board is of the opinion that to serve six years for an offense which would not be burglary at common-law and is merely burglary by statute would be sufficient punishment, and we, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Elmer James Richardson, C-347, No. A-2029, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Elmer James Richardson, convicted of burglary in the Court of Oyer and Terminer of Juniata County on October 8, 1947, computed from October 3, 1947 be commuted from 10 years to 6 years, 20 days, expiring on October 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this is his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of burglary. From the testimony as related to the Board of Pardons it is obvious that this would not even amount to a common-law burglary and that the two places entered were cabins, one of which was used periodically and the other, daily. The Board is of the opinion that this was a very severe sentence.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record. The trial judge is no longer on the bench and has not made any comment. The district attorney of Juniata County has not seen fit to comment either.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Clyde H. Ruffner, B-8431, No. A-2057, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clyde H. Ruffner, convicted of rape, attempted rape, assault with intent to ravish and incest in the Court of Quarter Sessions and Oyer and Terminer of Westmoreland County on December 2, 1942 be commuted from 12 years to 10 years, 10 months, 20 days, expiring on October 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and he had no prior record. He was convicted of the charge of rape, assault and battery and incest and was sentenced by the Courts of Westmoreland County for not less than twelve nor more than twenty-four years. At the present time he has served nearly eleven years of his minimum sentence and this is the first time that he has applied for clemency.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and if he were eligible for parole they would recommend the same.

The trial judge does not object to clemency but hopes that the applicant will stay out of Westmoreland County. The district attorney states that he does not think the sentence was excessive but makes no comment as to whether or not ten years was enough time to serve. In any event, the applicant has served over ten years with an excellent record, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Samuel Joseph Russo, No. 7347, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Samuel Joseph Russo, convicted of robbery, receiving stolen goods in the Court of Quarter Sessions of Allegheny County on April 16, 1942, computed from March 9, 1942 be commuted from 20 years to 11 years, 7 months, expiring on October 9, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and this was his first conviction for any offense. He was sentenced to a term of not less than seven and one-half years nor more than twenty years on charges of robbery and receiving stolen goods. These offenses were a series of burglaries and larceny of automobiles. He served his minimum sentence and was paroled at the expiration thereof. He has now been on parole four and one-half years and is living in New York State.

The New York Board of Parole has advised the Pennsylvania Board of Parole that he has an excellent record and they do not object to the commutation of maximum sentence in order to relieve him of further supervision. The trial judge is deceased but in 1947 he advised the Board of Pardons that he was not opposed to commutation of the minimum sentence. The district attorney of Allegheny County leaves the matter of commutation up to the Board of Pardons.

In view of this applicant's good record on parole for over four years, and since the New York State Parole authorities recommend that clemency be granted, we recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Herbert K. Shutts, No. A-185, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Herbert K. Shutts, convicted of fraudulent conversion in the Court of Quarter Sessions of Erie County, on November 12, 1948 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and this was his first conviction for any offense whatsoever. He was convicted on charges of fraudulent conversion and was sentenced to not less than one nor more than two years in the Allegheny County Workhouse. He served his minimum sentence and was released on parole. His maximum sentence has been served and he now desires a pardon in order that he may apply for the restoration of his real estate broker's license. He has been transferring from job to job without much success as he has been a real estate broker for over thirty years.

The report of the Board of Parole indicates this applicant has rehabilitated himself and he has been in no further difficulty for a period of approximately four years. This applicant seeks a pardon on the basis that he was never actually guilty, or that he had any criminal intent to commit a violation of the law and he desires to reinstate himself in the public esteem.

The Board is of the opinion that this applicant has attempted to rehabilitate himself and since this was his only mistake we feel that he has atoned for this by reason of his good behavior since his release on parole. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.

WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Thompson, 6369-C, No. A-2013, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Thompson, convicted of robbery, in the Court of Quarter Sessions of Philadelphia County on October 1, 1938, computed from September 8, 1938, be commuted from a maximum term of 20 years to a new maximum term of 15 years, 1 month, expiring on October 8, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 8, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Samuel Owens Thompson, No. 6798, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Samuel Owens Thompson, convicted of truancy; entering to steal; robbery; armed with an offensive weapon in the Court of Oyer and Terminer of Philadelphia County, on June 18, 1941 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and had no prior criminal record. In the days of his youth, when he was but fourteen years of age, he became a juvenile delinquent and was sentenced to the Philadelphia Protectory for an indeterminate term. This did not deter him and he then became involved in an armed robbery and sentenced to not less than seven and one-half nor more than fifteen years. While in the Eastern State Penitentiary he came under the guiding influence of the late Dr. Linn Bowman, as well as under the influence of the late beloved Frank P. Tucker. Mr. Tucker took an interest in this applicant and made him his personal clerk where for more than five years he handled the confidential work of the Senior Parole Officer in the Eastern State Penitentiary. It was largely through Mr. Tucker's efforts that Herbert L. Maris, Esquire, became interested in the applicant and through Dr. Bowmen's and Mr. Tucker's efforts, the Board of Pardons recommended that this applicant's sentence be commuted.

On July 17, 1947, this applicant was released on parole with a plan of working for his sponsor, Herbert L. Maris, Esquire. From that time to the present, the applicant has been engaged by Mr. Maris and, as stated by him, the applicant has handled many matters that deserve the utmost confidence and trust. Several years ago the applicant was married and is presently the father of a daughter, age two. There appears in the file many letters from attorneys stating that this applicant has done a remarkable job of rehabilitating himself.

Of all the cases that have come before the Board of Pardons in the past, few merit executive clemency more than this applicant. We have here a picture of a frustrated youth who seemed destined for a life of crime but who, through the kindness and influence of two men in the Eastern State Penitentiary, was able to be brought back to the straight and narrow. We believe that this applicant is a monument and tribute to the life work of Dr. Linn Bowman and Frank P. Tucker, and, therefore, it gives the Board of Pardons great privilege to recommend to your Excellency that a full and complete pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
ROBERT E. WOODSIDE,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Harry Veasey, D-5185, No. A-147, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry Veasey, convicted of conspiracy, assault and robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 6, 1940, computed from May 25, 1940 be commuted from 20 years to 13 years, 5 months, expiring on October 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and he has had a bad prior criminal record. He, and three accomplices, held up the American Express Company and got away with approximately Six Thousand Dollars in loot. For this offense he was sentenced by the late Judge Harry S. McDevitt to a term of not less than twenty nor more than forty years, and at the present time has served nearly three-fourths of his minimum sentence. All of his accomplices had their sentences commuted with the exception of this applicant, although it must be admitted that some of the accomplices did not have the bad prior criminal record that this applicant has.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional

record. The present judge has no comment to make since this was a Judge McDevitt case. The district attorney is still opposed to commutation even though he has served three-fourths of his sentence.

We feel that this applicant received a very severe sentence and since he has now served over thirteen years, four months, we recommend that he be placed on parole.

Secretary of the Commonwealth.
ROBERT E. WOODSIDE,

In re application of Ernest Walmer, No. 5087, No. 5642, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Ernest Walmer, convicted of robbery, being armed with an offensive weapon, in the Court of Quarter Sessions of Philadelphia County on March 19, 1934, be commuted from a maximum term of 20 years to a new maximum term of 19 years, 7 months, expiring on October 19, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 19, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Julius Wojwicgwowski, 5578-D, No. 7953, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Julius Wojwicgwowski, convicted of burglary and escape in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 26, 1939, computed from April 19, 1939, be commuted from a maximum term of 15 years to a new maximum term of 14 years, 5 months, expiring on September 19, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. In re application of Frank Yavorsky, No. 4046-C, No. 1376, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Yavorsky, convicted of murder in the first degree, in the Court of Oyer and Terminer of Mercer County on July 7, 1930, be commuted from a maximum term of life imprisonment to a new maximum term of 23 years, 3 months, expiring on October 7, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until the end of life.

BOARD OF PARDONS

In re application of John C. Young, D-9066, No. A-701, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John C. Young, convicted of robbery in the Court of Oyer and Terminer of Philadelphia County on August 12, 1946, computed from July 27, 1946 be commuted from 10 years to 7 years, 6 months, expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of robbery. There was no doubt as to the applicant's participation, as he was well identified.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record.

The trial judge leaves the matter of commutation up to the Board of Pardons. The district attorney of Philadelphia County is not opposed to the granting of clemency in this matter. One of the accomplices has had his sentence commuted, one has served his complete sentence, and the other is still confined in the institution.

We feel that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted at the expiration of seven and one-half years.

In re application of James H. Zecher, No. A-2062, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James H. Zecher, convicted of embezzlement in the Court of Quarter Sessions of Lancaster County on September 26, 1952 be commuted from 2 years, 6 months to 1 year 1 month, expiring on October 26, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and has no prior criminal record. He was sentenced to a term of two and one-half years for the embezzlement of Building and Loan funds. Upon his apprehension, and before his sentence, he made complete restitution of all the funds which he was alleged to have misappropriated. This offense was brought to light by the applicant when he volunteered the information to the President of the Association.

He has a good institutional record in the Lancaster County Prison and although the trial judge is opposed to release at this time, the district attorney leaves the matter up to the Board.

This was applicant's first misstep. He was a respected man in the community and as a result of his sentence he has been made to suffer more than any hardened criminal by this one year incarceration. We feel that further incarceration would have no salutary effect and we, therefore, recommend that his sentence be commuted.

In re application of Benjamin Zelk, 8008-C, No. A-2012, September Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Benjamin Zelk, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 31, 1939, computed from January 9, 1939, be commuted from a maximum term of 20 years to a new maximum term of 14 years, 9 months, expiring on October 9, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 9, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Robert Armstrong, B-866, No. 5136, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Armstrong, convicted of murder in the first degree, in the Court of Oyer and Terminer of Cambria County on June 19, 1928, be commuted from life imprisonment to 25 years, 5 months, expiring on November 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and he has no prior criminal record. The offense occurred when the applicant shot two police officers who were trying to arrest him for a fight which he had had with his wife. This offense occurred in 1928 and the applicant has now served nearly one-half of his entire life in the Western State Penitentiary. During all this time the applicant has had an excellent institutional record and the prison authorities state that he was not connected with the riot which occurred in the Western State Penitentiary.

The trial judge, the Honorable John E. Evans, is deceased and the present judge, the Honorable John H. McCann, has stated that he leaves the matter of commutation up to the Board. The district attorney is, however, opposed to commutation.

Since this applicant has served over a quarter of a century for this offense and he had no prior criminal record we feel that he has been suffiicently punished and we, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

BOARD OF PARDONS

In re application of Harry Bowman, C-5294, No. 9660, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry Bowman, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Session of Dauphin County on April 8, 1929, be commuted from life imprisonment to 24 years, 8 months, expiring on December 8, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-three years of age and this was his first major conviction. He was convicted of murder in the first degree and sentenced to life imprisonment on April 8, 1929. At the present time he has served over twenty-four and one-half years. He is in very poor physical condition and he bases his application for commutation on his extreme ill-health, his advanced years and his complete rehabilitation. As to his physical condition, the Board is of the opinion that he does need medical attention and it was impressed by his condition. However, we do feel that he was found guilty of a most brutal murder.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Dauphin County leaves the matter up to the Board.

Since this applicant has served nearly a quarter of a century we feel that he has been sufficently punished and because of his advanced years, we feel that he will not again offend against society. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of James Bridges, No. A-2124, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Bridges, convicted of larceny in the Court of Quarter Sessions of Washington County on April 17, 1953, computed from April 6, 1953, be commuted from 18 months to 8 months, expiring on December 6, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and had no prior criminal record. He took eight tablecloths belonging to his wife's grandmother, while in her home on business during her absence. These he sold for a total of thirty-six dollars and when he was apprehended complete restitution was made of the articles stolen. For a first offender we feel that the applicant received a substantial sentence and since he will be on parole for approximately three and one-half years, we feel he can return to society as a useful citizen with strict supervision of the Board of Parole.

The trial judge, the Honorable Carl E. Gibson, advises recommendation and states that if he was able he would parole this applicant. Under the circumstances we recommend that clemency be granted, and the applicant placed on parole.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of John Brown, 9170-C, No. 5932, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Brown, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March

13, 1939, be commuted from a maximum term of 20 years to a new maximum term of 14 years, 8 months, expiring on November 13, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 13, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Charles Alexander Cantrell, C-2011, No. 9484, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Alexander Cantrell, convicted of murder in the second degree, in the Court of Oyer and Terminer of Philadelphia County, on October 25, 1946, computed from August 29, 1946, be commuted from 8 years to 7 years, 3 months, expiring on November 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and this was his first conviction for any offense. This applicant plead guilty to murder generally and was sentenced to a charge of murder in the second degree growing out of a fight between the victim and himself. When the victim drew a knife on the applicant the applicant attempted to get away and when his life was threatened he shot the victim.

At the present time he has served over seven years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that his disciplinary record is unblemished and he is a cooperative prisoner.

The trial judge, the Honorable Gerald F. Flood, has not seen fit to advise the Board on his position. The district attorney recommends that clemency be granted. Since this applicant has served over seven-eighths of his minimum sentence with an excellent institutional record and since the sentencing authorities of Philadelphia recommend his release we too join in the recommendation and ask that this sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Domenick Carusone, No. 1598, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Domenick Carusone, convicted of murder in the second degree in the Court of Quarter Sessions of Washington County on November 22, 1921; and further plead guilty to murder in the second degree in the Court of Oyer and Terminer of Beaver County, on December 19, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty-five years of age and prior to these offenses he had but one offense which did not result in a conviction. There were two murders committed, but in neither did the offense rise higher than second degree.

The applicant served his entire minimum sentences, as well as his maximum sentences. The offenses for which he seeks pardon occurred thirty-two years ago. The reason he seeks pardon at this time is because the applicant is threatened with deportation under the McCarren Act recently passed by the United States Congress. At the age this applicant has attained, it would be equal to imposing an additional life sentence on this applicant to return him to the land of his birth, where all friends and relatives have long since died.

The Board of Parole advises that this applicant now has an excellent reputation. It is further stated in the recommendation that the present judge and the district attorney of Washington and Beaver Counties have no objection to the granting of a pardon.

Under all the circumstances we do not think that this man should be barred from American citizenship because of offenses committed over thirty years ago, and we, therefore, recommend that a pardon be granted for these offenses.

Respectfully submitted,

Lieutenant Governor.
GENE D. SMITH,

In re application of John Chaplinsky, Jr., No. A-187, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Chaplinsky, Jr., convicted of larceny, in the Court of Quarter Sessions of Schuylkill County, on May 16, 1949, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his first offense. He was granted commutation of sentence after having served one year of a minimum sentence. He now requests that a pardon be granted in order that he may really begin life anew.

The trial judge, the Honorable C. W. Staudenmeier, has no objection. The warden of the Schuylkill County Prison states he had an excellent record while there. We do have some indication that he is having difficulty with his parole board. However, We do not think that it is such a serious nature that this matter should be further delayed.

Therefore, under all the circumstances we feel that this was an unfortunate occurrence and since he is now working with the Merchant Marine, we recommend that a pardon be granted.

In re application of Herbert Clark, 2417-D, No. 6533, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Herbert Clark, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 23, 1940, be commuted from a maximum term of 20 years to a new maximum term of 13 years, 10 months, expiring on November 17, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 17, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Cooper, E-3020, No. A-2126, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Cooper, convicted of Prison Breach in the Court of Quarter Sessions of Delaware County on April 4, 1951, computed from May 30, 1952 be commuted from 2½ years to 1 year, 6 months expiring on November 30, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age. This offense grew out of a parole violation after the applicant was sentenced to a term of not less than seven and one-half nor more than fifteen years. During this time he had been transferred from the Eastern State Penitentiary to the Delaware County Prison and while there the applicant escaped. As a result of this he was sentenced to an additional term of two and one-half to five years so that his combined minimum sentence would amount to seven and one-half to fifteen years. This applicant has now served his minimum of seven and one-half years and he has served one year and four months on the consecutive sentence of two and one-half years.

The trial judge, the Honorable Henry C. Sweney of Delaware County, has advised the Board of Pardons he is not objecting to the granting of commutation in this case, and the district attorney of Delaware County is of the opinion that the applicant has been sufficiently punished, having served nearly nine years.

The Board of Trustees of the Eastern State Penitentiary advised us that disciplinary and adjustment reports are excellent. The Board of Pardons feels that by this service of additional one year four months for escape he has atoned for this offense and we, therefore, recommend that the escape sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Edward S. Cox, No. A-2123, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward S. Cox, convicted of entering with intent to steal, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on June 7, 1937 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and has no prior criminal record. In 1937, over sixteen and one-half years ago, when this applicant was but twenty-two years of age, he became involved in the breaking and entering and larceny charge. He was sentenced to a term of nine months to three years and served his minimum sentence. The applicant has been in no further difficulty.

The Board of Parole states that this applicant enjoys a

good reputation and the trial judge and district attorney recommend that clemency be granted in this matter.

Since this applicant has had a good reputation for the past sixteen and one-half years and desires to remove this one blot from his record in order that his family will not suffer therefrom, we feel that he has shown that his rehabilitation is complete and we, therefore, recommend that a pardon be granted.

In re application of Samuel Crane, 961-D, No. 2025, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Samuel Crane, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions of Dauphin County on April 14, 1930, be commuted from a maximum term of 16 years to a new maximum term of 14 years, 3 months, expiring on November 3, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 3, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Daniel D'Angelo, No. A-1858, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel D'Angelo, convicted of burglary and larceny in the Court of Quarter Sessions of Lancaster County on June 19, 1953, to be computed from June 12, 1953 be commuted from 1 year to 5 months expiring on November 12, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was a series of offenses beginning in Allegheny County and ending in Lancaster County. He was sentenced in Allegheny County to a term of not less than four nor more than eight years and after he had served approximately three and one-half years his sentence was commuted by the present Board of Pardons in April of 1953. At that time there was a detainer in Lancaster County, which we assumed would be waived, and the applicant released on parole. However, upon the release of the applicant from the Western State Penitentiary, he was taken to Lancaster County where on June 19th of this year he was sentenced to a term of not less than one nor more than two years. At the present time he has served over four months of this sentence so that at this time the applicant has served upward of four and one-half years.

It was the intention of the Board, in April of this year, that he should be released on parole. However, since no request was made as to the Lancaster County sentence and since there was no sentence in Lancaster County at that time, the Board was unable to commute the sentence. Under the circumstances, we feel that this applicant has been sufficiently punished and we recommend that the Lancaster County sentence be commuted in order that this applicant may be released on parole.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Felix T. Dugan, C-1514, No. A-1797, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Felix T. Dugan, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on February 3, 1950, computed from October 24, 1949, be commuted from 10 years to 4 years, 2 months, expiring on December 24, 1953; and further recommend that the maximum sentence of Felix T. Dugan, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on June 23, 1950, computed from October 24, 1959, be commuted from 14 years to 1 day, expiring on December 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this is not the first offense that he has been imprisoned on, as he was a member of a very bad gang. However, we were impressed by this applicant's brother, who lives in Toledo, Ohio, and who received a recommendation of clemency at the hands of the Board of Pardons of Pennsylvania, and has done an excellent job in rehabilitating himself.

If released this applicant will go to Ohio where he will be supervised by his brother.

The Board of Trustees of the Western State Penitentiary feels that this application is premature although they state he has an excellent institutional record. The applicant was not involved in the riot in the Western State Penitentiary.

The trial judge, the Honorable W. H. McNaugher, is opposed because he feels it is premature as is the district attorney of Allegheny County. However, the Board is impressed by this applicant's older brother, who promises to supervise him and we believe that he has the possibility of helping this applicant find himself. Under all the circumstances we recommend that the commutation be granted.

In re application of John Ferguson, 2947-B, No. 3992, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Ferguson, convicted of murder in the first degree in the Court of Oyer and Terminer of Delaware County on January 22, 1932, be commuted from a maximum term of life imprisonment to a new maximum term of 21 years, 9 months, expiring on October 22, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Raymond Fleischman, C-1898, No. A-1057, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Raymond Fleischman, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer of Allegheny County on December 10, 1948, computed from November 16, 1948 be commuted from 7½ years to 5 years expiring on November 16, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and has no prior criminal record. He and four accomplices committed a series of armed robberies over a period of approximately four months. At the present time the applicant has served four years ten months of his minimum sentence.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record, and they would recommend him for commutation. They also state he was not involved in the riot at Rockview.

The trial judge, the Honorable Michael A. Musmanno, has not seen fit to advise the Board his position in this matter. The district attorney of Allegheny County is not opposed to the granting of clemency.

Since he has served approximately five years of a seven and one-half year sentence as a first offender, we believe that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

In re application of Dwight Daniel Willard Gardiner, No. A-2100, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Dwight Daniel Willard Gardiner, convicted of driving motor vehicle under the influence of intoxicating liquor in the Court of Quarter Sessions of Montgomery County, on October 10, 1952, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is nineteen years of age and he had no prior criminal record. He, together with some friends, attended a dinner party where some cocktails and champagne were served and the applicant partook of some of the alcoholic beverages. He had an accident and it was unfortunate that the accident occurred with a member of the Lower Merion Township Police Department. The total amount involved was approximately Two Dollars, which amount was promptly paid. He was sentenced to pay a fine of One Hundred Dollars, and the costs of prosecution, all of which have been paid. He has also had his Pennsylvania driving license revoked and that has been revoked for over one year.

At the present time he has been in no further difficulty. The trial judge and the district attorney leave the matter of pardon up to the Board. We feel that this was

an unfortunate accident and if the car that was involved had not been the one it was, it is doubtful that this applicant would have been involved in this affair. We do not believe that this applicant will ever again become involved in an offense and we, therefore, recommend that a pardon be granted.

In re application of William Gordon, 8350-C, No. 6985, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Gordon, convicted of murder in the second degree in the Court of Oyer and Terminer of Beaver County on December 29, 1937, effective September 11, 1937, be commuted from a maximum term of 20 years to a new maximum term of 16 years, 2 months, expiring on November 11, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 11, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Joseph Huggins, D-7628, No. A-789, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Huggins, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 21, 1944, computed from January 22, 1944 be commuted from 20 years to 9 years, 10 months expiring on November 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his first conviction for any offense whatsoever. He, with several accomplices, was arrested for a series of robberies and although he was only sixteen years of age when this sentence was imposed, nevertheless he, a virtual first offender, was given a terrific sentence of twenty to forty years in the Eastern State Penitentiary.

Despite his youth this applicant has made an excellent record in the Eastern State Penitentiary and has now served nearly one-half of his minimum sentence.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia recommends that the sentence be commuted.

Under all the circumstances the Board feels that this applicant received a most severe sentence for a youth of sixteen years, and we, therefore, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of B. J. Johnson, No. A-2131, October Sessions, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of B. J. Johnson, convicted of voluntary manslaughter in the Court of Quarter Sessions of Philadelphia County on April 13, 1951, computed from January 21, 1952 be commuted from 3 years to 1 year, 11 months expiring on December 7, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and he has no prior criminal record. This applicant was sentenced to a term of not less than three nor more than six years on a charge of voluntary manslaughter. The victim had stabbed the applicant. When the applicant, in order to defend himself, picked up a paring knife and the victim became impaled thereon and died as a result of that stabbing.

The jury in this case attempted to bring in a verdict of involuntary manslaughter and they stated they felt that this killing was not a true case of voluntary manslaughter.

The trial judge, the Honorable Gerald F. Flood, attempted to give the applicant a lenient sentence, but it is the opinion of the Board of Pardons that this applicant should not have been convicted of any offense whatsoever. However, since he was convicted and since the jury attempted to bring in a verdict of involuntary manslaughter we will attempt to give effect to their recommendation.

The warden of the Philadelphia County Prison has not advised us of any institutional record against him. The district attorney recommends that commutation of

sentence be granted. The Board is of the opinion that consideration should be given in this case and we, therefore, recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of James Johnson, E-2967, No. 5375, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Johnson, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on December 17, 1945, computed from May 1, 1952 be commuted from 2½ years to 1 year, 7 months expiring on December 1, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he was sentenced to a term of not less than two and one-half nor more than five years on charges of assault with intent to rob and robbery. By his conviction in this case he violated parole and he was required to serve the entire unexpired portion of a ten year sentence, which amounted to approximately six and one-half years. At the present time he has served on the prior sentence and this sentence a combined term of seven years ten months, but only one year and five months apply on his two and one-half year minimum. All his accomplices have been released.

The Board of Trustees of the Eastern State Penitentiary state this applicant has an unblemished and excellent disciplinary record and all adjustment reports are favorable.

The trial judge, the Honorable Frank Smith, makes no recommendation in this case. The district attorney of Philadelphia is satisfied that having served nearly eight years this applicant has been sufficiently punished and he, therefore, recommends that commutation be granted. Since this applicant has served a long period of time, upwards of eight years, we believe that he has been sufficiently punished and, following the recommendation of the district attorney, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of James Jordan, No. A-2121, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Jordan, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on December 4, 1952, computed from August 21, 1952 be commuted from 3 years to 1 year, 3 months, expiring on November 21, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and this was his first conviction for any offense whatsoever. He pleaded guilty to murder generally and was found guilty of murder in the second degree, and was sentenced to a term of not less than three nor more than six years in the Allegheny County Workhouse.

The facts in this case are worth considering. The Board if of the opinion that had this applicant stood trial he would have been acquitted on the basis of self-defense. There is no doubt that the victim fired three shots at this applicant before the applicant drew a gun and fired at the victim striking him and killing him. In fact it is shown that the victim stalked the applicant about his car, who was trying to avoid any altercation with the deceased.

The Warden of the Allegheny County Workhouse states that he has an excellent institutional record. The trial judge, the Honorable Walter P. Smart, has advised the Board of Pardons that he is not opposed to the granting of clemency in this matter. The district attorney of Allegheny County objected on the basis that a murder was committed and it is premature. We do not believe that the district attorney's objection in this case is valid as we believe this was a justifiable homicide and the applicant would not have been sentenced if he had elected to stand trial. We feel he has been sufficiently punished and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Blucker Halcomb Lewis, D-651, No. 5411, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Blucker Halcomb Lewis, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 7, 1935 be commuted from life imprisonment to 18 years, 6 months expiring on December 7, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and there was no prior conviction for any offense whatsoever. In this case the applicant was twice beaten up by the victim and on the third occasion the victim drew a gun, at this time the applicant also drew a gun, both fired, the victim was

killed. The applicant, who was not struck by any bullets, was apprehended immediately by the police.

A very strange thing occurred when the applicant pleaded guilty to murder generally. It was a violation of the rules of court in Philadelphia County to be sentenced by only one judge, there being a rule in that county that three judges sit to hear the testimony on the plea of murder and that one of the three sentence the defendant and determine the degree of guilt. This was not done.

The Board of Pardons has learned that this applicant has an excellent record in the Eastern State Penitentiary. The trial judge is no longer living and cannot give his comment. The district attorney recommends that commutation be granted. We feel that had the trial judge consulted with two of his colleagues, he would have come to the conclusion that this would have been second degree murder at the most. Nevertheless, this applicant has served over eighteen years of a life sentence and since he has served such a long period of time with an excellent record we feel that he has been sufficiently punished. Under all these circumstances, therefore, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Albert James Marshall, E-670, No. A-1611, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Albert James Marshall, convicted of assault, armed with weapon with intent to rob, etc. in the Court of Quarter Sessions of Philadelphia County on December 1, 1948, to be computed from September 25, 1948 be commuted from 8 years to 5 years, 2 months expiring on November 25, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and has no prior criminal record. He was sentenced to a term of not less than eight nor more than thirty years on charges of armed robbery. He, together with three accomplices, did commit a series of eight armed robberies. Upon his arrest, he, and another accomplice, plead guilty. His three accomplices, several of whom received longer sentences than this applicant, have all had their sentences commuted.

The Board of Trustees of the Eastern State Penitentiary state that this applicant has maintained an unblemished disciplinary record and has made excellent adjustment.

The trial judge, the Honorable Frank Smith, although he has had no communication with the applicant for a period of five years, is still opposed to the granting of commutation. The district attorney recommends that commutation be granted.

Since all the accomplices, who were equally guilty with the applicant, have had their sentences commuted, and this applicant has served more than five years, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Bernard Meka, E-1805, No. A-1018, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Bernard Meka, convicted of murder in the second degree in the Court of Oyer and Terminer of Susquehanna County on July 17, 1950, computed from August 5, 1949 be commuted from 7 years to 4 years, 4 months expiring on December 5, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and he had no prior record. He was sentenced to a term of not less than seven nor more than fifteen years for killing his father. This offense occurred when he was only eighteen years of age. All the testimony presented to the Board from the record of the trial, and at the hearing, indicates the father was most brutal and vicious in his treatment of not only the applicant but his mother, the victim's wife. The offense occurred at a time when the father had threatened to kill not only the mother but the applicant. The applicant has now served over four years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary state that this applicant's disciplinary and adjustment reports are excellent.

The sentencing authorities of Susquehanna County are opposed, however, to clemency.

We feel that the father's particular treatment of the applicant and his mother, and his repeated threats to kill them, placed this applicant in such a fear of death and great bodily harm that he acted as any "scared" kid would act. We feel that he has been sufficiently punished to pay his debt to society and we do not feel that he could be any further rehabilitated and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of James D. Mitchell, C-1481, No. A-1089, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James D. Mitchell, convicted of larceny, robbery and burglary in the Court of Oyer and Terminer and Quarter Sessions of Cambria County on January 9, 1950, computed from December 18, 1949 be commuted from 5 years to 3 years, 11 months expiring on November 18, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this was his first major conviction. This applicant, together with three accomplices, broke into box cars of the Pennsylvania Railroad and also broke into other establishments. The applicant and the accomplices were involved in five charges. He has an excellent institutional record in the Western State Penitentiary and they would recommend that his sentence be commuted because he served the Commonwealth in the riot at the Rockview State Prison.

The trial judge, the Honorable G. H. McCann, has stated that he has no comment to make and the district attorney has advised the Board that he is not opposed. Since this applicant has served four-fifths of his minimum sentence, and since he materially aided the Commonwealth at the time of the riot, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of George Nelson, 2413-A, No. 2463, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Nelson, convicted of robbery, being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Bradford County on January 24, 1927 be commuted from a maximum term of 20 years to a new maximum term of 19 years, 7 months, expiring on November 2, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 2, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of James Joseph Nemeth, C-3078, No. 9072, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Joseph Nemeth, convicted of Prison Breach in the Court of Quarter Sessions of Allegheny County on October 27, 1948, computed from on April 19, 1953 be commuted from 1 year to 6 months 26 days expiring on November 15, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he has had twelve prior arrests, all of them juvenile. He was convicted on four juvenile arrests and he has, on three occasions, violated his juvenile probation period. At the present time this applicant has served ten and one-half years of an eleven year combined minimum sentence.

The trial judge, the Honorable Robert E. McCreary makes no recommendation to the Board. The district attorney has no objection to commutation.

Since he has served six months of a minimum sentence of eleven years, we feel that he has been sufficiently punished and we, therefore, recommend that the sentence be commuted.

In re application of Julio O'Campo, No. A-2129, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Julio O'Campo, convicted of Voluntary Manslaughter in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County, on January 5, 1943, computed from September 14, 1942, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-three years of age and is of Filipino extraction. In 1942 he was arested and charged with voluntary manslaughter in a free-for-all taproom fight. There was some doubt as to whether or not this applicant was actually guilty but he was convicted and served his entire maximum term. During the war this applicant served in the United States Navy and following the war he has served on various ships of the United States Mer-

chant Marine. This service in the Merchant Marine has taken him to foreign shores. Under the McCarran Act, as recently passed by the United States Congress, since he left the United States and went to foreign shores he is now subject to deportation. Had he stayed within the boundary limits of the United States he would not be subject to deportation. He has no family in the Philippine Island, nor relatives of any sort. He would be a complete stranger in the land of his birth. He has a family in Philadelphia and we feel that in light of his service with the armed forces he should not be deported by reason of the McCarran Act recently passed by the United States Congress.

The trial judge, the Honorable Byron A. Milner, and the district attorney, are not opposed. In view of the district attorney's recommendation that the pardon be granted we feel under the circumstances this applicant has been sufficiently punished and we, therefore, recommend that pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Eugene O'Sheay, C-988, No. A-2133, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Minimum sentence of Eugene O'Sheay, convicted of Burglary in the Court of Quarter Sessions of Venango County on December 28, 1948, computed from August 16, 1948 be commuted from 7½ years to 5 years 4 months expiring on December 16, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and he was sentenced to a term of not less than seven and one-half nor more than fifteen years on charges of burglary. Although the applicant has maintained his innocence and still does, we have no hesitancy in advising that he was involved in this offense. He, however, at the present time, has an excellent parole plan and the Board of Trustees of the Western State Penitentiary states he has an excellent institutional record and they recommend that clemency be granted.

The trial judge also recommends that clemency be granted, as the accomplice was granted commutation in April 1953.

Since this applicant has served over five years of his minimum sentence with an excellent institutional record, and since the sentencing authorities recommend that clemency be granted, the Board also recommends that this applicant's sentence be commutted.

In re application of Robert E. Rhodes, C-1908, No. A-2104, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert E. Rhodes, convicted of larceny and burglary of an automobile in the Court of Quarter Sessions of Clearfield County on July 31, 1950, computed from November 19, 1950 be commuted from 5 years to 3 years expiring on November 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and he has a juvenile record. He stole an automobile and various articles of equipment in the car. He has now served two years and nine months of a minimum sentence of five years.

The Board of Trustees of the Western State Penitentiary states he has an excellent institutional record and was a Commonwealth witness during the riot cases.

The trial judge is opposed to the granting of clemency in this matter. In view of the applicant's help to the Commonwealth and since he has an excellent institutional record, we recommend that his sentence be commuted to three years, expiring on November 19, 1953.

In re application of James W. Robinson, B-8733, No. 8470, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James W. Robinson, convicted of burglary, receiving stolen goods, in the Court of Oyer and Terminer of Allegheny County on July 29, 1943, computed from July 20, 1943, be commuted from 15 years to 10 years, 4 months, expiring on November 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and at the time this offense was committed he was but eighteen years of age, and had he committed the offense a year prior he would have been sentenced as a juvenile. However, he had been in Juvenile Court on three previous occasions and had spent some time in Morganza, and for that reason, and since he was over eighteen, the Court gave him a very severe sentence by sentencing him to the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary states he has an excellent institutional record and they would recommend him for parole since he has served over ten years.

The trial judge is deceased and the present judge is not opposed. The district attorney is not opposed to the granting of clemency in this matter. Since he has served two-thirds of his original sentence we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of Richard Scott, C-9766, No. 6071, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Richard Scott, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 22, 1934, be commuted from life imprisonment to 19 years, 5 months, expiring on November 22, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and this was a murder committed during an attack on the applicant by the victim. If this applicant had stood trial it is possible that he would have been convicted of a lesser offense. The assistant district attorney of Philadelphia County, at the time of hearing before the Board of Pardons, stated that he is not opposed to the granting of clemency in this matter. In fact, their statement of no objecion was equivalent to a recommendation.

The trial judge is deceased and the present judge leaves the matter up to the Board.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has established and maintained a disciplinary record entirely free from misconduct reports.

This applicant has an excellent institutional record and the present judge and district attorney are not opposed. The district attorney in fact recommends that the sentence be commuted, the Board feels that having served over nineteen years of a life sentence when he conceivably could have been convicted of a lesser sentence had he stood trial he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of James Singleton, E-2437, No. A-2076, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Singleton, convicted of setting up an illegal lottery, in the Court of Quarter Sessions of Philadelphia County on December 15, 1952, be commuted from 13 months to 11 months, 10 days, expiring on November 14, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and he was arrested on twenty-one different occasions, which resulted in five convictions. Most of his arrests were on suspicion and disorderly conduct and arrests for lottery charges. There were five minor convictions. At no time did the applicant ever serve any time in prison. Recently he was arrested for setting up and maintaining an illegal lottery and was sentenced to a term of not less than thirteen months nor more than thirty-six months. There was an agreement between the counsel for the applicant and the district attorney that this applicant and his two accomplices were not to receive more than eleven months, after which he should be released. The district attorney further stated that his recommendation of eleven months was based on a "deal" which applicant's attorney had with the district attorney's office. What the basis, or facts, constituting the "deal" was not revealed.

The applicant has now served over ten months of his thirteen month minimum sentence. The Warden of the Philadelphia County Prison states that this applicant has an excellent record in the institution.

The trial judge leaves the matter of commutation up to the Board. The district attorney recommends that the sentence be commuted. In order to give effect to the district attorney's agreement and his present recommendations, we also recommend the sentence be commuted.

In re application of Joseph Spano, B-8938, No. A-113, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Spano, convicted of burglary, in the Court of Oyer and Terminer of Allegheny County on January 28, 1944, computed from December 29, 1943, be commuted from 15 years to 9 years, 11 months, expiring on November 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was not his first major conviction. He and two accomplices committed three burglaries and he was sentenced to a term of not less than fifteen nor more than thirty years.

At the present time he has served over nine years and nine months of his minimum sentence. Both of his accomplices have had their sentences commuted, one at the June Session 1948 and the other at the February Session 1952.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record and they would recommend him for commutation especially so since it was shown he aided the institution during the riot which occurred in January of this year.

The trial judge is deceased and the present judge has no comment to make. The district attorney, however, is objecting to any commutation of sentence. We feel that since he has served nearly two-thirds of his minimum sentence and, since he aided the institution at the time of the riot, consideration should be given to him and since his accomplices have all been released we recommend that his sentence be commuted.

In re application of Joseph Thomas, 7468-A, No. 592, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Thomas, convicted of attempt to rob, assault with intent to commit rape and rape in the Court of Oyer and Terminer and Quarter Sessions of Chester County, on May 4, 1940 be commuted from a maximum term of 15 years to a new maximum term of 13 years, 6 months, expiring on November 4, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 4, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Joseph Thompson, No. A-1482, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Thompson, convicted of Operating a Lottery in the Court of Quarter Sessions of Allegheny County, on September 19, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and but for an arrest in 1935 he has been in no other difficulty. In 1950 he was arrested for operating a lottery and upon arrest plead guilty and was sentenced to pay a fine of Five Hundred Dollars. He has been in no further difficulty. He served five years in the United States Navy and has an honorable discharge and is now leading a model life. For the past two years he has been employed as a clerk for the County of Allegheny. In order to continue in this capacity, it is necessary that he secure this pardon.

The trial judge, the Honorable John J. Kennedy, has advised the Board that he is not objecting to the granting of clemency. The district attorney of Allegheny County is not opposed. He has been in no further difficulty for a period of approximately two years and, in view of his past record with the United States Navy and his rehabilitation, we feel that he will not again offend and we, therefore, recommend that his sentence be commuted.

In re application of Frederick Turse, 7779-C, No. 5525, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frederick Turse, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions on June 28, 1937 be commuted from a maximum term of 20 years to a new maximum term of 16 years, 4 months, expiring on October 28, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 28, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Gordon Tuttle, 3978-C, No. 2349. October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Gordon Tuttle, convicted of entering, robbery and larceny in the Court of Oyer and Terminer of Blair County, on March 26, 1928, be commuted on Bill No. 28 from a maximum term of 20 years to a new maximum term of 15 years, 7 months, expiring on October 26, 1953; and commuted on Bill No. 28 from a maximum term of 3 years to a new maximum term of 1 day, expiring on October 27, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 26, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of William Vogt, E-1310, No. 8698, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Vogt, convicted of robbery, burglary and larceny in the Court of Oyer and Terminer of Montgomery County on October 7, 1949, computed from May 31, 1949, be commuted from 8 years to 4 years, 5 months and 16 days, expiring on November 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and he has a very poor criminal record. However, the Board has been advised that this applicant is suffering from Hodgkin's Disease, which is a form of cancer and there is a severe white blood cell deficiency. Dr. Nathan Blumberg, Medical Director of the Eastern State Penitentiary, has indicated that this applicant cannot recover and his life expectancy is a year and one-half at the very most.

At the present time this applicant is hospitalized. Normally this applicant would not receive any consideration from the Board by reason of the fact that he is a parole violator and has nearly seven years yet to serve before he would be eligible for parole.

The trial judge, the Honorable William F. Dannehower, having been advised of his condition, is not opposed to the granting of clemency. Because of his physical condition, however, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Allen Wallen, 2628-D, No. 7616, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Allen Wallen, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Berks County on March 12, 1936, be commuted from a maximum term of 20 years to a new maximum term of 17 years, 8 months, expiring on November 12, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 12, 1956.

For the reason that this applicant has served a long time on parole, and the further resaon, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles D. Weiss, Sr., No. A-2000, October Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles D. Weiss, Sr., convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on April 29, 1948, computed from April 20, 1948, be commuted from 10 years to 5 years, 7 months, expiring on November 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he was sentenced to a term of not less tahn two and one-half nor more than ten years on charges of burglary, larceny and receiving stolen goods. He served his entire minimum sentence and at the present time has served over three years on parole. He now wishes to go to live in New Jersey with his family and he desires to do so without being on parole. We have been advised by his representative, and the district attorney's office, that the applicant has a good reputation on parole and they further recommend that the maximum sentence be commuted as it is entirely too long under the circumstances.

Since the Board of Parole states this applicant has an excellent record on parole and that they feel he is rehabilitated, and since the district attorney recommends his maximum sentence be commuted on the ground that it was too lengthy in the first instance, we recommend that the maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Roland Adams, No. A-2173, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Roland Adams, convicted of operating a lottery in the Court of Quarter Sessions of Allegheny County, on May 5, 1948, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and had no prior criminal record. He pleaded guilty to the operation of a lottery in 1948, was placed on one year's probation, and sentenced to pay a fine of two hundred and fifty dollars. This was his only offense against society.

The Board of Parole has stated that this applicant has a good reputation at the present time and he desires this pardon in order that he may engage in the radio and television business.

The trial judge, the Honorable Henry X. O'Brien, leaves the matter of pardon up to the Board. The district attorney of Allegheny County also leaves the matter of pardon up to the Board. Since this applicant has had only one offense against society and since he desires this pardon in order that he may enter business, we feel that he has shown sufficient rehabilitation for us to recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Alfred Bloss, C-4021, No. 7787, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Alfred Bloss, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Northampton County on June 27, 1927, be commuted from life imprisonment to 26 years, 6 months, expiring on December 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age and he had no prior conviction for any offense whatsoever. He was convicted of murder in the first degree in Northampton County and at the present time he has served over twenty-six and one-half years of a life sentence.

The Board of Trustees of the Eastern State Penitentiary consider this applicant a model prisoner with an excellent disciplinary record. He only once before applied for commutation of sentence in the entire twenty-six years.

The trial judge is deceased and the present judge leaves the matter of commutation up to the Board. The district attorney of Northampton County states his office prefers to leave the matter up to the Board. Under all the circumstances, we feel he has been sufficiently punished and we recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Quitman Thomas Bruch, E-1862, No. A1538, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum

sentence of Quitman Thomas Bruch, convicted of burglary, in the Court of Quarter Sessions of Northumberland County on September 11, 1950, computed from August 17, 1950, be commuted from 5 years to 3 years, 4 months, expiring on December 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was his first major conviction. He was sentenced to not less than five nor more than ten years on a charge of burglary from his father, in which the total loot amounted to eight hundred dollars. He has made complete restitution to his father and his father has forgiven him.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent disciplinary record free from misconduct reports of any kind.

The trial judge, the Honorable Robert M. Fortney, is not opposed and the district attorney of Northumberland County is not opposed.

Since over three years has been served of his minimum sentence and since his accomplice, who was equally guilty, has already been released upon the expiration of his minimum, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Emil C. Burgy, No. 5176, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Emil C. Burgy, convicted of carrying concealed deadly weapon in Magistrate's Court of Philadelphia County on April 24, 1926; and further convicted of disorderly conduct in Magistrate's Court of Philadelphia County on December 25, 1928; and further convicted of assault to kill, conspiracy and carrying concealed deadly weapon in the Court of Quarter Sessions of Philadelphia on August 17, 1929, and further plead guilty to charges of assault to rob, entering to steal, to rob, conspiracy to rob in the Court of Quarter Sessions of Philadelphia County on August 23, 1933; and further plead guilty to charges of illegal gambling in Magistrate's Court of Philadelphia County on December 27, 1942; and further plead guilty to charges of illegal lottery in Magistrate's Court of Philadelphia County on November 14, 1943; and further convicted of operating a motor vehicle without license in the Court of Quarter Sessions of Philadelphia County on September 22, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant was involved in several offenses between 1929 and 1943, one of which was the robbery of a bank and to which the applicant plead guilty. He served his entire sentence in the case and has been freed of parole for a period of one year. He and his wife will operate a cafe in Egg Harbor, New Jersey.

This applicant has made a good rehabilitation and the Board of Parole states that he has made a good adjustment in his present capacity.

The Board feels that some consideration should be given to this applicant at this time for his honest effort to live down a very bad past, and under those circumstances we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of DeLos Burk, E-929, No. A-1458, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of DeLos Burk, convicted of larceny and burglary in the Court of Quarter Sessions of Northampton County on April 25, 1949, be commuted from 5 years to 4 years, 9 months, expiring on December 31, 1953; and further recommending that the maximum sentence of DeLos Burk, convicted of burglary, larceny and receiving, in the Court of Quarter Sessions of Lehigh County on April 4, 1949, be commuted from 3 years to 1 day, expiring January 1, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this offense arose in the Commission of eight burglaries and one larceny in Lehigh and Northampton Counties. He received consecutive sentences so that the applicant's sentence amounted to six and one-half years from March 31, 1949.

At the present time this applicant has served over four years of the six and one-half year sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant's disciplinary and adjustment reports are excellent.

The trial judge and district attorney of Northampton County are opposed, but the trial judge and district attorney of Lehigh County have no objection.

Since there is no objection to commutation of the Lehigh County sentence by the Lehigh authorities, we are recommending that the Lehigh County sentence be commuted, and since the applicant has served nearly four and one-half years of a minimum sentence in Northampton County, we are recommending, over the objection of the authorities in Northampton County, that that sentence also be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Cecil Herbert Carbaugh, E-3104, No. A-2175, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Cecil Herbert Carbaugh, convicted of larceny in the Court of Quarter Sessions of Adams County July 7, 1952, computed from June 24, 1952 be commuted from 2 years, 6 months to 1 year, 6 months expiring on December 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and this was his first criminal offense. He, and an accomplice, a brother, stole one hundred and twenty-five chickens. At the present time this applicant has served sixteen months of his minimum sentence, and if granted release will return to his rome in Mercersburg and will help to support his father. He also is offered a job in West Virginia.

The Board of Trustees of the Eastern State Penitentiary states that this applicant's disciplinary record is free from major misconducts.

Since this was applicant's first criminal offense, we believe that he received a very severe sentence. The Board feels that thirty months is an extreme sentence in this case. Under all the circumstances the Board feels that justice will be served if he is released at the expiration of eighteen months. We, therefore, recommend that the sentence be commuted to eighteen months.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Lawrence Carlini, D-8753, No. A-822, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lawrence Carlini, convicted of robbery, etc in the Court of Quarter Sessions of Philadelphia County on March 5, 1946, computed from February 9, 1946 be commuted from 20 years to 7 years, 10 months, 10 days expiring on December 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first major conviction. He, together with two accomplices, committed nine robberies over a period of three months. At the time these offenses were committed the applicant was nineteen years of age.

He has an excellent parole plan and if released will be under the direct supervision of a friend of the family and will also be given employment by him.

The Board of Trustees of the Eastern State Penitentiary states this applicant continues to receive favorable adjustment reports.

The trial judge is deceased, and the present judge has made no recommendation. The district attorney is not opposed to the granting of commutation in this case.

Since this applicant has served nearly eight years of his minimum sentence of twenty years for what is really a first major conviction, we feel that he has been very severely punished, and under these circumstances we recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of George Clark, No. A-2171, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George Clark, convicted of carrying concealed deadly weapon in the Court of Quarter Sessions of Philadelphia County on April 24, 1929; and further convicted of maintaining a disorderly house and unlawful possession of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County on April 25, 1929; and plead guilty to unlawful possession of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County on June 7, 1929; and plead guilty to unlawful possession and transportation of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County on June 7, 1929; and plead guilty to unlawful possession of intoxicating liquor and unlawful transportation in the Court of Quarter Sessions of Philadelphia County on June 22, 1929; and convicted of unlawful possession of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County on January 8, 1932, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and the only offense that he has ever had was the violation of the liquor laws, which occurred between the years 1927 and 1932. It is for these six offenses that the applicant now seeks a pardon. There is no doubt about it that during the period of time above mentioned the applicant was a bootlegger. These offenses all occurred during the prohibition era and he has been in no further difficulty.

The Board of Parole, having investigated his past circumstances, advises that the applicant has a good reputation at the present time and is well liked in his community.

The trial judge is deceased and the district attorney of Philadelphia County is not opposed to the granting of clemency. Under all the circumstances, and since this applicant has been in no further difficulty for nearly a quarter of a century, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Benjamin Curcuruto, No. A-2168, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Banjamin Curcuruto, convicted of setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County, on April 4, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he plead guilty to being a numbers writer two years ago. His representative stated that he committed these offenses while he was unemployed, but since this one offense he has avoided any further trouble with the law.

The Board of Parole states that this applicant has a good reputation, is a steady worker and presently occupies a position of trust.

In view of his obvious rehabilitation and for the sake of his wife and family we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

BOARD OF PARDONS

In re application of Thomas Cutter, D-1209, No. 5696, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Cutter, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 3, 1936 be commuted from life imprisonment to 18 years expiring on April 3, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and he was sentenced on a plea of guilty to imprisonment for life, for murder committed in the perpetration of a robbery. There is no doubt that the robbery was committed. However, this applicant, in an effort to prevent what happened, had removed the bullets from the gun, but an accomplice had replaced other bullets in the hold-up weapon.

The Honorable Vincent A. Carroll, who was assistant district attorney in the trial of this case, states that the violance occurred as a result of wild shooting which happened to be fatal.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent and outstanding disciplinary report and enjoys an outstanding reputation in that institution. He has served over one-half of his life in the Eastern State Penitentiary.

The district attorney of Philadelphia County feels that at the present time he has served almost enough, but not quite enough time. In order to give effect to the district attorney's recommendation we are recommending to your Excellency that his sentence be commuted when he has served eighteen years.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Frank J. DeLia, No. A-2144, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank J. DeLia, convicted of pool-selling and book-making in the Court of Quarter Sessions of Philadelphia County, on March 2, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and he was convicted of pool-selling and book-making. The offense occurred in 1951 and he has been in no further difficulty since that time.

The Board of Parole states that they have carefully investigated this applicant and find that he now has a good reputation in the neighborhood in which he lives. The applicant now seeks employment with the City of Philadelphia and so long as this record exists he is unable to take his civil service examination.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County is opposed although more than two years has elapsed since this offense. Under the circumstances we feel that he should be given an opportunity to better his position in life and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of James Delsimore, 8323-C, No. 6995, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Delsimore, convicted of statutory rape in the Court of Quarter Sessions of Washington County on March 29, 1940, computed from March 18, 1940, be

commuted from a maximum term of 15 years to a new maximum term of 13 years, 8 months expiring on November 18, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 18, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Spurgeon Duke, C-1602, No. A-2146, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Spurgeon Duke, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of York County on August 29, 1947, computed from March 29, 1946 be commuted from 8 years to 7 years, 9 months expiring on December 29, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this was his first major conviction. The offense occurred in a fight over money in which the applicant beat the victim and he died. At the present time he has served all but five months of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an unblemished disciplinary record and all adjustment reports are good.

The trial judge, the Honorable Judge Sherwood, leaves the matter up to the Board. The district attorney of York County believe it is premature even though his minimum sentence will expire in five months.

Under all the circumstances we believe the applicant has been sufficiently punished and had he stood trial it is possible he would not have been convicted of anything further than voluntary manslaughter. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Maurice L. Dunie, No. A-2169, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Maurice L. Dunie, convicted of conspiracy, fraudulent conversion and receiving stolen goods in the Court of Quarter Sessions of Lancaster County on September 10, 1951, computed from June 29, 1953, be commuted from 2 years to 8 months, expiring on March 1, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-one years of age and he was sentenced to a term of not less than two nor more than four years on charges of fraudulent conversion, conspiracy and receiving stolen goods. The fact is that this applicant was one of a group who conspired to defraud the Armstrong Cork Company of property by fraudulent weight slips. There were other people involved, who were all convicted of conspiracy and larceny.

This applicant, who did not start to serve his sentence until June of this year, was found to be suffering from various ailments and was transferred to the Lancaster General Hospital for an operation a few months ago, where he is presently confined.

The trial judge, the Honorable Joseph B. Wissler, is opposed to commutation, but the district attorney feels that this applicant should be treated like the other defendants. They were all released after serving eight months. The Board, therefore, recommends that the sentence of this applicant be commuted when he has served eight months, or March 1, 1954.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of William Eismann, No. A-2174, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Eismann, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Allegheny County, on August 15, 1946, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and had no prior criminal record. He plead guilty to the taking of certain automobile accessories, which resulted in his arrest and plea of guilty. He was placed on probation for a period of one year.

The Board of Parole, in investigating this applicant's

reputation, states he has an excellent reputation in the community in which he now lives.

The trial judge, the Honorable John J. Kennedy, has stated that he is not opposed to the granting of a pardon in this case. The district attorney of Allegheny County leaves this matter up to the Board.

This applicant has been in no further difficulty for over seven years. He is subject to deportation as a result of the passage of the McCarran Act and since he is a long time resident of Pittsburgh he does not wish to be deported to his native Czechoslovakia. Since he has only this one offense we recommend that the pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Alvin Engler, Jr., No. A-954, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Alvin Engler, Jr., convicted of murder in the first degree in the Court of Oyer and Terminer of Northampton County on April 21, 1941, computed from February 28, 1941, be commuted from life imprisonment to 12 years, 10 months, expiring on December 28, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he had no prior criminal record. This offense occurred when he was nineteen years old. The offense for which he stands committed is the killing of an uncle who kept him in not only poverty, but in virtual slavery. In the present day and age it is hard to believe that there can be such sadists in the world as this victim and his early demise was looked upon with not too much misgiving.

This boy, nineteen years of age, was illiterate. A shredded mattress on the floor served as the applicant's bed. His bed clothes were old coats and burlap bags. There was such poor heating arrangements in the home that both applicant and victim were forced to sleep in their clothes. The only fuel in the home was wood.

The rest of the history shows that this applicant would be locked in the house and that if neighbors had not fed him he would have starved. He has an excellent institutional record in the Northampton County Prison where he has become literate. It was through his intervention that the lives of two guards in that institution were saved in an incipient riot.

Not only the neighbors, but all the authorities, recommend that this applicant be given serious consideration and that commutation of sentence be granted.

The trial judge, the Honorable William G. Barthold, has written the Board and states that in this instance, even though only twelve years and eight months have passed, he feels so strongly in the light of applicant's past record in the institution and the saving of the lives of the guards, that he would not object and leaves it to the discretion of the Board. The district attorney of Northampton County has written the Board and recommends that commutation be granted.

Under all the circumstances the Board is of the opinio that this applicant has been sufficiently punished, and is to his everlasting credit that he saved two lives althoug one person's life was taken which caused his imprison ment. Nevertheless having served over twelve years unde all the circumstances we believe this applicant has bee sufficiently punished, and we recommend that his sentenc be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Peter Evancho, C-9232, No. A-216 November Session, 1953.

To His Excellency, the Governor of the Commonwealth Pennsylvania:

Sir: The above application having been heard, upon du public notice, in open session, the undersigned membe of the Board of Pardons recommend that the minimu sentence of Peter Evancho, convicted of murder in th first degree in the Court of Oyer and Terminer an Quarter Sessions of Luzerne County on October 6, 193 be commuted from life imprisonment to 20 years, months, 10 days, expiring on December 16, 1953.

Our reasons for making this recommendation are a follows:

This applicant is sixty-six years of age and he had n prior criminal record. He got into an argument with h fiancee, a struggle started for a gun, it went off and th fiancee was murdered. The applicant has now serve over twenty years of a life sentence, this being his fir application to the Board of Pardons for commutation.

The Board of Trustees of the Eastern State Peniten tiary states this applicant has a perfect disciplinary re ord and receives excellent adjustment reports.

The trial judge, the Honorable B. R. Jones, is decease and the present judge has no comment to make. The di trict attorney of Luzerne County has no recommenda tion as he is not familiar with the case.

The Board feels that this applicant has been sufficientl punished and that nothing like this will ever agai occur and since he has served over twenty years, the recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of James W. Hawthorne, D-5814, N A-2162, November Session, 1953.

To His Excellency, the Governor of the Commonwealth Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James W. Hawthorne, convicted of robbery, together with other persons, in the Court of Quarter Sessions of Montgomery County on June 6, 1941, computed from May 17, 1941, be commuted from 15 years to 12 years, 7 months, expiring on December 17, 1953; and further recommend that the maximum sentence of James W. Hawthorne, convicted of robbery, etc., in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on October 6, 1941, computed from May 17, 1956, be commuted from 2 years to 1 day, expiring on December 18, 1953, and the maximum sentence to be served concurrently, be commuted from 2 years to 1 day, expiring on December 19, 1953.

Our reasons for making this recommendation are as follows:

This applicant is sixty-six years of age and this was the third time he received a substantial prison sentence. Under the circumstances this applicant did receive a very severe sentence. He was sentenced to not less than sixteen nor more than thirty-two years probably because he had seven prior arrests and two convictions.

The Board of Trustees of the Eastern State Penitentiary states that this applicant's disciplinary record is above reproach.

The trial judge, the Honorable George C. Corson, leaves the matter up to the Board and the district attorney is opposed.

At the present time he has served over twelve and one-half years of his minimum sentence. In fact he has now served all but thirteen years of his minimum sentence. Since he now served all but thirteen years with an excellent institutional record, and this is the first time he has applied to the Board of Pardons for relief, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Edward Hingst, No. 9812, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward Hingst, convicted of pandering in the Court of Quarter Sessions of Allegheny County, on July 2, 1948 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and this was his first major conviction for any offense. He was convicted of the offense of pandering and was sentenced to a term of not less than two nor more than four years. At the present time he has served his maximum sentence and has been freed of parole for approximately two years.

Since his release the applicant has maintained a good reputation in the community, and he has married. He and his wife desire to move to the State of California, where both he and the wife own property, and where he would be in a position to better maintain himself than at present. He, however, does not wish to go with this sentence over him.

Since this applicant, according to the record of the Board of Parole, has rehabilitated himself and since he desires to go to the State of California freed of any record in Pennsylvania, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Elmer Johnson (Johnston) 509-B, No. 2016, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the maximum sentence of Elmer Johnson (Johnston), convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on February 23, 1923, be commuted from a maximum term of life imprisonment to a new maximum term of 30 years, 9 months expiring on November 23, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Paul Vincent Jones, Jr. E-3465, No. A-2154, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul Vincent Jones, convicted of burglary

and larceny in the Court of Oyer and Terminer and Quarter Sessions of Lancaster County on January 2, 1953, computed from December 13, 1952 be commuted from 1 year, 6 months to 1 year expiring on December 13, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and had no prior criminal record. He was apprehended while committing a burglary and larceny in the victim's home under the guise of a photograph salesman. At the present time he has served over eleven months of a minimum sentence. This is his first offense of any nature.

The applicant's home is in Milwaukee, Wisconsin and if released he will go to live with his parents in that state. His parole plan is approved and he will be under the supervision of his parents.

The trial judge, the Honorable Oliver S. Schaeffer, is opposed. The district attorney has no objection. The Board of Trustees of the Eastern State Penitentiary states this aplicant has an excellent disciplinary record.

We feel that since he is a first offender and since he has served two-thirds of his sentence, and since he will be paroled to Wisconsin, he has been sufficiently punished, and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Thomas Kelly, E-915, No. A-2161, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Kelly, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on February 28, 1949, computed from February 11, 1949 be commuted from 7 years, 6 months to 4 years, 10 months expiring on December 11, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty years of age and he has no prior criminal record. He and three accomplices committed a series of seven burglaries and were apprehended as they committed the last offense. Two accomplices received a sentence of not less than two and one-half nor more than five years, which has been served. For some reason this applicant was sentenced to serve not less than seven nor more than fifteen years and at the present time he has served nearly five years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant's disciplinary record has been excellent and adjustment has been above reproach.

The trial judge is deceased and the district attorney of Philadelphia is not opposed. The Board of Pardons is of the opinion that since this applicant has served nearly five years of a minimum sentence of seven and one-half years, he has been sufficiently punished and we, therefore, recommend that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Clement Lubeskie, D-9676, No. A-2189, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clement Lubeskie, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on June 9, 1947, computed from March 15, 1947 be commuted from 10 years to 6 years, 9 months expiring on December 15, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and had no prior criminal record. He, and three accomplices, committed a burglary entering two taprooms and upon apprehension the applicant plead guilty to the commission of these offenses. Both of the accomplices have already had their sentences commuted, one in May of this year, and the other in November three years ago. At the present time, this applicant has served six years eight months of his minimum sentence of ten years.

The Board of Trustees of the Eastern State Pentitentiary states this applicant has an unblemished disciplinary record.

The trial judge is no longer on the bench and the present judge has no opinion. The district attorney of Delaware County is not opposed to the granting of this commutation.

Since both the accomplices have had their sentences commuted, and since this man had no prior criminal record, and he has an excellent institutional record, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Oscar McCray, 638, No. A1220, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Oscar McCray, convicted of murder in the second degree in the Court of Oyer and Terminer of Allgheny County on May 4, 1948, computed from No-

vember 8, 1947 be commuted from 8 years to 6 years 1 month 10 days expiring on December 18, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he had no prior criminal record. He and the victim got into a fight after he had been drinking and the victim was knocked down by the applicant, and he subsequently died. At the present time he has served six years of his minimum sentence of eight years.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record. There is no evidence to indicate that he was involved in the recent riot.

The trial judge, the Honorable Walter Smart, has not advised the Board of Pardons of his position in this matter. The district attorney of Allegheny County is opposed to clemency.

Since there was no real intent to commit this offense and it was done while the applicant was under the influence of intoxicating liquor, we feel that he has been sufficiently punished for a first offense, and we recommnd that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Eugene M. McCreary, 2957-C, No. A 2172, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Eugene M. McCreary, convicted of rape in the Court of Oyer and Terminer of Allegheny County on December 10, 1952, be commuted from 1 year 6 months to 1 year 10 days expiring on December 20, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first conviction for any offense whatsoever. He plead guilty to a charge of rape and was sentenced to a term not less than one and one-half nor more than three years. At the present time he has served nearly one year of his minimum sentence. He is married and has two children.

This applicant has an excellent record in the Western State Penitentiary. The trial judge, T. M. Marshall, has not made his position known to the Board. The district attorney of Allegheny County leaves the matter of clemency to the Board.

Since this was the applicant's first conviction for any offense and since he has had a good record and has served nearly two-thirds of his minimum sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Paul G. McKim, D-8142, No. 9177, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul G. McKim, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Chester County on February 19, 1945, computed from November 4, 1944 be commuted from 10 years to 9 years 1 month 10 days expiring on December 14, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years for murder in the second degree, for the killing of his wife, who had advised the applicant that a gentleman friend, with whom she and the applicant had been visiting in the evening, could call at her home at any time. This lead to an argument, a struggle for a gun, and finally the fatal shooting of his wife.

At the present time this applicant has served over nine years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an unblemished disciplinary record and is considered an outstandng prisoner.

The trial judge, the Honorable W. Butler Windle, has made no comment. The district attorney of Chester County has not seen fit to advise the Board of his position in the matter.

Under all the circumstances, therefore, the Board recommends to your Excellency that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Jack Richard Mell, No. A-724, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jack Richard Mell, convicted of burglary and larceny in the Court of Oyer and Terminer and Quarter Sessions of Berks County on June 16, 1948 be commuted from 4 years to 8 months 20 days expiring on December 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he was sentenced in Bucks County to a term of not less than six nor more than twelve years on charge of burglary and larceny. After having served approximately four and one-half years of this sentence the Board of Pardons granted commutation. However, approximately four months before the sentence of six to twelve years had been imposed, this applicant had been sentenced to a term of not less than four nor more than twelve years. When the Board of Pardons commuted the sentence of six to twelve years no mention was made of the fact that the applicant had three years seven months two days yet to serve on this minimum sentence. Therefore, he was returned to the Berks County Prison for the purpose of serving the balance of this sentence.

He has an excellent institutional record in the Berks County Prison and the board is of the opinion that this applicant had received a very "salty" sentence. Under the circumstances it was the intention of the Board of Pardons that the Berks County sentence would have been included in the commutation. For that reason we recommend that at this time the sentence of four to twelve years, imposed June 16, 1948, be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph Murphy, D-4860, No. 6313, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Murphy, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 16, 1940, computed from September 27, 1939 be commuted from 15 years to 14 years 3 months expiring on December 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and this was his first conviction for any offense whatsoever. He was sentenced to a term of not less than fifteen nor more than thirty years on charges of murder in the second degree. At the time of his sentence the trial judge stated that had the police in this offense carried out their sworn duty it is doubtful whether or not this applicant would have been imprisoned. He had asked the police to aid and assist him in getting his wife to leave her paramour, but when the police refused to help him, a shooting occured in which both the wife and her paramour were killed.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent and unblemished disciplinary record, and enjoys an outstanding reputation for cooperation and attitude.

The trial judge, the Honorable Frank Smith, has written a letter to the Board in which he recommends that clemency be granted in this matter. The district attorney is not opposed to the granting of clemency.

Since this applicant has served over fourteen years of a minimum sentence of fifteen years, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Walter Mutz, 6991-C, No. 6641, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Walter Mutz, convicted of larceny, receiving stolen goods, entering a building, in the Court of Quarter Sessions of Allegheny County on September 23, 1938, computed from June 10, 1938, be commuted from a maximum term of 16 years to a new maximum term of 15 years 6 months, expiring on December 10, 1953.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 10, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Myrl F. Ohm, E-2666, No. A-1683, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minmum sentence of Myrl F. Ohm, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Bucks County on November 28, 1951, computed from November 7, 1951 be commuted from 3 years to 2 years 1 month 10 days expiring on December 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction, the other offenses being military offenses while the applicant served with the armed forces in 1943 to 1949. This applicant committed offenses in Bucks and Lehigh Counties but he asks only that the Bucks County sentence be commuted.

The Board of Trustees of the Eastern State Penitentiary states that this applicant's disciplinary record and adjustment reports are excellent.

The trial judge, the Honorable Hiram H. Keller, has written the Board and the applicant's representative that he leaves the matter of commutation up to the Board of Pardons.

Under all the circumstances, and since this applicant will be required to serve a sentence of six months in Lehigh County, we are recommending that the sentence of Bucks County be commuted but that the applicant be required to return to Lehigh County for the sentence which he must serve there.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Jacob Schuler, E-2881, No. A-2156, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jacob Schuler, convicted of assault and battery, aggravated assault and battery and rape in the Court of Quarter Sessions of Philadelphia County on March 14, 1952, computed from October 4, 1951 be commuted from 3 years to 2 years 2 months 10 days expiring on December 14, 1953.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and this was his first conviction for any offense. He did, however, have two juvenile arrests that resulted in suspended sentences.

The Board of Trustees of the Eastern State Penitentiary state that this applicant's disciplinary record is free from misconduct reports and adjustment and attitude are reported favorably.

The trial judge, the Honorable Joseph Sloane, has not advised the Board of Pardons of his position in this matter and the district attorney, after reviewing the facts for the Board, stated that his office was not opposed to the granting of clemency in this matter.

We feel that the applicant has been sufficiently punished under all the circumstances and since he has served over two-thirds of his minimum sentence we recommend that his sentence be commuted.

In re application of Sylvester Smith, E-979, No. A-1680, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Sylvester Smith, convicted of murder in the second degree in the Court of Quarter Sessions of Dauphin County on March 24, 1949, computed from December 7, 1948, be commuted from 8 years to 5 years, 10 days, expiring on December 17, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he had no prior record. He was sentenced to a term of not less than eight nor more than twenty years on a charge of murder in the second degree, which was known in Dauphin County as the "piggy bank" murder. The applicant plead guilty and was sentenced to a term of not less than eight nor more than twenty years.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent disciplinary record.

The trial judge, the Honorable Paul G. Smith, has stated to the Board of Parole that he is opposed to commutation. The district attorney, who appeared personally before the Board, stated that he left the matter of commutation up to the Board and then later stated his position as being in favor of commutation.

This man has now served over five years of his minimum sentence. The Board is of the oponion that since he has an excellent institutional record and since the district attorney feels that this applicant was probably not completely to blame, that some clemency may be had at this time. In view of the further fact that he will be fifteen years on parole the Board recommends to your Excellency that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Andrew Speck, E-3175, No. 975, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons, recommend that the minimum sentence of Andrew Speck, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer, and Quarter Sessions of Philadelphia County on August 23, 1935, computed from August 23, 1952, be commuted from 10 years to 1 year 4 months, expiring on December 23, 1953; and further recommend that the maximum sentence of Andrew Speck, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and

Terminer and Quarter Sessions of Philadelphia County on August 23, 1935, computed from August 23, 1962, be commuted from 10 years to 1 day, expiring on December 24, 1953.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and his prior record is not much to recommend this application. However, at the present time he has served over eighteen consecutive years in the Eastern State Penitentiary. These offenses, for which he was sentenced, occurred in 1935, when there were six hold-ups in which this applicant was involved.

The Board of Trustees of the Eastern State Penitentiary states this applicant has had long and faithful service as a yard laborer and has in addition demonstrated ability and willingness to do hard work.

This applicant is now in middle life and knows that if he violates parole, which is being recommended, that he will possibly spend the rest of his life in prison.

The trial judge is deceased. The district attorney recommends clemency. The Board also recommends clemency in this matter, realizing that if this applicant engages in any further anti-social conduct he will probably spend the rest of his life in prison, and this should be suffiicent deterent to cause him to continue the reformation which he has shown during the past eighteen years. We, therefore, recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Harry Tucker, No. A-2179, November Session, 1953 .

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Harry Tucker, convicted of aggravated assault and battery in the Court of Quarter Sessions of Philadelphia County, on February 20, 1939 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and he had no prior criminal record. He was convicted on a charge of aggravated assault and battery, growing out of an alleged fight. The only damage done in the fight was the breaking of teh victim's false tooth plate which damage the applicant restored by having the plate repaired. This occurred over fourteen years ago and he has been in no further trouble.

The trial judge, the Honorable Francis Shunk Brown, Jr., leaves the matter of pardon up to the Board. The district attorney Philadelphia County is not opposed to the granting of clemency. Under all the circumstances we feel that a pardon should be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Daniel Williams, C-8024, No. 5075, November Sessions, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel Williams, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 23, 1932 be commuted from life imprisonment to 21 years 7 months expiring on December 23, 1953.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and he was convicted of murder in the first degree. There is no doubt about that fact that this was a premediated crime, but at the present time he has served over twenty-one and one-half years at the instituion.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an unblemished disciplinary record and they consider this applicant to be one of the outstanding inmates.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County is not opposed.

The Board feels that this applicant, having served over twenty-one and one-half years with an excellent institutional record, deserves clemency and we, therefore, so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of St. Clair Wilson, 2107-D, No. A-2158, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of St. Clair Wilson, convicted of assault and battery, aggravated assautl and battery, attempted rape, assault and battery, to ravish, rape, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 13, 1939, computed from December 5, 1939, be commuted from a maximum term of 15 years to a new maximum term of 14 years expiring on December 13, 1953.

Our reasons for making this recommendation are as follows:

The Board of Pardon has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The

Board of Parole has favorably recommended this action to the Board of Pardons afte reviewing his record. But for this action the applicant, because of his sentence, would remain parole until December 5, 1954.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Frazier Wise, E-3749, No. A-2191, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frazier Wise, convicted of robbery in the Court of Oyer and Terminer of Philadelphia County on June 9, 1953 be commuted from 1 year to 9 months expiring on March 9, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he had no prior criminal record. He was in economic difficulty and entered a yellow cab, took twenty dollars from the driver, and after spending eight dollars for medicine for his sick children, his conscience bothered him and he gave himself up to the Taxi Company and returned twelve dollars. He has now served over five months of a minimum sentence of one year.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent disciplinary record and has adjusted well.

His former employer is willing to help him rehabilitate himself. The trial judge, the Honorable Fred W. Davis, has not advised the Board of his position, as he was visiting judge. The district attorney of Philadelphia is not opposed and leaves the matter of commutation up to the Board.

The Board is of the opinion that this applicant received a very severe sentence in light of it being his first offense and we, therefore, recommend that his sentence be commuted when he has served nine months of his minimum sentence.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Amos Lee Young, E-1327, No. A-2190, November Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Amos Lee Young, convicted of burglary, larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on October 26, 1949, computed from September 27, 1949 be commuted from 5 years to 4 years, 3 months, expiring on December 27, 1953.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has no prior criminal record. He and two accomplices committed a series of burglaries over a period of two months. He was sentenced to a term of not less than five nor more than ten years. At the present time he has served over four years two months of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent disciplinary record.

The trial judge is deceased and the present judge has made no comment. The district attorney of Philadelphia County is not opposed.

Since this applicant has no previous record and since he has now served over four-fifths of his minimum sentence we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Charles William Bowes, C-9682, No. 4911, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles William Bowes, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 10, 1934 be commuted from 20 years to 19 years, 9 months, expiring on February 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and he had six convictions. The offense for which he now seeks commutation was committed in 1934 when he was sentenced to a term of not less than fifteen nor more than thirty years on charges of robbery, armed with an offensive weapon.

This applicant's minimum sentence was committed on July 7, 1943 and he was released on parole on August 17, 1943. He has now been on parole for nearly nine years. Part of the time since then was served in the Eastern State Penitentiary because of parole violation.

This applicant is residing in New Jersey and while at first his attitude towards parole agents was decidedly resentful, the last report we have is that he has continued to cooperate fully. In fact, he has become a pillar

in his community, is held in high regard and esteem by his neighbors.

The trial judge, the Honorable Raymond MacNeille, states he will be satisfied with the judgment of the Board, and the district attorney is not opposed if he has a good parole record, which he does.

Since this applicant has an excellent record for over ten years we feel that he can be safely removed from parole supervision and we, therefore, recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Broadus Brock, E-2264, No. A-2137, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Broadus Brock, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on April 4, 1951, computed from February 16, 1951 be commuted from 5 years to 3 years expiring on February 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and he had no prior convictions. He was sentenced to not less than five nor more than ten years on charges of conspiracy and robbery, armed with an offensive weapon. He, together with two accomplices, robbed a dress shop and stole money and dresses. He plead not guilty but a jury found him guilty and sentenced him as above.

This applicant has now served nearly three years and the Board of Trustees of the Eastern State Penitentiary states his disciplinary record is unblemished and adjustment reports are favorable.

The trial judge, the Honorable Byron A. Milner, states he should serve his minimum sentence and the district attorney of Philadelphia County is not opposed to clemency.

In view of the fact that this applicant has now served three years with an excellent institutional record we believe he has been rehabilitated and we, therefore, recommend that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD. JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Earl Augustus Butler, Jr., E2786, No. A-2208, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Earl Augustus Butler, convicted of voluntary manslaughter in the Court of Quarter Sessions of Dauphin County on January 18, 1952, computed from June 30, 1951 be commuted from 4 years to 2 years 7 months expiring on January 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his first conviction for any offense whatsoever. In this case the victim and the applicant were drinking. They were brothers and they got into a drunken brawl and one brother stabbed the other one.

The applicant is now confined at Graterford where he is a trusty and working outside the walls of the institution. The Board of Trustees states he has an excellent and unblemished disciplinary record.

Neither the trial judge, the Honorable Walter R. Sohn, nor the district attorney of Dauphin County, are opposed ot the granting of commutation.

Under the circumstances we believe this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

In re application of Frank Capodanno, No. A-2240, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Capodanno, convicted of keeping gambling house in the Court of Quarter Session of Allegheny County, on March 17, 1943 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and this is the only offense for which he has ever been convicted. He was the bartender in a place of business where gambling was being conducted. A raid was held and he was arrested.

The applicant is now employed by the City of Pittsburgh and the City Treasurer's Office and if granted this pardon will be in a position to improve his position. He has been in no further difficulty for six years. He has a good reputation in the community in which he lives.

Since he has not been in any further difficulty for more than fifteen years, we feel that he should not be prevented from getting ahead in life because of this conviction. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of William Henry Chapman, C-9671, No. 6121, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Henry Chapman, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 4, 1934 be commuted from life imprisonment to 19 years 9 months expiring on February 4, 1954.

Our reasons for making this recommendation are as follows:

This applicant is seventy-seven years of age and this was his first major conviction. He plead guilty to murder generally and was found guilty of murder in the first degree and was sentenced to life imprisonment.

He has an excellent institutional record. However, at the present time he is confined to a wheel chair and is in the hospital block because of his heart condition. He has served over nineteen years of a life sentence.

The trial judge is deceased and the district attorney of Philadelphia County is not opposed.

Since he has served approximately twenty years of a life sentence, and has a heart condition, we feel that he should be given some consideration at this time, and, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

The above recommendation is approved:

BOARD OF PARDONS

In re application of William Davis, 6976-C, No. 6588, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Davis, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 13, 1932, be commuted from a maximum term of life imprisonment to a new maximum term of 21 years 8 months, expiring on January 13, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of John DiBattista, D-7272, No. A-108, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John DiBattista, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on July 1, 1943, computed from June 8, 1943 be commuted from 15 years to 10 years 8 months expiring on February 8, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was not the first time he committed an offense. He, with six accomplices, committed a series of burglaries and when apprehended he pleaded guilty. He was sentenced to not less than fifteen nor more than forty-five years, on charges of robbery, armed with an offensive weapon. The loot involved amounted to approximately seven thousand dollars.

When this applicant was first incarcerated he had several misconducts, but now his custodial officer reports that there has been a marked change in the attitude of this prisoner and he is now cooperative and seemingly well adjusted.

The trial judge is deceased and the present judge, the Honorable Joseph L. Kun, leaves the matter up to the board, as he has no record of the facts, The district attorney of Philadelphia County recommends clemency.

Since this applicant has now served over ten years of his minimum sentence and since he now has an excellent institutional record, and in view of the fact that the sentence he received was the most severe of the group, we believe that his sentence should be commuted and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

BOARD OF PARDONS

In re application of Edward M. Elias, C-1597, No. A-2238, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward M. Elias, convicted of rape, fornication, aggravated assault and battery and assault and battery in the Court of Oyer and Terminer of Beaver County on March 29, 1950 be commuted from 5 years to 3 years 10 months expiring on January 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he had no prior criminal record. He was sentenced to a term of not less than five nor more than ten years on charges of rape and assault and battery.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record. There is no evidence that he was involved in the riot of January 1953.

Both the trial judge and the district attorney of Beaver County leaves the matter of commutation up to the Board. The Board feels that since this applicant was a first offender he received a very substantial sentence and since he has an excellent institutional record, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

The above recommendation is approved:

BOARD OF PARDONS

In re application of David Lee Ellison, 7997, No. A-2246, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Lee Ellison, convicted of killing a human being in mistake for game in the Court of Quarter Sessions of Chester County on September 22, 1953 be commuted from 2 years to 4 months expiring on January 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age and he had no prior criminal record. In September of this year he was sentenced to a term of two years on charge of killing a human being in mistake for game. The victim was his brother.

The Board is of the opinion that this is a very harsh law that requires a person to be sent to prison because he mistakenly kills another person. There is no doubt that this applicant was sufficiently punished the day the offense was committed because of the great remorse he must have had in killing his brother. There was no animosity between the victim and this applicant and it was a true case of mistake. Thus we feel that this applicant suffered all the necessary punishment when he committed the offense.

The trial judge, the Honorable W. Butler Windle, has made no recommendation in this matter and the district attorney of Chester County has not advised this office of his opinion.

Since this applicant has been sufficiently punished by the mere happening of this offense, we cannot see that further imprisonment can add in his rehabilitation and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

In re application of Louis Factor, No. 9756, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Louis Factor, convicted of robbery and assault in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on January 2, 1947 be commuted from 20 years to 7 years, 1 month, expiring on February 2, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he had no prior criminal record. He was sentenced to not less than seven nor more than twenty years on charges of robbery. After having served over three years of his minimum sentence this sentence was commuted.

This applicant has been on parole approximately four years and during that time he has shown excellent work habits and good cooperation. The Board of Parole has no objection to the commutation of maximum sentence.

The trial judge, the Honorable Henry G. Sweney, recommends commutation of maximum sentence and the district attorney of Delaware County has no objection. Since he has had a good record on parole for more than three years and since the Board of Parole advises it is not against release from parole, we recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

In re application of John Joseph Fare, No. A-2248, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that John Joseph Fare, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Philadelphia County, on December 9, 1948 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he had no prior criminal record. He and three accomplices held up a poolroom and robbed card players of the sum of $540.000. Later they attempted to hold up another fellow, who escaped. When apprehended, ten minutes after the second attempt, and within an hour of the first offense, he plead not guilty. Later the applicant changed his plea to guilty and was sentenced to not less than one nor more than ten years. All this occurred over five years ago, in 1948. He had been drinking at the time.

This applicant served his minimum sentence and was released on parole in November 1949. He has been on parole four years, and has been in no further trouble.

This applicant, we understand, was in the Army at 14 years of age.

Since this applicant has been in no further trouble and since his behaviour on parole has been excellent and since the sentencing authorities do not oppose, we hereby recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Joseph H. Fischer, E-3510, No. A-2205, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph H. Fischer, convicted of robbery and burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 30, 1953, computed from January 7, 1953 be commuted from 1½ years to 1 year, 20 days, expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty years of age and he had no prior criminal record. He and two accomplices, held up three places robbing them of loot amounting to approximately five hundred dollars. He was sentenced to not less than one and one-half nor more than three years. At the present time he has served nearly one year of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant's performance report is good, and his disciplinary record and adjustment have been good also.

The trial judge, the Honorable Theodore L. Reimel, leaves the matter up to the Board and the district attorney of Philadelphia, while he feels the application is premature, leaves the matter up to the Board.

Since this applicant has an excellent institutional record and since he has now served nearly two-thirds of his minimum sentence, and since the sentencing authorities leave the matter up to the Board, we hereby recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Michael Foti, 5072-A, No. 7639, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Michael Foti, convicted of robbery, in the Court of Oyer and Terminer of Berks County on April 12, 1939, computed from February 23, 1939, be commuted from maximum term of 20 years to a new maximum term of 14 years 11 months, expiring on January 23, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 23, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Samuel J. Frederick, D-9691, No. A-1169, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel J. Frederick, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 17, 1947, to be commuted from February 8, 1947 be commuted from 10 years to 7 years expiring on February 8, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he had no prior

criminal record. He and three accomplices held up a real estate office and took $100.00 in cash and $2,000. in jewelry. When apprehended he plead guilty and was sentenced to not less than ten nor more than twenty years.

The Board of Trustees of the Eastern State Penitentiary states this applicant's adjustment reports indicate he is a cooperative prisoner, and an unblemished disciplinary record has been established.

The trial judge, the Honorable J. C. Crumlish, is opposed but the district attorney of Philadelphia County is not opposed.

Since this applicant has now served seven years of his minimum sentence and since he has an excellent institutional record we believe he has been sufficiently punished and we, therefore, recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Melvin E. Good, No. A-2234, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Melvin E. Good, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Berks County on June 14, 1948, computed from March 20, 1948 be commuted from 7 years 6 months to 5 years 11 months expiring February 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he had one prior arrest in 1947 before becoming involved in this offense. He, together with two accomplices, committed a series of four holdups during a period of ten days. In one of these offenses one of the victims was shot at and the victim in turn shot at the applicant hitting him and causing him to be taken to the hospital where he remained for several days. Upon his release from the institution in March 1950, this applicant secured a job with a contractor but in 1951 he secured a job as a truck driver.

This applicant has been in no further difficulty and the trial judge does not advise us of his position. The district attorney of Berks County is opposed to the commutation of maximum sentence on the grounds that this applicant lacks stability. The Board is of the opinion that he shows sufficient stability and since he has but approximately one year and ten months more on parole, we cannot see that he would acquire any more stability than he has at the present time. Under the circumstances, we recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of David Gooseberry, C-4928, No. 5779, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Gooseberry, convicted of murder in the first degree in the Court of Quarter Sessions of Philadelphia County on November 14, 1928 be commuted from life imprisonment to 25 years 3 months expiring on February 14, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-four years of age and he has no prior conviction. He plead guilty to murder generally and the court determined the degree of crime to be murder in the first degree and sentenced him to life imprisonment.

This offense grew out of an altercation between the applicant and his landlady when he demanded the return of money paid for a room and which he did not occupy. When the landlady went in and closed the door the applicant fired through the door. The victim, attracted to the scene by the screams of bystanders, observed the applicant running and gave chase. The applicant turned and fired, killing the victim almost instantly.

This applicant has been in the institution twenty-five years and the Board of Trustees states his record has been free from serious reports during more than twenty-four years. All adjustment reports are excellent.

The trial judge, the Honorable Frank Smith, is not opposed to the granting of commutation provided the applicant leaves the jurisdiction. The district attorney of Philadelphia County is not opposed to clemency.

Since this applicant has an excellent instiutional record and since he has served over twenty-five years of a life sentence, we feel that he has been sufficiently punished and if released will not again offend against society. We, therefore, recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of James Haith, No. A-2155, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that James Haith, convicted of violating firearms act in the Court of Quarter Sessions of Allegheny County, on December 17, 1946 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and this was

his first conviction. He was sentenced to probation for a period of one year for violating the Witkin's Firearms Act. At the time this offense occurred he had a loaded revolver on his person.

The Board of Parole has indicated this applicant has a good reputation in his community. The trial judge, the Honorable Sara M. Soffel, is not opposed to a pardon and the district attorney advises that since he has been in no further difficulty for seven years, he leaves the matter of pardon up to the Board.

Under all the circumstances we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Steven Harper, A-14297, No. A-2225, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons, recommend that the maximum sentence of Steven Harper, convicted on 3 indictments of burglary, larceny and receiving stolen goods in the Court of Oyer and Terminer of Erie County on September 17, 1925, be commuted on Bill No. 91 from a maximum term of 8 years to a new maximum term of 5 years 1 month 24 days, expiring on January 24, 1954; and commuted on Bill No. 93 from a maximum term of 4 years to a new maximum term of 1 day, expiring on January 25, 1954; and commuted on Bill No. 94 from a maximum term of 3 years to a new maximum term of 1 day, expiring on January 26, 1954; and that the minimum sentence of Steven Harper, who plead guilty to a charge of indictment of breaking and escaping prison in the Court of Quarter Sessions of Centre County on November 24, 1952, be commuted on Bill No. 94 from a minimum term of 3½ years, to be served consecutively, to a new minimum term of 1 day, expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age and he has had quite an extensive criminal record, which culminated in these two offenses. Following his escape from Pennsylvania in 1925 this applicant was arrested in North Carolina, where he was sentenced to a term of not less than thirty, nor more than forty years. After serving more than twenty-one years of this sentence applicant was returned to Pennsylvania where he was required to serve the balance of his eleven year minimum. At the present time, he has served approximately five years of this sentence. He is over fifty-five years of age and desires to return to North Carolina where he will be in a position to support his mother, who is over eighty years of age.

Neither the trial judge, nor the present judge, of Erie County have made any comment. As to the escape, Judge Ivan Walker of Centre County and district attorney Willard, both state they will not oppose commutation and recommend that the sentence be commuted.

Since this applicant has served over five years of a combined minimum of seven and one-half years, the Board feels that he has been sufficiently punished, together with the fact that he has spent nearly twenty-one years in an institution in North Carolina, and recommends commutation, therefore, in order that he may go back to North Carolina.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Floyd Heitzenrater, 101-D, No. 6522, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Floyd Heitzenrater, convicted of statutory rape in the Court of Oyer and Terminer of Elk County on April 17, 1941, computed from February 26, 1941, be commuted from a maximum term of 15 years to a new maximum term of 12 years 11 months expiring on January 26, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 26, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Matt Hodak, No. 3953, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Matt Hodak, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County, on February 3, 1933 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty-four years of age and this was his only conviction for any offense. He was convicted on somewhat dubious testimony of murder in the first degree. The applicant is a Croatian and desires to become an American citizen before he dies. His health is very poor. At the present time he is a patient at the Pittsburgh Tuberculosis Sanitorium.

Ray Sprigle, of the Pittsburgh Post Gazette, has made an interesting study of this applicant's case and the questions he raises concerning the testimony makes it dubious whether a correct verdict was reached in this case.

The district attorney of Allegheny County recommends that a pardon be granted and the trial judge, the Honorable J. Frank Graff, likewise recommends the same. Since this may have been a case of mistaken identity and since he has been on parole for over four and one-half years, and since his chances of recovery are poor, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of James O. Hofecker, C-1337, No. A-1490, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James O. Hofecker, convicted of burglary, larceny, receiving stolen goods in the Court of Quarter Sessions of Westmoreland County on August 29, 1949, computed from June 25, 1949 be commuted from 5 years to 4 years, 7 months, expiring on January 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and this is his first major conviction. He was sentenced to serve not less than five nor more than ten years for the taking of several motors and furniture. He made full restitution before he appeared before the Court and then he was given the sentence set forth above. We feel that was a very severe sentence for the amount of property involved.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record.

The trial judge, the Honorable Richard D. Laird, leaves the matter of commutation up to the Board, as does the district attorney of Westmoreland County.

Since this applicant has served over four-fifth of his minimum sentence, we feel that he has been sufficiently punished and under the circumstances we recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of John Hoopengardner, C-883, No. A-181, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Hoopengardner, convicted of murder in the second degree in the Court of Oyer and Terminer of Fulton County on October 8, 1948, computed from August 3, 1948 be commuted from 10 years to 5 years, 6 months, expiring on February 3, 1954.

Our reasons for making this recommendation are as follows:

This applicant is eighty-eight years of age and he was sentenced to a term of not less than ten nor more than twenty years on charges of second degree murder. The evidence in this case was completely circumstantial, but nevertheless the jury convicted him and on that basis we must make our present recommendation. He has had an excellent institutional record and the trial judge, the Honorable W. C. Sheely, makes no recommendation although he is inclined to oppose the commutation. The district attorney of Fulton County is opposed to commutation. However, the Board feels that this man should be given commutation of sentence because of his advanced age and the fact that he has an excellent institutional record. We believe that five years service in the penitentiary for one his age is equivalent to ten years for a younger person.

This applicant is bed-fast in the prison hospital and no further good can come from keeping him confined. We, therefore, recommend that his sentenced be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Harry Hoover, 6803-A, No. 3301, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harry Hoover, convicted of robbery, at No. 75, December Sessions, 1930, of Allegheny County on January 7, 1931, be commuted from a maximum term of 40 years to a new maximum term of 23 years, expiring on January 7, 1954; and further convicted of robbery at No. 79, December Sessions, 1930, of Allegheny County on January 7, 1931 be commuted from a maximum term of 20 years to a new maximum term of 1 day, expiring on January 8, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 7, 1980.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

BOARD OF PARDONS

In re application of Thomas Mitchell Irwin, B-7202, No. 2897, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Thomas Mitchell Irwin, convicted of burglary and receiving stolen goods in the Court of Oyer and Terminer to No. 12 February Session, 1940, of Allegheny County on April 19, 1940, computed from January 18, 1940 plus backtime, be commuted from 5 years to 1 month, expiring January 31, 1954; and further recommend that the minimum sentence of Thomas Mitchell Irwin, who plead guilty to prison breach in the Court of Quarter Sessions to No. 653, April Session, 1940, of Allegheny County on April 30, 1940, be commuted from 10 years to 1 day, expiring February 1, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and he was sentenced on an escape from the Allegheny County Jail while awaiting trial on the perpetration of robbery of two Pennsylvania Liquor Stores where approximately $15,000 in loot was stolen.

At the present time this applicant has served fourteen years of a total of approximately twenty-six years. We feel that this applicant received a very substantial sentence and since he is now over forty-four years of age, we feel that he should be given some consideration since if he again becomes involved with the law he will have over fourteen years back-time to serve. This should be a determent to any man, and since his accomplice Dugan, who was equally guilty, has been freed after serving only five years, we feel this applicant has been sufficiently punished.

The Board of Trustees of the Western State Penitentiary state this applicant's institutional record has been excellent, and there is no evidence that he was involved in the riot.

The trial judge is deceased and the present judge has no recommendation to make. The district attorney objects to the granting of clemency.

The Board, however, is of the opinion that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Carlisle Jones, 6958-C, No. 6579, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Carlisle Jones, convicted of entering with intent to steal and larceny in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 4, 1938, computed from Janhary 28, 1938, be commuted from a maximum term of 20 years to a new maximum term of 16 years, expiring on January 28, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 28, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Albert La Bov, E-3358, No. A-2215, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Albert La Bov, convicted of attempted sodomy, etc. in the Court of Quarter Sessions of Philadelphia County on November 10, 1952, computed from November 7, 1952 be commuted from 3 years to 1 year, 6 months, expiring on May 7, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he had no prior criminal record. He was convicted on several charges of sodomy, contributing to the delinquency of a minor child and indecent assault, and sentenced to not less than three nor more than six years.

At the present time this applicant has served over one year of his minimum sentence. The Board of Trustees of the Eastern State Penitentiary states this applicant's performance report is very good and his disciplinary and adjustment reports are excellent.

At the present time this applicant has served over one year of his minimum sentence and the trial judge, the Honorable George Gowen Parry, feels that this applicant should serve his minimum, but the district attorney of Philadelphia County is not opposed. However, the district attorney feels this applicant should have psychiatric care.

The Board, however, feels that this applicant should serve at least one-half his minimum sentence and we, therefore, recommend that he be released when he has served one and one-half years of his minimum sentence.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Harold G. Leyda, C-2362, No. A-2069, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harold G. Leyda, convicted of larceny in the Court of Quarter Sessions of Washington County on September 11, 1951 be commuted from 3 years to 2 years 5 months expiring on February 11, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he is serving a sentence of larceny. He was an inmate of the Rockview Prison at the time of the riot and very greatly assisted the Commonwealth in the riot cases. In fact, he was a state witness, appearing against those who participated in the riot. As a result he has been put in jeopardy of his life to such an extent that he has been kept in solitary confinement. This has added greatly to the burden of his punishment and the Board is of the opinion that some consideration should be given for his aid to the Commonwealth.

The Board of Trustees of the Western State Penitentiary now feels that his commutation has some merit.

The trial judge, the Honorable Carl E. Gibson, has no recommendation to make and the district attorney of Washington County is opposed, as he was at the last meeting.

However, under the circumstances set forth above the board feels that this applicant should be given some consideration because of the nature of his confinement since he attempted to aid the Commonwealth, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Franklin J. Lichty, E-2281, No. A-2216, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Franklin J. Lichty, convicted of burglary and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on October 30, 1952 be commuted from 2 years to 1 year 3 months expiring on January 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age and he has no prior criminal record. He entered a gasoline station and robbed it of items totalling $463. He was sentenced to serve not less than two nor more than five years when he entered a plea of guilty.

At the present time he has been confined for more than one year of his minimum sentence. He is married and has grown children married.

The trial judge, the Honorable Joseph L. Kun, recommends the granting of commutation and the district attorney of Philadelphia is not opposed.

Since this applicant has served nearly two-thirds of his minimum sentence and since the sentencing authorities do not object to his release, we hereby recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Ammon Franklin Loss, E-3163, No. A-2053, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ammon Franklin Loss, convicted of accessory before the fact to robbery while armed in the Court of Oyer and Terminer of Union County on August 18, 1952, computed from August 12, 1952 be commuted from 3 years 6 months to 1 year 6 months expiring on February 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was his first offense whatsoever. He, together with two accom-

plices, attempted to rob a business establishment in Union County. One of the peculiar things about this case is that this applicant had never before been in any difficulty and when his representative was asked what his difficulty seemed to be, he advised the board that it was intoxicating liquors.

At the present time this applicant has served approximately one and one-half years of a minimum three and one-half year sentence, and he has a wife and three children, all of whom are in need of his help.

The trial judge, the Honorable William L. Showers, has informed the board that he leaves the matter up to the board, and the district attorney of Union County also leaves the matter of commutation up to the board.

Since this applicant has probably learned his lesson and has promised to leave intoxicating liquor alone, we feel that for the sake of this applicant's family we can recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Albert Joseph Marano, No. A-2218, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Albert Joseph Marano, convicted of assault and battery and enticing a minor in the Court of Quarter Sessions of Philadelphia County on February 29, 1929; and further plead guilty to charges of aiding and abetting a lottery in the Court of Quarter Sessions of Philadelphia on June 4, 1941; and further convicted of refilling used liquor bottles on April 21, 1948 in the Court of Quarter Sessions of Philadelphia, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and he has no convictions prior to the time these offenses occurred. In 1929 he was placed on probation for a period of one year on charges of enticing a minor, and in 1941 he was found guilty on charges of lottery and sentenced to serve sixty days in the Philadelphia County Prison, and in 1946 he was found guilty of refilling registered bottles and sentenced to pay a fine of $100 and costs.

This applicant operates a hardware store at the present time and has been in this business for over eleven years. He has been in no further trouble.

He and his wife have in their home, a three year old boy brought over from Italy as a displaced person by the Catholic Children's Bureau, and the applicant is anxious to legally adopt him. To do so he must first obtain a pardon. The trial judge, the Honorable Frank Smith, feels that this applicant should be a good moral risk, but the district attorney is opposed to the granting of pardon.

The board, however, feels that since this applicant has been in no further trouble and since he wishes to adopt the boy he has been keeping for the past two years, these offenses should not be held against him. We, therefore, recommend a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles Blaine McDowell, E-1657, No. A-1739, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Blaine McDowell, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on April 2, 1952, computed from March 17, 1952 be commuted from 2 years to 1 year 10 months 10 days expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty years of age and he had no prior criminal record. He, and eight accomplices, committed a series of burglaries and larcenies. The loot amounted to approximately two thousand dollars in merchandise, and when apprehended he plead guilty and was sentenced to not less than two nor more than four years.

At the present time this applicant has served nearly two years of his minimum sentence.

The trial judge, the Honorable Eugene V. Alessandroni, has no opinion to state, and the district attorney is not opposed.

The Board feels that since this applicant had no prior criminal record and since he has served nearly all of his minimum sentence, he has been sufficiently punished and we, therefore, recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Joe Mihalcin, 9735-A, No. 4293, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joe Mihalcin, convicted of murder, first degree, in the Court of Oyer and Terminer of Mercer County on July 7, 1930, be commuted from a maximum term of life imprisonment to a new maximum term of 23 years 6 months, expiring on January 7, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles J. Moyer, 2028-C, No. 6370, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles J. Moyer, convicted of robbery, and murder, second degree, in the Court of Allegheny County Oyer and Terminer on January 24, 1933, be commuted from a maximum term of 20 years to a new maximum term of 6 years 13 days, expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 25, 1967.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Louis Murkli, 7926-C, No. 7709, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Louis Murkli, convicted of burglary, larceny, receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Bucks County on September 4, 1946, be commuted from a maximum term of 10 years to a new maximum term of 7 years 6 months, expiring on January 22, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 22, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of John E. Murphy, E 18, No. A-1131, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John E. Murphy, convicted of robbery, armed with an offensive weapon, conspiracy to commit felony and violation of the Firearms Act in the Court of Quarter Sessions of Philadelphia County on November 17, 1947, computed from November 6, 1947 be commuted from 8 years to 6 years 3 months expiring on February 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and he had no prior criminal record. He, together with an accomplice, was arrested and it was ascertained that he had black masks, automatic pistol and rifle, both fully loaded, in the lock-box of the Market Street Subway. There was also a wrist watch in the lock-box and a cab-driver testified that the applicant, and his accomplice, had held him up at point of guns, took $20.00 cash and his wrist watch.

The applicant plead guilty and was sentenced to not less than eight years nor more than sixteen, and his accomplice received a similar sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant's disciplinary record has been excellent and he is a cooperative and well adjusted prisoner.

The trial judge, the Honorable Raymond MacNeille, leaves the matter up to the Board and the district attorney of Philadelphia also leaves the matter up to the Board.

Since this applicant has now served over six years of his minimum sentence and since he has an excellent in-

stitutional record, we are of the opinion that his sentence should be commuted and we so recommended to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Daniel Orloff, No. A-2194, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Daniel Orloff, convicted of gambling in the Court of Quarter Sessions of Philadelphia County, on November 16, 1945 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and he had no prior criminal record. In 1945 he was arrested, with ten others, for placing a bet on a baseball game. He plead not guilty and on conviction was fined one hundred dollars and placed on probation for one year.

At the present time this applicant resides in a good residential section of Philadelphia and is the owner of a bar, employing two persons. He has been in no further trouble.

The trial judge, the Honorable Harry S. McDevitt, is deceased and the present judge, the Honorable Joseph L. Kun, recommends a pardon be granted. The district attorney of Philadelphia is not opposed.

The Board feels that this applicant, who has completely forsaken any interest in gambling, and has gained the respect of his community as a businessman and law-abiding citizen, should be granted a pardon, and we so recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Arthur Osmin, No. A-2220, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Arthur Osmin, convicted of larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on August 13, 1935 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he has had three prior convictions. However for one of the convictions he received a pardon from the State of New York. Now, under the McCarren Act he is liable to deportation to Estonia, a country now under Russian domination, unless he receives a pardon for the offense which was committed in Pennsylvania. This consists of a minor larceny and receiving stolen goods when two suits and a watch were taken from the victim. This occurred in 1935. He received a sentence of probation for three years. With the exception of the offense in New York State he has been in no further difficulty.

The Board of Parole, upon investigation finds that this applicant has been in no further trouble and his reputation is satisfactory. He is self-employed as a contractor. He is married and has one daughter.

The trial judge is deceased and the present judge leaves the matter up to the Board. The district attorney of Philadelphia County is not opposed.

The Board, in view of all the circumstances, and in order to save this applicant from deportation, recommends that a full and complete pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Thomas Parisse, No. A-2198, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas Parisse, convicted of setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County on September 30, 1948; and plead guilty to charges of setting up an illegal lottery and conspiracy on March 26, 1951, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and in 1943 he was found guilty of a disorderly conduct charge and fined ten dollars. The applicant was found guilty of lottery on four occasions and sentenced to pay various fines, but was given no prison sentence. He has complied with the sentences by paying these fines.

The Board of Parole advises us that the applicant's next door neighbor described him as a good neighbor. He is married and has three children. He is employed in his father's meat market, but desires a pardon to go into the real estate business.

The trial judge leaves the matter up to the Board and the district attorney has no objection.

The Board feels that since this applicant has been in no further trouble and since he desires a pardon to better his position in life, the offenses he committed should not be held against him and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Harold C. Parmenter, No. A-2197, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harold C. Parmenter, convicted of burglary and larceny in the Court of Quarter Sessions of Bradford County on May 5, 1950, computed from May 2, 1950 be commuted from 10 years to 3 years 9 months expiring on February 2, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he had no prior criminal record. He, and an accomplice, stole milk from the victim to the extent of six cans. The purpose of the larceny was to provide milk for children of applicant's friend.

He has been on parole for approximately three years and has been in no further difficulty. The Board of Parole states that he has made a good adjustment on parole and the trial judge, the Honorable William M. Rosenfield, has stated he leaves the matter of commutation of maximum sentence up to the Board. The district attorney of Bradford County, however, is opposed to the granting of relief.

However, under all the circumstances the Board feels that he has been sufficiently punished, and that further supervision will be of no avail. Therefore, since he has made a good adjustment on parole, and since the trial judge leaves the matter up to the Board, we recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Jack F. Perkins, No. A2231, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Jack F. Perkins, convicted of bookmaking in the Court of Quarter Sessions of Philadelphia County, on March 17, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this was his first major conviction. He was arrested in 1949 on charges of bookmaking and plead guilty. He was sentenced to pay a fine of one hundred dollars, but was never confined in prison.

This applicant is married and has two children. He also furnishes partial support to his parents. He has been in no further trouble and has become partner and owner of a restaurant and a check cashing service. He finds it difficult to obtain credit necessary to the operation of his business and desires a pardon to remove this difficulty. Furthermore his son, who will soon be entering college, might suffer unless the stigma of these past events are erased.

The trial judge is retired and the present judge makes no comment. The district attorney of Philadelphia is not opposed.

The Board, under all the circumstances, recommends that a full and complete pardon be granted by your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Argel Phillips, C-2517, No. A-2230, December Session, 1053.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Argel Phillips, convicted of forgery of check in the Court of Westmoreland County to No. 36 May Session 1952 on February 28, 1952, computed from December 28, 1951, be commuted from 3 years to 2 years 1 month, expiring on January 28, 1954; and that the maximum sentence of Argel Phillips, convicted of forgery in the Court of Allegheny County to No. 56 March Term 1952 on April 17, 1952, to be served concurrently, be commuted from 4 years to 1 year 9 months 11 days expiring on January 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this is his first conviction for any offense whatsoever. He was sentenced to a term of not less than five nor more than ten years from Westmoreland County and Allegheny County for issuing a series of bad checks totalling $350.00. Perhaps the reason for this sentence was he had been arrested on one previous bad check charge about three months before his arrest in the first of these offenses.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record and they feel that his previous conduct was brought on by drinking and gambling and associating with people of low character.

The trial judge, the Honorable Edward G. Bauer, has no objection to commutation of sentence at this time, and the district attorney of Westmoreland County recommends commutation be granted on the basis of the fact of detainers from other counties, and one from Maryland.

Under the circumstances we feel that since this applicant has served over two years of his minimum sentence, consideration should be given to his release at this time. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Daniel Piccarelli, No. 4530, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Daniel Piccarelli, convicted of murder in the first degree in the Court of Oyer and Terminer of Philadelphia County on December 10, 1932 be commuted from life imprisonment to 21 years 2 months expiring on February 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was his first major conviction. In 1932 he was convicted of murder in the first degree and sentenced to life imprisonment in the Eastern State Penitentiary. In 1946 his sentence was commuted and he was released on parole. This applicant has been on parole for seven years and he desires commutation of maximum sentence so that he will not have to make regular reports. The Board of Parole has no objection to commutation of his maximum sentence and advises that his cooperation has been satisfactory.

At the present time this applicant is in the Merchant Marines and spends most of his time at sea. He is married and has a daughter living in Illinois at the present time.

The Board of Parole feels that this applicant has made a very sincere effort to effect a satisfactory parole and adjustment and the Board feels that he is completely rehabilitated and will not again offend against society. Therefore, it is recommended that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Edward Pishney, 9310-A, No. 4843, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Edward Pishney, convicted of robbery, in the Court of Oyer and Terminer of Allegheny County on January 7, 1931, be commuted from a maximum term of 20 years to a new maximum term of 3 years 1 month, expiring on February 7, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 7, 1961.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of John Herron Pope, No. A-2239, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Herron Pope, convicted of public indecency in the Court of Quarter Sessions of Northampton County, on March 31, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty years of age and he had no prior criminal record. He was sentenced for several acts of public indecency while attending Lafayette College. After being apprehended he plead guilty and was placed on probation for a period of one year. He has since gone to California where he is now attending Claremont College. He expects to graduate there in June, 1954.

The trial judge, the Honorable William G. Barthold, leaves the matter of pardon up to the Board. The distirct attorney of Northampton County advises the granting of pardon.

Since this applicant received psychiatric care after his aberration we feel that he has made a sufficient recovery and should be granted the pardon that he seeks herein.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

BOARD OF PARDONS

In re application of William Pryor, D-9015, No. A-472, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Pryor, convicted of robbery, armed with an offensive weapon, carrying concealed deadly weapons in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on July 11, 1946, computed from June 22, 1946 be commuted from 10 years to 7 years 7 months expiring on January 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he had no prior convictions. He was arrested for robbery, armed with an offensive weapon and carrying concealed deadly weapons. He had been drinking and plead guilty when apprehended. He was sentenced to not less than ten nor more than twenty years.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an unblemished disciplinary record and all adjustment reports are excellent.

The trial judge, the Honorable Raymond Mac Neille, is opposed but the district attorney of Philadelphia is not opposed to the granting of clemency.

At the present time this applicant has served over seven years of his minimum sentence and the Board feels he has been sufficiently punished. Therefore, it is recommended that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph Rafter, 6689, No. A-2244, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Rafter, convicted of rape in the Court of Quarter Session of Northampton County on July 30, 1952 be commuted from 2 years to 1 year 10 months 15 days expiring on June 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he had no prior record. He plead guilty to commission of forcible rape upon apprehension. However, since his incarceration in the Northampton County Prison he has served as librarian and has assisted in editing a newspaper and has joined the Alcoholics Anonymous. From all indications he is ready to be released to society and he has now served nearly three-fourths of his minimum sentence.

The trial judge, the Honorable William A. Frack, is opposed and so is the district attorney of Northampton County, but the Board feels that since this was applicant's first offense against society that he has been sufficiently punished and will not again commit offenses of any nature. Under all the circumstances we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Joseph Reese, B-8868, No. A-1751, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Reese, convicted of robbery and burglary in the Court of Oyer and Terminer of Allegheny County on November 4, 1943, computed from October 14, 1943 be commuted from 19 years to 10 years 4 months expiring on February 14, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this is his first major conviction for any offense. He has now served over ten years of his minimum sentence of nineteen years on charges of robbery and burglary.

The Board of Trustees of the Western State Penitentiary states this applicant is considered a good inmate. There is no evidence to indicate he was involved in the riot of January 1953.

The trial judge is deceased and the present judge has no recommendation to make. The district attorney is not opposed as he states this applicant is a good inmate and he feels he has had a change of heart and will not again offend against the law. Under the circumstances we feel this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

BOARD OF PARDONS

In re application of Louis A. Ronzoni, E-754, No. A-2229, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis A. Ronzoni, convicted of robbery, etc. in the Court of Quarter Sessions of Philadelphia County on December 29, 1948, computed from December 17, 1948

be commuted from 10 years to 5 years, 2 months, expiring on February 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his second offense. He violated a parole by this offense and has now served over one-half of his minimum sentence. At the time of the incarceration this applicant had just become twenty-one years of age, and the offenses all took place prior to his reaching his majority.

The applicant feels that he did receive a very substantial sentence for having committed this one robbery and the Board is inclined to agree that had he not been on parole for carrying a concealed deadly weapon sentence he would probably not have received any greater sentence than his accomplices. One accomplice was sentenced to a term of not less than three nor more than ten years, which has been served. The other accomplice was sentenced to a term of not less than five nor more than ten years, which also has been served.

The Board of Trustees of the Eastern State Penitentiary states this applicant's disciplinary record is free from major misconduct reports.

The trial judge has not given any opinion in this matter. The district attorney of Philadelphia County recommends that the sentence be commuted.

The Board feels that this applicant did receive a very substantial sentence and since he served over one-half of it with an excellent record, we are recommending that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph Rosa, No. 3824, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Rosa, convicted of attempting to enter a building with intent to commit a felony in the Court of Quarter Sessions of Allegheny County on October 12, 1926; and further convicted of malicious destruction of property by explosives in the Court of Quarter Sessions of Allegheny County on December 13, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age and he was convicted of offenses in the Courts of Allegheny County, one of which caused him to be a parole violator and he served in addition to the minimum sentences imposed, of one and one-half to ten and two to four, a sentence of one year one month for parole violation. These offenses occurred in 1926 and 1935.

Since that time the applicant has been self employed and he has not been involved in any trouble whatsoever. In 1949 this applicant suffered a severe heart attack and since that time he has been supported by his children. He bears an excellent reputation in the community in which he lives and the reason this applicant seeks a pardon is that he has been proceeded against under the McCarran Act of 1952 by the United States Department of Justice and, unless a pardon is granted, he will be returned to Italy whence he was brought by his father when but a child. In fact, this applicant was of the opinion that he was an American citizen until the matter of deportation was raised.

For a person who suffers from a heart condition of the severity of this man's case, deportation to Italy, where he knows no one and not even the language, would be the equivalent of a sentence of death. Under these circumstances, neither the present judge nor the district attorney have any objections and we, therefore, recommend that a full and complete pardon for all offenses in Pennsylvania be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Docray Shepherd, 6275-D, No. 8142, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Docray Shepherd, convicted of robbery, receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on January 27, 1938, be commuted from a maximum term of 20 years to a new maximum term of 16 years, expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 25, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of George C. Shotwell, 6493, No. A-1346, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George C. Shotwell, convicted of burglary and larceny in the Court of Quarter Sessions of Northampton County on April 19, 1950, computed from January 29, 1950 be commuted from 5 years to 4 years, expiring on January 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he had no prior record. He, and five accomplices, broke into five different places and committed burglary and larceny. Upon his apprehension, he plead guilty and was sentenced to not less than five nor more than ten years. At the present time he has served more than three years of his minimum sentence. All the accomplices, with the exception of two, received shorter sentences. Two accomplices received the same sentence as this applicant.

The trial judge, the Honorable William G. Barthold, feels that this applicant should serve his minimum sentence and the district attorney of Northampton County is also opposed to commutation.

However, the Board feels that since he had no prior record, and since he has served four-fifths of his sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Thomas Sines, 6688, No. A-2243, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Sines, convicted of rape in the Court of Quarter Sessions of Northampton County on July 30, 1952 be commuted from 2 years to 1 year, 10 months, 15 days, expiring on June 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he had no prior record. He plead guilty to commission of forcible rape upon apprehension. He has an excellent record in the Northampton County Prison, and from all indications he is ready to be released to society. He has now served nearly three-fourths of his minimum sentence.

The trial judge, the Honorable William A. Frack, is opposed and so is the district attorney of Northampton County, but the Board feels that since this was applicant's first offense against society that he has been sufficiently punished and will not again commit offenses of any nature. Under all the circumstances we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Daniel J. Smart E-2346, No. A-2210, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel J. Smart, convicted of rape in the Court of Quarter Sessions of Philadelphia County on November 14, 1952 be commuted from 2 years to 1 year, 8 months, expiring on July 14, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty years of age and has had no prior criminal record. Applicant states that he was with two accomplices who are alleged to have committed a rape, but that the applicant did not actually commit rape. This statement is supported by the District Attorney of Philadelphia County. Nevertheless, this applicant was convicted and sentenced to a term of not less than two nor more than four years.

The trial judge opposes this petition. The District Attroney is not opposed, and in view of the applicant's not having committed any of the offense as charged, and at the present time he has served a year and seven months, we feel that he has been sufficiently punished. We, therefore, recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of William Daniel Stansbury, C-7905, No. 6003, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Daniel Stansbury, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on April 1, 1932 be commuted from life imprisonment to 21 years, 10 months, expiring on February 1, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and he had no serious criminal record. However, he had been convicted of a charge of robbery in 1930 prior to the commission of this offense. The victim, on two occasions, attempted to fight with this applicant, and the applicant, knowing the victim's nature, had tried to avoid the

fight. Neverthless, the victim was fatally stabbed, and the applicant was taken into custody.

During the past twenty-one years and more, the applicant has had the best prison record that it is possible to have, being spoken of as a model prisoner and one that is cooperative in all respects.

The trial judge, the Honorable Roger Fronfield, is deceased and the present judge makes no recommendation. The district attorney of Delaware County is not opposed.

Since this applicant has now served almost twenty-two years of a life sentence, we believe he has been sufficiently punished, and we, therefore, recommend that his sentence be commuted.

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Carmen Suero, 94972, No. A-2214, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Carmen Suero, convicted of robbery in the Court of Quarter Sessions of Delaware County on January 9, 1953, computed from July 19, 1952 be commuted from 2 years to 1 year, 7 months, expiring on February 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first conviction for any offense whatsoever. He, and an accomplice, robbed a check casher of approximately ten thousand dollars, which was found in his possession at the time of his arrest. This applicant comes from a good family and there seems to be no way to explain his conduct. He is married and has one daughter, age fifteen months, who is being supported by his mother. If released he will work with his mother at their fruit stand on South Ninth Street, Philadelphia.

The trial judge, the Honorable William R. Toal, has recommended that this applicant serve one and one-half years, and the district attorney of Delaware County has no objection. Since he has now served more than one and one-half years, we are recommending that his sentence be commuted.

In re application of Roger Thomas, 139-D, No. 8037, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Roger Thomas, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on January 28, 1944, be commuted from a maximum term of 25 years to a new maximum term of 10 years 1 month, expiring on January 29, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until Dceember 29, 1968.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Jack Cawley Toerner, E-3512, No. A-2209, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jack Cawley Toerner, convicted of assault, robbery, armed robbery, etc., in the Court of Quarter Sessions of Philadelphia County on January 30, 1953, computed from January 7, 1953, be commuted from 1½ years to 1 year 1 month expiring on February 7, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and this was his first conviction for any offense whatsoever. He, and two accomplices, committed an assault with intent to rob and the two accomplices actually did commit the robbery. He received the same sentence as the two who were actually guilty.

At the present time this applicant has served one year of his minimum sentence.

The trial judge, the Honorable Theodore L. Reimel, did not advise the Board of his position and the district attorney of Philadelphia County leaves the matter of commutation up to the Board.

Since this was the applicant's first conviction for any offense whatsoever and since he was less culpable we feel that he should be given consideration at this time, and we, therefore, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Frank Verdi, No. 802, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Verdi, convicted of murder, in the second degree in the Court of Quarter Sessions of Philadelphia County, on June 5, 1931 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and he had no prior criminal record. He plead guilty to a charge of murder generally and was found guilty of murder in the second degree, and sentenced to not less than three nor more than six years. The victim in this case was a blackmailer, who had threatened the applicant's life and had actually fired a shot.

The Board of Trustees of the Eastern State Penitentiary states this applicant is no longer on parole and they refer the Board to the recommendation of the Board of Parole. The Board of Parole states this applicant has a good reputation since his release over nineteen years ago.

The trial judge, the Honorable Raymond MacNeille, wrote the Board in 1932 stating that he felt this applicant should have as low a sentence as possible without encouraging the idea that one might take the law in their own hands. At the present time he leaves the matter of pardon up to the Board. The district attorney of Philadelphia County is opposed.

Under all the circumstances we feel that this applicant has been sufficiently punished. He has atoned for his offense and since he now has a good reputation we recommend that a pardon be granted.

GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Henry Williams, 1671-D, No. 6573, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Henry Williams, convicted of entering to steal and larceny in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 4, 1938 be commuted from a maximum term of 30 years to a new maximum term of 16 years, expiring on January 28, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 28, 1968.

In re application of Omurl Williams, 6601-A, No. 4124, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Omurl Williams, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 4, 1927, be commuted from a maximum term of life imprisonment to a new maximum term of 26 years 10 months, expiring on January 4, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of John Henry Zimmer, 5647, No. A-2212, December Session, 1953.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Henry Zimmer, convicted of involuntary manslaughter, failure to stop at scene of an accident, operating a motor vehicle while intoxicated in the Court of Quarter Sessions of York County on December 27, 1952 be commuted from 1½ years to 1 year, 3 months, expiring on January 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and he had no prior record. The reason for his incarceration comes as a result of his being in an intoxicated condition and driving an automobile. This resulted in striking a victim, killing him and failing to stop. Although this occurred during a blinding rainstorm the fact that the applicant was intoxicated lead to his conviction.

At the present time this applicant has served over one year and three months of his minimum sentence of one year six months. To release him now is to give him credit for but three months off his minimum sentence.

Under the circumstances we feel, as does the trial judge, the Honorable Walter I. Anderson, and the district attorney of York County, that this applicant has been sufficiently punished and we recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Reuben Ash, No. A-1669, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Reuben Ash, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 25, 1949 be commuted from 6 years to 5 years, 5 months, expiring on March 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first conviction for any offense whatsoever. He was sentenced to a term of not less than six nor more than twenty years for the commission of a murder which grew out of a fight. The applicant had a shot gun with him for the purpose of having it fixed and when the victim began to shoot at the applicant, the applicant returned the fire with the shot gun, killing the victim.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has a position of responsibility and trust and has an outstanding institutional record. It recommends clemency for him.

The trial judge, the Honorable James C. Crumlish, has no recommendation to make in this case. The district attorney of Philadelphia County recommends to the Board that clemency be granted.

Since this applicant has served over five years and four months of his minimum sentence of six years, we recommend that his sentence be commuted.

In re application of George Bauman, 7111, No. A-2249, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George Bauman, convicted of robbery, receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on October 16, 1931, be commuted from a maximum term of 25 years to a new maximum term of 2 years 3 months 10 days, expiring on January 26, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 16, 1956.

For the reason that this applicant has served a long time on parole, and the further reason that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

in re application of William Brazil Brown, No. A-2262, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Brazil Brown, convicted of sodomy in the Court of Oyer and Terminer of Bucks County on May 22, 1946 be commuted from 10 years to 7 years 10 months expiring on March 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and has had no prior criminal record. He was committed for the perpetration of sodomy in 1946. At this time he was recommended for treatment by a psychiatrist. He has been undergoing treatment under a psychiatrist and we have been informed by the applicant's attorney that psychiatrists consider him cured of his sexual deviation.

The Board of Parole has not been able to give us a report on his present reputation nor have they opposed the commutation of maximum sentence in this case.

Both the trial judge and the district attorney leave the matter of commutation up to the Board.

Since this applicant has been on parole nearly seven years a favorable recommendation is made that he be removed from parole two years prior to the expiration of his present maximum sentence. We feel that he should not be granted a pardon at this time, but we do recommend that his maximum sentence be commuted.

In re application of Bruce Carter, D-713, No. 8587, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Bruce Carter, convicted of murder, in the first degree in the Court of Oyer and Terminer of Delaware County on June 13, 1935 be commuted from life imprisonment to 18 years, 9 months expiring on March 13, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and he was sentenced on a charge of murder in the first degree growing out of a murder committed during a fight over a girl. The decedent had a poor reputation and the Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record and they further state that this is a deserving case.

The trial judge is deceased and the present judge will take no position in this application. The district attorney does not object to the granting of clemency. This applican't parole plan provides that he go to the State of Illinois, and this meets with our approval.

Under these circumstances we recommend that the sentence be commuted.

BOARD OF PARDONS

In re application of Thomas Close, D-1210, No. 6040, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Close, convicted of murder in the first degree in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on April 3, 1936 be commuted from life imprisonment to 18 years expiring on April 3, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and had a bad juvenile record. However, when he was but seventeen years of age, he became involved with two older men and in the attempt to commit a robbery on the victim, an accomplice shot and killed the victim. At the present time he has served almost one-half of his life in the institution.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent institutional record and they recommend that he be given consideration.

The trial judge is deceased and the present judge, the Honorable Eugene V. Alessandroni, leaves the matter up to the Board. The district attorney of Philadelphia County is not opposed to the granting of clemency in this matter. However, we do feel that having served but seventeen years nine months of a life sentence he should serve as much time as his accomplice who was equally guilty and who had his sentence commuted after having served eighteen years. We threfore recommend that his sentence be commuted to expire April 3, 1954, when he shall have served eighteen years of his life sentence.

BOARD OF PARDONS

In re application of Lewis Francis Diddlebock, D-811, No. 6837, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lewis Francis Diddlebock, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on August 23,

1935 be commuted from life imprisonment to 18 years 7 months expiring on March 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was the first offense for which he was convicted. He acted as one of the lookouts in a Theatre-Manager holdup and at the time of the holdup one of the accomplices shot and killed the police officer who was guarding the Theatre Manager.

At the present time this applicant has served approximately nineteen years of his life sentence. He has an excellent institutional record and has made twenty-six donations of blood to the American Red Cross.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia recommends this man for clemency because of his outstanding institutional record.

Two of the accomplices, who received similar sentences, have had their sentence commuted. This applicant is the last one in the institution and since his accomplices, who were equally guilty, have been given their freedom, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Samuel Edelman, No. 9903, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Samuel Edelman, convicted of burglary in the Court of Quarter Sessions of Philadelphia County, on August 4, 1947 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is forty-three years of age and has but one major conviction. He was sentenced in November 1948 to a term of not less than six nor more than fifteen years on a charge of burglary. The facts are that this applicant rented his truck to his accomplice and the truck was used for the transportation of goods stolen in interstate commerce.

After this applicant had served approximately four years he was released on parole through commutation of his sentence. He immediately went to Florida where he reestablished himself and became affiliated in a wholesale meat business. He has progressed to the point where he is now the General Manager of this wholesale business and he desires pardon in order that he may clear his name and that of his children and so that he may expand the business in which he is presently engaged.

The trial judge, Eugene V. Alessandroni, recommends that the pardon be granted. However, the district attorney of Philadelphia County is opposed to this action.

This applicant has been in no further difficulty for nearly three years and we feel that the possibility of his again becoming involved is very remote. Under these circumstances we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Arthur Elliott, E-774, No. A-1791, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Arthur Elliott, convicted of robbery and carrying concealed deadly weapons in the Court of Quarter Sessions of Philadelphia County on January 10, 1949, computed from December 30, 1948 be commuted from 10 years to 5 years, 3 months expiring on March 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and he had no prior criminal record. He committed a robbery and although he alleges it was done while under the influence of liquor, there is no evidence of such condition in the record. However, this was but one of the factors and there was no prior criminal record. This applicant received a very substantial sentence in a ten to twenty year term.

At the present time this applicant has served more than five years of his minimum of ten years.

The trial judge is deceased and the present judge has made no comment to the Board. The district attorney of Philadelphia stated he feels this applicant received a most severe sentence for a first offender, and he stated he was not opposed to the clemency.

Under the circumstances the Board, therefore, recommends that this applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Arthur Evans, 6731-D, No. A-2273, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Arthur Evans, convicted of burglary and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 31, 1945, computed from October 21, 1945, be commuted from a maximum term of 10 years to a new maximum term of 8 years 3 months, expiring on January 21, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the

applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 21, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of John First, B-5932, No. 9737, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John First, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on July 1, 1937 be commuted from life imprisonment to 17 years expiring on July 1, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this was his first conviction for any offense whatsoever. The murder to which this man plead guilty was a murder committed in the perpetration of a holdup. The applicant's accomplice was the one who did the actual killing and he is still incarcerated.

The Board of Trustees of the Western State Penitentiary states this applicant has an excellent institutional record and there is no evidence that he was involved in the roit of January 1953. They would recommend him if he were eligible for parole.

The trial judge is deceased and the present judge has no recommendation to make. The district attorney of Allegheny is opposed to commutation at this time, feeling that it is a bit premature. The Board does feel that this application is premature. However, we are recommending that the sentence be commuted as of July 1, 1954, when this applicant will have served seventeen years of a life sentence which we do not think premature under the circumstances.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Eugene Joseph Flanagan, No. A-2275, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommends that the minimum sentence of Eugene Joseph Flanagan, convicted of larceny of auto; operating vehicle w/o consent of owner in the Court of Quarter Sessions of Philadelphia County on September 28, 1953 be commuted from 6 months to 5 months, expiring on February 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this was his first major conviction for any offense whatsoever. He was sentenced to a term of not less than six months nor more than two years in the Philadelphia County Prison for the larceny of an automobile.

The warden of the Philadelphia County Prison states that this applicant has an excellent institutional record. The trial judge, the Honorable Byron A. Milnor, has not advised the Board of Pardons his recommendations in this matter. The district attorney of Philadelphia County, however, is not opposed to the granting of clemency.

Since this applicant has now served over two-thirds of his minimum sentence with an excellent institutional record, and there is no objection from the district attorney of Philadelphia Couny, we are recommending that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Thomas Gilliard 4719-D, No. 5606, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons, recommend that the maximum sentence of Thomas Gilliard, convicted of murder, in the second degree, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on October 28, 1935 be commuted from a maximum term of 20 years to a new maximum term of 19 years, expiring on April 18, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 18, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Chester Harris, No. A-2250, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Chester Harris, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Westmoreland County on August 31, 1951 be commuted from 5 years to 2 years, 6 months, 10 days, expiring on February 13, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he had one previous conviction. He was arrested when his accomplice made a statement with regard to burglary, and was sentenced to not less than five nor more than ten years. Two of the accomplices, who were equally guilty, received a three hundred dollar fine. Because of his previous record it was felt that he was sentenced to too severe a sentence.

The trial judge and the district attorney leave the matter of clemency up to the Board.

Since this applicant has an excellent institutional record, and the authorities of Westmoreland County have no objection, we recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Joseph G. Howell, No. A-2268, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph G. Howell, convicted of robbery, armed with an offensive weapon and receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on June 28, 1949 be commuted from 8 years to 4 years, 9 months, expiring on February 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and at the present time has served nearly five years of a minimum sentence of eight years. At the time these offenses were committed by this applicant he was but a youth of seventeen years of age. He and six accomplices committed a series of burglaries and taxi cab robberies. Most of the accomplices had prior criminal records although this applicant had no prior criminal record. He was given a very severe sentence of eight to sixteen years.

The Board of Trustees of Western State Penitentiary state that this man has an excellent institutional record.

The trial judge, the Honorable A. Marshall Thompson, makes no recommendation. He does point out this applicant was in four armed robberies. The District Attorney of Allegheny County has no objection to the granting of clemency in this case.

Since this applicant has an excellent institutional record and has served nearly five years of a minimum sentence of eight years, we feel he has been sufficiently punished and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Steve Kruvczuk, also known as Stephen Kruvczuk, No. 4675, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Steve Kruvczuk, also known as Stephen Kruvczuk, convicted of assault and robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on January 6, 1939, be commuted from 20 years to 15 years 3 months expiring on March 9, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and this was his first major conviction. He was sentenced to a term of not less than three nor more than twenty years for the commission of a series of three robberies. This applicant was the driver of the get-away car. He had his minimum sentence of three years commuted to two years and seven months and he was paroled from the Eastern State Penitentiary on July 29, 1941. At the present time he has been on parole over twelve and one-half years.

The Board of Parole states that this applicant has a good reputation in the community in which he lives. He provides well for his family and maintains a good home. Applicant desires to change his name which is Polish in origin. However, in order to do so, he would have to give to the court the facts of his conviction. He has been in no further difficulty and has married and has a family of a young daughter and a son.

The trial judge, the Honorable Gerald F. Flood, has written the Board of Pardons and states that he has no objection to the granting of a commutation of his maximum sentence and the district attorney of Philadelphia County recommends that the maximum sentence be commuted.

Since this applicant has been in no further difficulty and has been on parole over twelve and one-half years, we recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Providenza Miccichi, No. 5679, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Providenza Miccichi, convicted of murder in the first degree in the Court of Quarter Sessions of Philadelphia County on April 1, 1940 be commuted from life imprisonment to 15 years expiring on June 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-eight years of age and this is her first conviction for any offense whatsoever. She was a member of the famed arsenic ring of Philadelphia County and was under the complete domination of the head of the ring, one Morris Bolber. Bolber conspired with applicant to turn over to an individual certain powders which were furnished to applicant's accomplice, who, in turn, administered them to his wife. The powders turned over to the accomplice were arsenic poison. This applicant has now served over fourteen years and eight months in the Industrial Home for Women at Muncy where she has an excellent institutional record.

The trial judge, the Honorable Louis E. Levinthal, has stated that this applicant is deserving of a penalty less severe than that imposed upon Morris Bolber or her accomplice.

The applicant is suffering from arthritis and she has a cardiac condition in addition thereto. Her family has been faithful to her through all the years of her confinement. Now at the age of sixty-eight she desires clemency in order that she may be reunited with her family.

The district attorney of Philadelphia County feels that this application is premature at the present time. We, however, agree with the trial judge that she is deserving of some consideration and we, therefore, recommend that her minimum sentence be commuted to fifteen years, expiring on June 15, 1954.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph Carl Miller, No. A-2279, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Carl Miller, convicted of perjury and bigamy in the Court of Quarter Sessions of Allegheny County, on January 23, 1936 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he had no prior criminal record. He committed bigamy by marrying a second time while his first marriage still subsisted. He is a hard worker and is an elevator dispatcher in the Union Trust Building in Pittsburgh, with twenty-four men under his supervision. He has a position offered as a special police officer in his present employment and is unable to take this job with a record still before him.

Since these two offenses grew out of the same set of facts, that is the perjury on the marriage license application and the bigamy in the commission of the second marriage, we feel that he has been sufficiently punished, and since he has been in no further difficulty for eighteen years, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Mount, No. 9864, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Mount, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 6, 1940 be commuted from 15 years to 13 years, 8 months, expiring on February 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and has a very bad prior criminal record, having four prior convictions and one parole violation. However, in this offense he plead guilty to the commission of a payroll robbery and was sentenced to a term of not less than fifteen nor more than thirty years. At the present time he has served over thirteen and one-half years of his minimum sentence. He has an excellent institutional record in the Eastern State Penitentiary and all of his accomplices with the exception of one, who is confined in Farview State Hospital, have been free.

The trial judge is deceased and the present judge, the Honorable Joseph L. Kun, places the matter of commutation up to the Board of Pardons. The district attorney of Philadelphia County is not opposed to the granting of clemency in this matter.

Since he has served such a large proportion of his minimum sentence, and the district attorney is not opposed to clemency, we are recommending that the minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Thelma R. Orr, No. A-2263, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thelma R. Orr, convicted of embezzlement and fraudulent conversion in the Court of Quarter Session of Delaware County on December 12, 1952 be commuted from 4 years to 1 year, 2 months, expiring on February 11, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and she has had no prior criminal record. She was a teller in a bank and over a period of twenty-two years she committed a series of embezzlements.

The trial judge, the Honorable Arthur P. Bretherick, has written the Board of Pardons and stated that he has no objection to the granting of clemency in this matter because, as he pointed out, in the Federal District Court a woman was sentenced to three months for embezzlement of approximately $136,000. The judge further stated that under those circumstances this applicant's sentence would have been approximately one month. At the present time she has served thirteen months of a minimum sentence of four years. The judge also said that this applicant was a person of good reputation and highly regarded by many of her fellow-townsmen and her friends. These funds, which were taken from the bank, were used to help poor people and this applicant never profited in any way from the peculations. She is willing to make restitution to the extent that she is able and to that end has advised the bonding company.

The district attorney is not opposed to the granting of clemency, and under the circumstances we feel that this applicant's sentence should be commuted, and we so recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Leon Howard Pyeatte, E-1496, No 2642, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Leon Howard Pyeatte, convicted of assault and battery and attempt to commit sodomy in the Court of Oyer and Terminer of Philadelphia County on January 9, 1948, computed from February 3, 1950 be commuted from 5 years to 4 years, 3 months, 14 days, expiring on May 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and is presently serving a sentence in the Eastern State Penitentiary on a charge of assault and battery with intent to commit sodomy. His entire appeal to this Board is based on the fact that he was not given a legal sentence from Berks County in 1932 and when that sentence is correctly computed and restated he is serving one year too long. He only asks that this one year sentence reduction be given.

The trial judge is opposed. The district attorney states that he recommends, if he is entitled to this time. The Board finds he is entitled to this one year and since he has now served over four years we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Harry W. Pitts, No. A-2271, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harry W. Pitts, convicted of highway robbery in the Court of Oyer and Terminer of Lackawanna County on November 29, 1950, computed from October 19, 1950 be commuted from 10 years to 3 years, 4 months, expiring on February 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this is the third offense that he committed. He and an accomplice compelled the victim to get into a car and after that they threatened the victim and drove into the country where they stole $54.00.

At the present time this applicant has been on parole for three years and three months and parole authorities feel that it may be premature at this time. However, he is now living in Ohio and has been released from supervision by the Ohio authorities. We get a very favorable recommendation from the people in Ohio.

The trial judge has not written to us, but the District Attorney has no objection to the granting of commutation of maximum sentence.

Since this applicant is in Ohio and will continue to remain there, we recommend that the maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Herbert Lee Pressley E-3423, No. A-2283, January 19 Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Herbert Lee Pressley, convicted of rape in the Court of Oyer and Terminer of Delaware County on December 12, 1952, computed from December 3, 1952 be commuted from 2½ years to 1 year, 7 months, expiring on June 3, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and he was sentenced to a term of not less than two and one-half nor more than seven years on a charge of rape. Under the circumstance we feel that this applicant has been sufficiently punished and the Board is dubious of the conviction although he will not go behind the jury's verdict.

The trial judge, the Honorable Arthur P. Bretherick, is not opposed to the granting of clemency and leaves that matter up to the Board. The District Attorney feels that this applicant should serve approximately one year, six months to one year seven months.

The Board of Trustees of the Eastern State Penitentiary states that the applicant has a good institutional record.

Since this applicant has an excellent record and the authorities are not opposed if he serves one year, seven months, we recommend that his sentence be commuted to June 3, 1954, when he will have served one year, seven months.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of Morton Shore, No. A-2281, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Morton Shore, convicted of sodomy in the Court of Quarter Sessions of Philadelphia County, on September 25, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has no prior criminal record. He was placed on probation for a period of five years for being a party to the commission of oral sodomy in the men's room of a North Broad Street Subway Station.

Following his probation period he received psychiatric treatment and the Psychiatric Department of the Court of Quarter Sessions in Philadelphia states that this applicant has made an excellent readjustment.

The trial judge, the Honorable James C. Crumlish, has written the Board and recommends that the pardon be granted. The district attorney of Philadelphia County also recommends that a pardon be granted.

Normally a pardon would not be granted while the applicant is on parole. However, the Board has been informed that the trial judge terminated parole on this individual on November 10, 1953, and under these circumstances we feel justified in recommending that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of Joseph Sireci, No. 5185, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Sireci, convicted of murder, in the second degree, in the Court of Oyer and Terminer of Delaware County, on October 3, 1935, be commuted from a maximum term of 20 years to a new maximum of 18 years, 11 months, expiring on April 22, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 22, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Pasquale Spina, No. A-1238, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Pasquale Spina, convicted of burglary in the Court of Quarter Sessions of Lackawanna County on February 3, 1950, computed from December 17, 1949, be commuted from 5 years to 4 years 1 month 26 days expiring on February 13, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was his first major conviction. He and three accomplices were sentenced on a plea of guilty to burglary to not less than five nor more than fourteen years. He has an excellent institutional record and the Board of Trustees of the Eastern State Penitentiary recommends his release.

The trial judge, the Honorable Michael J. Egan, leaves the matter of commutation up to the Board. The district attorney of Lackawanna County has no objection.

Since this applicant has now served over four years of his minimum sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Leo Strothers, No. A-1728, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leo Strothers, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 28, 1948 be commuted from 10 years to 5 years 10 months expiring on March 7, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of robbery, having committed a payroll hold up. Upon his apprehension he plead guilty and is now incarcerated in the Eastern State Penitentiary.

The Board of Trustees of the Penitentiary states that he has an excellent institutional record.

The trial judge is deceased and the present judge, the Honorable Joseph L. Kun, leaves the matter of commutation up to the Board of Pardons. The district attorney of Philadelphia County recommends that a pardon be granted.

Since he has served approximately six years of his minimum sentence, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Stanley Anthony Stuski, No. A-2251, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Stanley Anthony Stuski, convicted of conspiracy to set up an illegal lottery in the Court of Quarter Sessions of Philadelphia County, on August 17, 1938 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and has no prior criminal record. He was sentenced to pay a fine of one hundred dollars and placed on suspended sentence on a charge of conspiracy to set up an illegal lottery.

The Board of Parole has advised the Board of Pardons that this applicant has an excellent reputation at the present time. He is the present owner of the "Dumont Bar and Restaurant" in Philadelphia and desires this pardon in order to clear his name as well as that of his five children.

The trial judge has not advised the Board of Pardons of his feeling in this matter. However, the district attorney of Philadelphia County has stated that he is not opposed to the granting of a pardon in this case. Under these circumstances, since the offense occurred almost seventeen years ago, we are recommending that the pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Paul Joseph Walsh, No. 1903, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Paul Joseph Walsh, convicted of conspiracy in the Court of Quarter Sessions of Allegheny County, on September 29, 1932 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and he had no prior criminal record. Approximately twenty-two years ago he was charged with conspiracy to defraud the election law in placing fictitious names on the voting lists. Since this one deviation with the law he has been in no further difficulty for twenty-two years and has been a pressman for the Pittsburgh Press for over thirteen years. He is

married and has four children, and has an excellent reputation in his community.

The trial judge is deceased and the district attorney is not opposed. Under all the circumstances we feel that this applicant should be granted a pardon and we so recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of George Wilson, No. 7841, January Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Wilson, convicted of robbery in the Court of Oyer & Terminer of Allegheny County on November 26, 1930 be commuted from 10 years to 1 year, 3 months, expiring on February 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and he has been serving a sentence of not less than thirty nor more than sixty years on charges of robbery. At the present time this applicant has served over twenty-three years of his minimum sentence and he has an excellent institutional record for the past twelve years. There is no evidence that he was involved in the riot of January 1953.

The trial judge, the Honorable George V. Moore, is deceased and the present judge has made no recommendation. The district attorney was not opposed when he found that this applicant's parole plan was to go to the State of West Virginia where he will live with his aged mother.

Since this applicant has served nearly a quarter of a century we believe that he has been sufficiently punished, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Howard Black, C-2523, No. A-1829, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Howard Black, convicted of breaking and escaping prison in the Court of Quarter Sessions of Centre County on August 9, 1950, computed from March 13, 1952 be commuted from 3½ years to 2 years, expiring on March 13, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and he had been sentenced to a term of not less than four nor more than eight years on charges of robbery, etc., and while incarcerated in the Rockview Penitentiary he escaped and was given an additional sentence of not less than three and one-half nor more than seven years. At the present time he has served nearly two years of this minimum sentence so that he has now served more than six years in the institution.

The Board of Trustees of the State Penitentiary at Rockview have no objection to the granting of clemency and state there is no evidence this applicant was involved in the riot.

Neither the trial judge, nor the district attorney of Centre County have any comment to make regarding clemency.

We feel that this is a very severe sentence and since he has served two years we recommend that this sentence be commuted.

BOARD OF PARDONS

In re application of Edward John Cook, E-3023, No. A-1743, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward John Cook, convicted of murder in the second degree in the Court of Quarter Sessions of Bucks County on May 27, 1952, computed from May 3, 1952 be commuted from 2 years 6 months to 2 years expiring on May 3, 1954.

Our reasons for making this recommendation are as follows:

'This applicant is forty years of age and this was his first conviction for any offense whatsoever. He was sentenced for the murder of a man who was running around with applicant's wife. He received a very short minimum sentence but this is probably due to the fact that the circumstances were such that the trial judge felt he should not be severely punished. He does have four children, one of whom is nearly totally blind and the other is totally deaf and he is needed for the support of these children and their care and maintenance. We do feel that he must be punished for taking the law into his own hands. However, we do feel that he is entitled to some clemency in this matter.

Under these circumstances and the fact that the trial judge is no longer opposed to clemency, we recommend that clemency be granted when he has served two years of his minimum sentence.

In re application of William Coots, D-7913, No. A-972, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Coots, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 3, 1944, computed from September 26, 1944 be commuted from 10 years to 9 years 6 months expiring on March 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this was his first major conviction. He did have two prior juvenile offenses which are not considered serious. He received a very severe sentence for robbery in this matter, being not less than ten nor more than twenty years. At the present time he has served all but seven months of this sentence.

He has an excellent institutional record at the Eastern State Penitentiary and the trial judge, the Honorable Joseph Sloane, is not opposed to the granting of clemency in this matter nor is the district attorney of Philadelphia County.

Since this applicant received a very severe sentence and since he has served all but six months of ten years, we feel he has been sufficiently punished and recommend the sentence be commuted.

In re application of Roosevelt Cunningham, B-9991, No. 9012, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Roosevelt Cunningham, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on January 17, 1947, computed from August 23, 1946 be commuted from 10 years to 7 years 7 months expiring on March 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he has had a bad juvenile record but this was his first major conviction.

He was sentenced to a term of not less than ten years nor more than twenty years on charges of armed robbery. At the present time he has served three-fourths of this sentence.

The Board of Trustees of the Western State Penitentiary states that this applicant has a fair institutional record and that they would recommend him for parole.

The trial judge, the Honorable Russell H. Adams, has not advised the Board of Pardons of his feelings in this matter. The district attorney of Allegheny County, however, has advised the Board he is in favor of commutation.

Since this was the applicant's first major conviction and since he has served seven and one-half years of his minimum sentence, we recommend that his sentence be commuted.

In re application of Thomas H. Daly, No. A-2314, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas H. Daly, who pleaded guilty to fornication and bastardy, in the Court of Quarter Sessions of Allegheny County on October 9, 1935; and was convicted of assault and battery, in the Court of Quarter Sessions of Philadelphia County on September 20, 1948.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and has no prior criminal record. He is a plumbing inspector for the City of Philadelphia and has taken a civil service examination for appointment in a similar capacity with the United States Government. He however, cannot accept this position unless he receives a pardon.

He has made a full disclosure of his offenses to the board and has been in no further difficulty for a period of approximately six years.

The first offense occured nearly nineteen years ago.

Under all the circumstances we feel that this applicant has been severely punished.

The District Attorney of Philadelphia County is not opposed to clemency. We, therefore, recommend that a pardon be granted.

In re application of James Gilmore, D-9064, No. A-519, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Gilmore, convicted of robbery in the Court of Quarter Sessions of Philadelphia County on August 12, 1946, computed from July 27, 1946, be commuted from 10 years to 7 years 8 months expiring on March 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of robbery. At the present time he has served over three-fourths of his minimum sentence.

He has an excellent institutional record and occupies a position of trust in the Graterford institution. He is permitted to work outside the walls without immediate supervision and has never breached his trust.

The trial judge, the Honorable Vincent A. Carroll, has no recommendation to make. The district attorney of Philadelphia County is not opposed to clemency in this matter. We recommend that a commutation be granted.

In re application of Stanley Gordesky, B-9779, No. A-1722, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stanley Gordesky, convicted of burglary and rape in the Court of Oyer and Terminer of Allegheny County on May 28, 1946, computed from May 14, 1946, be commuted from 13 years to 7 years, 10 months, 10 days, expiring on March 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first major conviction. He was sentenced on a charge of burglary and rape for not less than thirteen nor more than twenty-six years.

At the present time this applicant has served nearly eight years of his minimum sentence.

The Board is rather doubtful that an actual rape was committed in this case and this conclusion was concurred in by the district attorney of Allegheny county.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and has no objection to his being released on parole.

The trial judge, the Honorable Walter P. Smart, states that he believes this applicant has been institutionalized for a considerable period of time and he would not object to any decision made by the Board of Pardons. The district attorney of Allegheny County has stated that he has no objection to the granting of clemency in this matter.

Since this applicant has served nearly eight years of a very long minimum sentence, we recommend that the sentence be commuted.

In re application of John Harris, E-1485, No. A-1808, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Harris, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer and Terminer of Philadelphia County on January 31, 1950 be commuted from 9 years to 4 years, 2 months, 10 days, expiring on March 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his first major conviction. He was given a term of not less than nine nor more than eighteen years on the charge of breaking into homes and stealing jewelry and other valuables. All of his accomplices received shorter sentences and since they have been released from the institution.

The Board of Trustees of the Eastern State Penitentiary states that he has an excellent institutional record.

The trial judge, the Honorable Raymond MacNeille, has advised the Board of Pardons he leaves the matter of clemency up to the Board. The district attorney of Philadelphia County is not opposed to the granting of clemency in this matter.

Since this applicant was virtually a first offender and has now served nearly one-half of his minimum sentence, we feel that he has been sufficiently punished and recommend his sentence be commuted.

In re application of William Haynes, C-9588, No. 6702, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Haynes, convicted of murder, in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 13, 1931, computed from March 13, 1934, be commuted from life to 20 years expiring on March 13, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 52 years of age and was sentenced to life imprisonment for the murder of a victim who thought that this applicant was attempting to rob a home in the vicinity of the victim's home

He has an excellent institutional record and has been in the institution for more than 23 years. The Board of Trustees of the Eastern State Penitentiary states that he has an excellent institutional record. It must be stated that he certainly has served a long period of time. The district attorney of Philadelphia County recommends that this sentence be commuted.

Since he has served nearly a quarter of century with an excellent institutional record, we believe that he has been sufficiently punished and will not again offend. We therefore recommend commutation be granted.

In re application of Marion Jenkins, No. A-1955, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Marion Jenkins, convicted of murder in the second degree in the Court of Quarter Sessions of Philadelphia County on October 28, 1952 be commuted from 3 years to 1 year 5 months expiring on March 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and this was her first major conviction. She was sentenced to a term of not less than three nor more than six years on charges of voluntary manslaughter which grew out of a fight that occurred in the applicant's own home, the victim being the aggressor in the fight.

The trial judge, the Honorable Joseph L. Kun, has no comment to make and the district attorney of Philadelphia County recommends clemency be granted in this matter.

Under the circumstances we feel that this applicant is entitled to clemency and recommend a commutation be granted.

In re application of Elmer H. Kaehl, C-2497, No. A-1747, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Elmer H. Kaehl, convicted of escaping prison in the Court of Quarter Sessions of Centre County on May 16, 1949, computed from February 24, 1952 be commuted from 5 years to 2 years, 1 month, expiring on March 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his second major conviction. He was first given a sentence of not less than five years nor more than ten years on charges of robbery and larceny and while at Rockview he escaped therefrom. He was then given an additional sentence or not less than five nor more than ten years and at the present time he has served approximately two years of this minimum sentence.

He has an excellent institutional record in the Western State Penitentiary and both the trial judge and the district attorney of Centre County have no recommendations to make in this matter, leaving the same up to the Board of Pardons.

In re application of Gordon Kossovsky, No. 8224, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Gordon Kossovsky, convicted of assault and battery with intent to rob and robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 21, 1943, computed from June 16, 1943 be commuted from 15 years to 10 years 9 months expiring on March 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was his first major conviction. He was sentenced to a term of not less than seven and one-half nor more than fifteen years on the charges of assault and battery with intent to rob, and robbery. He served eight years before being

released on parole. At the present time he has been on parole two and one-half years.

The Board of Parole of the Commonwealth of Pennsylvania states that this applicant has a good record on parole and it has no obpection to his parole being terminated in order that he may move with his parents to Florida without being under supervision. The district attorney of Philadelphia County leaves the matter of commutation up to the Board of Pardons.

Since he has a good record on parole for over two and one-half years and since he desires to move to Florida without the responsibility of parole, we recommend that the maximum sentence be commuted.

In re application of Frank Joseph Kotal, E-84, No. A-1817, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Joseph Kostal, convicted of robbery in the Court of Quarter Sessions of Philadelphia County on January 7, 1948, computed from December 3, 1947 be commuted from 15 years to 6 years, 3 months, 10 days, expiring on March 13, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his first offense. He was sentenced to a term of not less than fifteen nor more than forty years for the charge of holdup of four hotels. One of the accomplices who received a sentence of five to ten years and has already had his sentence commuted. The other accomplice is still in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary has stated that this applicant has an excellent institutional record.

The trial judge, the Honorable Frank Smith, leaves the matter of clemency up to the Board. The district attorney of Philadelphia County recommended that clemency be granted in this matter.

Since this applicant has now served over six years of his minimum sentence and since he had no prior criminal record, we feel that he has been sufficiently punished and has learned his lesson. For these reasons we recommend his sentence be commuted.

In re application of Thomas W. Moran, No. A-2311, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas W. Moran, convicted of solicitation to commit sodomy in the Court of Quarter Sessions of Allegheny County on March 11, 1953 be commuted from 2 years to 1 year, expiring on March 11, 1954.

Our reasons for making this recommendation are as follows:

This applicant is seventy-five years of age and this was his first offense against society. He was convicted of solicitation to commit sodomy on a young boy. At the present time he has served approximately one year of his minimum sentence. If released he plans to go to live in Florida with his wife. He is also suffering from angina and because of his physical condition it is doubtful if he would live out his minimum sentence.

The trial judge, the Honorable Ralph T. Bell, has made no comment, and the district attorney of Allegheny County is not opposed. Under the above circumstances and with the recommendation from the District Attorney's office of Allegheny County we recommend that this sentence be commuted.

In re application of John Moskorisin, C-2222, No. A-2305, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Moskorisin, convicted of rape in the Court of Oyer and Terminer of Allegheny County on June 4, 1951, computed from March 18, 1952 be commuted from 5 years to 2 years, expiring on March 18, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and this was his first conviction for any offense whatsoever. This applicant was found guilty of an alleged rape upon a victim. However, from all the facts presented to the Board of Pardons it would seem that this applicant was not guilty of rape but that the act was consensual.

At the present time this applicant has served two years of a minimum sentence of five years.

The trial judge is deceased and the present judge makes no recommendation in this matter. The district attorney of Allegheny County, however, stated that he was not opposed to clemency. This applicant had a very good war record and received the Presidential Citation so that under all the circumstances we feel that this applicant has been severely punished. We, therefore, recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Walter Reed, B-6734, No. A-1756, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Walter Reed, convicted of robbery, receiving stolen goods and burglary in the Court of Oyer and Terminer of Allegheny County on May 23, 1939, computed from December 3, 1941 be commuted from 35 years to 12 years, 3 months, 20 days, expiring on March 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and has had a prior criminal record. Because of this prior criminal record this applicant received a sentence of not less than thirty-five nor more than seventy years on charges of robbery and burglary. At the present time he has served fifteen years of his minimum sentence.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent instituional record and it further states that this applicant was not involved in the riots.

The trial judge is deceased and the present judge has no recommendation to make. The district attorney of Allegheny County, however, states that he believes this applicant is worthy of another chance and is not opposed to the granting of clemency. Since this applicant has served nearly one-half of a very lengthy minimum sentence, we feel that he is worthy of another chance and, therefore, will serve a long period of parole. We recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Gilbert Robinson, C-2006, No. A-417, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gilbert Robinson, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 3, 1944, computed from September 26, 1944 be commuted from 10 years to 9 years, 6 months, expiring on March 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and although he has been arrested seven times, six of these were juvenile offenses and were disposd of in juvenile courts by probation periods. He was sentenced to a term of not less than ten nor more than twenty years on the charge of robbery. At the present time he has served over nine and one-half years of this sentence.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent record. The trial judge is deceased and the district attorney of Philadelphia County recommends that clemency be granted.

Since this applicant has served all but approximately six months of his minimum sentence we recommend that the sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Joseph Rosselli, C-303, No. A-618, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Rosselli, convicted of forgery in the Court of Quarter Sessions of Allegheny County on September 4, 1947, computed from May 5, 1947 be commuted from 15 years to 6 years, 10 months, 20 days, expiring on March 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this is not the first time that he has been in difficulty with the law. However, most of his trouble has been the cashing of bad checks. He did, in this instance, cash ten checks involving approximately fifty dollars each. He received a very severe sentence of not less than fifteen nor more than thirty years. At the present time this applicant has served nearly seven years of this minimum sentence.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record but because of the length of the sentence they feel that perhaps this application is premature.

The trial judge, the Honorable Samuel E. Weiss, has written the Board of Pardons and recommends that clemency be granted. The district attorney of Allegheny County also recommends that clemency be granted in this matter.

Since this applicant has served approximately seven years of his minimum sentence of fifteen years for forging ten checks, we feel that he has been severly punished and in view of the recommendations of the authorities in Allegheny County, we recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Martin E. Sarkisian, No. A-2316, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Martin E. Sarkisian, convicted of larceny of automobile in the court of Quarter Sessions of Philadelphia County, on June 8, 1953 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is 21 years of age and has no prior criminal record. He and two accomplices borrowed a friend's car and went to a dance and when they failed to return the car, due to the fact that they had a flat tire, the friend reported the car stolen.

The accomplices were found not guilty but this applicant was not tried at the same time because he was in the Armed Forces and serving in Korea. Upon his discharge he was found guilty of this offense and placed on probation. It is interesting to note that this applicant was no more guilty than his accomplices yet he was convicted and the accomplices were found not guilty.

The Board of Parole states that this applicant has a good reputation and should be given some consideration.

The trial judge, the Honorable George G. Parry, is no longer a member of the Court and present judge leaves the matter up to the Board of Pardons. The district attorney of Philadelphia County is not opposed to clemency in this matter.

Under all the circumstances we feel that this applicant is punished more than his accomplices who are equally guilty and we feel that this is a miscarriage of justice. We therefore, recommend a pardon be granted.

Respectfully submitted.

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Phillip Fred Scasserra, 70732, No. A-1949, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Phillip Fred Scasserra, who plead guilty to burglary and larceny in the Court of Oyer and Terminer of Allegheny County on August 16, 1951, computed from July 31, 1951, be commuted from 3 years, to 2 years, 8 months, expiring on March 31, 1954; and further recommend that the minimum sentence of Phillip Fred Scasserra, who plead guilty to conspiracy to do unlawful act and larceny in the Court of Quarter Sessions of Butler County on August 31, 1951, be commuted from 3 years to 2 years, 7 months, expiring on March 31, 1954; and further recommend that the minimum sentence of Phillip Fred Scasserra, convicted of false pretence in the Court of Quarter Sessions of Allegheny County on September 23, 1953, be commuted from 3 years to 2 years. 8 months, expiring on March 31, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and has had no prior criminal record. He was sentenced to a term of not less than three nor more than six years on charges of burglary and larceny with sentence in Allegheny County. He was also sentenced in Butler County on charges of conspiracy to do unlawful act and larceny, and sentenced in Allegheny County on charges of false pretences. He also has a sentence of not less than two nor more than four years imposed by the Dauphin County Court which he will be required to serve after he finishes his sentence in Allegheny Workhouse.

The trial judge has not advised the Board of Pardons of his opinion in this matter. However, the district attorney of Allegheny County states he is not opposed to the granting of clemency in this matter.

The applicant has now served nearly his entire minimum sentence and under all the circumstances we feel that this applicant has been sufficiently punished and, therefore, recommend that his sentence be commuted

Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Frank J. Schmitt, E-977, No. A-1310, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank J. Schmitt, convicted of robbery in the Court of Quarter Sessions of Philadelphia County on March 24, 1949, computed from March 9, 1949 be commuted from 10 years to 5 years, 10 days, expiring on March 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty-five years on the charge of robbery. At the present time he has served approximately five years of his minimum sentence.

For a first offender the Board feels that this applicant received a very severe sentence. He has an excellent institutional record in the Eastern State Penitentiary, which fact was given us by the Board of Trustees.

The trial judge, the Honorable Byron A. Milner, feels that this applicant should serve his minimum sentence but we feel that he received a very severe sentence under the circumstances. The District Attorney of Philadelphia County is not opposed to the granting of clemency in this

matter and we, therefore, recommend that commutation be granted.

Respectfully submitted,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles C. Shuman, No. A-2048, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles C. Shuman, convicted of fraudulent conversion in the Court of Quarter Sessions of Lancaster County on June 11, 1952, computed from May 11, 1952 be commuted from 2 years to 1 year, 10 months, expiring on March 11, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this was his first major conviction. He obtained money through fraudulent conversion advertising that he had mortgage money to place. He collected a fee therefor and then was unable to place the mortgage. For this he received a sentence of not less than two nor more than four years. At the present time he has served all but three months of this sentence. Restitution has been made.

Under the circumstances we feel that applicant has been sufficiently punished and therefore we recommend that the sentence be commuted.

BOARD OF PARDONS

In re application of Zack Stanford, D-2945, No. A-276, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Zack Stanford, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 2, 1938, computed from February 24, 1938 be commuted from 30 years to 16 years 1 month expiring on March 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was his first major conviction. He was sentenced to a term of not less than thirty nor more than sixty years for the charge of strong armed robbery. It is believed that he and seven accomplices committed a series of robberies over a period of several months. He received a very severe sentence and all of the accomplices who were sentenced with him have either had their sentences commuted or have died in the institution. Since this applicant does not have a bad prior record we feel he should receive the same treatment as his accomplices.

The trial judge is deceased and the present judge has no comments to make. The district attorney of Philadelphia County agrees with the Board of Pardons in this matter.

Under these circumstances we recommend that this applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Thurman Tate, D-9692, No. A-383, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thurman Tate, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 17, 1947, computed from April 16, 1947 be commuted from 10 years to 6 years, 11 months expiring on March 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of robbery. At the present time he has served six years and ten months of his minimum sentence. All of his accomplices have been released or have had their sentences commuted.

The Board of Trustees of the Eastern State Penitentiary states that applicant has an excellent institutional record. The district attorney of Philadelphia County leaves the matter of commutation up to the Board of Pardons.

Since applicant has served nearly seven years of a minimum sentence of ten years and since the district attorney leaves the matter of clemency up to the Board, we feel that this applicant has been sufficiently punished and recommend that commutation be granted.

In re application of Alfred Tranter, E-784, No. A-2293, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Alfred Tranter, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 12, 1949, computed from December 31, 1948 be commuted from 10 years to 5 years 3 months expiring on March 31, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on a charge of robbery.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent institutional record.

The trial judge is deceased and the district attorney of Philadelphia County favors clemency in this matter.

Since this applicant is a first offender and has served over one-half of his minimum sentence and there are no objections from the authorities in Philadelphia County, we recommend that his sentence be commuted.

In re application of Dorsey Wright, E-910, No. A-1463, February Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Dorsey Wright, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on February 25, 1949, computed from February 6, 1949 be commuted from 10 years to 5 years 1 month 10 days expiring on March 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and has no prior criminal record. He was sentenced to a term of not less than ten nor more than twenty years on the charge of armed robbery. He was only sixteen years of age when sentenced and we feel he was given a very severe sentence under the circumstances. Nevertheless he adjusted well at the Eastern State Penitentiary and has now served five years of his minimum sentence with an excellent institutional record.

We believe that if this applicant is given another chance he will not again offend against society. Because of his youth and because of the fact that he has served over one-half of his minimum sentence we recommend that clemency be granted in this matter.

In re application of William E. Allen, E-2273, No. A-1451, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William E. Allen, convicted of burglary and attempt to rob or commit burglary in the Court of Quarter Sessions of Dauphin County on March 27, 1951, computed from January 30, 1951 be commuted from 4 years to 3 years, 3 months, expiring April 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and this was his first major conviction. He was sentenced to not less than four nor more than ten years on a plea of guilty to the commission of thirteen burglaries. At the present time this applicant has served over three years, three months of a minimum sentence of four years. One of his accomplices has been released.

The Board of Trustees of the Eastern State Penitentiary states this applicant's disciplinary and adjustment reports are excellent.

The trial judge, the Honorable Paul G. Smith, has advised the Board that he feels this sentence was fair and he is opposed to commutation. The district attorney, at the time this applicant was convicted, was the Honorable Carl B. Shelley, and he has written this Board and states he advises commutation. The present district attorney of Dauphin County leaves the matter up to the Board.

In view of this applicant's physical condition, and the fact that he has made an excellent adjustment in the institution, we are recommending that his sentence be commuted.

BOARD OF PARDONS

In re application of Bernard B. Barrett, C-590, No. A-1086, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Bernard B. Barrett, convicted of burglary, violation firearms act, prison breach in the Court of Quarter Sessions of Clearfield County on March 15, 1948, computed from March 10, 1948 be commuted from 9

years to 6 years, 1 month, 10 days, expiring on April 20, 1954, only on condition he go to New York State.

Our reasons for making this recommendation are as follows:

This applicant is forty-eight years of age and his prior record has nothing in it to commend him to the Board of Pardons. He has four prior arrests, four convictions and two parole violations. The latest violation of parole was the offense committed in Clearfield County in Pennsylvania for which he is presently serving his sentence. He also escaped from the Clerfield County Jail while awaiting trial. At the time this offense occurred he had been on parole just a few months short of two years.

At the present time he has served over two-thirds of his minimum sentence in Pennsylvania and while normally we would not consider this applicant for clemency at this time, we are taking the word of the Board of Trustees of the Western State Penitentiary and recommend that his sentence be commuted subject to and only on condition that he be returned to the State of New York, there to serve a substantial portion of his sentence whose parole he violated by the commission of this offense in Pennsylvania.

BOARD OF PARDONS

In re application of David Legion Bedford, B-2940, No. A-894, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Legion Bedford, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on November 17, 1931 be commuted from life imprisonment to 22 years, 6 months, expiring on May 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and this was his first major conviction. He was sentenced to life imprisonment on a plea of guilty to murder generally, the murder occuring in the perpetration of a robbery. He has an excellent institutional record and was not involved in the riots that occurred in the Western State Penitentiary. At the present time he has served more than twenty-two years of a life sentence.

The trial judge is deceased and the present judge has no information. The district attorney of Allegheny County is opposed to the granting of clemency, but we feel that the long period of time he has served is sufficient reason for the granting of clemency in this case. We, therefore, recommend that the sentence be commuted.

In re application of Lynwood Cheatham, C-2627, No. A-994, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lynwood Cheatham, convicted of murder in second degree in the Court of Quarter Sessions of Dauphin County on January 3, 1950, computed from December 26, 1948 be commuted from 7 years to 5 years, 4 months, expiring on April 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age, and has no prior criminal record. He had a very good reputation prior to the happening of this offense and it was most unfortunate that this applicant, having had a few drinks on Christmas Eve, became angry with his wife and shot her. She was found dead under the Christmas tree.

The Board of Trustees of the Eastern State Penitentiary states this applicant has demonstrated a good habit of industry and disciplinary record is unblemished.

The present judge in Dauphin County leaves the matter up to the Board of Pardons. The district attorney of Dauphin County, who was the prosecutor in this case, appeared before the Board of Pardons and recommended that clemency be granted in order that this man may reestablish his home.

Since this applicant has served over five years of a minimum sentence of seven years, and he has an excellent institutional record, we feel that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Donald Barron Cramer, C-2951, No. A-2356, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Donald Barron Cramer, convicted of rape in the Court of Oyer and Terminer of Huntingdon County on December 5, 1952 computed from September 22, 1952 be commuted from 4 years to 2 years expiring on September 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he had no prior criminal record. He was sentenced to a term of not less than four nor more than ten years on a charge of rape. He plead guilty to the offense when arrested, together with two accomplices, and was given the

sentence that appears above. This is his first conviction for any offense whatsoever.

The victim was twenty-two years of age and it is the opinion of the board that for a first offender he received a very severe sentence. He has an excellent institutional record and there is no evidence that he was connected in any degree with the riots in the Western State Penitentiary.

It is the opinion of the board that perhaps the feeling in the community may have something to do with the severity of the sentence. The trial judge, the Honorable J. Colvin Wright, now Superior Court Judge, has written the board and states he leaves the matter of commutation up to the board.

We feel that justice would be served in this case if the applicant be required to serve two years, and under those circumstances, we recommend that the sentence be commuted on September 22, 1954, when he will have served two years.

In re application of Gaetano Culotta, 4986-D, No. A-2346, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Gaetano Culotta, convicted of burglary and larceny, in the Court of Quarter Sessions of Northampton County on November 29, 1944, computed from February 3, 1945, be commuted from a maximum term of 10 years to a new maximum term of 9 years 2 months, expiring on April 3, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 3, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Walter Leroy Cunningham, C-3130, No. 8937, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons, recommend that the minimum sentence of Walter Leroy Cunningham, who plead guilty to charges of burglary, larceny and receiving stolen goods, in the Court of Quarter Sessions of Westmoreland County on December 6, 1950, computed from August 3, 1953, be commuted from a minimum term of 3 years to a new minimum term of 9 months, expiring on May 3, 1954; and further recommend that the minimum sentence of Walter Leroy Cunningham, who plead guilty to charges of burglary, in the Court of Oyer and Terminer of Allegheny County on December 18, 1950, computed from August 3, 1953, be commuted from a minimum term of 2 years to a new minimum term of 9 months, expiring on May 3, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and he had a particularly bad prior record when he became involved in this offense. But for this man's action while in the Western State Penitentiary we could find nothing in his past record which would merit consideration by the Board of Pardons.

The Board of Trustees of the Western State Penitentiary, and the acting warden, have seen fit to write letters recommending this applicant and this for the reason that he has proved himself to be an excellent automobile mechanic. It is his intention, and his parole plan, that when he is released from the penitentiary he will be employed by the State Police in the maintenance of their automobiles. We can think of no better place for this applicant. He has an excellent record at the institution.

The trial judges in Westmoreland and Allegheny Counties have withheld their objection and have stated they are not opposed. Likewise, the district attorney of Allegheny County is not opposed.

Since this applicant has served nearly three and one-half years of his sentence, but only seven months of which apply, we feel he will have the type of guidance which he will need to go straight under his present parole plan, and we recommend that his sentence be commuted.

Respectfully submitted,

NOT SITTING

BOARD OF PARDONS

In re application of Stanley Curry, Jr., E-3007, No. A-2284, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stanley Curry, Jr., convicted of robbery, armed with an offensive weapon, in the Court of Quarter Sessions of Delaware County on May 22, 1952, computed from April 16, 1952, be commuted from a minimum term of 10 years to a new minimum term of 2 years, expiring

on April 16, 1954; and further recommend that the minimum sentence of Stanley Curry, Jr., convicted of robbery, armed with an offensive weapon together with other persons, in the Court of Quarter Sessions of Montgomery County on October 31, 1952, be commuted from a minimum term of 2 years 6 months to a new minimum term of 1 year 5 months 15 days, expiring on April 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first conviction for any offense whatsoever. He was sentenced for this series of robberies in Delaware and Montgomery Counties when he became involved with several older men who lead him astray. It is the feeling of the authorities in Delaware County that this application is premature. However, at the time of hearing the persons with whom he is going to live, Mr. and Mrs. T. B. Semans, appeared before the board and stated that they were interested in this applicant and would give him a home as well as a position. This applicant is the result of a broken home and he had no one to turn to in his youth. He lacked the proper parental care which caused him to get into these difficulties.

The board of trustees of the Eastern State Penitentiary states this applicant's disciplinary record is free from major misconduct reports, and custodial officers report favorably concerning his attitude and cooperation.

In view of the interest of Mr. and Mrs. Semans in this applicant and the fact that he can probably be rehabilitated even though this applicant has served but one year and nine months, we are recommending that his sentence be commuted to two years.

Respectfully submitted,

BOARD OF PARDONS

In re application of James Darling, 5537-C, No. 8021, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Darling, convicted of entering with intent to steal and larceny in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on July 1, 1938, computed from May 24, 1938, be commuted from a maximum term of 20 years to a new maximum term of 15 years 11 months, expiring on May 24, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 24, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

BOARD OF PARDONS

In re application of Samuel DeLuca, §942, No. 2596, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Samuel DeLuca, convicted of robbery, in the Court of Oyer and Terminer of Allegheny County on April 15, 1931, be commuted from a maximum term of 40 years to a new maximum term of 3 years, expiring on April 15, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 15, 1991.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Joseph Fauland, E-3616, No. A-2366, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Fauland, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Northumberland County on March 23, 1953, computed from August 11, 1952 be commuted from 5 years to 1 year 8 months 10 days expiring on April 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this

was his first conviction for any offense whatsoever. He, together with three accomplices, committed a series of burglaries in and about Shamokin, in Northumberland County. Upon their apprehension the applicant plead guilty to these offenses and was sentenced to a term of not less than five nor more than ten years in the Eastern State Penitentiary. He has now served over one and one-half years of his minimum sentence.

The trial judge, the Honorable Robert M. Fortney, has written the Board and stated that the applicant was a hard-working, respectable individual before he became involved with the law and he has no hesitancy in recommending parole action to the Board. The district attorney of Northumberland County, however, feels that the matter is premature at this time, but since he is not aware of the judge's present position we have reason to believe that he would be in favor of clemency as is the trial judge.

The Board of Trustees of the Eastern State Penitentiary states this applicant's disciplinary and adjustment reports are excellent. Under the circumstances we feel this applicant has been sufficiently punished. We, therefore, recommend his sentence be commuted.

Respectfully submitted,

BOARD OF PARDONS

In re application of Stewart W. Felker, E-3441, No. A-2374, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stewart W. Felker, convicted of forgery in the Court of Oyer and Terminer and Quarter Sessions of Monroe County on December 10, 1952 be commuted from 2 years 6 months to 1 year 6 months expiring on June 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and he had no prior criminal record. He plead guilty to the charge of forgery, he being the Secretary of the Steamfitters and Plumbers Union in Monroe County. During the years 1950 to 1952 he collected the members' fees and dues and forged the name of the president of the Union to the slips and did not report approximately $12,000 in cash to the Union. When confronted with these peculations he admitted his guilt and received the sentence mentioned above.

This applicant has an excellent institutional record in the Eastern State Penitentiary and the trial judge has advised the Board of Pardons that this sentence is fair, but he leaves the matter of commutation up to the Board. The district attorney of Monroe County has not advised the Board of Pardons of his position in the matter. We feel that he has been sufficiently punished for a first offender and he has an excellent parole plan which meets with the approval of the Board of Pardons. We further feel that he will be in good hands of his sponsor and representative, his brother-in-law. We also feel that under these circumstances substantial justice will be accomplished if he serves one and one-half years. We, therefore, recommend that his sentence be commuted as of June 10, 1954, when he will have served one year six months.

BOARD OF PARDONS

In re application of Frank Flippone, C-6580, No. 4465, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Filippone, convicted of kidnapping in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on November 20, 1930 be commuted from 25 years to 23 years, 6 months, expiring on May 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and has no prior criminal record. He is serving a term of not less than twenty-five nor more than fifty years on the charge of kidnapping. The kidnapping is alleged to have been his employer's son although in retrospect it hardly seems that this applicant was as guilty as the offense seemed. Nevertheless he has now served approximately twenty-four years of his minimum sentence. His one accomplice received a ten year sentence and has had his sentence commuted nearly fifteen years ago. The other accomplice is deceased.

Since this applicant has served such a long period of time on what is actually a first offender, we recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Norman Gaffney, E-2688, No. A-2341, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Norman Gaffney, convicted of burglary and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 22, 1946, computed from December 10, 1951 be commuted

from 10 years to 2 years, 4 months, 20 days, expiring on April 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age. He has had a bad prior criminal record involving at least one parole violation in this conviction. At the present time he has served over eight years, but because he was sentenced for parole violation he has only served two years and three months of this sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant has maintained an excellent work and institutional record.

The trial judge is deceased and the present judge has no comment to make with regard to the advisability of his release on parole at this time. If released it is the intention of this applicant to move with his family to Florida so that he will no longer be a resident of Pennsylvania.

All of his accomplices have had their sentences commuted or have served their minimum sentences.

This applicant has served as long as any of his accomplices. Nevertheless the district attorney of Philadelphia County is still objecting to granting of clemency in this matter. We feel that since this applicant's parole plan is satisfactory and since he has an excellent institutional record and since he served continuously for a period of eight years, even though only two years three months apply on this sentence, that some consideration should be given and we so recommend.

In re application of Larry Ward Getgen, E-2125, No. A-2339, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Larry Ward Getgen, convicted of burglary in the Court of Quarter Sessions of Northumberland County on January 15, 1951, computed from December 18, 1950, be commuted from 4 years to 3 years, 4 months, expiring on April 18, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first conviction for any offense whatsoever. He and three accomplices, committed a series of burglaries and he was apprehended in the second establishment they were in on this particular evening. Upon his being brought before the bar of justice he plead guilty to the charge and was sentenced to a term of not less than four nor more than eight years. At the present time he has served over three years two months.

One of his accomplices had his sentence commuted and the other accomplice has served his sentence. This applicant was only eighteen years of age at the time this offense occurred, and since the accomplices have been freed, we feel this applicant should be given consideration because he was no worse than his accomplices. He has served more than the minimum sentence of his accomplice and since he was only eighteen at the time this offense occurred, we are recommending that his sentence be commuted.

In re application of Lawrence L. Griffith, E-133, No. A-2373, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lawrence L. Griffin, convicted of burglary, robbery armed with an offensive weapon in the Court of Quarter Session of Chester County on February 2, 1948, computed from October 15, 1947 be commuted from 15 years to 7 years, expiring on October 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age. He plead guilty to the commission of burglary and robbery, armed with an offensive weapon. The offense was the robbing of a bank and the using of a sawed off shot gun as a weapon.

The Board of Trustees of the State Penitentiary at Graterford have advised the Board of Pardons they feel this applicant has made a good adjustment in this institution and they would recommend him for parole.

This is really the applicant's first offense and he received the maximum sentence under the law. He has now served six years five months of a fifteen year minimum sentence. We feel this applicant has been very severely punished and although the authorities in Chester County are opposed to clemency, we feel that since this applicant is a first offender, some leniency should be granted. We, therefore, recommend that this sentence be commuted when this applicant has served seven years.

In re application of Kenneth Thomas Guy, No. A-2350, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Kenneth Thomas

Guy, convicted of pointing firearms in the Court of Quarter Sessions of Beaver County, on March 21, 1931 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and has had no prior criminal record. In 1931 this applicant was convicted of pointing firearms and was sentenced to a term of not less than one year nor more than two years.

This applicant presently resides in the State of Kentucky and has a good reputation in the State. He is married and has three children. He owns his home, which is completely paid for, and he desires to have his name cleared in order that he may go into business. No one in the community in which he now resides is aware of this previous record.

Since this applicant is married, has a fine family and home, and has completely rehabilitated himself, we feel that this one mistake should be completely removed from the record and a pardon be granted.

In re application of Harry J. Harrison, D-9369, No. A-1759, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry J. Harrison, convicted of burglary and robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 14, 1947, computed from December 19, 1946 be commuted from 20 years to 7 years, 4 months, 10 days, expiring on April 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this was his first major conviction. He was sentenced to not less than twenty nor more than forty years on a plea of guilty to five burglaries and one robbery. At the present time this applicant has served over seven and one-quarter of his minimum sentence of twenty years. His accomplice, however, is still in the institution.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an outstanding record that is excellent. They commend him highly because of his rehabilitative effort and the sincerity of his purpose.

The trial judge, the Honorable Vincent J. Carroll, has not advised the Board of Pardons of his opinion in this matter. The district attorney of Philadelphia County, however, is not opposed to clemency.

Since this applicant has served over one-third of his minimum sentence and since he has an excellent institutional record, and the authorities in Philadelphia County are not opposed to his release on parole, we recommend that his sentence be commuted.

In re application of Joseph M. Jones, 6687, No. A-2343, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph M. Jones, convicted of assault and battery and rape in the Court of Oyer and Terminer of Northampton County on July 30, 1952 be commuted from 2 years, 6 months to 2 years, expiring on July 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he has no prior criminal record. He, and two accomplices, had been drinking when he and a companion took a sixteen year old girl to a lonely spot and there had, as he described it, "consensual relationship" with the victim. However, the trial judge disputes this argument very strongly and opposes the commutation.

The applicant does have an excellent institutional record and if released will be subject to parole supervision by Envoy Prynn of the Salvation Army. Also this applicant will live in Philadelphia with his grandparents.

We believe this applicant has been very severely punished, and we are recommending that his sentence be commuted when he has served two years, to wit, July 30, 1954.

In re application of Paul Krupocin, 6622-D, No. 8211, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Paul Krupocin, convicted of robbery, in the Court of Oyer and Terminer of Schuylkill County on September 28, 1939, computed from July 1, 1939, be computed from a maximum term of 30 years to a new maximum term of 14 years, 9 months, expiring on April 1, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action

to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until July 1, 1969.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Bert Levy, No. A-2331, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Bert Levy, convicted of assault, being armed with an offensive weapon and entering with attempt to commit a felony in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on January 27, 1927, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and this was his first offense. In 1927 this applicant plead guilty to a crime of assault, being armed with an offensive weapon, and entering with intent to commit a felony. He and an accomplice committed robbery on two store clerks.

This applicant presents a case of incredible personal circumstances. He has been a soldier of fortune since the First World War. He has been a guerrilla fighter and taught commando tactics and guerrilla warfare to the forces of Great Britain, Canada and the United States.

In the August 17, 1942 issue of Life magazine, his picture appeared on the cover, and there fifteen pages of that issue devoted to his exploits, following which he became a lecturer. He continued to lecture for a period of time when he became afflicted with arthritis, and he is now physically incapacitated as a result of this affliction.

He has been in no further difficulty for a period of twenty-one years and this was his only fall from grace as far as we are able to learn.

This applicant is presently living in Santa Barbara, California. Because of his exploits during the last World War and the aid and assistance he has given to this Country and her allies, as well as his good reputation for the past twenty-one years, we are recommending that a pardon be granted.

BOARD OF PARDONS

In re application of Gerald C. Libengood, C-2167, No. A-1843, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gerald C. Libengood, convicted of larceny of automobile in the Court of Quarter Sessions of Clearfield County on April 9, 1951, computed from March 7, 1951 be commuted from 4 years to 3 years, 1 month, 10 days, expiring on April 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and he has four prior arrests and two convictions. The conviction, however, carried very minimum sentences, one of six months and the other a suspended sentence. In all, this applicant stole twelve automobiles. It is believed this applicant has learned his lession by the fact that he has now served over three years of a minimum sentence of four years.

The trial judge, the Honorable F. Cortez Bell, who is no longer upon the bench, has written the Board of Pardons and opposes the granting of clemency. However, the present judge, the Honorable John J. Pentz, has not given any recommendation to the Board of Pardons. The district attorney of Clearfield County recommends that clemency be granted.

Since this applicant will be under the custody and sponsorship of his parents, we feel that he will be given the necessary supervision which will require him to make a good adjustment. This applicant has a satisfactory institutional record and in view of the present recommendation from the authorities in Clearfield County, we recommend that his sentence be commuted.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Martin Lohman, No. 9225, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Martin Lohman, convicted of burglary, robbery, larceny in the Court of Oyer and Terminer and Quarter Sessions of Franklin County on November 16, 1940, computed from October 31, 1940, be commuted from 24 years to 13 years, 5 months, 20 days, expiring on April 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he requests a computation of the maximum sentence of the offense committed in Franklin County at the 1940 Session of Court. He was charged with the crimes of burglary, robbery and larceny and received a very severe sentence from the hands of the then judge, the Honorable Watson R. Davison. He plead guilty to approximately twelve indictments but was sentenced on but four of them. The judge in his sentence made all of these sentences run concurrently so that the accumulated sentences amounted to twelve to twenty-four years. At the time of the commission of these offenses this applicant was but nineteen years of age and this was his first major conviction.

Since his release from the Western State Penitentiary on January 2, 1951, it is reported by not only the Board of Parole, but by the district attorney of Franklin County that this applicant has made an excellent adjustment while on parole and the concluding paragraph of the report to the Board of Pardons states: "It is the opinion of his supervising agent that subject has been one of the

most cooperative subjects that he had ever had the opportunity to supervise."

The district attorney of Franklin County has stated that he concurs in the applicant for a commutation of maximum sentence. The trial judge is deceased and the present judge has not given the Board of Pardons the benefit of any information. Since he has served ten years of his minimum sentence and has been on parole over three years, we recommend his sentence be commuted.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Marion London, E-3276, No. A-2261, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Marion London, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 26, 1952, computed from August 28, 1952 be commuted from 2 years 6 months to 1 year 8 months expiring on April 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction. He was sentenced to not less than two and one-half nor more than five years on a charge of burglary and possession of burglary tools. He has now served approximately one year and four months of his minimum sentence.

His accomplice, who was equally guilty, was given a sentence of not less than one nor more than five years and has been released.

The Board of Trustees of the Eastern State Penitentiary reports this applicant has an excellent attitude and adjustment is favorable.

If granted commutation this applicant will return and live with his wife and child.

The trial judge has not given us any indication of his feeling in the matter, but the district attorney of Philadelphia is not opposed to the granting of relief in this matter. We feel that he is about ready for release, but we do feel that he should be required to serve an additional period of time and we, therefore, recommend that his sentence be commuted when he has served one year and eight months.

BOARD OF PARDONS

In re application of Loyal Bernard Marcellus, C-2920, No. 6258, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Loyal Bernard Marcellus, convicted of breaking and escaping prison in the Court of Quarter Sessions of Centre County on December 15, 1950, computed from November 10, 1952 be commuted from 4 years 6 months to 1 year 6 months expiring on May 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and while confined in the State Penitentiary at Rockview he broke and escaped prison. It is the custom in Centre County that an inmate escaping from a State Penitentiary be given an amount equal to the one that he was then serving, but that if he returns to the institution voluntarily and of his own free will, six months will be cut from the minimum sentence. That is what happened in this case. He was given a sentence of four and one-half to nine years on top of a minimum of five to ten years. He served his entire minimum sentence on the first offense of burglary and larceny. He has now served one year four months for the breach and escape of prison, and he still has a detainer which he will be required to answer from Union County. He desires commutation for the purpose of beginning this sentence.

The Board of Trustees of the Western State Penitentiary states "if this inmate were eligible to apply for parole we would probably recommend him for parole subject to detainer."

Since he has now served one year four months and the Board of Trustees recommend him for commutation, and there is no objection from the authorities in Centre County, we recommend that his sentence be commuted at the expiration of one and one-half years in order that he may begin the serving of the Union County sentence.

BOARD OF PARDONS

In re application of Joseph Howard Miller, C-2950, No. A-2357, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Howard Miller, convicted of rape in the Court of Oyer and Terminer of Huntingdon County on December 5, 1952, computed from September 22, 1952 be commuted from 4 years to 2 years expiring on September 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and he had no prior criminal record. He was sentenced to a term of not less than four nor more than ten years on a charge of rape. He plead guilty to the offense when arrested

together with two accomplices, and was given the sentence that appears above. This is his first conviction for any offense whatsoever.

The victim was twenty-two years of age and it is the opinion of the Board that for a first offender he received a very severe sentence. He has an excellent institutional record and there is no evidence that he was connected in any degree with the riots in the Western State Penitentiary.

It is the opinion of the Board that perhaps the feeling in the community may have something to do with the severity of the sentence. The trial judge, the Honorable J. Colvin Wright, now Superior Court Judge, has written the Board and states he leaves the matter of commutation up to the Board.

We feel that justice would be served in this case if the applicant be required to serve two years, and under those circumstances, we recommend that the sentence be commuted on September 22, 1954, when he will have served the two years.

In re application of Frederick Mosteller, 6577, No. A-1784, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frederick Mosteller, convicted of larceny in the Court of Quarter Sessions of Northampton County on April 12, 1951, computed from March 8, 1951 be commuted from 4 years to 3 years 1 month 10 days expiring on April 18, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this is his second conviction. He was sentenced to a term of not less than four nor more than eight years on a charge of larceny. He stole thirteen rolls of copper from the Metropolitan Edison Electic Company. He did all these things while under the influence of intoxicating liquor and he has since joined Alcoholic Anonymous and made an effort to rehabilitate himself. He is the holder of the Purple Heart Medal for service in the United States Army. He is married and has seven children. It is believed that if he is granted commutation that he will be in a position to again return to the support of his family and remove them from the records of the Department of Public Assistance.

Since he has now served over three years of his minimum sentence and since the only people suffering now from his incarceration are his wife and seven children, we recommend that his sentence be commuted.

In re application of Frank Prezioso, No. A-1481, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Prezioso, convicted of lottery in the Court of Quarter Sessions of Allegheny County, on May 14, 1944 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty-three years of age and he has no prior criminal record. Approximately ten years ago he was sentenced to a term of not less than six months nor more than one year on charges of setting up and maintaining a lottery.

He served his sentence and has been in no further difficulty. At the present time he desires to purchase a business involving a liquor license, but is unable to do so because of this conviction. We feel that this conviction of ten years ago should not mitigate against his going into business.

The Board of Parole states that he has an excellent record and has had a good reputation in his Community for the past ten years, but admits he had a poor reputation for ten years prior to his arrest.

We feel that this applicant has been sufficiently punished and we do not feel that he should be further harrassed. The District Attorney of Allegheny County is not opposed to the granting of clemency. We, therefore, recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Virgil Reynolds, B-6705, No. 9863, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Virgil Reynolds, convicted of murder in the first degree in the Court of Oyer and Terminer of Beaver County on April 1, 1939 be commuted from life imprisonment to 15 years, 1 month expiring on May 1, 1954, only to go to New York.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and has a very poor prior record. In fact, he was sentenced in Pennsylvania on a plea of guilty to life imprisonment for murder in the first degree. The plea is made that clemency be granted only for the purpose of permitting this appli-

cant to go to New York State to serve a parole violation, a balance of a twenty year to life sentence for a charge of murder in that State. Since this applicant has now served nearly fifteen years for a murder in Pennsylvania we would normally consider this application to be premature.

The present judge, the Honorable Robert E. McCreary, in Beaver County is opposed to the granting of clemency and the Board of Trustees of the Western State Penitentiary feel that the application is premature. Normally this would be the feeling of the Board of Pardons but in this case we are willing to recommend clemency on the basis that this applicant be taken from the Western State Penitentiary and delivered to the authorities in New York, and only on the further condition that he serve a substantial portion of the sentence there imposed.

BOARD OF PARDONS

In re application of Domonick Rommuno, E-926, No. A-1593, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Domonick Rommuno, convicted of burglary, larceny receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on March 1, 1949, computed from February 12, 1949 be commuted from 10 years to 5 years, 2 months, 10 days expiring on April 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and this was his first conviction for any offense. He, however, had been arrested on five juvenile charges prior to his arrest in this case.

He and three accomplices, during a period of four months, burglarized nine theatres and upon his apprehension plead guilty to the charge of burglary, larceny and receiving stolen goods. He was sentenced by the late judge Harry S. McDevitt to a term of not less than ten nor more than twenty years, and at the present time he has served over five years of his minimum sentence. Two accomplices, who received lighter sentences, have had their sentences commuted. One accomplice, who received an equal sentence with this applicant, remains in the Eastern State Penitentiary.

The district attorney of Philadelphia is not opposed to clemency in this matter. It should be pointed out that this applicant was only nineteen years of age when he was sentenced to the penitentiary.

In view of the above facts we feel that this applicant has been sufficiently punished, and since he has an excellent institutional record and since the district attorney does not object to his release, we feel consideration should be given to him by reason of these facts and his youth at the time of sentence.

BOARD OF PARDONS

In re application of Frank Rossi, D-717, No. 8135, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Rossi, convicted of murder in the first degree in the Court of Oyer and Terminer of Philadelphia County on June 27, 1935 be commuted from life imprisonment to 18 years, 10 months expiring on April 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and this was his first serious offense. He plead guilty to murder generally for the killing of a person with whom he had had a previous slight argument.

Judge McDevitt, the trial judge in this case, took the plea of murder alone and not before a three judge court in violation of the Philadelphia Rules of Court No. 21A, although we are not considering this violation of the rules of court of Philadelphia at this time. We merely insert it here to show that this applicant was not given the benefit of the rules as then applied.

At the present time this applicant is suffering from peptic ulcers and if he is continued in the institution it is probable that he will not secure the necessary medical attention which it is felt is necessary for him to have. He has had continuous pain and it is for the past two years, and we have a letter from Dr. Blumberg, Medical Director of the Eastern State Penitentiary, who states that in order to give this applicant relief, he should have a complete removal of his stomach.

The district attorney of Philadelphia County has stated that since he is in such a bad physical condition and since he has served nearly nineteen years of a life sentence, he is not objecting to the granting of clemency. Because of this applicant's physical condition and because he has served almost nineteen years, we recommend his sentence be commuted.

BOARD OF PARDONS

In re application of Robert Singley, D-2068, No. A-2345, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Singley, convicted of robbery, armed

with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 25, 1937, computed from March 12, 1952 be commuted from 3 years to 2 years 1 month 10 days expiring on April 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this was his first conviction for any offense whatsoever. He was sentenced to a term of not less than three nor more than ten years on charges of robbery, being armed with an offensive weapon. However, it should be pointed out that although this applicant was sentenced on March 25, 1937 for this offense shortly after his confinement to the Eastern State Penitentiary he was transferred to the Farview State Hospital for the criminal insane and served in that institution for fifteen years, four months before being returned to the Eastern State Penitentiary to begin serving this sentence. Therefore, although he was given credit for but two years of his three year minimum sentence he has been continuously confined for a total of seventeen years.

The accomplices have all been released from the institution and we have no record of any of them being returned.

We do have here the case of a young man who has spent approximately one-half of his entire life in the institution, and we feel that he has been sufficiently punished. The district attorney of Philadelphia does not object to the granting of clemency.

In view of all the above, the Board recommends that this applicant's sentence be commuted.

BOARD OF PARDONS

In re application of William Spencer, D-4441, No. 9522, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Spencer, convicted of kidnapping, larceny, carrying concealed deadly weapons, assault and battery with intent to ravish in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on November 24, 1939, computed from November 15, 1939 be commuted from 35 years to 15 years, expiring on November 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was his first major conviction. He was sentenced to not less than thirty-five nor more than seventy years on charges of kidnapping, larceny, carrying concealed deadly weapons, and assault and battery with intent to ravish. This was a very serious crime and there was plenty of brutality involved in the offense, and the applicant was given a very severe sentence.

However, at the present time he has served over fourteen years four months of his minimum sentence. He was but eighteen years of age when this offense occurred. During his entire commitment he has had an excellent institutional record and the trial judge, the Honorable L. Stauffer Oliver, has now stated that he does not oppose this application if he, the applicant, states the crime in its brutality. His attorney, Arthur S. Salus, Esquire, admitted that the facts set forth in the application do not give a complete description of the offense but he states that this occurred by reason of the original filing of the application and does not indicate the man's present intention.

Under all these circumstances we feel that this applicant has been sufficiently punished for a serious offense and we, therefore, recommend that his sentence be commuted when he has served fifteen years.

In re application of Frank P. Stimer, C-1749, No. A-2368, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank P. Stimer, convicted of assault and battery, aggravated assault and battery, assault and battery with intent to ravish and rape in the Court of Oyer and Terminer of Blair County on June 22, 1950, computed from June 19, 1950 be commuted from 5 years to 3 years, 10 months, expiring on April 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and this was his first major conviction. He was sentenced to a term of not less than five nor more than ten years on charges of assault and battery, aggravated assault and battery, and assault and battery with intent to ravish and rape.

Applicant has now served approximately four years of his minimum sentence and he has an excellent institutional record. The Board of Trustees of the Western State Penitentiary states that if this applicant were eligible they would recommend him for parole. There is no evidence that this applicant was involved in the riots.

The trial judge is deceased and the present judge, the Honorable John M. Klepser, as well as the district attorney of Blair County, leaves the matter of commutation up to the Board of Pardons. In fact, the district attorney of Blair County has stated to the Board of Pardons that he has no objection to the granting of clemency in this matter.

Since this applicant has served approximately four years of a five year sentence with an excellent institutional record, and since this was his first major conviction, we are recommending that commutation be granted.

In re application of Joseph Thompson, No. A-1482, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Thompson, convicted of robbery in the Court of Oyer and Terminer of Allegheny County, on October 23, 1935 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age. He had no prior criminal record. He plead guilty to robbery and was sentenced to two years probation. At the time of his offense he was but seventeen years of age. He has been in no further difficulty for a period of eighteen years. He is employed at the present time in the Prothonotary's Office of Alegheny County but will have to be released from employment if his petition is not granted.

He served in the United States Navy during World War II and received a Navy medal for meritorious action at Pearl Harbor.

In re application of Calvin Trusty, 945-D, No. 6540, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Calvin Trusty, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 9, 1940, computed from January 4, 1940, be commuted from a maximum term of 20 years to a new maximum term of 14 years, 3 months, expiring on April 4, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 4, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Henry Turner B-1833, No. 6974, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Henry Turner, convicted of murder, in the first degree in the Court of Oyer and Terminer of Washington County on January 27, 1930 be commuted from life imprisonment to 24 years, 3 months expiring on April 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-one years of age and he had no prior criminal record. He was convicted of murder in the first degree and given clemency by the jury and sentenced to life imprisonment. In this instance the applicant insisted to his Attorneys that he stand trial, and as a result was convicted of murder in the first degree, with recommendation of life imprisonment, when the District Attorney would have taken a plea of second degree murder with full knowledge and permission of the Court.

The Honorable George T. Cummins, now Judge of the Common Pleas Court of Washington County, represented this applicant and he has written the Board and stated the facts which have been entered in the above record. He now requests the Board to recommend commutation. The District Attorney leaves the matter up to the Board and the Board of Parole indicates that the present Judge Roy I. Carson is unopposed to commutation.

The Board of Trustees of the Western State Penitentiary states that if this inmate were eligible for parole they would probably recommend. In view of the opinion of the authorities in Washington County and the circumstances involved, we recommend this sentence be commuted.

BOARD OF PARDONS

In re application of Henry Walter Vaughan, C-2949, No. A-2358, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Walter Vaughan, convicted of rape in the Court of Oyer and Terminer of Huntingdon County on December 5, 1952, computed from September 22, 1952 be commuted from 4 years to 2 years expiring on September 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and this was his first conviction for any indictable offense. He was sentenced to a term of not less than four nor more than ten years on a charge of rape. He plead guilty to the offense when arrested, together with two accomplices, and was given the sentence that appears above. This is his first conviction for any offense whatsoever.

The victim was twenty-two years of age and it is the opinion of the Board that for a first offender he received a very severe sentence. He has an excellent institutional record and there is no evidence that he was connected in any degree with the riots in the Western State Penitentiary.

It is the opinion of the Board that perhaps the feeling in the community may have something to do with the severity of the sentence. The trial judge, the Honorable J. Colvin Wright, now Superior Court Judge, has written the Board and states he leaves the matter of commutation up to the Board.

We feel that justice would be served in this case if the applicant be required to serve two years, and under those circumstances, we recommend that the sentence be commuted on September 22, 1954, when he will have served the two years.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Harrison Womack, D-7644, No. A-693, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harrison Womack, convicted of robbery, armed with an offensive weapon; robbery; assault and battery, aggravated assault and battery with intent to kill in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 3, 1944, computed from February 29, 1944 be commuted from 23 years, 6 months to 10 years, 2 months expiring on April 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-six years of age and he had no prior record. He was sentenced to a term of twenty-three and one-half to forty-seven years for robbery by hold-up.

He has an outstanding reputation in the Eastern State Penitentiary and the trial judge, the Honorable Harry S. McDevitt, is deceased.

The district attorney of Philadelphia County is not oppossed to the granting of clemency in this matter, feeling that this applicant has served a very substantial sentence.

Under all the circumstances we feel that this applicant has been sufficiently sentenced as a first offender, and we recommend that his sentence be commuted.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of William Jay Worth, C-2421, No. A-2338, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Jay Worth, convicted of burglary, larceny, receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Erie County on November 12, 1951, computed from September 19, 1951, be commuted from 5 years to 2 years, 7 months, expiring on April 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and he had a previous criminal record. However, he has not been in any difficulty for approximately five years when he became involved in this series of offenses. This offense was the stealing of five hundred chickens in 1943. Since that time he has been in and out of various reformatories and prisons and is now serving the sentence which was imposed on the indictments of November 1943.

The Board of Trustees of the Western State Penitentiary states they would recommend parole if this applicant were eligible. There is no evidence that he was involved in the riot in 1953.

Neither the trial judge nor the district attorney have advised the Board of Pardons of their feeling in this matter.

Since this applicant has now served two years, five months of his sentence and since the authorities have not advised us of their position in this matter, and since he has an excellent institutional record, we recommend that his sentence be commuted.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Henry J. Zwislewski, 5155-D, No. 7900, March Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Henry J. Zwislewski, convicted of burglary and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 31, 1940, computed from April 26, 1940, be commuted from a maximum term of 20 years to a new maximum term of 14 years, expiring on April 26, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 26, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Wilbur Black, 5781, No. A-2406, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Wilbur Black, convicted of robbery, receiving stolen goods, in the Court of Oyer and Terminer of Allegheny on October 16, 1931, computed from October 16, 1934, be commuted from a maximum term of 5 years to a new maximum term of 2 years, 7 months, expiring on May 16, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 26, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of George Bovaird, Jr., No. A-2292, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Bovaird, convicted of fraudulent conversion and embezzlement in the Court of Quarter Sessions of McKean County on March 19, 1951, computed from April 6, 1953 be commuted from 3 years to 1 year, 2 months expiring on June 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and he had no prior record. He was convicted on a charge of fraudulent conversion growing out of his operations of partnership property with regard to the production of oil. He set up the books, managed the business, purchased new properties, but in addition he was withholding funds for personal use and kept strict account of all the funds. One of the cotenants, who put in $67,500.00 received $9,500.00, while this applicant is alleged to have withdrawn $196,000.00. The lower court felt that this made out a case of fraudulent conversion and on appeal the successive appellant courts likewise agreed with the lower court and sustained the conviction.

The applicant has repeatedly stated that he at no time had any intention to fraudulently deal with the property of the contenants. The facts that a strict accounting was kept more or less obviates his intention to fraudulent convert the property to his own use.

The applicant is presently incarcerated in the McKean County Prison and he has a good record there. He was known to have an excellent reputation prior to this offense.

The trial judge, the Honorable Charles G. Hubbard, leaves the matter of commutation up to the Board. The district attorney of McKean County is strongly opposed to any clemency at this time. We, however, feel that this applicant has been rather severely punished for this offense, which is more civil in nature and certainly is not a henious offense. This applicant, who has served over one year of his minimum, would, with time off, be required to serve but twenty-seven months. Since he has served one-half this period, we feel he has been sufficiently punished and we recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Vernon Andrew Boyd, C-3045, No. A-2319. April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Vernon Andrew Boyd, convicted of robbery in the Court of Oyer and Terminer of Washington County on April 1, 1953, computed from February 6, 1953 be commuted from 2 years to 1 year, 4 months expiring on June 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and has no prior criminal record. He was sentenced to a term of not less than two nor more than five years on a charge of robbery for holding up a streetcar motorman while under the influence of alcohol. He has an excellent institutional record in the Western State Penitentiary where he is presently confined and we feel that he will be sufficiently restrained by strict parole to keep him on the straight and narrow path. We do not feel he will again offend against society.

The district attorney of Washington County is not opposed to clemency and the trial judge is not available for comment.

Since he has served more than one-half of his minimum sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of James Brooks, C-2365, No. A-2417, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Brooks, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on November 26, 1930, computed from October 26, 1933 be commuted from 10 years to 7 months expiring on May 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age. This is not the first time the applicant has been in difficulty. In fact, in this instance he became a parole violator by his arrest and plea of guilty. He was given a very severe sentence of thirty to sixty years and at the present time he served over twenty-three years of this sentence but only twenty years apply because of the parole violation. His accomplice received a similar sentence and was commuted at the February 1954 Session of the Board.

The trial judge has not advised the Board of Pardons of his feelings in this matter. The district attorney of Allegheny County is not opposed to the release at this time. The Board of Trustees of the Western State Penitentiary advised the Board that he has an excellent institutional record and if he was eligible for parole it would recommend that he be released.

It is the belief that this applicant has served a very substantial sentence and will not again commit such offenses, that he has indeed learned his lesson, and since he has served more than two-thirds of his minimum sentence we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph B. Burns, No. A-1484, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph B. Burns, convicted of being a common gambler in the Court of Quarter Sessions of Allegheny County, on February 2, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and has quite a lengthy history of arrests. In fact, this applicant has advised the Board that at one time he was a common gambler. However, he denies his connection with games of chance at this particular time. He asks his pardon in order that he may be granted a license as a private detective or investigator. Although the Board has known this applicant for some period of time it would not willingly grant a pardon in this matter but for the fact that there appears in the record letters from Martin J. Newell's office, Alderman, written by Louis Braunstein, Constable; William L. Luther, Alderman, Pittsburgh; David B. Roberts, Prothonotary, Pittsburgh and Ray Sprigle, of the Pittsburgh Post Gazette; and also the fact that the district attorney of Allegheny County has written and stated he would not be opposed to the granting of this application.

The trial judge, the Honorable William H. McNaugher, however, remains steadfastly opposed to this pardon. We feel this applicant has been very severely punished and since there has been but one arrest, the one for which he seeks pardon, between 1942 and 1944, we feel he has demonstrated ability to stay out of trouble and we, therefore, recommend that pardon be granted as prayed for by the applicant.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Robert Carter, Jr. C-2253, No. 6181, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Carter, Jr., convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Dauphin County on March 21, 1945, computed from July 12, 1947 be commuted from 8 years to 6 years, 11 months expiring on June 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has had a bad prior record. However, he was convicted of a charge of burglary in which the loot amounted to Twenty-Eight Dollars. He received a sentence of not less than eight nor more than sixteen years and at the present time has served six years nine months of this sentence. His accomplice received a sentence of not less than six years nor more than fifteen years and has had his sentence commuted. If granted commutation he will live with his parents in Steelton, Pennsylvania.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has had a good record for the past two years and that improvement in his attitude has been reported.

The trial judge is deceased and the district attorney of Dauphin County leaves the matter of commutation up to the Board.

Since this was the longest sentence that this applicant has ever received and since he had now served nearly seven years of his minimum sentence and a longer time than his accomplice, we feel that he has been sufficiently punished and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

In re application of Michael Ciocco, No. A-2389, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Michael Ciocco, convicted of Robbery in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County, on January 14, 1936 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this is the first time he became involved with the law at any time. He and two accomplices held up and robbed their victim of a watch and Nine Dollars. Later the victim was found dead but there was no evidence to connect this applicant with the death of the victim. He has a good reputation in the community in which he lives and the trial judge is deceased. The present judge has written the Board of Pardons and recommends that a pardon be granted. The district attorney of Lehigh County leaves the matter of pardon up to the Board. He has worked hard and served in the armed forces of the United States and has purchased a restaurant and cafe in the City of Allentown which he owns and manages.

In view of his complete rehabilitation and the fact that he is married and has four children, we feel that he has been sufficiently punished and since he has been in no further difficulty for eighteen years, we recommend that a pardon be granted.

In re application of George Clark, E-3274, No. A-2426, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Clark, convicted of rape in the Court of Oyer and Terminer of Dauphin County, on September 20, 1952 be commuted from 3 years to 1 year, 8 months expiring on May 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he was convicted on a charge of rape in Dauphin County and sentenced to a term of not less than three nor more than six years. However, the trial court was not satisfied that this applicant actually did commit the rape, as the victim has since been before the trial judge and lied to the trial judge about the case then before him. His personal investigation leads him to believe that this victim may have perjured herself against this applicant.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record. He is presently serving his sentence at Graterford. He has now served over one-half of his minimum sentence.

Under these circumstances the trial judge, Walter R. Sohn, believes that clemency could properly be granted in this case and the district attorney of Dauphin County states that he is not opposed to clemency in this matter.

Since his applicant has served one year and seven months of his minimum sentence we believe that he has been sufficiently punished and recommend that his sentence be commuted.

In re application of Arthur Croce, 86-C, No. A-2385, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Arthur Croce, convicted of rape, assault and battery with intent to ravish, in the Court of Oyer and Terminer on August 27, 1946, computed from June 13, 1948, be commuted from a maximum term of 10 years to a new maximum term of 5 years, 11 months, 10 days, expiring on May 23, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 13, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Di Carlo, E-3820, No. A-2425, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Di Carlo, convicted of assault and battery in the Court of Quarter Sessions of Philadelphia County on January 28, 1954 be commuted from 6 months to 4 months, expiring on May 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and he never was in any difficulty prior to this offense. He and a group of friends got into an argument with some other persons on the street and while a fight developed this applicant snatched a policeman's club from the policeman's hand. For this the applicant was arrested and charged with assault and battery although he at no time struck or in any way used any bodily violence on the police officer.

The trial judge in sentencing the defendant stated that these sentences were being imposed not only as deterrents upon the defendant but as an example to others who may be inclined to commit crime. We do not agree with the trial judge that this applicant flagrantly interferred with the efforts of the police officer but in the matter before us we are of opinion that his snatching of the club from the police officer was in an effort to prevent it from being used upon the friend of the applicant.

Nevertheless, at this time he has served approximately four months of his minimum sentence and if he is released he will have served approximately all of his minimum sentence. We feel that he has been sufficiently punished and has acted as a sufficient deterrent to others and as an example he should not suffer any further.

The trial judge is not opposed. However, the district attorney is opposed in this matter. However, under the circumstances, we feel that this applicant has suffered sufficiently and we recommend that his sentence be commuted.

In re application of Carmel Ferro, No. 6501, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Carmel Ferro, convicted of assault and battery with intent to rob and aggravated assault and battery in the Court of Quarter Sessions of York County on March 7, 1938; and further plead guilty to charges of robbery in the Courts of Oyer and Terminer and Quarter Sessions of Adams County on August 26, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he does not have a very good prior record. These two offenses occurred when he was about twenty to twenty-five years of age and he has been in no further difficulty. He has completely rehabilitated himself, is married and has two children. He would be deportable if he was not granted relief by this Board. The authorities of York and Adams Counties are not opposed to the granting of clemency in this matter. For the sake of this man's family and wife we recommend that clemency be granted in order that he will not be deported.

In re application of Anthony France, Jr., No. A-2408, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Anthony France, Jr., convicted of robbery in the Court of Oyer and Ter-

miner of Allegheny County, on September 19, 1944 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he had no other criminal record than the offense for which he seeks pardon. He was sentenced to a term of not less than two nor more than four years on the charge of robbery and was released after having served approximately forty days in order that he might enlist in the armed forces of the United States. The applicant did this and was inducted into the armed forces on November 1, 1944. He then served in the European, African, Middle East Theatre and particularly in the Rhineland and Central European engagements. He was wounded and received the Purple Heart. He was then returned to this country and discharged on March 13, 1946. Since that time he has been steadily employed and bears a good reputation in the community in which he resides. He is presently unemployed but feels that if this pardon is granted he will be able to secure work much easier than he would otherwise. He and his wife have three children whom he feels will benefit by the pardon.

Under these circumstances we feel that by reason of his service in the armed forces and his good reputation over the past ten years, he merits consideration. We, therefore, recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Chester William Garrett, E-242, No. A-215, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Chester William Garrett, convicted of larceny of motor vehicle in the Court of Oyer and Terminer of Wayne County on April 6, 1948 be commuted from 7 years, 6 months to 6 years, 2 months, expiring on June 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction. He was sentenced to a term of not less than seven years six months, nor more than fifteen years for larceny and for attempting jail break. Much of his difficulty with the law was brought on by his parent's attitude toward the law and the district attorney of Wayne County has stated that he recommends this young man be given another chance if he is not to be under the influence of his mother.

The trial judge recommends that he serve his minimum sentence for the same reason.

If granted clemency he will return to the parental home, but we feel that he has sufficient insight into his present predicament and he will be under the influence of the mother at this time.

The Board of Trustees of the Eastern State Penitentiary says that he has an excellent institutional record and since he has served a period of more than one year longer than his accomplice, we feel that he has been sufficiently punished and, therefore, recommend that clemency be granted.

BOARD OF PARDONS

In re application of John G. Hess, D-8914, No. A-2170, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John G. Hess, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on May 24, 1946, computed from May 23, 1946 be commuted from 28 years to 8 years, expiring on May 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and this was his first major conviction. He committed a series of burglaries, a total of thirty-three in all, and received the sentence of twenty-eight to fifty-six years. At the present time he has served nearly eight years of this minimum sentence. He has an excellent institutioal record in the Eastern State Penitentiary.

The trial judge, the Honorable Michael J. Eagen, leaves the matter of commutation up to the Board and the district attorney of Lehigh County states that he is not opposed to the granting of clemency. Since this applicant has served nearly eight years of a minimum sentence we feel that he has been sufficiently punished and recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Dorren D. Hoffman, E-2039, No. A-857, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Dorren D. Hoffman, convicted of prison breach and robbery in the Court of Quarter Sessions of Montgomery County on March 14, 1947, computed from November 29, 1950 be commuted from 9 years, 6 months to 3 years, 6 months, expiring on May 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this was his first major conviction. On the day in which he was received at the State Penitentiary at Graterford, he and several accomplices attempted to break out of that institution.

It is unfortunate but true that this applicant has been in prison since he was seventeen years of age. At the present time he is twenty-five years of age. However, only three years and four months apply on this nine year six month minimum sentence.

He is a native of Tioga County and if released will return to Mansfield, Penna.

Since he has been in prison this last period the Board of Trustees rates him as having an excellent record. The trial judge is not opposed to clemency in this matter.

Because of the length of time he has served in prison and the fact that he will be returning to a good environment we recommend that a commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Margaret Holladay, 3762, No. A-2381, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Margaret Holladay, convicted of larceny by employee in the Court of Quarter Sessions of Delaware County on October 28, 1953 be commuted from 9 months to 7 months, expiring on May 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and she has no prior criminal record. She stole Twenty-Five Hundred Dollars out of receipts of her employer and fled jurisdiction. Later when her conscience bothered her she called the County detective, disclosed her whereabouts and returned to suffer her punishment. She was sentenced to a term of not less than nine months nor more than three years. At the present time she has served nearly five months of this minimum sentence.

The trial judge, the Honorable Henry G. Sweney, feels that the sentence was lenient. However, the district attorney of Delaware County is not opposed to the granting of clemency.

If released she will have a home with friends in Chester who will also give her a position. For a first-offender we feel that this applicant received a very severe sentence and that since the authorities in Delaware County ar not opposed to clemency we may properly recommend that her sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Gustave Kaiser, No. A-2303, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Gustave Kaiser, convicted of receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on June 26, 1934 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and has no prior criminal record. Twenty years ago he became involved in the purchase of some four cartons of cigarettes and four boxes of cigars which had been stolen. He had no reason to believe that they had been stolen. He is the owner of a restaurant and bar in the City of Philadelphia and has been in this business for approximately twenty years and is operating it successfully.

We feel that from the circumstances as explained to us that the element or knowledge that the goods had previously been stolen was strangely missing in this case. Therefore, since this was his only offense and since he bears a good reputation in the community and has been in no further trouble for approximately twenty years, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Robert L. Kaseman, C-2280, No. A-1677, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert L. Kaseman, convicted of burglary in the Court of Oyer and Terminer of Northumberland County on September 19, 1950, computed from June 14, 1950 be commuted from 5 years to 3 years, 4 months, expiring on June 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and this was his first major conviction. He was brought into this affair by his older brother who had a previous record. But for his influence this applicant would probably not have been involved in these offenses. Prior to this offense he bore a satisfactory reputation in the community and was a fairly good worker and provided for his family. If released he intends to return to his family and reestablish them. They are presently living in Cleveland, Ohio.

He has now served nearly four years of his minimum sentence.

He has an excellent record in the Eastern State Penitentiary and neither the trial judge nor the district attorney are opposed to clemency at this time.

Since this is his first major conviction and he has served such a long period of time, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Samuel S. Kelly, E-3262, No. A-2422, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel S. Kelly, convicted of murder, voluntary manslaughter in the Court of Quarter Sessions of Philadelphia County on September 24, 1952, computed from September 24, 1951 be commuted from 4 years to 2 years, 8 months, expiring on May 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and has no prior criminal record. This case poses for this Board the question of the eternal triangle. This applicant, finding his common-law wife in bed with another man, got into a struggle and fight with the victim and eventually killed him.

This applicant has an excellent institutional record and the district attorney is not opposed to clemency in this matter.

We feel that although he received a sentence of four to eight years and has now served nearly two and three-quarters of these years, that he has been sufficiently punished and we agree with the district attorney when he says he is not opposed to clemency, and therefore, recommends that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of Leroy Knotter, C-2849, No. A-2101, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leroy Knotter, convicted of malicious mischief by explosives; attempt of malicious mischief by explosives in the Court of Oyer and Terminer of Fayette County on October 10, 1952, computed from September 16, 1952 be commuted from 2 years to 1 year, 8 months, expiring on May 16, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and this was his first major conviction. The victim in this case owed the applicant some money and when he refused to pay applicant, the applicant placed some explosives in the home of the victim and caused damage by reason of explosion. This applicant's minimum sentence will expire in September 1954. This is first time that he has ever been incarcerated for any offense. He is plaintiff in a law suit in Ohio which is about to come to trial and cannot come to trial until he is released. It is believed that the trial, which is for negligence in permitting a bolt to fall upon the head of the applicant, may have been part of the cause for his anti-social conduct.

Under these circumstances we feel that since he is now recovered from this injury that he will not have any further anti-social action and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of George Michel, C-2945, No. A-2405, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Michel, convicted of Larceny by trick in the Court of Quarter Sessions of Allegheny County on November 25, 1952, computed from November 8, 1952 be commuted from 2 years to 1 year, 7 months expiring on June 8, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this was his first major conviction. Approximately thirteen years ago he served a sentence of ninety days for assault and battery but otherwise his record is free from conviction. This applicant enrolled children in a proposed dancing class at the rate of Forty-Five Dollars for twenty lessons. After approximately one hundred children had been enrolled, this applicant absconded with the money and gave but two lessons to the children. The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and it would recommend him for release if he has an adequate parole plan.

The trial judge leaves the matter of commutation up to the Board of Pardons and the district attorney of Allegheny County is not opposed to the granting of his release.

At the present time this applicant has served one year and six months of his minimum sentence. The Board feels that this applicant received a very severe sentence

and because of his prior record and his present record in the institution we should recommend that commutation of sentence be granted but only on condition that restitution is made to the persons who have been defrauded by this applicant. We, accordingly, so recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Naomi E. Montgomery, No. A-2395, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Naomi E. Montgomery, convicted of larceny in the Court of Quarter Sessions of Lancaster County on September 11, 1953 be commuted from 1 year to 9 months expiring on June 11, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this was her first major conviction. While employed in the dress shop she stole Two Hundred Dollars from the cash register and shortly thereafter was arrested, plead guilty and sentenced to a term of not less than one nor more than two years. She has an excellent institutional record in the Lancaster County Prison and the trial judge is opposed to release. The district attorney, however, states he is not opposed to the granting of clemency as she intends to be married. This she intends to do.

We are willing to recommend that clemency be granted in this case but only upon two conditions: 1. that complete restitution is made to the victim and 2. That she be married within thirty days after her release from the institution. Under these circumstances we would recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Gilbert Russell, C-7355, No. 6270, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gilbert Russell, convicted of murder in the first degree in the Court of Quarter Sessions of Montgomery County on September 25, 1931 be commuted from life imprisonment to 22 years, 8 months expiring on May 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-eight years of age and had twenty-one prior arrests and five convictions. Most of his prior arrests were for assault and battery and disorderly conduct. There is no doubt about it he did not have a good reputation prior to his entering the institution.

He got into a fight with his family and killed his stepfather and his sister. Though the killing occurred while a fight was going on, still he was found guilty of murder in the first degree and sentenced to life imprisonment.

He has an excellent institutional record and at the present time he has served twenty-two and one-half years of life imprisonment

The trial judge is not opposed to the granting of clemency in this matter and leaves the matter of commutation up to the Board of Pardons. The district attorney, however, is opposed because he is opposed to all commutations in life imprisonment cases.

We feel, however, that this applicant has served a very long period of time and since he has served just short of a quarter of century in an institution, we recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

BOARD OF PARDONS

In re application of Charles W. Schaeffer, No. 8379, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles W. Schaeffer, convicted of Rape in the Court of Quarter Sessions and Oyer and Terminer of Berks County on December 9, 1941, computed from September 27, 1941 be commuted from 15 years to 6 years, 8 months expiring on May 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age. This was his first major imprisonment. He was convicted of a charge of rape on a twelve year old girl and served his minimum sentence for the offense. He has been on parole for six and one-half months and desires to have his maximum sentence commuted so that he may be released from parole supervision.

The Board of Parole states that he has an excellent reputation since being released on parole and is presently employed by the County of Berks.

The trial judge, the Honorable Forrest R. Shanaman, has written to the Board of Pardons and recommends that the maximum sentence be commuted. The district attorney of Berks County has stated that he leaves the matter of commutation up to the Board of Pardons.

The Board of Parole has advised the Board of Pardons that it has no objection to the commutation of his maximum sentence. The Board is of the opinion that he has proved, by his behavior, that he no longer needs parole

supervision and since it is merely granting him one and one-half years from his maximum sentence, we recommend that his maximum sentence be commuted.

BOARD OF PARDONS

In re application of Fred James Scoleri, E-191, No. A-2409, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Fred James Scoleri, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 9, 1948, computed from February 5, 1948 be commuted from 15 years to 6 years, 4 months expiring on June 5, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and this was his first major conviction. He and three accomplices committed a series of five armed robberies and he received, on a plea of guilty, a sentence of fifteen to forty years. This, in our estimation, is a very severe sentence for a virtual first offender as far as imprisonment is concerned.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record and that during the past six years he has established a good reputation as a willing worker with a pleasant attitude. He has shown an attitude of thrift and has sent money home to his mother. If granted a release he will be well supervised and has a good position to go to. We feel that this applicant has seen the error of his ways. We feel that this applicant, if granted commutation, will attempt to rehabilitate himself and although the district attorney is opposed to clemency, we feel he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of James John Sheffo, No. A-2387, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that James John Sheffo, convicted of assault and battery in the Court of Quarter Sessions of Allegheny County, on June 20, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and has no prior criminal record. He was sentenced on a charge of assault and battery following his conviction to the term of not less than six months nor more than twenty-three months.

The facts briefly are these: The applicant, while under the influence of intoxicating liquor, entered the wrong apartment in his apartment house and one occupant therein started to scream and he was convicted of assault and battery. It seems that this applicant has a good reputation and that the persons in the community where he resides regard him very favorably.

The trial judge, the Honorable Walter P. Smart, has written the Board and states he has no objection to the granting of a pardon. The district attorney of Allegheny County likewise has no objection and in view of the applicant's prior reputation and present good reputation we feel that he has been sufficiently punished and we recommend, therefore, that a pardon be granted.

In re application of Louis Smith, 7113-C, No. 6722, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Louis Smith, convicted of burglary, receiving stolen good in the Court of Oyer and Terminer and Quarter Sessions on June 20, 1940, computed from May 29, 1940, be commuted from a maximum term of 30 years to a new maximum term of 14 years, expiring on May 29, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 29, 1970.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of William J. Smith, No. A-2383, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William J. Smith, convicted of larceny in the Court of Quarter Sessions of Philadelphia County, on June 12, 1953 be commuted from 1 year, 6 months to 1 year expiring on June 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and had no prior criminal record. He stole a taxi, stripped it of its accessories and sold them. He had never been in difficulty before and upon his apprehension promptly plead guilty without advice of counsel and was sentenced to the Philadelphia County Prison. He has a good prison record.

The trial judge is no longer on the bench and the present judge has no recommendation to make. The district attorney is not opposed to his receiving clemency at the hand of this Board.

Since he was a first offender we believe that he received a rather severe sentence and for that reason we recommend that his sentence be commuted.

In re application of John Joseph Stranahan, No. A-2414, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Joseph Stranahan, convicted of larceny of automobile in the Court of Quarter Sessions of Lancaster County on May 29, 1953, computed from May 19, 1953 be commuted from 2 years to 1 year expiring on May 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this was his first major conviction. This applicant, while under the influence of intoxicating liquors, stole parked automobiles. There were six cars involved.

This applicant realizes his entire problem in his addiction to alcohol, and has arranged to take psychiatric treatment but finds it impossible to obtain the best results from this treatment while in prison. Since he realizes that he is physically and mentally ill and desires to undergo treatment for this condition, we feel that he has been sufficiently punished even though the trial judge and the district attorney are opposed at this time.

Nevertheless, we are recommending that commutation be granted, but as a condition we are recommending to the Department of Revenue of the Commonwealth of Pennsylvania that no operator's license or owner's license be granted during the time of his sentence.

In re application of Kenneth Lee Yount, No. 9885, April Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Kenneth Lee Yount, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Armstrong County, on January 17, 1949 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and has no prior conviction with the exception of this arrest. He has no prior criminal record whatsoever. This was his very serious involvement with the law and resulted from an attempt to commit an armed robbery at the Kittanning Country Club. There was no good reason for making this mistake because he was a professional baseball player and was earning money at the time. He has since married and has a good reputation in the community in which he lives.

Both the trial judge and the district attorney of Armstrong County recommend that a pardon be granted.

We feel that this applicant will not again commit any offenses against the law and in the light of his present excellent reputation we recommend pardon for this offense.

In re application of James Anderson C-2717, No. A-1920, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Anderson, convicted of voluntary manslaughter in the Court of Oyer and Terminer of Beaver County on July 3, 1952 computed from December 15, 1951 be commuted from 4 years to 2 years, 7 months expiring on July 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 48 years of age and this was his first major conviction for any offense whatsoever. This applicant was having a birthday party in his own home and after the party had begun to break up 3 strangers arrived and started threatening the applicant to kill him with a knife. One of them threw a bottle at the applicant and came at him with a knife. They tried to rob this applicant. While this was occuring applicant secured a gun and shot one of the strangers who died. Applicant was convicted of the crime of voluntary manslaughter and at the present time has served 2 years, and 6 months in the State Penitentiary at Rockview where he has an excellent institutional record.

We believe that this applicant had some mitigating circumstances and that if his plea of self-defense had been properly presented to the jury this applicant would have been acquitted. The Trial Judge in writing to the Board of Pardons has stated that he believes this may have been self-defense and therefore leaves the matter of commutation up to the Board of Pardons. The District Attorney of Beaver County also leaves the matter of commutation up to the Board of Pardons.

Since this could very well have been self-defense and since this applicant has served over ¾ of his minimum sentence, we recommend that his sentence be commuted.

In re application of Dale Angle, No. 8339, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Dale Angle, convicted of attempted rape, assault and battery with intent to ravish, adultery, prostitution of female child, rape, in the Court of Quarter Sessions and Oyer Terminer of Cumberland County on September 20, 1941, be commuted from a maximum term of 15 years to a maximum term of 12 years, 9 months, expiring on June 15, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 15, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Joseph Bartash, No. A-2444, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Bartash, convicted of larceny, conversion and conspiracy in the Court of Quarter Sessions of Philadelphia County, on January 5, 1937 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age and this was his only conviction for any offense. The offense occured when the applicant, a milkman, withheld approximately sixty doslars in receipts from his employer. He pleaded guilty to the offense when arrested and was placed on probation for a period of five years. He immediately became employed by Freedman Express, Incorporated, and has risen to become the Manager of the Newark, New Jersey Terminal. He has been in no further difficulty for seventeen and one-half years. He has led an exemplary life; is married and has two sons. He is called upon to transact certain financial business for his employer and it becomes embarrassing for him to relate the details of this offense which occurred nearly twenty years ago.

We believe that the applicant has been severely punished, paid his debt to society and completely proved his rehabilitation and we therefore commend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Chester Charles Boniecke, No. 4833, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Chester Charles

Boniecke, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Allegheny County on September 19, 1930; and of the crime of robbery and receiving stolen goods in the Court of Oyer and Terminer in Beaver County, on December 2, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for an absolute pardon entered his plea of guilty in the Court of Quarter Sessions in Allegheny County on September 19, 1930 to Indictment No. 940 September Sessions, 1930, charging larceny and receiving stolen goods and was sentenced by the Honorable George V. Moore, Judge, to imprisonment in the Allegheny County Workhouse for from 6 to 12 months.

On December 2, 1936, the applicant entered a plea of guilty in the Court of Oyer and Terminer of Beaver County to Indictment No. 8 December Sessions, 1936 charging robbery and receiving stolen goods and was sentenced by the Honorable Frank E. Reader, Judge, to imprisonment in the Western State Penitentiary for from 3 to 10 years and to pay a fine of $1.00.

This applicant is 42 years of age and these two offenses for which the aplicant is seeking pardon occured more than twenty-four years ago in one instance and seventeen years ago in the other. He desires these two pardons in order that the McCarran Act will not operate against him. Although he thought he was a native born citizen, he learned he was brought to this country by his parents at a very early age. This applicant would be deported to Poland unless relief is given thru a Gubernatorial Pardon.

The authorities in Beaver and Allegheny Counties, where these offenses took place, have no objection to the granting of relief prayed for.

In view of the fact that this applicant would be returned to Poland where he has no relatives and which is at present behind the Iron Curtain, it would seem to be in the nature of cruel and inhuman punishment.

Since the applicant is married and has a family in Pennsylvania, and since there are no objections from the authorities, we recommend that a pardon be granted of these offenses so that this applicant will not be deported.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank Capaccione 1599-D, No. 7561, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Capaccione, convicted of robbery in the Court of Oyer & Terminer of Allegheny County on June 21, 1939 be commuted from 20 years to 15 years, 4 months expiring on June 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this offense was his first major conviction. He was sentenced to a term of not less than ten years nor more than twenty years for his participation in a Bank robbery, in which the loot amounted to approximately $3,000. He served his entire minimum sentence and upon release on parole went to live with a brother in Florida. However, he was dissatisfied with this, returned to Pennsylvania, and since May of 1952 has been an employee of the Homestead Works of the United States Steel Corporation.

He has had an excellent adjustment on parole but desires a commutation of his maximum sentence at this time in order that he may be released from further parole supervision.

Since he has had a good adjustment for the past two and one-half years on parole, we feel that he will not again become involved with the law and we, therefore, recommend that his commutation of the maximum sentence be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank Carbone D-9865, No. A-159, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Carbone, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer & Terminer and Quarter Sessions Philadelphia County computed from July 17, 1947 to September 4, 1947 be commuted from 15 years to 7 years expiring on July 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 29 years of age and this is his first major conviction. He was sentenced to a term of not less than 15 nor more than 30 years on a plea of guilty for the commission of a series of burglaries in Philadelphia County. This applicant received $400 of his share of the loot.

He has an excellent institutional record in the Graterford institution and that was his only offense in nearly 7 years of imprisonment. The Trial Judge is deceased and the present judge has no comment. The District Attorney of Philadelphia County feels that this applicant should serve at least one-half of his minimum sentence. We feel that this applicant has been severely punished and since he has served nearly 7 years, we recommend that clemency be granted.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of Michael Carbone, D-9887, No. A-160, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Michael Carbone, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County computed from July 17, 1947 on September 12, 1947 be commuted from 15 years to 7 years expiring on July 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 36 years of age and this was his first major conviction. He was sentenced to not less than 15 nor more than 30 years on the charge of burglary. There were a series of offenses and applicant had been the look-out man for the gang. At the time of his arrest the applicant had given up the life of crime and was gainfully employed. He is married and has 2 children, ages 11 and 8.

He has an excellent institutional record in the State Penitentiary at Graterford and the District Attorney of Philadelphia County feels he should serve one-half of his minimum sentence. At the present time the applicant has served nearly 7 years of 15. We feel this is very close to the one-half minimum sentence and we therefore recommend that this sentence be commuted.

In re application of Patsy Catlado, No. 1840, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Patsy Catlado, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on April 15, 1931, be commuted from a maximum term of 40 years to a maximum term of 3 years 2 months, expiring on June 15, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until October 15, 1962.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

In re application of Samuel Chalmers, D-8702, No. A-2433, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel Chalmers, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 17, 1946 computed from September 24, 1945 be commuted from 10 years to 8 years, 10 months expiring on July 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 49 years of age and has had no prior criminal record. He was sitting on his front steps when a group of men approached him and started to fight him. They threw bottles at the applicant and as they broke upon his porch the applicant leaped from the porch, grabbed the deceased by the neck, and stabbed him with an ice pick. As a result of this killing the applicant was convicted of murder in the second degree and sentenced to 10 to 20 years in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary states that the applicant has an excellent institution record. The Trial Judge, the Honorable Eugene V. Allessandroni, has no comment to make. The District Attorney of Philadelphia County, however, did state to the Board at the time of argument that they are not opposed to clemency, in fact, recommended clemency in this case.

Since this applicant has served nearly 9 years of his minimum sentence and has no prior criminal record, we recommend that his sentence be commuted.

Respectfully submitted,

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,

In re application of Richard Christie, No. 4148, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Richard Christie, convicted of murder, first degree, in the Court of Oyer and Terminer and Quarter

Sessions of Philadelphia County on October 21, 1925, be commuted from a maximum term of life to a maximum term of 28 years, 8 months, expiring on June 21, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of George Arthur Clark, C-1160, No. A-2459, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Arthur Clark, convicted of armed robbery in the Court of Oyer and Terminer of Allegheny County on June 16, 1949 computed from May 14, 1949 be commuted from 7½ years to 5 years, 1 month, 10 days, expiring on June 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 32 years of age and has no prior criminal record. He plead guilty to 3 armed robbery charges with the loot amounting to approximately $1,000. A gun was used. There were approximately, all told, 11 armed robberies, but only 3 that this applicant was concerned with. His accomplice is still in the institution.

The Board of Trustees of the State Penitentiary at Rockview has stated that since this applicant has an excellent institutional record and since he has served over 5 years of his minimum sentence, that he should be given some consideration at this time.

The Trial Judge has stated to the Board of Parole representatives that he would not oppose this applicant and leaves the matter up to the Board of Pardons. The District Attorney recommends that clemency be granted.

Since this applicant has served two-thirds of his minimum sentence and has no prior criminal record and has a good institutional record, we recommend that commutation be granted.

In re application of Anthony Colono, No. A-2440, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Anthony Colono, convicted of robbery, being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of the County of Philadelphia on July 3, 1930, be commuted from a maximum term of 20 years to a maximum term of 18 years, 5 months, 8 days, expiring on June 10, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 2, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Henry Costanza, No. 1907, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Henry Costanza, convicted of murder in the first degree, in the Court of Oyer and Terminer of Allegheny County on October 12, 1928, be commuted from a maximum term of life to a maximum term of 25 years, 8 months, expiring on June 12, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

In re application of John Daniels, D-8309, No. A-398, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Daniels, convicted of Burglary and Receiving Stolen Goods in the Court of Oyer and Terminer and Quarter Sessions of Dauphin County on May 7, 1945 computed from April 6, 1945 be commuted from 40 years to 9 years, 3 months, expiring on July 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was his first major conviction. He had been heretofore sentenced to the Pennsylvania Industrial School and upon his release he violated that parole by breaking into a large number of homes with at least one accomplice. The parole report indicates that there were forty-five homes broken into in which various articles of personal property were stolen. This was one of the heaviest sentences ever meted out by the courts of Dauphin County and was unusual for Judge Woodside who did not impose such severe sentences. This applicant has now served nearly ten years.

The Trial Judge has written the Board and stated that he recommends clemency unless the Board of Trustees is opposed. The Board of Trustees of the Eastern State Penitentiary states that this applicant has a good institution record and that he has made a favorable adjustment. The District Attorney of Dauphin County is not opposed and since this applicant has served over nine years we recommend that this sentence be commuted.

In re application of Peter DeStefano, No. A-2476, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Peter DeStefano, convicted of conspiracy and setting up and maintaining an illegal lottery in the Court of Quarter Sessions of Philadelphia County, on December 6, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and this was the first conviction for any offenses whatsoever. He had three prior arrests on charges of suspicion of setting up gambling devices and lottery, but he plead guilty on these two occasions.

This applicant has attempted to rationalize his behavior in these offenses by stating that everyone else was doing it and because he was a sick man he weakened and became involved.

He is supporting his wife and aged Mother and has an average reputation in the community in which he presently resides. He is now a salesman with a printing firm and the owner of this firm has stated that he is a likeable individual and is applying himself very well. Also, he goes out of the State on occasions to secure printing for his employer. He is well recommended by persons in the South Philadelphia Area where he lives and they recommend clemency to your honor.

The Trial Judge, the Honorable Thomas Bluett, has not seen fit to advise the Board of Pardons as to his feelings in this matter. The District Attorney of Philadelphia County is opposed.

Since this applicant has had no further difficulty for over three and one-half years and has given up his criminal tendencies, we feel that he will not again commit any offense against society and we therefore recommend that a pardon be granted.

In re application of Michael Digenova, No. A-2478, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Michael Digenova, convicted of Feloniously making false entries in books of account of trust company in the Court of Quarter Sessions of Philadelphia County, on January 14, 1943 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and has had no prior criminal record. Over eleven and one-half years ago this applicant who was an officer in his family's private bank, signed a fictitious name to a note and he received the funds therefrom. He was paying the money off to the bank and at no time was the note in default. However, when the books of the bank were examined, he was arrested by the federal bank examiners on the grounds that a fictitious loan had been made. After a

conviction in the United States District Court, an appeal was had to the Circuit Court of Appeals and they reversed the conviction with the statement that the trial judge did no assume his judicial responsibility and declare the law applicable to the facts of the case and direct the verdict of not guilty. After this offense had taken place in the District Courts, the applicant was brought in on the same set of facts for trial in the state courts. At this point he was prevailed upon by his counsel to plead nolle contendre and he would be released with a fine of $100. At this point the applicant agreed without thinking to this arrangement and thereby admitted a conviction to be entered against his name.

It is the feeling of the Board of Pardons that this applicant has always borne a good reputation and the District Attorney of Philadelphia is not opposed. He is no longer in the banking business and he now desires to obtain a real estate license. Under these circumstances, we feel that this conviction should not militate against him and we therefore recommend that a pardon be granted.

In re application of Albert Dunmore, No. 6577, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Albert Dunmore, convicted of being armed to rob, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 11, 1939, be commuted from a maximum term of 40 years to a maximum term of 15 years, 2 months, expiring on June 21, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 21, 1979.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of William Gatewood E-3800, No. A-2437, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Gatewood, convicted of Aggravated assault and battery in the Court of Quarter Sessions of Philadelphia County on July 10, 1953 computed from July 10, 1953 be commuted from 1½ years to 1 year expiring on July 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and has had no prior criminal record. Applicant was found guilty of aggravated assault and battery by shooting a bartender for refusing to serve applicant while under the influence of intoxicating liquor. He was given a term of not less than one and one-half years nor more than three years. At the present time he has served ten months of this sentence.

The Trial Judge has no comment to make and the District Attorney of Philadelphia County is not opposed. Under these circumstances, we feel that having served more than one-half of his minimum sentence without any prior record, he is entitled to consideration and, therefore, recommend his sentence be commuted.

In re application of Victor Gelormo, No. 7098, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Victor Gelormo, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Berks County on September 16, 1937, be commuted from a maximum term of 20 years to a maximum term of 16 years, 9 months, expiring on June 16, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 16, 1957.

In re application of Oscar Glassman, No. A-2452, May Sessions, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Oscar Glassman, convicted of Assault and battery in the Court of Quarter Sessions of Philadelphia County, on October 13, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-eight years of age and this is the only offense for which he was ever convicted. He was convicted of assault and battery upon an individual who parked in front of his place of business and became profane and vile in the use of language to him. There were no serious injuries sustained by the victim. The Board of Parole has stated that this applicant is a good provider and he is respected in his neighborhood.

The Trial Judge, the Honorable Edwin C. Lewis, has not given any opinion in this matter. The District Attorney of Philadelphia County is not opposed to the granting of a pardon in this matter. It may be pointed out that at the present time this applicant is very active in sporting and charitable circles in Philadelphia and has done much to aid and assist the wounded servicemen.

Under all the circumstances, we feel he should be given consideration and we, therefore, recommend that a pardon be granted.

In re application of Joseph Gross, E-272, No. A-1191, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Gross, convicted of robbery, armed with an offensive weapon to Nos. 170 and 173 in the Court of Quarter Sessions of Philadelphia County on April 14, 1948, computed from March 5, 1938, be commuted from 30 years to 6 years, 4 months, expiring on July 5, 1954; and further recommend that the minimum sentence of Joseph Gross, convicted of burglary, larceny and receiving stolen goods to No. 27 in the Court of Quarter Sessions of Bucks County on September 8, 1948, to begin at expiration of sentence imposed on April 14, 1948, in Philadelphia County, be commuted from 5 years to 1 day, expiring on July 6, 1954; and further recommend that the minimum sentence of Joseph Gross, convicted of robbery, armed with an offensive weapon, to No. 26 in the Court of Quarter Sessions of Bucks County on September 8, 1948, to run concurrently with Bill No. 27 mentioned above, be commuted from 5 years to 1 day, expiring on July 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant together with four accomplices burglarized four places of business and committed a series of six armed robberies, in Philadelphia and Bucks Counties, over a period of two weeks. As a result of these offenses, the applicant and accomplices were arrested and applicant plead guilty.

The Board of Trustees of Eastern State Penitentiary states that this applicant has an excellent institutional record and the two misconducts which he had in prison in the past six years are not considered prejudicial.

The Trial Judge is deceased and the present judge has no comment. The District Attorney of Philadelphia County is not opposed.

This applicant was nineteen years of age when these offenses were committed. Since he has now served over six years we recommend that his sentences be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Frank A. Guinan, No. 2450, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank A. Guinan, convicted of robbery and conspiracy to rob, in the Court of Quarter Sessions of Philadelphia County on October 14, 1920; and of the crimes of breaking and entering, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on February 28, 1923, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for an absolute pardon plead guilty in the Court of Quarter Sessions on October 14, 1920, to Indictment Nos. 268 and 269 October Sessions, 1920, charging robbery and conspiracy to rob, and the Honorable Judge Ferguson to imprisonment in the Philadelphia County Prison for one year.

On February 28, 1923, the applicant entered a plea of guilty in the Court of Quarter Sessions of Philadelphia County to Indictments Nos. 426 and 427 January Sessions, 1923, charging breaking and entering; larceny and receiving stolen goods, and was sentenced by the Honorable

Judge Barrett. Sentence was suspended and he was placed on probation for a period of 3 years.

This applicant is fifty-seven years of age and approximately thirty years ago he was involved in two offenses of robbery and larceny. The first offense involves the robbery of a victim, taking therefrom the sum of $90.00. In the second offense the applicant is alleged to have taken some cloth from freight cars of the Pennsylvania Railroad. Evidently this was sufficient to teach him the lesson he needed, because he thereafter never became involved in any other offense. He has led an exemplary life for thirty-one years and resides with his wife in Philadelphia. He has been the father of eleven grandchildren and has five children of his own. He now desires to have this conviction removed from his record which was placed thereby by the irresponsibility of youth.

Since there is no objection from the District Attorney in Philadelphia County we recommend that the pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
LLOYD H. WOOD,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Dale Mensch Haggy, E-3165, No. A-2378, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Dale Mensch Haggy, convicted of robbery armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Union County on August 18, 1952, computed from August 12, 1952, be commuted from 4½ years to 2 years, expiring on August 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant and two accomplices attempted to hold up a restaurant and since this was their first offense they became a little scared and abandoned the adventure. They were later arrested and plead guilty to the offense.

This applicant has an excellent institutional record and at the present time has served one year and eleven months of his minimum sentence. He has a wife and three-year-old daughter and the hardship of the imprisonment is on them.

Since he has now served approximately two years of his minimum sentence and has an excellent institutional record we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Elmer Clarence Harris, B-6732, No. A-573, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Elmer Clarence Harris, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on May 23, 1939, computed from January 20, 1939, be commuted from 20 years to 15 years, 5 months, expiring on June 20, 1954.

Our reasons for making this recommendation are as follows:

Applicant is 55 years of age and has had a bad prior criminal record, having had 5 arrests, 5 convictions and 1 parole violation which occurred by reason of the guilty plea to these offenses. He received a very severe sentence of not lss than 20 nor more than 40 years and at the present time he has served all but 4 years, 7 months of this sentence.

The Board of Trustees of the State Penitentiary at Rockview states that this applicant has an excellent institutional record and has been a very cooperative inmate. It was pointed out that if released this applicant will be on parole until 1979 so he will have plenty of supervision.

All but 2 of applicant's accomplices have been released. The ones still in the institution had records similar or the equivalent of the applicant's criminal record.

Since this applicant has served more than 15 years we feel that he has been severely punished and if he is ever to be released in order that he may procure a position while still able to do so and rehabilitate himself, consideration must be given at the present time for his release. We therefore recommend that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Andrew Helrink, No. 734, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Andrew Helrink, convicted of conspiracy to rob, robbery with arms, assault and battery to kill, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 15, 1928, be commuted from a maximum term of 5 years to a maximum term of 4 months, expiring on June 15, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 15, 1959.

For the reason that this applicant has served a long time

on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,

In re application of William Jackson, E-332, No. A-1030, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Jackson, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 28, 1948, computed from May 7, 1948 be commuted from 10 years to 6 years, 2 months, expiring on July 7, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 28 years of age and he is serving a term for the commission of a payroll robbery. He pled guilty to this offense while incarcerated in the House of Correction on a charge of possession and use of narcotics. At the present time applicant has served 6 years of a 10 year minimum sentence. He has an excellent institutional record in the State Penitentiary at Graterford.

Except for 2 offenses of the possession of narcotics this applicant was a first offender.

The trial judge is deceased and the present judge has no comment. The district attorney of Philadelphia County recommends that commutation be granted and the applicant's accomplice who received a similar sentence had his sentence commuted at the February 1954 session of this Board. Under all the circumstances we recommend that this sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Abra F. Jones, D-9808, No. A-2492, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Abra F. Jones, convicted of robbery-armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on August 1, 1947, computed from August 1, 1947 be commuted from 20 years to 7 years, expiring on July 18, 1954.

Our reasons for making this recommendation are as follows:

This applicant has served nearly 7 years of a minimum sentence of 20 years on a charge of attempted robbery and the commission of an actual robbery where guns were stolen and the loot involved was $400. This was the applicant's first major conviction but he had served a term for breaking and entering of 6 months on a prior occasion. He had one other acomplice and at the present time he is 31 years of age.

The Board of Trustees of the State Penitentiary at Graterford states that this applicant has an excellent institutional record and is presently holding a position of trust in the institution.

The trial judge, the Honorable Harry S. McDevitt, is deceased and the present judge has no comment to make. The district attorney of Philadelphia County has no objection to clemency, in fact, recommends that clemency be granted. Since this applicant's accomplice was released in September of 1953, by commutation by this Board, we recommend that this applicant be given similar clemency and that his sentence be commuted.

BOARD OF PARDONS

In re application of Louis Kleinberg, B-7730, No. A-758, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Louis Kleinberg, convicted of murder, in the first degree in the Court of Oyer and Terminer of Allegheny County on June 20, 1941 be commuted from life imprisonment to 13 years, expiring on June 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and this was his first major conviction. He plead guilty to the one charge, both charges being murder. The persons involved were the parents of the applicant's girl-friend. There is a good deal of speculation as to what actually did happen in this sequence of events. The girl-friend of this applicant disappeared immediately before the trial and has never been heard from to this day. It is not known why she disappeared other than to take the applicant's story that she was an active participant in one of these offenses, particularly the shooting of the Mother. It is very strange that a person who is about to inherit the sum of $80,000 would mysteriously disappear and be absent and unheard of for over twelve years.

The Board of Trustee's of the Western State Penitentiary states that this applicant has an excellent institutional record. He has held a number of responsible positions of trust and has always carried out his duties in an exemplary manner.

The trial judge, the Honorable J. Frank Graff, leaves the matter of commutation up to the Board. The district

attorney of Allegheny County is opposed although he admits that there are strange situations involved in this case. Furthermore, it should be pointed out that this applicant did not receive 7 months that he served in the County Jail prior to this conviction. Under these circumstances he would have served nearly 13½ years. We therefore recommend commutation.

In re application of Michael Krevinko, No. 5290, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Michael Krevinko, convicted of malicious mischief by explosives (3), blackmail, in the Court of Quarter Sessions of Fayette County on February 7, 1939, be commuted from a maximum term of 10 years, 8 months to a maximum term of 2 years, 4 months, expiring on May 28, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 28, 1959.

In re application of Lerew, William Floyd, No. 3458, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Floyd Lerew, convicted of arson in the Court of Quarter Sessions of Adams County, on May 2, 1936 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant was thirty-nine years of age and this was his first major conviction. He was sentenced following a conviction of a charge of arson. The crime consisted of the setting fire to a vacant building which was being converted into a dewelling house. He served his minimum sentence of three years and was on parole the balance of his maximum term.

He returned to the same community from which he was sentenced and approximately four years ago became the owner and operator of a Television business. He is married and had one son and is completely adjusted to his environment. He is a member of the Lion's Club and the Elks. Because of the fact that he is married and has a family he desires this pardon in order that his conviction may not affect them at a later time.

Since he has such an excellent reputation and has been so completely rehabilitated the authorities in Adams County are in favor of a pardon. The Board of Parole states that this applicant has an excellent reputation in the community.

Under all these circumstances we recommend that a pardon be granted.

In re application of Robert Lighthart, C-2487, No. A-1830, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Lighthart, convicted of burglary and larceny in the Court of Oyer and Terminer of Crawford County on February 5, 1952 computed from January 12, 1952 be commuted from 5 years to 2 years, 6 months expiring on July 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this was his first conviction. He and two accomplices broke into the same house on three different occasions. He was apprehended and plead guilty. Applicant has an excellent record at the State Penitentiary at Rockview but the Board of Trustees feels that this application is still premature. However, by the time this application is acted upon he will have served over one-half of his minimum sentence. One accomplice received a sentence of probation and the other accomplice received the same sentence as this applicant. The accomplice had two prior arrests and one conviction. This applicant did not have any conviction.

The Trial Judge, the Honorable Herbert F. Mook, leaves the matter of commutation up to the Board. The District Attorney has not seen fit to give us any comment on this case.

Since this is a case of a first offender with an excellent institutional record and since he will be on parole for approximately seventeen and one-half years, we feel that

he will be given the necessary supervision that will help him be rehabilitated. We therefore recommend that his sentence be commuted.

In re application of William Lunsford, No. 5687, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Lunsford, convicted of murder in the first degree, in the Court of Oyer and Terminer of Allegheny County on May 16, 1930, be commuted from a maximum term of life to a maximum term of 24 years, 1 month, expiring on June 16, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of John J. Lynch, No. A-2474, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John J. Lynch, convicted of arson in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on September 4, 1936 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age and has had no prior criminal record. Approximately seventeen years ago this applicant was a member of a Volunteer Fire Department and in order to secure practice for the Fire Company, he and four accomplices set fire to several buildings. He pleaded guilty upon apprehension and served one year in the Delaware County Prison before being released on parole. After being placed on parole the applicant married and has become the father of three daughters and one son. He is regularly employed, attends Church, and takes part in social and community activities. He is doing his best to raise his children in a clean and lawful manner and since he has paid his debt to society, he requests a pardon in order that his name may be cleared.

The present judge, the Honorable Henry G. Sweney, has advised the Board of Pardons that he has no objection to the granting of the pardon prayed for, and the district attorney of Delaware County recommends clemency.

Under these circumstances the Board of Pardons joins in these recommendations.

In re application of Thomas I. McGrory, D-6093, No. A-2178, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas I. McGrory, convicted of murder in the first degree in the Court of Quarter Sessions of Philadelphia County on November 7, 1941 be commuted from life to 12 years, 10 months, expiring on September 7, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and has had one prior arrest for drunkeness prior to this offense. He and accomplice were on a drinking spree and stole a car and held up a garage attendant who was killed. This applicant and accomplice were arrested and plead guilty. The accomplice was sentenced to death and the death sentence was carried out. The applicant, because of his background, was given life. Now there is no doubt that this applicant was in an alcoholic daze for a period of two days prior to the commission of this offense. This testimony was argued by applicant's representatives and the testimony was introduced in evidence to show that he had so much to drink that he did not know where he was nor the nature or affect of his act.

Since he has been imprisoned in the Eastern State Penitentiary, he has an excellent institutional record and the Trial Judge has left the matter of communtation up to the Board of Pardons. Mr. Berkowitz, representing the District Attorney's office, has now agreed that they have no objection to the granting of clemency. Under these circumstances, the Board is of the opinion that the applicant was so intoxicated as to not know the nature and effect of his act and having served fourteen years, and due to the fact that he was incarcerated for over a year

before he was sentenced, was not taken into account, we recommend that his sentence be commuted.

In re application of John McKairens, C-8848, No. 6535, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minmum sentence of John McKairens, convicted of murder in first degree in the Court of Quarter Sessions of Philadelphia County on April 11, 1933 computed from January 19, 1933 be commuted from life to 21 years 3 months expiring on July 11, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and has had no prior criminal record. He and the victim became enraged and applicant went and bought some moonshine. Applicant went home, drank some and after drinking a great deal shot and killed his wife who was the victim.

He has had an outstanding record in the Eastern State Penitentiary. The trial judge, the Honorable Frank Smith, has not given us any report on his feelings. The district attorney, however, has stated that they are not opposed to the granting of clemency and leaves the matter of parole up to the Board of Pardons.

Since he has had an outstanding record and served twenty-one years and upwards of a life sentence, we feel taht he has been sufficiently punished and we, therefore, recommend that clemency be granted.

In re application of William R. Mack, E-2449, No. 8932, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William R. Mack, convicted of prison farm escape in the Court of Oyer & Terminer and Quarter Sessions of Centre County on August 12, 1949, computed from July 17, 1951 be commuted from 5 years to 3 years expiring on July 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 32 years of age and this was his second offense. The first was a charge of forgery which sent him to the Eastern State Penitentiary and then while there the applicant escaped from the prison farm. He was granted a commutation on the forgery to begin the 5 to 10 years sentence on the escape charge and at the present time he has served nearly 3 years of the 5 to 10 years which he received for the escape. This is almost the equivalent of one year for each of the three days that he was at large on the escape from the Rockview State Prison Farm. We deem this to be a rather severe sentence.

The Board of Trutees of the Eastern State Penitentiary at Graterford states that this applicant has an excellent institutional record. Both the trial judge and the district attorney leave the matter of commutation up to the Board.

Since this applicant has served nearly 7 years of the combined minimum 10 years we feel he has had a very severe sentence and we therefore recommend that commutation of the escape sentence be granted at this time.

In re application of Nicholas Marcello, No. A-2484, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Nicholas Marcello, convicted of larceny and burglary, in the Court of Oyer and Terminer of Northampton County on February 7, 1927; and of the crimes of assault with intent to rob, robbery, armed with an offensive weapon, and consipracy, in the Court of Oyer and Terminer of Philadelphia County on December 30, 1929, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for an absolute pardon entered his plea of guilty in the Court of Oyer and Terminer of Northampton County on February 7, 1927 to Indictment No. 61 December Sessions 1927, charging larceny and burglary, and was sentenced to imprisonment in the Eastern State Penitentiary for not less than two and one-half years nor more than five years. Sentence to be computed from January 15, 1927.

On December 30, 1929, the applicant plead guilty in the Court of Oyer and Terminer of Philadelphia County to indictment Nos. 171 and 172 December Sessions 1929, charging assault with intent to rob, robbery, armed with an offensive weapon, and conspiracy, and was sentenced by the Honorable H. S. Davis, Judge, to imprisonment in the Eastern State Penitentiary for not less than two years nor more than four years. Sentence to run concurrent with the unexpired term of the Northampton County sentence.

This applicant had five prior arrests and by this last arrest committed two crimes involving moral turpitude. In December 1932, this applicant was ordered deported to his native land, which was Italy. He settled in Naples

and became a Ship Broker for several American Steamship Lines. During World War II he served with the British Intelligence and loyally helped the Allied Forces. He is a member of the Chamber of Commerce of Naples and both his Parish Priest and all the persons with whom he has come in contact give him a good reputation for more than twenty years.

The Trial Judge of Philadelphia County leaves the matter of pardon up to the Board of Pardons, as well as the District Attorney.

In view of the fact that the applicant has had a good reputation for over twenty-one years in his native land, we recommend that the pardon be granted as prayed for.

BOARD OF PARDONS

In re application of Edward James Mason, No. 1601, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward James Mason, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on January 25, 1940 computed from September 25, 1943 be commuted from 15 years to 10 years 9 months expiring on June 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 44 years of age and has a bad prior criminal record consisting of a burglary and breaking and entering, one of which resulted in a parole violation in this offense. As a result of this parole violation he was required to serve a term of 3 years and 8 months before beginning to serve the present sentence of 15 to 30 years. At the present time he has served over 10 years and 3 months of this sentence so that all told he has served nearly 14 years.

He had one accomplice who was given a 1 to 3 year sentence and has long since been released.

This applicant was a big help to the authorities during the prison riot cases and the Trial Judge, the Honorable William M. McNaugher, states that he has no recommendation, but the District Attorney feels that this applicant merits some consideration for commutation of his sentence.

In the light of his aid to the Commonwealth during the riots and the fact that he has served such a long period of time, we recommend that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Henry Micofsky, E-2900, No. A-2451, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Micofsky, convicted of burglary, larceny, receiving stolen goods; and operating motor vehicle without consent of owner, in the Court of Oyer and Terminer of Philadelphia County on March 24, 1952 computed from February 15, 1952, be commuted from 3½ years to 2 years 6 months expiring on August 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and has had two convictions prior to this offense although they are all juvenile offenses. In fact he was only nineteen years of age when this offense was committed. He was given his first taste of prison and sent to the Eastern State Penitentiary for a term of not less than three and one-half years nor more than ten years.

This applicant was not the leader of this gang of boys and immediately upon his entry into the institution he made an effort to rehabilitate himself and has worked very hard and has an excellent institutional record.

The Trial Judge, the Honorable Edwin O. Lewis, has no comment to make but the District Attorney of Philadelphia County recommends that clemency be granted.

The Board of Pardons feels that he did receive a very severe sentence for being nineteen years of age and we recommend his sentence be commuted to two and one-half years.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Marvin W. Moyer, No. A-2443, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Marvin W. Moyer, convicted of indecent assault in the Court of Quarter Sessions of Montgomery County, on September 21, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and has had no prior criminal record. He is alleged to have committed an indecent assault upon young daughter. There was little corroboration for this young daughter's story, as she was but ten years of age at the time of the trial.

The District Attorney of Montgomery County, in his letter to the Board, has stated that the testimony of the daughter contains statements that are more apt to be he figment of imagination rather than the truth of actual happening. There was quite an element of doubt throughout the trial of this case and he concludes by stating to the Board that in view of the forgiveness between the applicant and the wife in this case, he has no objection to the granting of clemency. Likewise, the Trial Judge, the

Honorable George C. Corson, recommends that clemency be granted.

We also received a letter from the wife of the applicant, and in that letter to the Board, she expresses her doubt as to the happening of this event.

Prior to this conviction, the applicant had an excellent reputation in the neighborhood and was a well thought of electronics engineer with the U. S. Navy. As a result of this conviction he has been unable to practice his profession. We feel that this applicant has suffered a great deal as a result of this conviction which may have been improper and we therefore commend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Paul Neal, E-925, No. A-773, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul Neal, convicted of burglary, larceny and receiving stolen goods in the Court of Oyer & Terminer and Quarter Sessions Philadelphia County on March 1, 1949 computed from February 12, 1949 be commuted from 10 years to 5 years 5 months expiring on July 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 24 years of age and this was his first major imprisonment. He was sentenced following a plea of guilty to a term of not less than 10 nor more than 20 years. His prior brushes with the law had to do with juvenile offenses only.

The Trial Judge is deceased and the present judge has no comment. The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record. All of the applicant's accomplices have been released or are on parole through commutation of sentences, one as early as June 1951.

Under the circumstances we feel that this applicant has had a very severe sentence and since he now has served nearly one-half of his sentence we feel he should be given the same consideration as his accomplices and therefore recommend it be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

BOARD OF PARDONS

In re application of Ben Needleman, No. A-2475, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ben Needleman, convicted of entering a building with intent to commit a felony, in the Court of Quarter Sessions of Allegheny County, on May 15, 1950; and of the crime of lottery, in the Court of Quarter Sessions of Allegheny County, on March 11, 1940; and of the crime of lottery in the Court of Quarter Sessions of Allegheny County, on June 3, 1942; and of the crime of keeping a gambling house, in the Court of Quarter Sessions of Allegheny County, on February 20, 1943, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for an absolute pardon was convicted in the Court of Quarter Sessions of Allegheny County on April 15, 1930 to Indictment No. 276 June Sessions, 1930, charging entering a building with intent to commit a felony, and was sentenced by the Honorable G. Moore, Judge, to imprisonment in the Allegheny County Workhouse for not less than 6 months nor more than 12 months. Sentence to be computed from October 3, 1930.

On March 11, 1940 the applicant entered a plea of guilty in the Court of Quarter Sessions of Allegheny County to Indictment No. 82 April Sessions, 1940, charging lottery and was sentenced by the Honorable W. McNaugher, Judge, to imprisonment in the Allegheny County Prison for not less than 30 days nor more than 60 days and to pay a fine of $100.00. Sentence to be computed from May 1, 1940.

On June 3, 1942 the applicant entered a plea of guilty in the Court of Quarter Session of Allegheny County to Indictment No. 455 September, 1942, charging lottery and was sentenced to pay a fine of $100.00 and costs, by the Honorable J. Kennedy, Judge.

On February 20, 1943, the applicant entered a plea of guilty in the Court of Quarter Sessions of Allegheny County to Indictment No. 173 March Sessions, 1943, charging keeping a gambling house, and was sentenced by the Honorable A. Cooper, Judge, to pay a fine of $250.00 and be placed on probation for one year.

This applicant in the 1930's and 1940's had a total of 4 arrests and 4 convictions. On the charge of entering a building to commit a felony the applicant served approximately two and one-half months before being released. Two other charges were lottering and one was keeping a gambling house.

Since 1945, a period of over eleven years, this applicant has been conducting himself as an honest, respectable citizen and is now a manufacturer's agent in New Castle.

The Trial Judge is deceased and the present Judge has no comment to make. The District Attorney of Allegheny County leaves the matter of a pardon up to the Board of Pardons.

We feel that after a period of eleven years of a good reputation and no difficulty with the law this applicant should not be further penalized and are recommending that a pardon be granted.

LLOYD H. WOOD,
Lieutenant Governor.

Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Ernest P. Pace, D-9864, No. A-400, ay Session, 1954.

o His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due ublic notice, in open session, the undersigned members the Board of Pardons recommend that the maximum ntence of Ernest P. Pace, convicted of burglary in the ourt of Oyer and Terminer of Philadelphia County on eptember 4, 1947 computed from July 17, 1947 be com-uted from 30 years to 7 years expiring on July 17, 1954.

Our reasons for making this recommendation are as llows:

Applicant is 26 years of age and has had no prior crim-al record. He together with accomplice committed a ries of burglaries and at least 9 places were broken to and safes robbed. He was sentenced to a term of not ss than 5 nor more than 30 years and after having rved 3½ years the Board of Pardons commuted his ntence in 1950 largely because the applicant was a first fender. He was released on parole and is a contractor the present time. He seems to have made a complete habilitation and desires this commutation of maximum ntence in order that he may be freed from the necessity parole supervision.

The Trial Judge is deceased and the present judge has o comment. The District Attorney of Philadelphia ounty says that this applicant has an excellent reputa-on and should be rewarded by the granting of the com-utation of his maximum sentence. We feel that this pplicant has been sufficiently rehabilitated to show that e needs no further supervision and we therefore recom-end that his sentence be commuted.

In re application of Harold Morris Payton, C-2005, No. 881, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due ublic notice, in open session, the undersigned members f the Board of Pardons recommened that the minimum ntence of Harold Morris Payton, convicted of robbery the Court of Oyer & Terminer and Quarter Sessions f Philadelphia County on October 3, 1944, computed om September 26, 1944 be commuted from 10 years 9 years 10 months expiring on July 26, 1954.

Our reasons for making this recommendation are as llows:

This applicant pled guilty to a charge of robbery of jewelry store. He was the look-out and his 3 accom-lices committed the actual robbery. The loot amounted over $2000. He was given a sentence of not less than 10 or more than 20 years for his participation in this offense nd at the present time has served all but 5 months of is minimum sentence. One of the applicant's accomplices as had his sentence commuted and one has served his inimum sentence. One accomplice still remains in the stitution.

The Board of Trustees of the State Penitentiary at Rockview states that this applicant has an excellent institutional record.

The district attorney of Philadelphia County is not opposed to clemency in this case. The trial judge did not advise the Board of Pardons as to his position.

Since this applicant has served all but 5 months of his minimum sentence we recommend that his sentence be commuted.

BOARD OF PARDONS

In reapplication of Patsy Petergal, No. A-2466, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Patsy Petergal, convicted of larceny and receiving stolen goods, in the Court of Quarter Sessions of Allegheny County, on May 17, 1932; and of the crime of robbery, in the Court of Quarter Sessions of Elk County on July 28, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for an absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Allegheny County on May 17, 1932 to Indictment No. 488 May Sessions,1932, charging larceny and receiving stolen goods, and was sentenced by the Honorable Elder Marshall, judge to imprisonment in the Allegheny County workhouse for not less than four months nor more than eight months. This sentence was later modified to not less than 2 months nor more than four months. Sentence computed from May 17, 1932.

On July 28, 1935 the applicant entered a plea of guilty in the Court of Quarter Sessions of Elks County to Indictment No. 12 June Sessions, 1935, charging robbery, and was sentenced by the Honorable E. H. Baird, judge, to imprisonment in the Western State Penitentiary for not less than one year nor more than two years and to pay a fine of $1.00.

This applicant is forty-one years of age and this was his first major conviction. He was sentenced in 1932 on a charge of larceny and involving stolen goods and in 1933 on a charge of robbery. One offense involved $10.00 and a watch and the other offense involved the "rolling" of a drunk.

The applicant is not on parole, having been discharged in 1934, so that for a period of approximately twenty years he has been in no further difficulty. During this time he has been self-employed and has been an investigator on the Staff of the Honorable Charles J. Margiotti, formerly Attorney General of this Commonwealth.

The trial judge, the Honorable Elder Marshall of Allegheny County has no comment to make on the granting of a pardon and the district attorney leaves the matter up to the Board of Pardons. The present judge in Elks County, the Honorable Joseph I. Trambley, leaves the matter of pardon up to the Board of Pardons and the district attorney of Elk County has no comment to make.

Under the circumstances and since it is nearly twenty years since this applicant has been in difficulty we be-

lieve that he has shown that he is able to adjust to society and that a good record for this length of time should stand him in some good stead. We therefore recommend that a pardon be granted.

In re application of Pasquale Pittelli, E-1526, No. A-1523, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Pasquale Pittelli, convicted for burglary in the Court of Oyer & Terminer & Quarter Sessions of Lackawanna County on February 3, 1950, computed from December 17, 1949 be commuted from 9 years to 4 years 7 months expiring on July 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 36 years of age and has had no prior criminal record. He and 4 accomplices committed 5 burglaries in which the loot of approximately $4,000 was taken. He has an excellent institutional record in the Eastern State Penitentiary. At the present time he has served over 4 years of a minimum sentence of 9 years.

All the other accomplices who received a lesser sentence have had their sentences commuted.

Under the present circumstances we feel that this applicant should not be required to serve any longer than the other accomplices since he is a first offender and we therefore recommend that his sentence be commuted.

In re application of Samuel Rocci, No. A-2455, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Samuel Rocci, convicted of burglary and larceny in the Court of Oyer and Terminer of Chester County, on September 6, 1933 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and he seeks a pardon for the serious conviction which he had during his violations against the law. For a period of approximately eleven years, between 1922 and 1933, this applicant became involved with the violation of the Liquor Law and this is the one offense for which he seeks a pardon at this time. The offense was set forth as attempted burglary, which had to do with the breaking of a window in a home while attempting to remove furniture therefrom. This applicant seeks a pardon at this time on the grounds that he is subject to deportation and he has been in this country for almost forty years. To send him to Italy would cause him to be separated from his daughter, age six, who is entirely dependent upon applicant for her support and maintenance.

For a period of approximately twenty years this applicant has been in no further difficulty, and has a good reputation in the community in which he lives, according to the Board of Parole, who investigated his reputation.

The trial judge, the Honorable William Butler Windle, is not impressed with the fact that this applicant has been in no further difficulty and takes the position that the Commonwealth of Pennsylvania should not lend it's authority to obstructing the proper administration of justice under the act of Congress of the United States. All of what the trial judge says may be true although the McCarran Act increased the deportability of many persons who heretofore would not have been deported and would have been entitled to remain in this country by reason of the Act of 1960. However, the McCarran act removes the benefits provided by that act and now makes this applicant deportable.

We think that in view of almost twenty-one years that this applicant has been in no further trouble that it would be cruel and inhuman punishment to remove him from his daughter and send him back to his native country, which he knows little about and which he left over forty years ago. We therefore recommend that a pardon be granted

In reapplication of Robert Rosenberg, No. A-2495, Ma Session, 1954.

To His Excellency, the Governor of the Commonwealth Pennsylvania:

Sir: The above application having been heard, upon du public notice, in open session, the undersigned membe of the Board of Pardons recommend that Robert Rose berg, convicted of conspiracy; embezzelment by emplo of corporation; accessory before the fact to embezzl ment to employee of corporation in the Court of Quart Sessions of Dauphin County, on March 26, 1945 pardoned.

Our reasons for making this recommendation are follows:

This applicant is seventy-two years of age and has been in no prior or subsequent difficulty, this eve having occurred more than nine years ago. The fa briefly are that the applicant and his brother, both me bers of the Dauphin County Bar, had a very involv

scheme of embezzlement from a local bank. When the scheme was uncovered the applicant and his brother were arrested and upon signing a consent decree to disbarment, were sentenced to imprisonment in the Dauphin County jail.

This applicant has a good institutional record and the former district attorney, Carl B. Shelley, has written a letter to the Board, asking the Board to exercise clemency in this matter.

The present district attorney of Dauphin County recommends clemency and in view of the fact that this applicant had an excellent reputation both before and since this offense and has a family of which any father can be proud, we recommend that the stain on this conviction be removed. We recommend that this applicant be granted a pardon.

In re application of Herman Showers, E-3247, No. A-2413, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Herman Showers, convicted of possession of drugs; lottery in the Court of Quarter Sessions of Philadelphia County on August 4, 1953, computed from August 4, 1953 be commuted from 2½ years to 1 year expiring on August 4, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he was convicted on a charge of possession of drugs but plead guilty to the charge of lottery. He was sentenced to a term of two and one-half years in the Philadelphia County prison. Normally he would be required to serve just one of two years in this type of case. We feel that there is sufficient evidence to show that this applicant did not have anything to do with the heroin that was found on the prmises. It was, however, known that he was a user of drugs.

The district attorney has stated to the Board that he feels that clemency could be recommended in this case since that applicant has served over ten months. Under these circumstances we recommend that clemency be considered.

In re application of John Shultz, E-4224, No. A-1258, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Shultz, convicted of burglarly, larceny, receiving stolen goods in the Court of Quarter Sessions of Bucks County on February 24, 1953, computed from February 24, 1953 be commuted from 2½ years to 1 year 5 months expiring on July 24 ,1954.

Our reasons for making this recommendation are as follows:

This applicant is 22 years of age and at the present time has served approximately 1½ years of his minimum sentence of 2½ years. Although he has served but 1½ years of this sentence, he has been continuously confined in the Eastern State Penitentiary for more than 5½ years. Thus he was sent to the Eastern State Penitentiary when but 17 years of age.

He has a good parole plan which will take him to New Jersey to live and that state has accepted his parole. The boy has an excellent institutional record in the Eastern State Penitentiary and we believe it would be to his advantage to be given some consideration at this time so that he may be released after having served over 5½ years.

The trial judge, the Honorable Hiram Keller, Jr., of Bucks County, however, is opposed to the granting of clemency but he was not aware of the fact that this applicant has served the Philadelphia County sentence. We believe that if Judge Keller had been aware of the fact that this applicant has been in a continuous confinement for over 5½ years and that he was a virtual first offender there would be no objetion to his release at this time.

Therefore, under all the circumstances we recommend that commutation be granted.

In re application of Louis Simoni, C-1596, No. A-1577, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Simoni, convicted of rape; aggravated assault and battery in the Court of Oyer and Terminer of Beaver County on May 29, 1950, computed from March 29, 1950 be commuted from 5 years to 4 years 4 months expiring on July 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 28 years of age and this was his first major conviction. He was sentenced on a plea of guilty of rape and aggravated assault and battery and there is not much doubt but what the offenses occurred to which he plead guilty. He had an excellent reputation before the happening of this offense and he had one accom-

plice in the commission of the offense. This accomplice has since had his sentence commuted at a very recent session of the Board of Pardons and is now out of the institution. It is true that the accomplice in this case was more culpable than this applicant.

This applicant has an excellent institutional record and this was his first imprisonment. Since he was the least culpable of the offense we feel that he should be granted clemency as was granted to his accomplice. It should be pointed out in this connection that neither the trial judge nor the district attorney have any objection to the granting of clemency.

In re application of Robert Smith, E-919, No. A-2480, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons, recommend that the minimum sentence of Robert Smith, who plead guilty to charges of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County February 28, 1949, computed from February 1, 1949, be commuted from a minimum term of 10 years to a new minimum term of 5 years, 5 months, expiring on July 1, 1954; and further recommend that the minimum sentence of Robert Smith, who plead guilty to the charges of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Bucks County February 24, 1953, computed from February 24, 1953, be commuted from a minimum term of 2½ years to a new minimum term of 1 year 4 months.

Our reasons for making this recommendation are as follows:

This applicant was twenty-two years of age and this was his first major conviction. He engaged in a series of burglaries and robberies over a period of one week in Philadelphia and Bucks Counties. He was what was known as the "Green Dragon Gang." He was only seventeen years of age when sentenced. He was sentenced by the late Judge McDevitt to 10 to 20 years in the Eastern State Penitentiary. He received a concurrent sentence in Bucks County. This was a severe sentence and at the present time has served over five and a quarter years of his minimum sentence.

All of the accomplices, with the exception of two who received equivalent sentences have had their sentences commuted or served their minimum sentence and one who received an equivalent sentence had the sentence reduced to five to ten years on a writ of habeas corpus to the Quarter Sessions Court of Philadelphia.

The applicant has an excellent institutional record in the State Penitentiary at Graterford and the trial judge in Bucks County, Judge Keller, is opposed although the applicant has served one-half of that sentence by a total of five years and four months in the Penitentiary. We feel that for a young man sixteen years of age when these offenses were committed, that he received much too severe a sentence and therefore recommend that his sentence be commuted.

In re application of Joseph Sommer, No. A-2430, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Sommer, convicted of robbery, armed with offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 11, 1935, be commuted from a maximum term of 20 years to a maximum term of 18 years 9 months, expiring on June 11, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has recieved a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 11, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of Michael Tancredi, No. 5827, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Michael Tancredi, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 31, 1939, be commuted from a maximum term of 20 years to a maximum term of 15 years 3 months, expiring on June 21, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has recieved a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 21, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles Tanksley, D-8464, No. A-700, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Tanksley, convicted of second degree murder in the Court of Quarter Sessions of Philadelphia County on September 14, 1945 computed from June 12, 1945 be commuted from 10 years to 9 years 1 month expiring on July 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 25 years of age and this was his first conviction. He was convicted of murder in the second degree, the victim being a Chinese cook who was beaten to death by the applicant and 2 other accomplices. This was a case of a young juvenile delinquent who fell in with bad company and unthinkingly caused the death of this victim. He was sentenced to 10 to 20 years. At the present time he has served 9 years of his minimum sentence.

One accomplice has already been released through the expiration of his minimum sentence and one still remains in the institution. The present judge has no comment and the District Attorney of Philadelphia County recommends that clemency be granted. Since this applicant has served 9 years of his minimum sentence and since he has an excellent institutional record, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Paul Richard Tanner, 73578, No. A-2493, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul Richard Tanner, convicted of drawing check with intent to defraud in the Court of Quarter Sessions of Crawford County on February 23, 1953 computed from January 12, 1953 be commuted from 2 years to 1 year 6 months expiring on July 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and this was his first major conviction. He was sentenced to a period of not less than two nor more than four years on the charge of drawing checks with intention to defraud. There were ten checks involved—the total amount being $140.00. At present he has served nearly 1½ years of the two year minimum sentence.

The Trial Judge, the Honorable Herbert A. Mook, recommends that clemency be granted and the District Attorney of Crawford County has not given any indication of his opinion in this matter.

Because of the trial judge's recommendation that clemency be granted we are perfectly willing to recommend a commutation, but only on condition that this applicant make restitution of the amount defrauded prior to his release.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Harry Tharp, C-1524, No. A-777, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry Tharp, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Washington County on February 18, 1950, computed from February 17, 1950, be commuted from 6 years to 4 years, 5 months, expiring on July 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and he, together with three accomplices, committed a robbery of a Gas Station. The Board of Trustees of Rockview Penitentiary states that he has an excellent institutional record and although the Trial Judge feels that he should serve his minimum sentence, the District Attorney of Washington County is not opposed to the granting of clemency.

All of the applicant's accomplices who were found equally guilty received sentences of four to twelve years and they were released from prison nearly four months ago. We see no reason to distinguish between this applicant and the other accomplices and for that reason we are recommending that the sentence be commuted.

Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,

In re application of James Thomas, No. 5083, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Thomas, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 8, 1925, be commuted from a maximum term of life to a maximum term of 28 years 8 months, expiring on June 8, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Robert Jacob Thomas C-2406, No. A-1600, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Jacob Thomas, convicted of rape and burglary in the Court of Oyer and Terminer of Allegheny County on October 30, 1951, computed from July 17, 1951, be commuted from four years to three years, expiring on July 17, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction. He was sentenced to not less than four nor more than ten years on a charge of rape. Although this applicant claims this relationship was consensual, still there were marks upon the body of the victim. There is little doubt but what this applicant was properly convicted. However, since he has incarcerated at Rockview State Penitentiary he has had a most satisfactory conduct record and has serve all but one year and two months of his minimum sentence. Every indication has been given that this applicant has atoned for his crime and that he has been rehabilitated and if released, will become a worthy member of society.

The trial judge is deceased and the present judge, the Honorable William M. McNaugher, has no comment. The district attorney of Allegheny County is not opposed and since this applicant has served all but four years of his minimum sentence, we feel that in the light of his rehabilitation and his satisfactory institutional record that we can give him some credit or assurance. We therefore recommend that his sentence be commuted when he has served three years, expiring on July 7, 1954.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

In re application of James J. Vaughn, A-14470, No. 6685, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James J. Vaughn, convicted of murder in the first degree in the Court of Oyer and Terminer of Fayette County on January 25, 1926 computed from January 25, 1926 be commuted from life to 28 years, 6 months, expiring on July 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is 54 years of age and this was his first conviction for any offense. He was convicted of murder in the first degree and the conviction arose because of the fact that he was postively identified although the applicant still maintains his innocence. At the present time this applicant has been continuously confined for more than 28 years and during the early part of his incarceration his prison record was not the best. However, in the past 4 years he has had an excellent institutional record.

The trial judge is deceased and the present judge has no comment to make with regard to commutation. The district attorney of Fayette County is not opposed.

Since this applicant has served nearly 30 years we recommend that commutation be granted in view of applicant's present age and ability to secure employment and not be a burden on society.

In re application of Charles Winstead, No. 8593, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Winstead, convicted of entering with intent to steal-larceny, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 20, 1937, be commuted from a maximum term of 20 years to a maximum term of 16 years, 9 months, expiring on June 10, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 10, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Theodore Zeiger, No. 5328, May Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Theodore Zeiger, convicted of the crime of receiving stolen goods, in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County on July 2, 1940; and of the crime of receiving stolen goods in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County on January 20, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for an absolute pardon plead guilty in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County on July 2, 1940 to indictments Nos. 874, 875, 876, 877, 878, 879, 880, 881 and 882 July Sessions 1936, charging the crime of receiving stolen goods, and was sentenced by the Honorable Byron A. Milner, Judge, to imprisonment in the Eastern State Penitentiary for not less than eighteen months nor more than three years.

On July 2, 1940, the applicant plead guilty in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County to indictments No. 575 and 576 July Sessions, 1936 to the crime of receiving stolen goods, and was sentenced to imprisonment in the Eastern State Penitentiary for not less than eighteen months nor more than three years, this sentence to run concurrent with the above sentence.

On July 2, 1940 the applicant plead guilty in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County to indictment No. 76 November Sessions 1936 to the crime of receiving stolen goods, and was sentenced to imprisonment in the Eastern State Pentitentiary for not less than eighteen months nor more than three years. Sentence to run concurrent with the above sentence.

On January 2, 1941 the applicant plead guilty in the Court of Quarter Sessions and Oyer & Terminer of Philadelphia County to indictment No. 873 July Sessions 1936, to the crime of receiving stolen goods, and was sentenced by the Honorable Byron A. Milner, Judge, to imprisonment in the Eastern State Penitentiary for not less than eighteen months nor more than three years. Sentence to be computed from July 2, 1940 and run concurrent with the above sentence.

This applicant is sixty-nine years of age and this was his first serious conviction. He was alleged to have received stolen goods of one hundred and twenty-five suits and nine hundred yards of cloth. He did receive these stolen goods and upon his arrest he was tried and convicted and was sentenced to one and one-half years to three years in the Eastern State Penitentiary.

Subsequent to his release from the Eastern State Penitentiary he has gone to work in Washington, D. C., and has attempted to rehabilitate himself. He works for his son and is in the restaurant business. He has been in no further difficulty for over a period of thirteen years.

Neither the trial judge nor the district attorney of Philadelphia County are opposed to the granting of a pardon. We therefore recommend that the pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
NOT SITTING,

The above recommendation is approved:

In re application of George Alden, No. A-2402, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George Alden, convicted of lottery, poolselling and bookmaking and conspiracy, in the Court of Quarter Sessions of Philadelphia County, on October 1, 1948; and further convicted of robbery, in the Court of Quarter Sessions of Philadelphia County on November 22, 1932, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and but for the two offenses for which he requests a pardon he has been in no further legal difficulty. He was but seventeen years old when the first offense was committed and was

lead into the robbery by an older and more experienced accomplice. In the second offense the applicant was in a bookmaking establishment when the place was raided. The last offense occurred approximately five years and eight months ago and the first offense occurred twenty-two years ago.

This applicant bears a good reputation in the community in which he lives. The accmplices in the offenses received suspended sentences and a fine of two hundred dollars ($200.00) as did the applicant.

The applicant is a waiter in the Embassy Restaurant in Philadelphia and four months out of the year is a waiter in the 500 Club in Atlantic City.

Because he has been in no further difficulty and has a good reputation, we recommend that a pardon be granted.

In re application of Barney Allen, Jr., 5861-A, No. 5580, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum life sentence of Barney Allen, Jr., convicted of murder in the first degree, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on September 7 1927, be commuted from a maximum term of life to a maximum term of 28 years, 10 months, 20 days, expiring on July 27, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this actior to the Board of Pardons after receiving his record. But for this action the applicant, because of his sentence. would remain on parole until end of life.

In re application of Tony Anderson, No. 9035, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Tony Anderson, convicted of statutory rape in the Court of Oyer and Terminer of Allegheny County on July 3, 1946 be commuted from 10 years to 8 years 1 month expiring on August 3, 1954.

Our reasons for making this recommendation are as follows:

This applicant is seventy years of age and he was convicted of the crime of statutory rape and served his minimum sentence. He has been on parole nearly five years and during that time he has had no violation of parole. He has a good reputation and was known to be a steady worker. The Board feels that he has made a good adjustment on parole.

Since he has been on parole nearly five years and has a good reputation, we believe that he has shown the Board of Parole that he needs supervision no longer.

The District Attorney of Allegheny County leaves the matter of commutation of the maximum sentence up to the Board of Pardons and since he has been on parole five years, we feel he does not need any further supervision and we recommend commutation be granted.

In re application of Charles H. Arnwine, C-8845, No. 6589, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles H. Arnwine, convicted of murder in the first degree in the Court of Oyer and Terminer of Bucks County on April 10, 1933 be commuted from life imprisonment to 21 years 3 months 10 days expiring on July 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and this was his first major conviction. He was sentenced on a conviction of murder in the first degree to a term of life imprisonment in the Eastern State Penitentiary. At the present time he has served over twenty-one years of a life sentence.

He has an excellent institutional record and both the trial judge and the district attorney leave the matter of commutation up to the Board of Pardons.

Since this applicant has served more than twenty-one years of a life sentence with an excellent institutional record we feel that he has been sufficiently punished and we, therefor, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Ralph Howard Bain, C-682, No. A-1940, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ralph Howard Bain, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on June 9, 1948, computed from May 25, 1948 be commuted from 10 years to 6 years 2 months expiring on July 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and he has had four prior arrests, one conviction and one parole violation. As a result he received a very substantial sentence. At the present time he has served over six months of his minimum sentence. He is asking for the commutation of his sentence in order that he may serve a Federal sentence of a year and a day and be returned to the Elmira Reformatory in New York for violation of parole in the State of New York.

Normally we would have no reason for recommending commutation because of the bad prior record but since this applicant has several sentences in other jurisdictions yet to serve, we are recommending that his sentence be commuted in order that he may begin the Federal sentence and the parole violation sentence in New York.

In re application of James P. Bell, No. 8914, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James P. Bell, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 20, 1946, computed from January 1, 1946 be commuted from 10 years to 8 years, 6 months, 20 days, expiring on July 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he has been in no difficulty with the exception of this offense. He has served his minimum sentence and has been on parole approximately four and one-half years. He has approximately one and one-half years to serve on parole. He asks commutation of his maximum sentence in order that he may better himself.

The Board is of the opinion that this is a very meritorious situation and since the trial judge and the district attorney of Philadelphia County are not opposed, we recommend that the maximum sentence be commuted.

In re application of Steven John Bradish, C-2321, No. A-1980, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Steven John Bradish, convicted of prison breach in the Court of Quarter Sessions of Centre County on February 22, 1950, computed from July 29, 1951 be commuted from 4 years 6 months to 3 years expiring on July 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this conviction occurred while he was confined in the State Penitentiary at Bellefonte. During this imprisonment applicant walked away from the dairy at the Bellefonte institution and was apprehended thereafter in short order. At the time of his commission of this offense he was serving a sentence of not less than five nor more than ten years. After he served his minimum sentence for that offense he began serving this sentence of four and one-half to ten years for prison breach. He has now served nearly four years of this sentence and has an excellent institutional record.

The trial judge and the district attorney of Centre County have no comment to make.

Since this applicant has served nearly eight years of his combined minimum sentences we feel that he has been sufficiently punished and we therefore recommend that his minimum sentence of four and one-half years for prison breach be commuted.

In re application of Peter J. Buntag, No. A-2277, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Peter J. Buntag, convicted of false pretense in the Court of Quarter Sessions of Adams County, on June 3, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age and this was his first conviction. He is alleged to have secured money under false pretenses from a certain victim in Adams County. His was not a very bad case because the applicant was given a sentence of only ninety days.

Following his release in 1952, he returned to his home in Pittsburgh. It was pointed out that he had an excellent reputation.

This applicant is a prior fight promoter and in order for his license to be renewed for him it is necessary that a pardon be granted.

Since this offense occurred over two years ago we believe that this applicant has been sufficiently punished and we recommend that a pardon be granted.

In re application of James Franklin Campbell, E-1090, No. A-1736, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Franklin Campbell, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on May 23, 1949, computed from May 10, 1949 be commuted from 10 years to 5 years 2 months 10 days expiring on July 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and he has no prior criminal record. He and his accomplice robbed a service station and held up one of their victims in his own home. He was sentenced to a term of not less than ten nor more than twenty years on a plea of guilty.

He has an excellent record in the Eastern State Penitentiary.

The trial judge has no comment and the district attorney of Philadelphia County leaves the matter of clemency up to the board.

Since this applicant has served over one-half of his minimum sentence and since a detainer has been filed from New Jersey, which he will be required to serve, and since he was only nineteen years of age when this offense was committed, we feel he has been sufficiently punished and recommend that commutation be granted.

In re application of Richard Cassetti, E-1789, No. A-1239, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Richard Cassetti, convicted of burglary and larceny in the Court of Oyer and Terminer of Philadelphia County on July 14, 1950, computed from June 12, 1950 be commuted from 5 years to 4 years 1 month 10 days expiring on July 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and this was his first major conviction. He had several juvenile offenses and violated his probationary period on a charge of larceny by the commission of this offense. At the present time this applicant has served four years of his minimum sentence of five years.

The board of trustees of the Eastern State Penitentiary states that this applicant has an excellent record. The district attorney of Philadelphia County is not opposed to the granting of clemency.

Since he has served over four-fifths of his sentence and has an excellent record we recommend that this sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Harry J. Collins, No. 4924, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Harry J. Collins, convicted of assault and battery, in the Court of Quarter Sessions of Allegheny County on November 16, 1933; and further convicted of assault and battery, in the Court of Quarter Sessions of Allegheny County on January 14, 1936; and further convicted of robbery, in the Court of Quarter Sessions of Allegheny County on September 10, 1940; and further convicted of assault and battery, in the Court of Quarter Sessions of Allegheny County on September 10, 1940, and further convicted of assault and battery, in the Court of Quarter Sessions of Allegheny County on January, 1945; and further convicted of assault and battery, in the Court of Quarter Sessions of Philadelphia County on November 30, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and he is a former pugilist and his propensities for getting into trouble were brought about by his ability as a prize fighter. Over a period of approximately seventeen years he was arrested and served sentences for assault and battery on six separate occasions. In one instance, however, he was guilty of a robbery which he still denies.

This applicant feels that he should be pardoned because he can secure a position with a detective agency in Philadelphia where he is presently living and which requires that he be bonded.

We do not desire to hinder this applicant. He has had an excellent reputation for the past three and one-half years and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles J. Connor, E-3730, No. A-2542, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles J. Connor, convicted of solicitation to commit sodomy in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 2, 1955, computed from May 11, 1953 be commuted from 2 years to 1 year, 2 months, 10 days, expiring on July 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and he alleges that he was solicited by a gang of boys to commit sodomy. The applicant alleges that he was drinking and also that he is hard of hearing and he did not know what was being done. He was arrested by the police and upon conviction was sentenced to not less than two nor more than four years. At the present time he has served over one year and seven months of his minimum sentence.

We believe that this applicant has been sufficiently punished and that his overindulgence in alcohol was probably the result of his difficulty. He has now made every effort to curb his overindulgence in alcohol. He is a good truck driver and has a good parole plan.

The Trial Judge, the Honorable Raymond MacNeille, is opposed to the granting of clemency.

Under all the circumstances we feel that he has been sufficiently punished and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Joseph Cusato, 3572-D, No.3406, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Cusato, convicted of robbery, in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on October 2, 1936, be commuted from a maximum term of 20 years to a maximum term of 17 years, 10 months, expiring on July 23, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until September 23, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Anthony Czworkowski, D-8809, No. A-1890, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Anthony Czworkowski, convicted of burglary in the Court of Quarter Sessions of Philadelphia County on March 25, 1946, computed from March 18, 1946 be commuted from 10 years to 8 years, 4 months, 10 days, expiring on July 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this was his first major conviction. Although he has had six other convictions this is the most severe sentence that he has yet been called upon to serve. He was sentenced to a term of not less than ten nor more than twenty years. At the present time he has served over eight years and two months at the Eastern State Penitentiary where they report that he has an excellent institutional record.

The Trial Judge, he Honorable Harry S. McDevitt, is deceased and the present judge has no comment to make with regard to the release of this applicant. The District Attorney of Philadelphia County is not opposed to his release at this time.

Since he has served over eight years and two months of his minimum sentence of ten years and his accomplice has served a sentence of two years, we feel this applicant has been severely punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
NOT SITTING,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Thomas Davis, D-9708, No. 5298, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Davis, convicted of burglary in the Court of Quarter Sessions of Lackawanna County on April 4, 1945, computed from June 21, 1947, be commuted from 8 years to 7 years 1 month expiring on July 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and he has been in the Eastern State Penitentiary for nearly seven years. He was convicted on two prior occasions and was guilty of a parole violation which caused him to serve an additional two years so that at the present time this applicant has served nearly ten years, but only seven years apply to the present sentence.

He has an excellent institutional record in the Eastern State Penitentiary and the Trial Judge, the Honorable Michael Eagen, leaves the matter of commutation up to the board. The District Attorney of Lackawanna County likewise has no objection.

Since this applicant has served all but one year of his minimum sentence and over two years for parole violation, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence to commuted.

In re application of Wardell Davis, E-3495, No. A-2379, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wardell Davis, convicted of assault and robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 22, 1953, computed from January 21, 1953 be commuted from 3 years to 1 year, 8 months, expiring on September 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and has had no prior criminal record. He was convicted of a series of robberies in which the loot which they secured was approximately three hundred sixty-five ($365) dollars of which the applicant received his share.

The Board of Trustees of the Eastern State Penitentiary states that he has an excellent institutional record and if released this applicant has promised to make every effort to go straight and not become involved again with the law. His former employer will again reemploy him and he will be able to support his wife and children.

Under all the circumstances we feel that he will be severely punished if he is required to serve one year and eight months which would make his release September 21, 1954, which we recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,

In re application of Ruth Raplee Duffield, No. A-1195, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ruth Raplee Duffield, convicted of perjury in the Court of Quarter Sessions of Bradford County, on September 1, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and she had no prior criminal record. She was sentenced to pay a fine of one hundred dollars and placed on probation for five years on charges of perjury. These charges grew out of an assault and battery and it was alleged the perjury was in that this applicant testified the offender was another brother, and not the one who was finally convicted.

During the applicant's probation period there were no reports of misconduct.

The applicant's maximum sentence was commuted by your Excellency upon the recommendation of the Board at its June 1953 Session.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney are strenuously opposed to the granting of pardon.

However, the Board feels that since this applicant has been in no further trouble for one year, three months we recommend that a pardon be granted by your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

BOARD OF PARDONS

In re application of Harry Fenstersheib, 65077, No. A-306, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry Fenstersheib, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer of Allegheny County on December 10, 1948, computed from November 16, 1948, be cemmuted from 10 years to 5 years, 8 months, 10 days, expiring on July 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and has had three prior convictions. He was arrested and plead guilty to the charge of armed robbery, burglary and violation of the Firearms Act. There were approximately twenty offenses. He together with five accomplices committed a series of robberies over a period of four months. At the present time this applicant has served nearly five years of a minimum sentence of ten years. The accomplices, with the exception of one, have had their sentences commuted and have been released.

We have received a letter from the Warden of the Allegheny County Workhouse who reports this applicant has an excellent institutional record.

The trial judge has not seen fit to advise us of his position and the district attorney of Allegheny County is opposed to the granting of clemency.

Since this applicant has served over one-half of his minimum sentence and all of his accomplices, except one, have been released from prison, we recommend that this applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Jesse Finkes, C-1339, No. A-1037. June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jesse Finkes, convicted of voluntary manslaughter in the Court of Oyer and Terminer of Westmoreland County on September 1, 1949, computed from June 25, 1949 be commuted from 6 years to 5 years 1 month expiring on July 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-one years of age and this was his first major conviction. He was sentenced to a term of not less than six nor more than twelve years on the charge of voluntary manslaughter which grew out of a fight over where the victim's wife would sleep.

He has an excellent institutional record in the Western State Penitentiary and they recommend that his sentence be commuted.

The trial judge and the district attorney of Westmoreland County are opposed to clemency. However, in view of the fact that this applicant is sixty-one years of age and is suffering from a cardiac condition and at the present time has served five years of a minimum sentence of six. We feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Joseph Flounders, E-2213, No. A-2505, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Flounders, convicted of robbery, etc. in the Court of Quarter Sessions of Delaware County on March 7, 1951, computed from February 26, 1951 be commuted from 4½ years to 3 years 5 months expiring on July 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first major conviction. He and two accomplices committed a series of three holdups in which the loot amounted to approximately ten dollars. He was only eighteen years of age when these offenses were committed and if granted commutation he will go to live with his parents in New Jersey where he has a satisfactory parole plan.

The trial judge, the Honorable Arthur Bretherick, has advised the Board that he is not opposed to the granting of commutation in this case. Neither is the district attorney of Delaware County opposed to the granting of clemency.

Since he has an excellent institutional record in the Eastern State Penitentiary and the authorities are not opposed to the granting of clemency, we recommend that he be granted clemency at this time in view of his excellent record and his youth at the time of the commission of the offense.

In re application of Charles R. Fox, No. A-1161, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles R. Fox, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on September 17, 1947, computed from June 23, 1947 be commuted from 20 years to 7 years 1 month expiring on July 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and at the present time he has served seven years of a minimum sentence of twenty years. He was virtually a first offender having had two juvenile arrests but never was he convicted of any offense before this time. In this offense he was merely the lookout and did not participate in the robbery.

He has an excellent record in the Allegheny County Workhouse and at this time the present judge is not making any recommendation to the Board of Pardons because he was not the sentencing judge. The district attorney of Allegheny County is not opposed to the granting of clemency in this case.

In view of the applicant's youth at the time of the commission of these offenses and the fact that he has now served over seven years, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of G. Edward Fritz, No. A-1757, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that G. Edward Fritz, convicted of solicitation to commit sodomy in the Court of Quarter Sessions of Philadelphia County, on October 19, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and this was his first offense for which he was ever convicted. He was placed under probation for a period of two years on the charge of solicitation to commit sodomy. Following his release he found that his family took a great deal of interest in him and secured psychiatric treatment for him. He no longer requires psychiatric treatment and he has faced his difficulty with a good deal of understanding.

The foster father appeared to represent him and stated he believes it would be to this applicant's advantage to have a pardon granted. Since the district attorney recommends, and since this applicant has an excellent record, and was only eighteen years old when the offense occurred, we recommend that this pardon be granted.

BOARD OF PARDONS

In re application of Earl W. Fuller, C-896, No. A-2529, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Earl W. Fuller, convicted of burglary, larceny, receiving stolen goods, violation of firearms act in the Court of Oyer and Terminer of Fayette County on October 25, 1948, computed from August 14, 1948, be commuted from 19 years to 5 years, 11 months, 11 days, expiring on July 25, 1954; and further convicted of burglary, larceny, receiving stolen goods, in the Court of Oyer and Terminer of Westmoreland County on March 1, 1949, computed from October 25, 1948, be commuted from 10 years to 5 years, 9 months, 1 day, expiring on July 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and this was his first conviction for any offense. He and four accomplices committed a series of twenty-eight burglaries through three southwestern counties and he received sentences in each of the three counties. The sentence in Fayette County was the heaviest sentence received when he was sentenced to a term of not less than nineteen nor more than twenty-nine years.

The Board of Trustees at the Western State Penitentiary states that this applicant has an excellent institutional record and that it would recommend that commutation be granted because it feels that the sentence was excessive. The District Attorney of Fayette County and Westmoreland County agree that they leave the matter of clemency up to the Board of Pardons.

The Trial Judge in Somerset County has no objection although in Westmoreland County and Fayette County the trial judges feel that this applicant is slightly premature.

We feel that having served approximately one-third of his minimum sentence for a person who has just been convicted for the first time his is a very severe sentence. In the light of his excellent institutional record and the fact that he has served nearly six years, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

In re application of Abraham Harry Gady, No. A-1804, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Abraham Harry Gady, convicted of receiving stolen goods in the Court of Quarter Sessions of Allegheny County, on June 18, 1947 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and he was placed on probation in 1947 for receiving stolen goods. There were two radios and twelve wedding rings involved. In the past seven years he has completely rehabilitated himself. He has real estate interests in and about Pittsburgh to the extent of approximately one-half million dollars and he makes approximately thirteen thousand ($13,000) dollars annually. He has no further criminal record and has made an excellent reputation for himself.

The trial judge is deceased and the present judge has made no recommendation. The District Attorney of Allegheny County is not opposed and under all the circumstances we believe that this applicant should receive a pardon.

In re application of Frank Pierce Gairens, Jr., E-2303, No. A-2541, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Pierce Gairens, Jr., convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 25, 1951, computed from March 31, 1951 be commuted from 10 years to 3 years 4 months expiring on July 31, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was his first serious offense. He was sentenced to a term of not less than ten years nor more than twenty years on a plea of guilty to the charge of robbery. There were three actual robberies committed in the City of Philadelphia. The loot amounted to approximately Two Hundred and Thirty-five ($235.00) Dollars. Toy pistols were used to resemble actual guns and this applicant and the others were arrested when the car in which they used to make the get-away was crashed into a light standard following the commission of the third robbery.

The Board of Trustees of the Eastern State Penitentiary states that this applicant has an excellent institutional record. The trial judge, the Honorable George G. Parry, is no longer on the bench. The present judge has no comment. The district attorney of Philadelphia County leaves the matter up to the Board.

Since this was the first serious offense and since he has stated he will return to the Scranton area where he formerly lived and maintain his wife and two children, we recommend his sentence be commuted.

In re application of Lloyd Clover, 6580-D, No. 6400, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Lloyd Clover, convicted of murder in the second degree in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on July 1, 1938, be commuted from a maximum term of 20 years to a maximum term of 16 years, 7 months, sentence to be computed from December 30, 1937 and expiring on July 30, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 30, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Leroy E. Hamaker, D-220, No. 7236, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leroy E. Hamaker, convicted of burglary, in the Court of Oyer and Terminer of Dauphin County on March 17, 1941; and convicted of robbery, in the Court

of Quarter Session of Lebanon County on March 19, 1941, be commuted from a minimum term of 14 years to a maximum term of 15 years, 5 months, expiring on July 11, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 11, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of J. Lynn Harris, E-145, No. 9750, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of J. Lynn Harris, convicted of murder in the second degree in the Court of Oyer and Terminer of Dauphin County on February 9, 1948, computed from September 26, 1947 be commuted from 10 years to 6 years, 10 months, expiring on July 26, 1954.

Our reasons for making this recommendation are as follows:

This apllicant is thirty years of age and has no prior criminal record. He was convicted of second degree murder following a jury trial. This applicant was provoked by the deceased and had been beaten by the deceased prior to the commission of this offense. Applicant thought that the victim was about to draw a weapon from his pocket when he pulled a gun and shot the victim. This was an offense that was committed largely through fear and without any intent on the part of the applicant.

Upon being sentenced to the Eastern State Penitentiary he immediately began to compile an excellent institutional record and at the present time is well thought of by all persons who came in contact with him.

The trial judge is no longer on the Bench and the present judge, without any knowledge of the facts, is opposed to granting of clemency. The district attorney, who was familiar with this case at the time of the trial, is not opposed to the granting of relief.

Since this applicant has served nearly seven years of a minimum sentence of ten years and is a first offender with an excellent institutional record, we recommend that his sentence be commuted.

In re application of Theodore A. Harris, No. A-2497, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Theodore A. Harris, convicted of Sodomy in the Court of Quarter Sessions of Philadelphia County, on November 30, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and this was his first conviction for any offense whatsoever. He was arrested in the commission of the act of oral sodomy although he was a passive party. He had an excellent reputation and prior to this offense was a member of the Temple Baptist Church, Board of Trustees. He has received psychiatric treatment and it is believed that he has his deviant personalty tendency under control. He is a former World War I veteran and a post office clerk. He bears a good reputation in his community.

We recommend this applicant for a pardon as does the district attorney of Philadelphia County.

In re application of Edward Holt, E-2231, No. A-1691 June Session, 1954.

To His Excellency, the Governor of the Commonwealth o Pennsylvania:

Sir: The above application having been heard, upon du public notice, in open session, the undersigned member of the Board of Pardons recommend that the minimun sentence of Edward Holt, convicted of burglary an receiving stolen goods in the Court of Oyer and Termine and Quarter Sessions of Philadelphia County on Marc 22, 1946, computed from March 19, 1951 be commute from 10 years to 3 years, 4 months, 10 days, expiring o July 29, 1954.

Our reasons for making this recommendation are a follows:

This applicant is forty-nine years of age and has a ba prior criminal record with seven arrests, six conviction and one parole violation which resulted in this offens He and three accomplices broke into a laundry an secured a loot of approximately sixty dollars ($60.00 when they were arrested. This applicant aided the polic in the solution of a great number of robberies an

burglaries in Philadelphia which he and his accomplices were in, and normally the Board would not consider this applicant at the present time. However, since he has an excellent institutional record and the trial judge is deceased and the fact that he aided the officers in the solution of a large number of crimes, we feel he should be given some consideration especially since his accomplice, who received a like sentence, was commuted at the March 1954 Session of the Board.

Under all of these circumstances we recommend that his sentence be commuted.

In re application of John Kaminsky, No. A-1863, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Kaminsky, convicted of setting up an illegal lottery in the Court of Quarter Sessions of Philadelphia County, on November 15, 1944; and further convicted of setting up an illegal lottery, in the Court of Quarter Sessions of Philadelphia County on June 20, 1951, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and although he has been arrested on a total of five different times, all for the same offense, which is setting up and maintaining a lottery, this applicant was convicted on two of the occasions for which he now seeks pardon.

The first offense occurred in 1944 and the last offense in 1951. Since that time the applicant has gotten out of the lottery business and he is now employed by a shipping company in Philadelphia. He has a good reputation and is very active in church work. The applicant feels that he will not again offend against society and desires a pardon in order that he may continue his rehabilitation especially in behalf of his wife and two sons.

Under all the circumstances we feel he has given up his criminal ways and since the district attorney of Philadelphia County leaves the matter up to the Board we recommend that a pardon be granted.

BOARD OF PARDONS

In re application of John William Kendall, C-1527, No. A-1975, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John William Kendall, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Washington County on February 24, 1950 be commuted from 8 years to 4 years, 5 months, expiring on July 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this was his first major conviction. He was sentenced following a plea of guilty to a term of not less than eight nor more than sixteen years on the charge of robbery.

At the present time he has served four years and three months of his minimum sentence. He has a very devoted wife who has written to him daily while in the institution and it was largely on the basis of her representation that this applicant changed his way of life, that we were inclined to recommend clemency.

He has an excellent institutional record in the Western State Penitentiary but the trial judge and the district attorney are both opposed to clemency at this time. Nevertheless, the Board is recommending clemency on the basis of this applicant's plea of rehabilitation and the fact that his wife has exhibited a steadfast faith and encouragement in her husband. All other accomplices have been freed. We, therefore, recommend that his sentence be commuted.

In re application of Shelburn Kennedy, E-1136, No. A-982, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Shelburn Kennedy, convicted of burglary in the Court of Quarter Sessions of Dauphin County on June 8, 1949 be commuted from 9 years to 5 years, 1 month, 20 days, expiring on July 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and has had two prior juvenile convictions—one in Dauphin County, where he was placed on probation for one year, and one for robbery where he was given probation for a period of two years. He got into this difficulty with two accomplices who are still in the institution. There were a series of places broken into, approximately twenty-two in all, and the offenses occurred over a period of approximately four months.

If released, this applicant will have a good parole plan. He is needed for the support and maintenance of his minor children and there are persons in the school system of the school district of the City of Harrisburg who are interested in the applicant.

Since he has now served more than five years of his minimum sentence with an excellent record in the insti-

tution and since the district attorney of Dauphin County is not opposed, we recommend that his sentence be commuted.

In re application of Frederick J. Kluth, C-3148, No. A-2502, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frederick J. Kluth, convicted of forgery, uttering and publishing a draft in the Court of Oyer and Terminer of Erie County on September 10, 1953 be commuted from 1½ years to 1 year expiring on September 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was his first major conviction. He forged an insurance check or a fraudulent claim. He was sentenced to a term of not less than one and one-half nor more than three years on the basis of this forgery. He has an excellent institutional record in the Western State Penitentiary and they they recommend that clemency be granted.

The trial judge, the Honorable Burton R. Laub, is not opposed to the granting of clemency. The District Attorney of Erie County has stated that he is not opposed to the granting of clemency at the expiration of one year.

Since this applicant has an excellent institutional record and the authorities are not opposed, we recommend that his sentence be commuted as of September 10, 1954, when he will have served a minimum sentence of one year.

In re application of John Kuda, B-4876, No. 9389, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Kuda, convicted of murder in the first degree in the Court of Oyer and Terminer of Fayette County on January 4, 1936 be commuted from life imprisonment to 18 years 6 months 20 days expiring on July 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-two years of age and has no prior criminal record. This was a crime of passion and the applicant plead guilty to the commission of the offense. After having killed the victim he attempted to kill himself and finally succeeded in shooting out his left eye. At the present time this applicant has served over eighteen and one-half years of a life sentence.

H has an excellent institutional rcord in the Western State Penitentiary and the Board of Trustees recommends that clemency be granted because of the fact that during the riots he objected to the wanton destruction of property by the other inmates and was severely beaten by them.

However, the trial judge has written the Board of Pardons and stated that he feels that this matter is up to the Board of Pardons, but that a life sentence should mean life. We are not of that opinion otherwise there would be no need for a Board of Pardons or any other instrumentality that is provided for the granting of clemency. Since this man has served over eighteen and one-half years we recommend that his sentence be commuted.

In re application of Robert Edward Long, E-287, No. A-852, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Edward Long, convicted of robbery and burglary in the Court of Quarter Sessions of Philadelphia County on April 20, 1948 computed from April 4, 1948 be commuted from 10 years to 6 years 3 months 20 days expiring on July 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and has one prior arrest and conviction. He was only nineteen years of age at the time this offense occurred and he received a very severe sentence of not less than ten nor more than twenty years. At the present time he has served over six years and two months of his minimum sentence.

He has an excellent institutional record in the Eastern State Penitentiary and the trial judge, the Honorable Joseph Kun, believes that it would be helpful to commute his sentence at the present time. The district attorney is not opposed to the granting of clemency and since he has served more than six years and was only nineteen years of age at the time the offense was committed we recommend that the sentence be commuted.

In re application of Wilton Love, E-2617, No. A-2111, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wilton Love, convicted of forgery in the Court of Quarter Sessions of Philadelphia County on October 31, 1951, computed from October 5, 1951 be commuted from 5 years to 2 years 9 months 20 days expiring on July 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and has a bad prior criminal record. Most of the bad prior record consists of writing false and fraudulent checks. This was the same offense that was committed in this case.

The applicant had a series of fictitious checks printed and gave a forged check to a business supply house for the purpose of buying a check protector. If this check had not been forged applicant probably would have gotten away with his scheme to defraud merchants in the Philadelphia area. However, he did make this one fatal error and he has now served nearly three years as a result of this offense.

There is a detainer lodged from the State of Maryland which it will require the applicant to serve.

Applicant has an excellent institutional record and the district attorney of Philadelphia County states he is not opposed to the granting of commutation of the minimum sentence.

Under these circumstance we recommend that his minimum sentence be commuted on condition that restitution is made in full for the check at or before the time of his release and that he be released to the Maryland authorities to serve that detainer.

In re application of Robert Loveless, E-3372, No. A-2504, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Loveless, convicted of burglary and larceny in the Court of Oyer and Terminer and Quarter Sessions of Susquehanna County on November 17, 1952, computed from September 6, 1952 be commuted from 3 years to 2 years, expiring on September 6, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and has had no prior criminal record. He committed these offenses while on a drinking spree. He has admitted his mistake and when he was apprehended he plead guilty to the offenses.

He has an excellent record in the State Penitentiary at Graterford and since he has now served only one year nine months of his minimum sentence of three years we feel that he should serve some additional time.

Both the trial judge and the district attorney leave the matter of clemency up to the Board.

Under all the circumstances we feel this applicant should be granted clemency when he has served two years and we, therefore, recommend his sentence be commuted as of that date.

In re application of Joseph McKairnes, D-9872, No. A-904, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph McKairnes, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 5, 1947, computed from August 22, 1947 be commuted from 7 years, 6 months to 6 years, 11 months, expiring on July 22, 1954.

Our reasons for making this recommendation are as follows:

Applicant is thirty-two years of age and had a bad prior criminal record of six arrests, three convictions and one parole violation. He committed this daring robbery but was caught and was convicted. Shortly before he was convicted applicant married his wife and she acted as his representative before the Board of Pardons. During the past seven years she has seen him on every available opportunity and has written him a letter at least once a day. She has been the devoted wife and intends to help him rehabilitate himself when he is released.

The district attorney of Philadelphia County recommends that clemency be granted in this matter and because of his excellent record in the institution and the devotion of his wife as shown, we recommend that clemency be granted.

BOARD OF PARDONS

In re application of Joseph Maleno, D-7668, No. A-1544, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Maleno, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 22, 1944 be commuted from life imprisonment to 10 years, 4 months, expiring on July 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he is now serving a life sentence for what was alleged to have been murder in the first degree. This applicant, at the age of seventeen years, together with two accomplices, was holding up a crap game when the accomplice Donato, the victim, in attempting to hold up the gamblers, was shot and killed by his accomplices. This is not a true case of murder in the first degree and at the most the Board is of the opinion that this applicant was guilty of armed robbery. For that he has now served more than his minimum sentence.

He has an excellent institutional record and the trial judge has now written the Board and stated that the proper solution would be to commute this applicant's sentence and place him on parole for an extended period. This commutation was sent to the Board in December 1952, over one and one-half years ago. We have been informed that the judge has not changed his opinion in this matter.

Under all the circumstances, since this applicant was seventeen years of age at the time of the crime and has an excellent institutional record and the trial judge is in favor of commutation, and since it is not a true first degree case, we are of the opinion that this applicant has been sufficiently punished, and we, therefore, recommend that his life sentence be commuted.

In re application of Nicholas Matteo, No. A-2496, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Nicholas Matteo, convicted of unlawful transportation of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County, on January 28, 1925; and further convicted of unlawfully keeping and selling alcoholic beverage in the Court of Quarter Sessions of Philadelphia, on February 27, 1948, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and he seeks a pardon for the offense of transportation of intoxicating liquors. There were two offenses, one occurring in 1924 and the other in 1948. The first offense occurred nearly twenty-nine years ago and the last offense six years ago.

In the second offense this applicant claims that he was not present when the raid occurred and did not know that non-members had been receiving drinks or that they were unlawfully keeping and selling alcoholic beverages. The fact of the matter is that the applicant was present in the association and according to the report of the Board of Parole, the Board's officers had visited the place in at least three different occasions and had observed the applicant in the club. However, this all occurred many years ago and since then the applicant has been reported to be a good, sober, industrious, steady worker who has a good reputation in the community.

The trial judge, the Honorable Charles L. Guerin, leaves the matter of pardon up to the Board of Pardons. The district attorney of Philadelphia County is not opposed. This applicant is an employe of the Registration Commission in the City of Philadelphia. We believe that he will be able to secure a better position if he receives this pardon. Under these circumstances we feel that he has been sufficiently punished, and we, therefore, recommend that a pardon be granted.

In re application of Thomas Patrick Monahan, No. A-2545, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas Patrick Monahan, convicted of operating a lottery in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County, on July 3, 1939; and further convicted of operating a lottery in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County, on April 30, 1941, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and he was convicted on two occasions of operating a lottery, the last being in 1941. Since that time he has been in no further difficulty and bears a good reputation. He is desirous of holding office in the union in which he is a member. He does not care to hold office so long as these offenses are still open on the books. He, therefore, asks pardon for these offenses.

The Trial Judge, the Honorable John Kennedy recommends that a pardon be granted and the District Attorney of Allegheny County states that this applicant merit consideraion.

Since he had a good reputation for the past thirteen years, we recommend that a pardon be granted.

In re application of Floyd William Ohm, E-2665, No. A-1971, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Floyd William Ohm, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Bucks County on November 28, 1951, computed from November 7, 1951 be commuted from 5 years to 2 years, 8 months, 20 days, expiring on July 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-two years of age and this was his first major conviction. He was sentenced to a term of not less than five nor more than ten years on the charges of burglary occurring in Bucks County. At the time these offenses were committed this applicant was but nineteen years of age. There is also a detainer from Lehigh County pending and although he has an excellent institutional record in the Eastern State Penitentiary, the Trial Judge, the Honorable Hiram H. Keller, feels that this application is premature.

The Board is of the opinion that if the Trial Judge were aware that this applicant will be required to serve an additional six months to one year in the Lehigh County Prison that he would not interpose any objection and consequently we are recommending that his sentence be commuted on condition that he go to Lehigh County to serve the sentence there imposed.

In re application of John Bernard Peelor, Jr., E-2891, No. A-2555, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Bernard Peelor, convicted of burglary and larceny in the Court of Quarter Sessions of Lancaster County on March 10, 1952, computed from February 12, 1952 be commuted from 5 years to 2 years, 5 months, 10 days, expiring on July 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he has been in difficulty but once prior to this offense. It was the commission of this offense that caused this applicant to be a parole violator when he broke into churches and garages where he stole any money that was available.

He has an excellent institutional record in the Eastern State Penitentiary and he is the father of an illegitimate child. His representative, the girl in question, appeared and pleaded for his release on the basis that he had promised to marry her and to give his child a name.

The trial judge in Lancaster County remains adamant and is opposed as is the District Attorney.

Since this was the case of a young man who did not have the proper background and in which we feel he was very easily persuaded to commit the offenses, we do feel that this representative will be a stabilizing influence in the applicant's life.

Since he has now served approximately one-half of his minimum sentence and has an excellent institutional record, we recommend that his sentence be commuted even over the objection of the Trial Judge and the District Attorney, but only on condition that he marry the mother of his child in order that he give this child a name.

In re application of William D. Quickel, No. A-2544, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William D. Quickel, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Lancaster County on June 9, 1953 be commuted from 1½ years to 1 year, 1 month, 10 days, expiring on July 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this was his second conviction. He was an employe of the Masonic Home at Elizabethtown and when he was hard up for money he stole chickens and other farm goods and sold them and kept the money.

This applicant, although he was convicted of the offense of larceny from the Masonic Home, has been given another opportunity by his former emloyer and will be given his job back. In view of that recommendation and the fact that the Trial Judge is not opposed, we feel that he has been sufficiently punished by being in prison over one year, and under these circumstances we recommend that his sentence be commuted.

In re application of Marcelino Rodriguez, B-6398, No. A-653, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Marcelino Rodriguez, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on October 27, 1938 be commuted from life imprisonment to 15 years 9 months expiring on July 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and he is a native of Mexico. He was working in the Pittsburgh area when this offense was committed. Not being familiar with the language he was convicted of murder in the first degree although under all the circumstances it would seem to be a true case of voluntary manslaughter. He was remanded to the Western State Penitentiary and has now served nearly sixteen years of a life sentence.

The trial judge is deceased and the present judge has no recommendation to make. The district attorney of Allegheny County is not opposed to commutation of sentence in order that this applicant may be deported.

In view of the fact that he is to return to Mexico and since he has an excellent record in the institution, we are recommending that his sentence be commuted on condition that he be deported to his native country of Mexico.

BOARD OF PARDONS

In re application of Amos Rosamilia, No. A-2546, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Amos Rosamilia, convicted of conspiracy in the Court of Quarter Sessions of Northampton County on February 15, 1954 be commuted from 9 months to 6 months expiring on August 15, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was the first time he ever became involved in any difficulty. He was a salesman for a tire supply company and sold approximately two hundred tires for which he made no report to his employer.

The warden of the Northampton County Prison states that he has an excellent institutional record. He has a meritorious service record in World War II. This applicant candidly realizes his mistake and promises to turn over a new leaf is granted commutation.

The trial judge is not opposed but the district attorney, we understand, is opposed to clemency.

Since this applicant has served over four months of a minimum sentence of nine months, we recommend that his sentence be commuted when he has served six months.

Respectfully submitted,

NOT SITTING,
Lieutenant Governor.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Elmer Scott, C-1526, No. A-2534, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Elmer Scott, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Washington County on February 24, 1950, computed from November 16, 1949 be commuted from 8 years to 4 years 8 months 10 days expiring on July 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and he has no prior criminal record. He was sentenced to a term of not less than eight nor more than sixteen years on the charge of robbery.

He has an excellent institutional record in the Western State Penitentiary and the district attorney and the present judge are not opposed to the granting of clemency in this case.

Since he has now served four years and eight months of a minimum term of eight years, and all accomplices have been freed, we recommend that his sentence be commuted.

Respectfully submitted,

BOARD OF PARDONS

In re application of Charles V. Shadduck, No. A-688, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles V. Shadduck, convicted of perjury in the Court of Quarter Sessions of Bradford County, on September 1, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty years of age and he had no prior criminal record.

This applicant was sentenced to pay a fine of one hundred dollars and to imprisonment for not less than

one nor more than seven years in the Eastern State Penitentiary on charges of perjury. This charge grew out of an assault and battery charge and it was alleged the perjury was that this applicant testified the offender was another son, not the one who was finally convicted.

This applicant has an excellent reputation in the community. He was released on parole after serving seven months of his minimum sentence, and after being under supervision for two years and one month his maximum sentence was commuted by your Excellency upon the recommendation of this Board at the June 1953 Session.

The trial judge, the Honorable William M. Rosenfield is strenuously opposed to the granting of pardon as is also the district attorney. However, there are many letters in the file requesting the board to grant a pardon.

Since this applicant has been in no further trouble for a period of one year three months, we recommend that pardon be granted by your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Donald Shadduck, No. A-1010, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Donald Shadduck, convicted of perjury in the Court of Quarter Sessions of Bradford County, on September 1, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and he was in no prior difficulty.

This applicant was sentenced to pay a fine of one hundred dollars and to imprisonment in the Eastern State Penitentiary for from one to seven years on charges of perjury. This charge grew out of an assault and battery and it was alleged the perjury was that this applicant testified it was his brother, and not himself, who was involved.

This applicant served his minimum sentence in the institution and he had an excellent record while on parole. His maximum sentence was recommended by this Board at the June 1953 Session and was granted by your Excellency.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney are strenuously opposed to the granting of pardon.

Since this applicant has been in no further trouble for period of one year three months, we recommend that pardon be granted by your Excellency.

In re application of Luther Shadduck, No. A-1996, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Luther Shadduck, convicted of perjury in the Court of Quarter Sessions of Bradford County, on September 1, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he has no prior record. He was sentenced to pay a fine of one hundred dollars and placed on probation for a period of five years on a charge of perjury.

These charges grew out of an assault and battery and it was alleged the perjury was that this applicant testified the offender was another brother, not the one who was finally convicted.

This applicant was under parole supervision for approximately three years and in that period of time he married. The applicant's maximum sentence was commuted by your Excellency upon the recommendation of the Board at its June 1953 Session.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney are strenuously opposed to the granting of pardon.

The Board, however, feels that since this applicant has been in no further trouble for one year three months, we recommend that a pardon be granted by your Excellency.

A further examination of the cost record indicates that witness costs were charged for the same witness against all five defendants, and mileage was allowed. Attorney for petitioners have requested we also recommend to your Excellency the remission of any fine because of the imposition of the excessive costs.

In re application of Ralph Shadduck, No. A-687, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ralph Shadduck, convicted of perjury in the Court of Quarter Sessions of Bradford County, on June 12, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and had no prior criminal recrod. He was sentenced to pay a fine of two hundred dollars and to imprisonment in the Eastern State Penitentiary for from one to four years on charges of perjury.

The perjury charge grew out of an assault and battery and it was alleged the perjury was that this applicant testified it was himself, and not his brother, who was involved.

This applicant served seven months, was released on parole and his maximum sentence was commuted by your Excellency upon the recommendation of the Board at the June 1953 Session.

Both the trial judge, the Honorable William M. Rosenfield, and the district attorney are strenuously opposed to the granting of pardon.

BOARD OF PARDONS

In re application of George E. Shaffer, D-8812, No. A-336, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George E. Shaffer, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on March 25, 1946, computed from February 7, 1946 be commuted from 50 years to 8 years 5 months 20 days expiring on July 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and has no prior criminal record. He and an accomplice held up a series of places and committed robbery after they had been drinking. The offenses not only occurred in Pennsylvania but there is a detainer from the State of Delaware for a robbery committed in that state.

This applicant has an excellent institutional record and has received to what amounts to an unconscionable sentence in Delaware County.

We feel that in view of his excellent record and the fact that he has served over eight years of a minimum sentence of fifty years and he was a first offender that we should recommend his sentence be commuted, and we accordingly do so.

BOARD OF PARDONS

In re application of George Franklin Sholter, C-2390, No. 6669, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Franklin Sholter, convicted of escaping prison in the Court of Quarter Sessions of Centre County on May 12, 1950, computed from December 23, 1953 be commuted from 2 years to 7 months expiring on July 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and this was his first major conviction. Nevertheless he was serving a five and one-half to eleven year sentence at the Rockview State Penitentiary when he escaped. As a result of this escape he was given an additional two to four year sentence. He had been at large almost four years before being apprehended and has found it very difficulty to adjust in the institution because of the fact that he felt that he was unjustly detained. Nevertheless he received under a writ of habeas corpus certain time on account of the Blair County sentence which had not been properly accorded him. He, however, did not accept a revised release paper and he has been serving his minimum sentence since December 1953. At this time he has served approximately five months of his two to four year sentence with an excellent institutional record.

Since he was on the outside and living a blameless life for five years we feel that he should be given some consideration at this time. On that basis we recommend that the minimum sentence for escape be commuted.

In re application of Robert Paul Stoughton, C-1925, No. A-1969, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Paul Stoughton, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on January 29, 1951, computed from February 9, 1950 be commuted from 5 years to 4 years 5 months 20 days expiring on July 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has one prior conviction. He has now served over four years of a minimum sentence of five years. He gave the State police

a great deal of aid following his conviction and has continued this having a good record in the institution.

The trial judge, the Honorable J. Frank Graff, leaves the matter of commutation up to the Board of Pardons. The district attorney of Allegheny County stated to the Board that we should give consideration to this applicant as he is considered a good risk for parole. In view of such recommendation we concur and recommend that commutation be granted.

In re application of David R. Taraborrelli, C-3049, No. A-2524, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David R. Taraborrelli, convicted of forgery in the Court of Quarter Sessions of Westmoreland County on February 25, 1953 be commuted from 5 years to 1 year 3 months expiring on July 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age and this was his first major conviction. He was sentenced on a plea of guilty for from five to ten years in the Western State Penitentiary on a charge of forgery. At the present time he has served over one year of his minimum sentence.

He has also a detainer to serve from Allegheny County and our present purpose in recommending clemency is to permit him to answer the detainer and to serve his sentence in the Allegheny County Workhouse.

We make this recommendation even though the trial judge and the district attorney of Westmoreland County are opposed.

We feel that three years is sufficient for this type of offense and when he has served the Allegheny County sentence he will have served three years. We, therefore, recommend that his sentence in Westmoreland County be commuted.

In re application of James J. Tarsnane, No. 954, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James J. Tarsnane, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 26, 1927 be commuted from 10 years to 6 years, 10 months, expiring on July 26, 1954.

Our reasons for making this recommendation are as follows:

Applicant is forty-six years of age and has a bad prior criminal record. He has had seven prior arrests, two convictions and one parole violation. The last brush with the law resulted in a sentence of not less than ten nor more than thirty years and he now has been on parole eighteen years and eight months. He desires a commutation of his maximum sentence in order that he may be free to pursue his trade of carpentry at any place he desires throughout the United States.

The Board of Parole has not given us a complete report on this applicant but he evidently has been faithful with his parole officer or he would not have served so long and so well on parole. One accomplice who received the same sentence had his maximum sentence commuted in 1953.

Under all the circumstances we feel this applicant has such an excellent record on parole he can now be free from further parole supervision and since the District Attorney of Philadelphia County does not object we recommend that his maximum sentence be commuted.

In re application of William Harvey Golder Taylor, D-9396, No. A-2559, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Harvey Golder Taylor, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on January 23, 1947, computed from January 9, 1947 be commuted from 20 years to 7 years, 6 months, 20 days, expiring on July 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first major conviction. He was only nineteen years of age when this offense occurred. All of the accomplices received lesser sentences than he did and we are unable to understand the reason for the excessive sentence that was meted out to him. There is no doubt this is what may be called a "typical" Judge McDevitt sentence. At the present time he has served seven and one-half years of a minimum sentence of twenty years. He has become very active in a religious way at the institution and they state he has a very good institutional record.

The present judge has no comment. The District At-

torney of Philadelphia County recommends that commutation be granted.

If commutation is granted he will return to the State of North Carolina to live with several sisters and to further his education.

Under all the circumstances we feel that he has been sufficiently punished and we recommend that his sentence be commuted.

In re application of Samuel Tedesco, 75003, No. A-2538, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel Tedesco, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on January 29, 1954 be commuted from 1 year to 6 months, expiring on July 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this is not the first time he has been in any difficulty. However, this is the first time he received a sentence of one to two years on charges of burglary. He was convicted of the offense on the uncorroborated testimony of an accomplice. At the present time he has served six months of his minimum sentence.

He has a good record in the Allegheny County Workhouse and if released has a parole plan which is satisractory. He will again be able to support his wife and family.

The District Attorney of Allegheny County is opposed to the granting of clemency in this case but we feel that in the light of his good record and the fact that this was a conviction based entirely upon the uncorroborated testimony of an accomplice, that this applicant has been severely punished and we therefore recommend that his sentence be commuted.

In re application of Charles Vracar, 71723, No. A-2540, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Vracar, convicted of sodomy in the Court of Oyer and Terminer of Allegheny County on March 14, 1952 be commuted from 5 years to 2 years, 4 months, 10 days, expiring on July 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he was sentenced to a term of not less than five nor more than ten years on the charge of sodomy with two women. In both instances this applicant was the passive party to the sodomy and we feel that he received a very heavy sentence.

The Warden of the Allegheny County Workhouse states that this applicant has a satisfactory prison adjustment and has an attitutde of respect for others.

The trial judge has made no comment. The District Attorney of Allegheny County is opposed to clemency. We feel that this applicant received a very severe sentence and since he has now served over two years and three months that he has been sufficiently punished and we therefore recommend that his sentence be commuted.

In re application of Edward Stanley Wascavage, D-9624, No. A-2543, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward Stanley Wascavage, convicted of attempted robbery and burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 22, 1947, computed from March 22, 1947 be commuted from 15 years to 7 years, 6 months, expiring on September 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first conviction for any offense whatsoever. He received a very severe sentence of not less than fifteen nor more than thirty years.

At the present time he served approximately one-half of his minimum sentence. This applicant had two accomplices, both of whom have had their sentences commuted or have served their minimum sentence.

The Board of Trustees of the State Penitentiary at Graterford states that this applicant has an excellent disciplinary record.

Since these offenses occurred when the applicant was only nineteen years of age it was felt that some consideration should be given to the applicant at this time. Since he has served one-half of a very lengthy minimum sentence, the district attorney of Philadelphia recommends that commutation be granted.

In view of his extreme youth when these offenses were committed, and the fact that he has served one-half of his minimum sentence we recommend that his sentence be commuted.

In re application of Joseph F. Watts, No. A-2074, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommends that Joseph F. Watts, convicted of felonious assault and battery in the Court of Quarter Sessions of Allegheny County, on April 25, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and has had no prior criminal record. He was a fire captain in the city of Pittsburgh and as such he had a permit to carry a gun. This applicant became involved over the use of a driveway and when the victim approached applicant the applicant drew his gun to protect himself. The victim kept coming towards him, grabbed hold of the gun and in the scuffle was shot. He was convicted of the offense and sentenced to a term of not less than five months nor more than one year. He has served his minimum sentence and has been free for over three years. He is no longer serving on parole.

He has an excellent reputation and if he receives the pardon, his application for reinstatement in the Bureau of Fire will be given consideration by the city of Pittsburgh. He cannot be considered until a pardon is granted.

The trial judge was not available for comment and the district attorney of Allegheny County is not opposed to the granting of his release. Since he has an excellent reputation both before and since this offense we believe that he has been sufficiently punished and in order not to continue the punishment we recommend that his pardon be granted so that he may be reinstated to a position with the Fire Department.

In re application of Dwight Lyman Weigand, No. A-192, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Dwight Lyman Weigand, convicted of rape in the Court of Quarter Sessions of Jefferson County on September 10, 1948 be cemmuted from 10 years to 5 years, 11 months, expiring on August 10, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first conviction for any offense whatsoever. He served nearly three years of a minimum sentence of four years and had his sentence commuted as of July 30, 1951. Since that time he has been on parole and has an excellent record on parole. He has since married and brought his wife before the Board and the Board agrees with the Board of Parole that marriage has been a stabilizing influence to this applicant.

The Board of Parole has no objection to the granting of the Commutation of the maximum sentence. The District Attorney of Jefferson County recommends that his sentence be commuted and the trial judge is not opposed to the granting of clemency.

Since he has been on parole nearly three years of his minimum sentence and since he has been completely rehabilitated, we feel that further supervision is unnecessary and we recommend that his minimum sentence be commuted.

In re application of William B. White, No. A-1329, June Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William B. White, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on January 20, 1950, be commuted from 6 years to 4 years, 6 months, expiring on July 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and this was a first offense for which he was convicted. He was sentenced to a term of not less than three nor more than six years of a charge of burglary. Following his conviction he served a period of two and one-half years when his sentence was commuted. He was released on parole in August of 1952. Since that time he has been on parole for a period of approximately two years.

The Board of Parole states that this applicant has an excellent reputation, that he has returned to his former position and is well adjusted. This applicant desires commutation of his maximum sentence in order that he may be free from parole supervision and travel freely throughout the country in connection with his business.

Since this applicant has an excellent reputation and the district attorney of Allegheny County is not opposed to the granting of this commutation we recommend that he be freed from further parole supervision and that commutation of his maximum sentence be granted.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed upon James J. Wright, convicted of robbery, felonious assault and pointing firearms in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County on January 7, 1937 be commuted on Bill No. 27 October Sessions 1936 from a maximum term of 20 years to a new maximum term of 9 month, 9 days, expiring on July 16, 1954; on Bill No. 28 October Sessions 1936 from a maximum term of 20 years to a new maximum term of 1 day, expiring on July 17, 1954; on Bill No. 394 December Sessions 1936 from a minimum term of 7½ years to a new minimum term of 1 day, expiring on July 18, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this was not his first conviction. He received the sentence that he did receive because of his prior criminal record. The sentence that he is now serving is thirty-seven and one-half to seventy-five years. There is no doubt about the fact that this applicant was the leader of the gang of robbers and that he and his two accomplices committed three robberies. Nevertheless his accomplices received terms of ten to twenty years and these minimum sentences were served in January of 1947. Because this applicant had been in difficulty before he has served at the present time over seventeen and one-half years but only ten years and eight months apply because of his former parole violation.

During all this time applicant has had an excellent institutional record. The trial judge is deceased and the present district attorney leaves the matter of commutation up to the Board.

In view of the fact that he has served seventeen and one-half years we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

Governor.

BOARD OF PARDONS

In re application of Ralph Gerardo Albanese, No. A-2329, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ralph Gerardo Albanese, plead guilty to entering with intent to steal, larceny and receiving stolen goods, in the Court of Quarter Sessions of Philadelphia County, on January 5, 1938; and further recommend that Ralph Gerardo Albanese, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Delaware County, on January 6, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-seven years of age. In 1937 and again in 1940 he committed an offense in both Philadelphia and Delaware Counties. His father was an immigrant from Italy and subsequent to his father's arrival in this country most of the applicant's relatives, who were residents of Italy, had immigrated to America. The applicant at the time of his arrival was but four years of age.

In view of these two convictions the immigration authorities of the United States now seeks to deport this applicant even though he is married and a family is expected.

Since this applicant has no relatives in Italy and is not even familiar with the language of the Country it would be an act of punishment to have this man deported, since he has lived here nearly thirty-three years.

The trial judge and the district attorney, in both Philadelphia and Delaware Counties, have no objection to the granting of clemency in this matter.

Since this applicant has been in no further difficulty for nearly fifteen years we are recommending to your Excellency that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Lewis Anthony, C-1930, No. A-2027, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lewis Anthony, convicted of statutory rape, assault with intent to ravish; indecent assault; incestuous fornication in the Court of Quarter Sessions of Jefferson County on February 2, 1951 be commuted from 5 years to 3 years, 8 months, 20 days, expiring on October 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-three years of age and this was his first conviction for any offense.

It is doubtful that this offense actually occurred, and believed that the children may have been mislead. There is some indication that pressure was brought upon the daughter by people with whom she is living.

Both the trial judge and the former district attorney leave this matter up to the Board, but the present district attorney is opposed.

This applicant is presently confined in the State Penitentiary at Rockview and we are advised that he has an excellent institutional record.

This applicant has served over three years of his minimum sentence of five years and we feel that he has been sufficiently punished. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Norman Arline, No. A-1660, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Norman Arline, convicted of burglary, larceny and receiving stolen goods in the Court of Quarter Sessions of Philadelphia on October 31, 1947 computed from September 27, 1946 be commuted from 10 years to 8 years, 1 month, expiring on October 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and although he has had six prior arrests and two convictions they were minor offenses until this arrest for burglary and larceny. This applicant and ten accomplices committed a total of twenty-six burglaries over a period of approximately one year. How many offenses each of them committed is difficult to unravel. They were all brought in and all sentenced together by the late Honorable Harry S. McDevitt, who, without attempting to find out what was the degree of participation, sentenced the various defendants to from five to ten years to fifty to one hundred years in our penal institutions.

This applicant has now served eight years of his minimum sentence in the Philadelphia County Prison and we are advised that he has an excellent record.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County leaves the matter of commutation up to the Board of Pardons. In view of the fact that this was his first major conviction, and since he has served over eight years of his minimum sentence, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be computed.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re applicaton of Michael Meyer Astrin, No. A-2582, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Michael Meyer Astrin, convicted of fraudulent conversion in the Court of Quarter Sessions of Chester County, on September 6, 1949, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-six years of age and this was the only offense for which he was convicted. He is alleged to have frudulently converted to his own use two cars which he alleges he had in his possession for the purpose of selling in one of the southern states, immediately following World War II.

He now resides in Baltimore, Maryland, and has established himself in business. However, the State of Maryland has stopped his business because of this conviction in Pennsylvania. He is physically handicapped in the loss of a leg and this conviction hampers him from earning a livelihood at the only business or profession, that he could have.

Since he has been in no other difficulty, the Board feels that he should be given an opportunity to at least earn a livelihood and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of John Barton, D-869, No. 9966, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Barton, convicted of murder, in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Schuylklil County on September 9, 1935 be commuted from life to 19 years, 1 month, expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-nine years of age and has had no prior record.

In 1935 this applicant had been drinking heavily; got into a fight and was kicked in the groin. He pulled a gun and began to shoot wildly. Two persons were killed and he was sentenced to life imprisonment.

The Board of Trustees of the Eastern State Penitentiary advises that this applicant's disciplinary record is perfect and entirely free from misconduct reports. His adjustment report is outstanding.

Neither the district attorney nor the president judge, Honorable Cyrus M. Palmer, of Schuylkill County, are opposed to the granting of clemency.

Since this applicant has served nearly twenty years of his life sentence, with an excellent institutional record,

the Board feels that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Robert James Bashore, No. A-2656, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Robert James Bashore, convicted of burglary in the Court of Oyer and Terminer of Lebanon County, on April 6, 1949, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he has no prior record.

There are two offenses involved. In 1946 the applicant stole a gun from a car which he kept about two years before he sold it. In 1947 the applicant, with two accomplices, broke into a cabin and stole electrical appliances, which was sold by one of the accomplices. The applicant did not receive any money from his accomplice. When arrested he told about the first offense and later made restitution for both offenses.

The applicant was placed on probation for a period of one year on both indictments, the one to run concurrently with the other.

Both the trial judge, the Honorable A. H. Ehrgood and the district attorney, advised the Board of Parole that the applicant is deserving of every consideration which could be given him. The Board of Parole also states that the applicant's adjustment was very satisfactory while on county parole.

In view of all the circumstances, and the fact that he has been in no further trouble for over five years, the Board feels that a pardon should be granted and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Michael Bielawski, No. A-1127, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Michael Bielawski, convicted of solicitation to commit sodomy in the Court of Quarter Sessions of Allegheny County on March 19, 1951, be commuted from 5 years to 3 years, 7 months, 10 days, expiring on October 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age and this was his first major conviction. He was sentenced to a term of not less than one nor more than five years in the Allegheny County Workhouse on a charge of solicitation to commit sodomy. He has now been on parole for two and one-half years and has been in no further trouble. The Board of Parole stated that this applicant has a good reputation and have no objection to the release of this man from parole supervision.

The trial judge has no recommendation and since he has served his minimum sentence he makes no observation as to what should be done with the applicant at the present time.

The district attorney of Allegheny County is not opposed to his release from parole supervision.

Since this applicant has been on parole for two and one-half years and has been in no further difficulty, we feel that further supervision is not necessary and we therefore recommend his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Joseph William Bradley, 4761-D, No. 7838, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph William Bradley, convicted of burglary in the Court of Quarter Sessions of Delaware County on March 15, 1943, be commuted from a maximum term of 20 years to a maximum term of 11 years, 7 months, expiring on October 15, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 15, 1963.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Eugene Braxton, 7393-C, No. 5999, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Eugene Braxton, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on March 16, 1936, computed from January 6, 1936, be commuted from a maximum term of 20 years to a maximum term of 18 years, 9 months, expiring on October 6, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 16, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Louis Brenchi, C-898, No. A-2610, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Brenchi, convicted of burglary, larceny, receiving stolen goods and violation of the firearm's act in the Court of Oyer and Terminer and Quarter Sessions of Fayette County on October 25, 1948, computed from August 14, 1948, be commuted from 13 years to 6 years 8 months 10 days, expiring on October 24, 1954; and further recommend that the maximum sentence of Louis Brenchi, convicted of burglary, larceny and receiving stolen goods, in the Court of Quarter Sessions of Westmoreland County on March 1, 1949, computed from October 25, 1948, be commuted from 20 years to 6 years, expiring on October 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he has a bad prior record, but this is his first major offense. He was sentenced in both Fayette and Westmoreland Counties on charges of burglary, larceny, receiving stolen goods and violation of the Firearms' Act, the offenses in all totalling fourteen.

The Board of Trustees of the Western State Penitentiary advises the Board that this applicant has maintained a good work and conduct records, and is well adjusted.

Neither the trial judge, the Honorable Vance H. Cottom, nor the district attorney of Fayette County are opposed, and the trial judge, the Honorable George H. McWherter of Westmoreland County leaves the matter up to the Board. The district attorney of Westmoreland County is not opposed.

One of the accomplices of this applicant had his sentence commuted upon the recommendation of this Board at the June 1954 Session.

Since this applicant has served over six years for a first offender the Board feels that he has been sufficiently punished and we, therefore, recommend that his sentences be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Reginald Calloway, C-1531, No. A-2628, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Reginald Calloway, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Washington County on February 17, 1950, computed from November 21, 1949 be commuted from 6 years to 4 years 11 months expiring on October 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he had no prior conviction.

This applicant and an accomplice committed two robberies, the loot amounting to approximately five hundred sixty dollars. He plead guilty and was sentenced to not less than six nor more than fifteen years.

At the present time this applicant is confined at the State Penitentiary at Rockview and we are informed he has an excellent institutional record.

The president judge has no recommendation to make and the district attorney is opposed to the granting of clemency at this time.

However, the Board feels that since this applicant has served four years ten months with an excellent institutional record he deserves some consideration, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Leonard Carmella, No. A-2602, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the above named, Leonard Carmella, convicted of felonious entry, larceny and receiving stolen goods in the Court of Quarter Sessions of Clearfield County on December 21, 1926; and further convicted of receiving stolen goods in the Court of Quarter Sessions of Clearfield County on October 19, 1936; and further convicted of larceny by bailee in the Court of Quarter Sessions of Allegheny County on June 18, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-three years of age. He committed three offenses between 1926 and 1937, all of them very minor in character and since 1937 has been an excellent citizen and bears a good reputation.

He now advises that he is subject to deportation even though prior to the McCarren Act he would not have been subject to deportation because the service of the sentence actually had the same effect as a pardon. Deportation proceedings have been started against him and since he has a family here and no relatives in Italy it would be inhuman and cruel to deport this man at this time.

Neither the trial judges nor the district attorney have any comment to make.

Since these offenses occurred more than seventeen years ago and since this applicant has been in no further trouble since that time, and since he will be deported if he does not receive a pardon, we feel that a pardon should be granted and so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Nicholas Cavallucci, C-8912, No. 3784, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Nicholas Cavallucci, convicted of rape and attempted rape in the Court of Quarter Sessions of Philadelphia County on May 4, 1933, computed from November 4, 1950 be commuted from 5 years to 3 years 11 months 20 days expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-eight years of age. He has had three prior convictions, all occurring prior to 1913. In 1933, this applicant was convicted on the charge of rape on a girl fifteen years of age, and was sentenced to a term of not less than twenty-two and one-half years nor more than forty-five years, by the late Judge McDevitt.

At the present time this applicant has served over twenty-one years of his minimum sentence.

This applicant is presently confined at the State Penitentiary at Graterford and we are informed that he has made an excellent adjustment.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia leaves the matter of commutation up to the Board, because of the length of time served.

We feel that this applicant has been most severely punished for he has served more than the maximum sentence of murder in the second degree, and since he has done so with an excellent record consideration is merited at this time. We, therefore, earnestly recommend to your Excellency that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Morris Cerota, No. A-2619, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Morris Cerota, convicted of receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on September 27, 1943 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and he has no prior criminal record. As a result of his arrest he was sentenced, on a plea of guilty, to charges of receiving stolen goods for from three days to twenty-three months. This offense occurred over eleven years ago. Since that time this applicant has gotten into the used car business and now has one of the biggest businesses in Philadelphia, with a yearly business of Four Hundred Thousand Dollars.

This applicant has an excellent reputation and he desires this pardon in order that his record may be cleared and that he may further advance himself in the automobile industry.

The trial judge is deceased and the district attorney of Philadelphia is not opposed since this offense occurred more than a decade ago. He served honorably in the armed forces of the United States.

Under all the circumstances we feel this applicant is entitled to consideration and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Leon Cohen, No. A-2567, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Leon Cohen, convicted of unlawful possession of untaxed cigarettes, setting up and maintaining an illegal lottery, and violation of the cigarette tax act, in the Court of Quarter Sessions and Magistrates' Court of Philadelphia County on December 4, 1949, April 14, 1950 and April 22, 1952, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age. He plead guilty to violation of the lottery laws of the Commonwealth and to the possession of untaxed cigarettes. These offenses all occurred more than two years ago and are not, to the Board's thinking a very serious offense, but, nevertheless, they are offenses against the laws of the Commonwealth of Pennsylvania.

The Board of Parole has indicated this applicant has a good reputation and is a good steady worker. He desires his pardon for two reasons—one, to clear his name and—two, in order that he may seek a position of constable in Philadelphia, to which job he would have been appointed but for this offense.

We feel, in light of his good reputation and the fact that the trial judge leaves the matter up to the Board, and the district attorney is not opposed, that this pardon should be granted and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of David Dallas (William David Alexander Dallas), No. A-2564, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that David Dallas, also known as William David Alexander Dallas, convicted of burglary, larceny, receiving stolen goods in the Court of Quarter Sessions of Delaware County, on June 5, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and he had no prior conviction.

This applicant, and an accomplice, broke into the home of victim and stole a safe, removing it from the premises and taking it to a field, where it was opened. They removed the contents, consisting of jewelry, cash, etc., which they divided. The loot amounted to $17,000, but much of it was later recovered.

The applicant was sentenced to imprisonment in the Delaware County Prison for from one to two years, and fined one hundred dollars on the one indictment and sentence was suspended on the other indictment.

The applicant served his minimum sentence and then served additional time to cover the fine and costs under the Insolvency Acts, and was released October 17, 1952. This applicant then voluntarily made restitution, under arrangements worked out with the victim. The applicant has been released from parole supervision.

The Board of Parole states this applicant has a good reputation in the community and has worked steady since released.

The trial judge, the Honorable William R. Toal, is not opposed to the granting of pardon. The district attorney has made no comment.

This applicant has been in no further trouble for over three years and he deserves a pardon in order to join the Marines. Since he has been in no further trouble and wishes to join the Marines, the Board feels a pardon should be granted and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Frank Eugene Davis, No. A-2623, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Eugene Davis, convicted of Solicitation to commit sodomy in the Court of Quarter Sessions of Allegheny County, on February 7, 1952 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age, and he had no prior record. He was placed on probation for a period of two years on charges of solicitation to commit sodomy. The trial judge later removed him from probation before the end of the two year period.

He is presently employed as a male nurse at a Pennsylvania hospital and they recommend him very highly. He bears a good reputation and the trial judge advises clemency although the district attorney feels it is slightly premature.

This applicant has never before been in trouble and has not been in trouble since. Because he has been in no further trouble for a period of three years we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Ralph DeAngelis, No. A-897, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ralph DeAngelis, convicted of armed robbery, etc. in the Court of Quarter Sessions of Philadelphia County on April 29, 1948 computed from April 13, 1948 be commuted from 15 years to 6 years, 6 months, 10 days expiring on October 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction. He, together with three armed accomplices, held up and robbed a drug store. Approximately eight hundred dollars worth of loot was taken. At the time this offense occurred the applicant was but twenty years of age and his accomplices were older men. One of the accomplices had his sentence commuted by this Board at the April 1954 Session. The record of this accomplice is no worse than the applicant's prior criminal record.

The Board of Trustees of the State Penitentiary at Graterford advises us this applicant has an unblemished disciplinary record.

The trial judge, the Honorable Harry S. McDevitt, is deceased and the District Attorney of Philadelphia County has stated that his office is not opposed to the granting of clemency in this matter.

Since this applicant has served over six years and since this was his first major conviction, and since his accomplice, who had a similar prior record, was granted commutation, the Board feels that this applicant also be granted consideration and we therefore recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Jesse Anthony DeGuglieimo, Jr., No. A-2315, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jesse Anthony DiGuglielmo, Jr., convicted of murder in the first degree in the Court of Quarter Sessions of Philadelphia County on March 22, 1944 be commuted from life to 10 years, 9 months, 10 days expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age. He has no prior criminal record. This was a very unusual case and the Board has given this matter earnest study and consideration. This applicant and three accomplices, who had been acting as look-out, entered the room and told his other accomplices to drop their guns. Upon this announcement one of his co-conspirators shot the victim and in their attempt to escape carried the victim out of the place where the hold-up was occuring for a period of several blocks. By this time the victim told his co-conspirator to leave him and when he was found by the police, he was deceased. On the basis of this the applicant, when apprehended, pleaded guilty to murder generally and was adjudged guilty of murder in the first degree and given a sentence of life imprisonment.

The Board has heard argument before in this matter and recommended that one of the accomplices, Joseph Molino, be released at the June 1954 Session, which recommendation was concurred in by your Excellency. The Board is of the opinion that the construction of the case as murder in the first degree was legal error. However, the Board is not going to go into this matter at this time, but merely sets forth in this recommendation that at the most this was murder in the second degree.

Since this accomplice has now served over ten years, 9 months of his life sentence, we feel that he has served at least the minimum sentence of second degree murder. Therefore, the Board recommends his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Joseph Dyer, E-1420, No. A-2589, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Joseph Dyer, convicted of robbery, aiding prison breach and prison breach in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on December 28, 1949, computed from September 24, 1949 be commuted from 12 years to 5 years, 1 month expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he had a bad prior record, but he has now served nearly one-half of his minimum sentence for prison breach and has been continuously confined since 1949, so that at the present time he has served five years of his minimum sentence.

This applicant is presently confined at the State Penitentiary at Graterford and the Board of Trustees states he has an excellent performance record, and that his disciplinary record is completely unblemished.

This applicant has four children and it is necessary that his wife work to support them.

All the accomplices have been released. The trial judge

the Honorable Henry G. Sweney, is opposed unless he has a good record in the institution, which he has. The district attorney is opposed.

Even though the authorities are opposed, we feel that since this applicant has served nearly one-half of his minimum sentence with an excellent institutional record, he should be released and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Robert James Eckert, B-4896, No. 8573, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert James Eckert, convicted of murder in the first degree in the Court of Oyer & Terminer of Bucks County on December 5, 1935 be commuted from life to 18 years, 10 months, 20 days expiring on October 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age. He had two prior convictions.

In 1935 this applicant drove a car for four men when they kidnapped victim. Applicant had pointed out home of victim and later, while victim was being held, applicant brought food and drink to all, acting in the capacity of assistant by carrying out the orders of the four other men. They held the victim for ransom, which was paid. These four men sent him on an errand while the victim was taken from the house, where he had been held and killed by gunshot. The body was thrown into the creek. When the applicant returned the ransom money was divided and he received his share.

The applicant received a sentence of life imprisonment while the others were electrocuted. He has now served nearly nineteen years of his sentence.

The President Judge, Edward G. Biester and the district attorney leave the matter up to the Board. The Board of Trustees at the Eastern State Penitentiary states this applicant has an excellent institutional record and they recommend clemency. The applicant was a Commonwealth witness at the trial of his accomplices.

Since the applicant has served nearly nineteen years and has an excellent institutional record, the Board recommends his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

BOARD OF PARDONS

In re application of Fred Eissey, 8113-C, No. 6935, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Fred Eissey, convicted of assault and battery; aggravated assault and battery; assault and battery with intent to ravish; attempted rape; rape, etc., in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 26, 1940, computed from April 10, 1940, be commuted from a maximum term of 20 years to a new maximum term of 14 years, 6 months, expiring on October 10, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parloe has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 10, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles Erwin, E-338, No. A-401, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Erwin, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 13, 1948, computed from April 30, 1948, be commuted from 10 years to 6 years, 6 months, expiring on October 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was his first major conviction. He was sentenced to a term of not less than ten nor more than twenty years on charges of robbery of a taxi cab driver.

The Board of Trustees of the Eastern State Penitentiary states that his disciplinary and adjustment records are excellent and he is considered trustworthy by his work supervisor.

The father of the applicant appeared and plead for his release and stated that he would do everything within his power to keep the applicant on the straight and narrow path. We do believe this applicant has been sufficiently punished under the circumstances.

The trial judge advised the Board he leaves the matter

of commutation up to them. The district attorney of Philadelphia is not opposed to the granting of clemency.

Since this applicant has served over six years of his minimum sentence of ten years with an excellent record, therefore, we recommend that his sentence be commuted.

In re application of Martin Farrell, No. 8322-C, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Martin Farrell, convicted of entering a building with intent to commit a felony in the Court of Quarter Sessions of Allegheny County on September 28, 1934, computed from May 28, 1934, be commuted from a maximum term of 10 years to a new maximum term of 8 years, 5 months, expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 28, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Roy M. Feathers, C-3275, No A-2618, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Roy M. Feathers, convicted of burglary, larceny, receiving stolen goods in the Court of Quarter Sessions of Blair County on July 13, 1945, computed from January 8, 1954, be commuted from 9 years to 9 months, 20 days, expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has had a bad juvenile record prior to his confinement in the Western State Penitentiary. He was confined at the Pennsylvania Industrial School and has been continually confined since May of 1945. It was through his obstinate refusal to fill an application form to the Board of Parole that this applicant did not begin to start serving this sentence until January of this year.

The Board of Trustees of the Western State Penitentiary however, feels that this applicant has been sufficiently punished and recommends clemency.

The trial judge, the Honorable George G. Patterson, is deceased and the district attorney of Blair County has no objection.

Since this applicant has now served continually for more than nine years we feel that he has been sufficiently punished and, therefore, recommend that clemency be granted.

In re application of Edward A. Flynn, 8249-C, No. 7665, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Edward A. Flynn, convicted of robbery, being armed with weapons, striking, ill using, in the Court of Quarter Sessions of Erie County on January 17, 1934, computed from January 17, 1934, be commuted from a maximum term of 20 years expiring on October 17, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain an parole until January 17, 1964.

In re application of Frank Foerst, No. A-2519, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Foerst, convicted of aggravated assault and battery in the Court of Quarter Sessions of Montgomery County, on March 28, 1947, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and he had no prior record

In 1946 applicant, who was a member of the Teamster's Union, was engaged in a strike. The victim was a truck driver and as applicant approached he called applicant by name and asked why he had been stopped. A fight ensued and applicant hit victim on the head. Victim was treated and discharged.

The applicant was fined one hundred dollars and sentenced to the Montgomery County Prison for from four to twenty-three months.

We are advised by the Board of Parole that the applicant operates his own business and he has an excellent reputation in the neighborhood.

Although both the trial judge and the district attorney of Philadelphia are opposed, the Board feels that since this applicant has been in no further trouble for a period of seven years, and since he bears an excellent reputation in the neighborhood, he should be granted a pardon. We, therefore, so recommend to your Excellency.

In re application of Aulger Harold Frame, No. A-2063, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Aulger Harold Frame, convicted of armed robbery and larceny, in the Court of Oyer and Terminer of Allegheny County on June 16, 1949, computed from May 14, 1949 be commuted from 7½ years to 5 years, 5 months, 10 days, expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and has no prior criminal record. He pleaded guilty to the crime of robbery and was sentenced to a term of not less than 7½ years nor more than 30 years. He is now confined to the State Penitentiary at Rockview and has an excellent institutional record. They recommend he be granted clemency.

The trial judge has not advised the Board and the district attorney of Allegheny County is not opposed since this applicant has now served more than five years of his minimum sentence.

It was reported to the Board of Pardons that if this applicant is released from prison that he will have a parole plan in Chicago where he lived previous to his offense.

Since he has served more than five years of his minimum sentence and has had no prior criminal record we recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of Alfred E. Frederick, Jr., D-9669, No. A-824, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Alfred E. Frederick, Jr., convicted of murder in the second degree in the Court of Oyer and Terminer of Philadelphia County on June 10, 1947, computed from April 22, 1947, be commuted from 10 years to 7 years, 6 months, expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age, and had no prior criminal record. He plead guilty to the commission of murder and the court fixed the crime as murder in the second degree.

The victim in this case and the applicant had been drinking and it is believed that this victim, who was very argumentative when under the influence of alcohol, may have started this fight which ultimately lead to his death. It is also disclosed that the victim had a wagon shaft and a knife in his hand and he committed an assault upon the applicant. The applicant got a gun and in the struggle the victim was killed.

Since that time he has served nearly seven and one-half years and with an excellent institutional record.

The trial judge has not advised the Board of Pardons of his position and that is not unusual for Judge Flood, as he never advised the Board in any case unless he is objecting to the granting of clemency. We, therefore, may take it that he is not objecting to this application. The district attorney stated his office is not opposed as it is felt the applicant has served a long enough time for his offense.

In view of all the above circumstances and since he has served three-fourths of his minimum sentence with no prior record, it is recommended that commutation be granted.

In re application of Clarence Frye, D-6722, No. 8228, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Clarence Frye, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on January 19, 1937, computed from February 25, 1937, be commuted from a maximum term of 20 years on Bill No. 366 to a maximum term of 17 years, 7 month, 20 days, expiring on October 15, 1954; on Bill No. 372 from a maximum term of 20 years to a maximum term of 1 day, expiring on October 16, 1954; on Bill No. 374 from a maximum term of 20 years to a maximum term of 1 day, expiring on October 17, 1954; on Bill No. 376 from a maximum term of 20 years to a maximum term of 1 day, expiring on October 18, 1954; on Bill No. 398 from a maximum term of 20 years to a maximum term of 1 day, expiring on October 19, 1954; and on Bill No. 403 from a maximum term of 20 years to a maximum term of 1 day, expiring on October 20, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 1, 1966.

For the reason that this applicant has served a long time on parole, and the further reason that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of George Howard Futch, E-1098, No. A-2485, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Howard Futch, convicted of robbery, armed with an offensive weapon and robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 28, 1948, computed from May 26, 1949 be commuted from 10 years to 5 years, 5 months, expiring on October 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he had one prior conviction for a Federal offense and served approximately eighteen months of that offense. At the time this offense occurred the applicant was but nineteen years of age. He and three accomplices committed a series of burglaries and robberies over a period of six months. One accomplice, who received a lesser sentence, has had his sentence commuted.

This applicant is presently confined at the State Penitentiary at Graterford and we are advised that his disciplinary record is excellent.

The trial judge is deceased and the district attorney of Philadelphia County is not opposed.

Since this applicant has served over five years of a minimum sentence of ten years and since this was his first major conviction, and since his accomplice was granted commutation, we feel that this applicant should be given consideration at this time, and we, therefore, recommend that his sentence be commuted.

In re application of Boley Anthony Gardyszewski, No. 8668, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Boley Anthony Gardyszewski, convicted of assault and battery with intent to kill and robbery, armed with an offensive weapon in the Court of Quarter Sessions of Schuylkill County on June 22, 1939 be commuted from 22 years to 5 years, 5 months, 10 days, expiring on October 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age. This was not his first conviction.

The applicant went to a Cafe to meet his girl friend and an argument started after victim made some sarcastic remarks. The applicant started to shoot; hit the victim and grazed his girl friend. He then held up a bus and made the driver take him to Tamaqua. He stole the driver's cash. He then got in a truck and was apprehended.

This applicant served ten years and 20 days and was released on parole on June 2, 1949. We are advised by the Board of Parole that adjustment has been good, and that his wife is definitely a stabilizing factor.

This applicant appeared before the Board and we were impressed by his argument. He states he has been steadily employed as a house painter and wishes to be relieved of parole supervision so that he can take other jobs.

Neither the trial judge nor the District Attorney are opposed to the granting of clemency.

In view of all the above the Board recommends that his maximum sentence be commuted .

BOARD OF PARDONS

In re application of Michael Frederick Gentile, E-3724, No. A-2574, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Michael Frederick Gentile, convicted of assault and battery, aggravated assault and battery, assault and battery with intent to kill in the Court of Oyer and Terminer and Quarter Sessions of Chester County on May 27, 1953 be commuted from 2 years to 1 year, 5 months, expiring on October 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and this was his first major conviction.

He was sentenced to imprisonment in the Eastern State Penitentiary on charges of assault and battery, aggravated assault and battery and assault and battery with intent to kill to not less than two years nor more than five years.

This applicant returned from the Army and found his wife living with another man. She refused him admittance to his home and he started to drink. When drunk he shot at his wife and the other man, but did not hit either of them. Later he again shot and hit his wife in the hand from which wound she recovered.

Neither the trial judge nor the district attorney have made any comment. The president judge of Chester County also has no comment to make.

The parents of this applicant are old and he has been sending money to the Embreeville State Hospital where his mother is presently confined.

The Board of Trustees of the State Penitentiary at Graterford advises us this applicant has excellent performance reports and an unblemished disciplinary record.

In view of the fact that the authorities have not made any comment and the further fact that he has a good institutional record, we recommend that his sentence be commuted.

BOARD OF PARDONS

In re application of James Richard George, D-3707, No. A-1655, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Richard George, convicted of larceny in the Court of Oyer and Terminer of Philadelphia County on January 6, 1950, computed from July 1, 1953, be commuted from 2 years to 1 year, 3 months, 20 days, expiring on October 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age. He plead guilty to the commission of larceny of painting and some lamps. It is interesting to note that set forth in the record is the fact that the original offense occurred in the Progidal Son's Art Gallery. The second offense occurred in Gimbel's Department Store, Philadelphia.

This applicant has served at the present time nearly five years, but because of the fact that he was on parole at the time this offense occurred only one year and two months apply to the two year minimum sentence. We feel that this applicant has been sufficiently punished as it was a severe sentence in view of his prior record, which had no convictions in it and by reason of his parole violation in this offense and the long time served.

The trial judge is objecting and thinks he should serve his minimum sentence. He has served over ten months of this. The district attorney of Philadelphia, who has made a study of this case, leaves the matter of commutation up to the Board. We feel that four years nine months is a rather severe sentence and since he has approximately ten months to serve, he should be given the benefit of this good record and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Richard Gipperich, E-2662, No. A-2008, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Richard Gipperich, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on May 28, 1951, computed from April 5, 1951, be commuted from 4 years to 3 years, 6 months, 20 days, expiring on October 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he had one prior conviction.

The applicant and two accomplices, robbed victim and wife of three hundred dollars on one occasion. Another time they entered a store and at point of gun they robbed the owner and all occupants. The loot at this time amounted to fifty dollars.

In July of this year the applicant attempted suicide, and the Board of Trustees feels that he exhibited sufficient emotional disturbance to require psychiatric observation and care. However, at the present time his condition has improved.

It is felt that this applicant's condition arises from combat duty while in the Marine Corps. In view of this, the trial judge, the Honorable Walter P. Smart, has no

objection to the granting of clemncy. Neither is the district attorney opposed.

The Board feels that since this applicant has served three years five months of his minimum sentence and since he requires hospitalization his sentence should be commuted provided he goes to the Veterans' Hospital for care and treatment, and we so recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Leon Graham, E-1615, No. A-2641, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leon Graham, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 5, 1950, computed from March 11, 1950, be commuted from five years to 4 years, 7 months, 10 days, expiring on October 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age. He has no prior criminal record. He and three accomplices robbed a store at gun point and they also entered four other places. The total loot was $750.00. He has now served 4½ years for these offenses.

The Board of Trustees of the State Penitentiary at Graterford states that his institutional record has been excellent.

The trial judge leaves the matter up to the Board, and the district attorney of Philadelphia County is not opposed.

Two of the accomplices have already served their sentences and this applicant has served over four and one-half years of his minimum sentence.

In view of all the above, we feel that he has been sufficiently punished, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles Carl Robert Gulba E-3615, No. A-2661, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Carl Robert Gulba, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Northumberland County on March 23, 1953. Sentence computed from August 11, 1952, be commuted from 3 years to 2 years, 2 months, 10 days, expiring on October 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and he had two previous convictions.

The applicant and two accomplices burglarized a store, the loot being $52.00 in cash, after entering three other places and securing nothing. The applicant plead guilty and was sentenced to serve not less than three nor more than six years.

The Board of Trustees at the State Penitentiary at Graterford states that his disciplinary record is unblemished and that the applicant has made an excellent adjustment.

The trial judge, the Honorable Robert Fortney, leaves the matter up to the Board, and the district attorney is not opposed to the granting of clemency.

Since this applicant has served over two years, and since his accomplice, Fallon, has had his sentence commuted and his Institutional record is excellent, the Board recommends that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Edmund Guzik, E-146, No. A-925, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edmund Guzik, convicted of assult with intent to rob, robbery and burglary in the Court of Quarter Sessions of Philadelphia County on November 26, 1947, computed from October 31, 1947 be commuted from 10 years to 7 years, expiring on October 31, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age. He has no prior record. He was sentenced on a plea of guilty to not less than ten nor more than twenty years on charges of assault with intent to rob, robbery and burglary. He is now confined at the State Penitentiary at Graterford and has an excellent institutional record. His two accomplices have both been released.

Both the trial judge and the district attorney of Philadelphia County leaves this matter of commutation up to the Board.

Since this applicant has served seven years of a ten year sentence and since his accomplices have been released we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Edward F. Haines D-6911, No. 7690, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward F. Haines, convicted of robbery, armed with an offensive weapon; robbery; assault with intent to rob; assault and battery; larceny and receiving stolen goods; rape; assault with intent to ravish in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County on January 8, 1943. Computed from September 28, 1942 be commuted from 27½ years to 12 years, 1 month, expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and this is his first major conviction. He was convicted of seven offenses and sentenced to twenty-seven and one-half to fifty years. These offenses occured when applicant held up victims and robbed them and then raped the one victim.

The applicant has now served nearly twelve years of his minimum sentence and the Board of Trustees of the Eastern State Penitentiary states that his disciplinary record is excellent and he is a good woodworker and finisher.

The present judge, the Honorable James F. Henninger has made no comment, but the district attorney feels that the application is premature.

It was pointed out to the Board at the time of hearing that this applicant has invented a water vibrator and copies of correspondence with the Tucker Manufacturing Company were entered in the file.

The Board feels that since this applicant has served nearly twelve years with an excellent Institutional record, and since there is evidence of his complete rehabilitation, some merit should be given to the fact that he is endeavoring to better himself with his invention, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Weir Mitchell Hamilton, 73321, No. A-2643, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Weir Mitchell Hamilton, convicted of Abortion in the Court of Quarter Sessions of Allegheny County on January 20, 1953, computed from January 21, 1953 be commuted from 2½ years to 1 year, 9 months, expiring on October 21, 1954.

Our reasons for making this recommendation are as follows:

This applicant is seventy-two years of age and it was not until 1940 that this applicant became involved in the law. In 1940 he was convicted of using the mail to defraud and served two years in the penitentiary. In 1951, this applicant, being a member of the medical profession, was charged with the sale of narcotics and served two years. Later this sentence was suspended and the applicant was placed on probation for a period of five years. Thereafter he became involved in these charges of abortion. Because of this applicant's prior record he was not granted commutation at the expiration of his minimum sentence and he has now served three months more than his minimum sentence.

There is no doubt that he is attempting to rationalize his illegal behavior but prior to this offense he bore a good reputation in his community. In view of the fact that this applicant is disbarred from practicing medicine and because of his extreme age and physical condition, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of William Joseph Hennessey, No. 7165, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Joseph Hennessey, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Bucks County on October 2, 1939 be commuted from 20 years to 15 years, 1 month, 10 days, expiring on October 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and this was his first major conviction. He was sentenced on a charge of robbery, armed with an offensive weapon. He was sentenced to a term of not less than ten nor more than twenty years following a plea of guilty. After having served approximately nine years of his minimum sentence he had his sentence commuted and he was released on parole. He has been on parole for approximately six years and has been in no further difficulty.

This man received the highest commendation from the Parole Officers at the Eastern State Penitentiary and has been employed in electronics since his release. He is married and has a small son. He is a devoted husband and family man according to our information. We feel that he has adjusted well and under the circumstances we recommend that further supervision be discontinued and that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Clyde Hibbler, C-1808, No. A-1735, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clyde Hibbler, convicted of burglary and larceny in the Court of Quarter Sessions of Clinton County on September 1, 1950, computed from August 13, 1954 be commuted from 5 years to 4 years 2 months 10 days expiring on October 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and this is his first conviction.

This applicant, and two accomplices, broke into railroad cars and stole fifteen hundred pounds of sugar. This happened in 1950 and at the time of his arrest he confessed that he had stolen other items a year previous. He was sentenced to not less than five nor more than ten years on charges of burglary and larceny.

At the present time this applicant has served over four years and the Board of Trustees of the State Penitentiary at Rockview advises us that he has an excellent institutional record and if eligible they would recommend him for parole.

The president judge of Clinton County, the Honorable A. H. Lipez, feels that the applicant should be given favorable consideration and the district attorney concurs with the judge. The Sheriff of Clinton County has written us with the recommendation that clemency be granted.

Since both the accomplices have been released and since the sentencing authorities are not opposed to the granting of clemency we recommend that this applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Thomas W. Hooven, E-286, No. A-1852, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas W. Hooven, convicted of conspiracy, attempted burglary, possession burglary tools, robbery, aggravated assault and battery in the Court of Quarter Sessions of Philadelphia County on April 20, 1948, computed from April 3, 1948 be commuted from 10 years to 6 years 6 months 20 days expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant and two accomplices committed a first his first civil conviction. He did serve time while a member of the Armed Forces for being absent without leave.

This applicant and two accomplices committed a first vicious assault upon the victim and also broke into a garage intending to steal an automobile. When arrested this applicant plead guilty and used as an excuse the fact that he was under the influence of alcohol. He received a very severe sentence of not less than ten nor more than twenty years.

At the present time this applicant is confined in the State Penitentiary at Graterford and we are advised that he has earned an excellent record.

The trial judge is opposed. He is the Honorable Joseph L. Kun. The district attorney of Philadelphia County is not opposed to the granting of clemency and feels that since this was his first major conviction, some consideration should be given. In addition, we have been informed that the applicant's accomplice received clemency but we have no further evidence of this fact.

Since this was the applicant's first conviction, and since he has now earned over six years with a good record, we feel that he has been sufficiently punished and we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Earl Keith, 7755-D, No. 8473, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Earl Keith, in the Court of Oyer and Terminer and Quarter Session of Philadelphia County on December 9, 1941, computed from November 28, 1941, be commuted from a maximum term of 20 years to a maximum term of 12 years 10 months, expiring on September 28, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until November 28, 1961.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Leslie Kirby, C-1770, No. A-1199, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leslie Kirby, convicted of burglary in the Court of Quarter Sessions of Centre County on July 3, 1950, computed from June 24, 1950 be commuted from 5 years to 4 years, 4 months, expiring on October 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age. This was his first major conviction. He was sentenced following a plea of guilty to not less than five nor more than ten years on a charge of burglary.

The applicant is confined at the State Penitentiary at Rockview and the Board of Trustees advise he has an excellent institutional record and they would recommend him for release.

The applicant's representative stated to the Board that he has made complete and full restitution and paid fine and costs in this matter. The plea for commutation is based on the fact that this applicant has made restitution and has served over four years of his minimum sentence of five years, and the further fact that his wife is now a patient in the Warren State Hospital. His children, two sons and a daughter, need their father's care and assistance.

Since this applicant has served over four years of his sentence and his family is in dire circumstances, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Theodore John Kleckner, No. A-416, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Theodore John Kleckner, convicted of robbery in the Court of Quarter Sessions of Philadelphia County on January 26, 1949 be commuted from 10 years to 5 years, 9 month, 10 days, expiring on October 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he has no prior criminal record. In 1949 he pleaded guilty to charges of robbery and was sentenced to serve not less than two and one-half nor more than ten years.

The applicant has served his minimum sentence. He was released on parole and since that time has served well in society. He desires to further his education by going to college, but desires to be released from parole in order to do this. This was not such a serious offense and he has now been on parole for over three years.

The District Attorney of Philadelphia County has stated that he is not objecting to the granting of clemency in this matter. Under these circumstances we feel that this applicant has been rehabilitated and further supervision is not necessary and his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Joseph A. Kleitz, No. A-2561, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph A. Kleitz, convicted of robbery, armed with an offensive weapon and receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on November 7, 1929; and further convicted of robbery, armed with an offensive weapon and receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on August 21, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and has no prior criminal record.

The offenses for which he is asking pardon occurred in 1929 and 1930 and after he served his time he made an honest effort to rehabilitate himself. According to the Board of Parole, their inquiries reveal that he enjoys a good reputation and is considered a good family man. He has thirteen children and has worked for the same employer for more than fifteen years.

The trial judges, the Honorable T. J. Ford and Honorable G. V. Moore, are deceased. The district attorney of Allegheny County is not opposed and since the last offense occurred more than twenty-four years ago, and since this applicant has adjusted to society, we feel that he merits consideration of this Board. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Real Lewis, B-9989, No. A-490, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Real Lewis, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on January 17, 1947, computed from August 23, 1946 be commuted from 10 years to 8 years, 2 months, expiring on October 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he had three prior arrests and two juvenile convictions. He was sentenced to a term of not less than ten nor more than twenty years after a conviction of robbery. The loot in this offense amounted to more than three thousand dollars.

At the present time this applicant has served over eight years of his minimum sentence. The Board of Trustees of the State Penitentiary at Rockview states he has an excellent institutional record.

The trial judge, the Honorable R. H. Adams, is opposed to his release, but the district attorney of Allegheny County is not opposed at this time.

Since this applicant has served more than eight years and this is his first major conviction we feel that he should be given the same treatment as his accomplice, who was commuted by this Board at the February 1954 Session. We, therefore, recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Maurice Levy, No. A-2573, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Maurice Levy, convicted of aggravated assault and battery in the Court of Quarter Sessions of Philadelphia County on July 7, 1948, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age. He has no prior criminal record. He was sentenced, after conviction, to probation for a period of one year and restitution in the sum of $300.00 was to be made. The Board has been advised that restitution has been made in full and this offense occurred more than six years ago.

This applicant bears an excellent reputation in the community. The trial judge, however, feels that this man does not deserve a pardon, but he is not strenuously opposed to it. The district attorney of Philadelphia County has stated that he is not opposed to the pardon.

This applicant is married and has two children. He comes into contact with insurance companies a great deal as a result of his business and he feels that this may have some influence in their refusal to give him work. He has been in no further difficulty and under these circumstances we feel that he is entitled to a pardon, which we recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Jack Lindrup, No. A-2615, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Jack Lindrup, convicted of false pretense, in the Court of Quarter Sessions of Carbon County, on April 19, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and has no prior criminal record. He was charged with the offense of using slugs in a pay telephone. There were three slugs representing dimes used and this applicant was apprehended in the commission of the offense.

He has been in no further difficulty and presently resides in Brooklyn, New York. He desires at this time to take an examination with the United States Civil Service for the purpose of securing better employment. If he is not granted this pardon he would be ineligible for this examination.

Both the trial judge, the Honorable James C. McCready, and the district attorney are not opposed to the granting of clemency and since this applicant has been in no further difficulty for more than four years we recommend a pardon.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of Joseph Lombardo, 2812-B, No. 4715 September Session, 1954.

To His Excellency, the Governor of the Commonwealth o Pennsylvania:

Sir: The above application having been heard, upon du public notice, in open session, the undersigned member of the Board of Pardons recommend that the maximur

sentence of Joseph Lombardo convicted of murder, conspiracy to commit murder, conspiracy to commit aggravated assault and battery, assault and battery, in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on October 3, 1935, computed from May 22, 1935, be commuted from a maximum term of 20 years to a new maximum term of 19 years, 5 months, expiring on October 22, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 22, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of James Lee Luton, E-1858, No. A-1422, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Lee Luton, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 11, 1950, computed from August 19, 1950, be commuted from 5 years to 4 years, 2 months, 10 days, expiring on October 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and had no prior criminal record. He was sentenced on a plea of guilty to not less than five nor more than ten years on charges of robbery. This offense occurred when the applicant was overwhelmed by debts and on the spur of the moment he committed this offense. He is very sorry that this thing happened, and we feel that he will never again commit such an offense.

He has a large family to support and will support them if released.

This applicant is presently confined at the State Penitentiary at Graterford and we are advised he has established and maintained an unblemished disciplinary record and has earned excellent adjustment reports.

The trial judge feels this applicant should serve his minimum sentence. He is Honorable Raymond MacNeille. The district attorney of Philadelphia County has no objection to his release at this time.

Since this applicant has served over four years of a minimum sentence of five years, we feel that he should be granted commutation and for the sake of his family we recommend his sentence be commuted.

Governor.

BOARD OF PARDONS

In re application of George MacKenzie, E-712, No. A-2348, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentences of George MacKenzie, convicted of robbery to No. 386 December Sessions, A. D. 1948 in the Court of Oyer and Terminer of Philadelphia County on December 17, 1948, computed from December 1, 1948, be commuted from 10 years to 5 years, 10 months, 28 days, expiring on October 29, 1954; and to No. 445 March Sessions, A. D. 1949, in the Court of Oyer and Terminer of Delaware County on March 28, 1949, be commuted from 10 years to 5 years, 7 months, 1 day, expiring on October 29, 1954; and to No. 84 February Sessions, A. D. 1949, in the Court of Oyer and Terminer of Montgomery County on May 13, 1949, be commuted from 10 years to 5 years, 5 months, 16 days, expiring on October 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and these offenses all occurred when he was approximately twenty-three years of age and under what may be termed a rash of offenses committed in and about Philadelphia, Delaware and Montgomery Counties.

This applicant had a very unfortunate background in that his father was killed within six months of his birth, and his mother was forced to earn a living. The parental grandparents, who raised him, were both leading physicians in Philadelphia and because of their active practice of medicine they were unable to give this applicant the love, care and devotion that a child should be given. As a result, this applicant grew up into a spoiled brat; wilful and unrestrained, and from the time he was fifteen years of age, got into one difficulty after another. These difficulties reached a culmination in the present series of offenses.

Judge Crumlish, Philadelphia County, leaves the matter up to the Board. Judge Knight, Montgomery County, has no objection. Judge Ervin, Delaware County, feels that the minimum sentence should be served. The district attorney of Philadelphia County is not opposed, but the district attorneys of both Montgomery and Delaware County are opposed at the present time.

It should be pointed out that one of his accomplices was granted commutation by the Board at the June 1953 Session. Under all the circumstances, and as it was related to us at the hearing, this applicant will go to live with his mother and step-father in Franklin County, we feel that he has learned his lesson and with someone to supervise and give him help he will be able to again re-adjust in society. We, therefore, recommend commutation.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Elmore Mahorney, No. 1704, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Elmore Mahorney, convicted of robbery and burglary in the Court of Oyer and Terminer of Allegheny County on May 23, 1939 computed from May 23, 1939 be commuted from 25 years to 15 years, 9 months, 10 days, expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and he has had a previous criminal record. It was probably because of this previous record that the applicant received such a severe sentence. He was sentenced on a plea of guilty to not less than twenty-five nor more than fifty years on charges of robbery and burglary. At the present time he has served more than fifteen years of this sentence.

The Board of Trustees of the State Penitentiary advises that this applicant has an excellent record.

The trial judge is deceased and the present judge has made no comment. The district attorney of Allegheny County is not opposed.

Two of the accomplices of this applicant have just received commutation at the hands of this Board. In view of this fact, and the further fact that he has an excellent record for fifteen years, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Terrence A. Malone, No. A-2580, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Terrence A. Malone, convicted of establishing a gambling place in the Court of Quarter Sessions of Montgomery County, on October 19, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-seven years of age and he had no prior record.

He, together with four accomplices, were members of an American Legion Post which was trying to raise money for repairs to a bowling alley at Coatesville Veterans' Hospital. To do so, they operated a five-cent wheel chancing off cigarettes at the Flourtown Firemen's Fair. A complaint was received that gambling was being conducted which was doing serious harm. However, when a raid was held, the only gambling was exceedingly technical, being operation of five and ten cent wheels of chance. At this time there was much publicity concerning gambling and these firemen were indicted.

Both the trial judge, the Honorable William F. Dannehower, and the district attorney, recommend that clemency be granted. In fact, the trial judge states at the most this was purely a technical violation of the law, and the district attorney states the offense could have well been disposed of before a justice of the Peace.

This applicant bears an excellent reputation and has been in no further trouble for a period of nearly three years.

Under all the circumstances, the Board feels that a pardon should be grantel and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Gilbert Matthews, E-1213, No. A-2081, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gilbert Matthews, convicted of robbery in the Court of Oyer and Terminer of Philadelphia County on August 11, 1949, computed from July 16, 1949 be commuted from 10 years to 5 years, 3 months, 10 days, expiring on October 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age. This is his first major conviction. He plead guilty to a charge of robbery and is now confined in the State Penitentiary at Graterford. We are advised that his disciplinary and adjustment reports are excellent.

The trial judge leaves the matter of commutation up to the Board. The district attorney of Philadelphia County is not opposed.

This applicant has now served more than five years of his minimum sentence of ten years.

In view of all the circumstances we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Jack McDonald, B-5440, No. 9579, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jack McDonald, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on March 22, 1937, computed from September 22, 1954, be commuted from 2½ years to 1 month, expiring on October 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is seventy years of age and has had a very extensive criminal record beginning in 1904 and continuing down to 1937 when he was sentenced to a term of not less than twenty nor more than forty years on eight charges of burglary. He has now been in prison in Western State Penitentiary for seventeen and one-half years.

The Board of Trustees of the Western State Penitentiary feel that this applicant has been sufficiently punished and recommend clemency.

The trial judge is deceased and the present judge has no comment. The district attorney of Allegheny County is not opposed and stated to the Board that this applicant has served a long period of time. It may be stated for the record that this applicant's accomplices received commutation on a sentence of ten to twenty years in June of 1947. This applicant has served seven years longer than his accomplices.

Under all the circumstances we feel that this applicant has been sufficiently punished and we recommend commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of William McGee, No. A-487, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William McGee, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on August 6, 1946, computed from July 20, 1946, be commuted from 10 years to 8 years, 3 months, 3 days, expiring on October 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he has no prior criminal record. He was convicted of robbery of two taxicab drivers. He denied his guilt but was identified and convicted. He was sentenced to not less than ten nor more than twenty years.

At the present time he has served over eight years of his minimum sentence. This applicant suffers from epilepsy and is in the hsopital at the institution a great portion of the time.

The trial judge recommends clemency in this matter. The district attorney of Philadelphia County is not opposed to his release since he has served a large portion of his sentence.

The Board of Trustees of the Eastern State Penitentiary advises us this applicant has an excellent disciplinary record.

The applicant's physical condition, the fact that he has no prior criminal record, and has now served over eight years, impressed this Board and we therefore recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Robert McPherson, No. A-2639, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Robert McPherson, convicted of fornication and bastardy in the Court of Quarter Sessions of Allegheny County on February 20, 1928; and further convicted of false pretense in the Court of Quarter Sessions of Allegheny County on February 11, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age and he seeks a pardon on the charges of fornication and bastardy and false pretense. The last offense occurred more than sixteen years ago and since that time he has had a very good reputation according to the records of the Board of Parole, who inquired into his background for this purpose.

The trial judges in both the offenses are deceased and the present judge has no recommendation to make. The district attorney of Allegheny County is not opposed to the granting of a pardon in this affair.

Since this applicant now bears a good reputation and has not been in any further difficulty for sixteen years, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of John Joseph Miller, E-2214, No. A-2658, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Joseph Miller, convicted of robbery and burglary in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on March 7, 1951, computed from February 26, 1951, be commuted from 4½ years to 3 years, 8 months, expiring on October 26, 1954; and further recommend that the maximum sentence of John Joseph Miller, convicted of robbery and burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia on April 30, 1951, computed from that day, be commuted from 10 years to 3 years, 6 months, expiring on October 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age, and this was his first major offense. He was arrested on charges of burglary while the robbery charge was pending. He plead guilty and was sentenced to not less than four and one-half nor more than thirty years in the Eastern State Penitentiary on the Delaware County charges and not less than five nor more than ten years in the Eastern State Penitentiary on the Philadelphia County charges.

This applicant is presently confined in the State Penitentiary at Grateford and we are advised that his disciplinary record is unblemished and he is making an excellent adjustment.

The Philadelphia County authorities are opposed, but the Delaware County authorities are not opposed.

Since this applicant has now served three and one-half years of his minimum sentence of five years, and since we feel that he has learned his lesson, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Bernard Mitnick, No. 3-2586, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Bernard Mitnick, convicted of poolselling and bookmaking in the Court of Quarter Sessions of Philadelphia County, on July 19, 1926 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-five years of age. He had one prior conviction, which was for disorderly conduct. He was accused of setting up an illegal lottery and taking horse bets. At the present time he is the mutual clerk at the Jersey Race Tracks and the New Jersey Racing Commission has threatened to take up his license unless he secures a pardon for this offense in Pennsylvania.

Since this offense occurred more than eighteen years ago and he has an excellent reputation and there is no objection from the authorities in Philaedlphia, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Gaspar Morganti, 4826-D, No. 7859, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Gasper Morganti, convicted of murder in the second degree and voluntary manslaughter, in the Court of Oyer and Terminer and Quarter Sessions of Indiana County on May 26, 1941, computed from January 24, 1941, be commuted from a maximum term of 32 years to a new maximum term of 13 years 8 months, expiring on January 24, 1973.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence would remain on parole until January 24, 1973.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Vincent L. Nardozi, C-360, No. A-121, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Vincent L. Nardozi, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on November 6, 1947, computed from November 7, 194 be commuted from 7 years, 6 months to 6 years, 1 months, 20 days, expiring on October 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this is his first major conviction. He plead guilty to charges of robbery and was sentenced to not less than seven and one-half nor more than fifteen years. At the present time he is confined at the Western State Penitentiary and we are advised he has an excellent institutional record.

The trial judge, the Honorable John B. Kennedy, advised the Board of Parole that he felt the sentence was probably unduly severe, and the district attorney of Allegheny County is not opposed to the granting of relief. At the present time this applicant has served six years ten months of a seven and one-half year sentence.

In view of the recommendations of the authorities, and the fact that he has an excellent institutional record we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Albert Needleman, No. A-2637, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Albert Needleman, convicted of assault and battery and lottery in the Court of Quarter Sessions of Allegheny County, on November 8, 1940, September 6, 1941, March 19, 1942, February 9, 1945 and April 2, 1945 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age. For a period of fifteen years this applicant was in the lottery racket. Since these offenses occurred nearly ten years ago he has been in no further trouble. At present he is president of the Lynn Construction Company and bears an excellent reputation.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Allegheny County leaves the matter of pardon up to the Board.

Since this applicant has been in no further trouble, and since the sentencing authorities have no objection, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,

In re application of Eugene Nefferdorf, 4444-D, No. 7881, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Eugene Nefferdorf, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 25, 1939, computed from January 13, 1939, be commuted from a maximum term of 20 years to a maximum term of 15 years, 9 months, expiring on October 13, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 13, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Charles Nutter, 543-D, No. 7269, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Nutter, convicted of murder in the second deree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 22, 1941, computed from June 26, 1941, be commuted from a maximum term of 20 years to a new maximum term of 13 years, 3 months, expiring on September 26, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until June 26, 1961.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Richard Owens, 6769-C, No. 2912, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Richard Owens, convicted of murder, in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 24, 1926 be commuted from a maximum term of life imprisonment to a new maximum term of 28 years, expiring on September 24, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Louis Palarino, C-1700, No. A-1094, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Palarino, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer of Allegheny County on May 5, 1950, computed from October 27, 1949, be commuted from 7½ years to 5 years, expiring on October 27, 1954; and further convicted of robbery, armed with an offensive weapon, receiving stolen goods, to No. 36 Oyer and Terminer of Allegheny County on June 28, 1950, be commuted from 4 years to 1 day, expiring on October 28, 1954; and further convicted of robbery, armed with an offensive weapon, receiving stolen goods, to No. 77 Oyer and Terminer of Allegheny County on June 28, 1950, be commuted from 2½ years to 1 day, expiring on October 29, 154.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this was his first major conviction for any offense. He was sentenced on charges of robbery, armed with an offensive weapon, and receiving stolen goods to not less than fourteen nor more than twenty-eight years. There were three convictions in all.

The Board of Trustees of the Western State Penitentiary advises this prisoner has an outstanding record and clemency is recommended.

One of the trial judges is opposed and the other trial judge leaves the matter up to the Board. The district attorney of Allegheny County is not opposed.

All the applicant's accomplices, with the exception of Epstein, who received a sentence of forty to eighty years. have been released.

Under all the circumstances, and the applicant's small prior record, and the fact that he has a good institutional record, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Louis Purul, E-792, No. A-2609 September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Purul, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 13, 1949, computed from September 28, 1948 be commuted from 10 years to 6 years 1 month, expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age. He has no prior record. He was sentenced to a term of not less than ten nor more than twenty years on charges of burglary. There were approximately five offenses and this applicant admitted that he was the driver of the get-away car in these offenses.

The sentencing judge is deceased and the present judge has not made any comment. The district attorney of Philadelphia County is not opposed to the granting of clemency.

This applicant has now served six years of a minimum sentence of ten years. We are advised by the Board of Trustees of the State Penitentiary at Graterford that he has a good record.

Since the sentencing authorities are not opposed and since this applicant has served six years with an excellent institutional record, we recommend that clemency be granted and this applicant's sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Joseph Rafalski, No. A-2635, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Rafalski, convicted of attempted robbery in the Court of Oyer and Terminer of Allegheny County, on November 14, 1932, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age. He has no prior conviction. He was sentenced in 1932 on a charge of attempted robbery to suspension for a period of ten years. Since 1932 he has been in no further difficulty and has a very good reputation, according to the Board of Parole.

Both the trial judge and the district attorney are not opposed to the granting of clemency.

This applicant served in the Armed Forces in World War II and was honorably discharged.

Since this applicant has been in no further trouble for nearly twenty-two years and in view of his good reputation, we recommend to your Excellency that a pardon be granted.

In re application of Enos M. Rich, No. A-2576, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Enos M. Rich, convicted of establishing a gambling place in the Court of Quarter Sessions of Montgomery County, on October 19, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he had no prior record.

He, together with four accomplices, were members of an American Legion Post which was trying to raise money for repairs to a bowling alley at Coatesville Veterans' Hospital. To do so, they operated, a five-cent wheel chancing off cigarettes at the Flourtown Firemen's Fair. A complaint was received that gambling was being conducted which was doing serious harm. However, when a raid was held, the only gambling was exceedingly technical, being operation of five and ten cent wheels of chance. At this time there was much publicity concerning gambling and these firemen were indicted.

Both the trial judge, the Honorable William F. Dannehower, and the district attorney, recommend that clemency be granted. In fact, the trial judge states at the most this was purely a technical violation of the law, and the district attorney states the offense could have well been disposed of before a justice of the Peace.

This applicant bears an excellent reputation and has been in no further trouble for a period of nearly three years.

Under all the circumstances, the Board feels that a pardon should be granted and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Morris Rubin, No. A-2607, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Morris Rubin, convicted of receiving stolen goods, lottery, poolselling and bookmaking, and operating automobile after license was revoked in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on March 22. 1949, February 28, 1951, April 23, 1953 and June 21, 1953. be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age. He had several convictions for larceny, receiving stolen goods, poolselling and bookmaking, lottery and operating an automobile after his license was revoked. These are the offenses for which he now seeks pardon.

Although both the judge and the district attorney are opposed, we feel that this man has learned his lesson and will not again offend against society.

Under all the circumstances we feel that a pardon should be granted in this matter and we, therefore, recommend to your Excellency that he be granted a pardon.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Augustine Joseph Runzo, No. A-961, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Augustine Joseph Runzo, convicted of burglary and larceny in the Court of Quarter Sessions of Delaware County on December 27, 1949, be commuted from 10 years to 5 years, 1 month, 10 days, expiring on October 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and this was only his second offense. In 1949 he was committed to the Delaware County Prison Farm for from three to ten years on charges of burglary and larceny. He served his minimum sentence and has been on parole for two years. The Board of Parole states he has made a good adjustment.

The trial judge and district attorney state he should serve his minimum sentence, which he has done.

In view of the fact that he served his minimum sentence and the further that he has good record on parole, the Board feels that his request should be granted and we, therefore, recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Arlan Grover Schaedler, No. A-562, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Arlan Grover Schaedler, convicted of attemped prison breach; robbery together with other persons in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on March 14, 1947, computed from April 6, 1946, be commuted from 3½ years to 1 year, 20 days, expiring on October 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and these offenses occurred in 1946 and 1947 in Berks and Montgomery Counties. This applicant was generally considered a wild and unruly kid and he exhibited this wildness after he was sent to the State Penitentiary at Graterford. It was there that an attempt at prison breach was made and he was given the final sentence of three and one-half to seven years. He has been continually confined for eight and one-half years and has an excellent record in the penitentiary.

Under the circumstances as outlined and his parole plan, as stated to the Board, we feel that he will be given an opportunity to rehabilitate himself. For that reason we recommend that the present sentence of three and one-half to seven years for prison breach be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Robert Dale Schork, C-2783, No. 7125, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Dale Schork, convicted of forgery in the Court of Quarter Sessions of Erie County on August 18, 1952, computed from July 7, 1952, be commuted from 5 years to 2 years, 3 months, 20 days, expiring on October 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-six years of age and he had a bad prior record for the same offense for which he seeks commutation here.

He was sentenced in Erie County for from five to ten years and sentenced in Allegheny County for from two to four years on charges of forgery.

The Board of Trustees of the Western State Penitentiary advises this applicant is an exceptionally good worker and requires no supervision and does more than is required of him.

This applicant has a wife and four children, two daughters and two sons, ages from four years to fourteen years.

The trial judge, the Honorable Burton R. Laub, has made no comment although the district attorney is opposed. However, the Board feels that seven to fourteen years is too long a sentence under the circumstances, and since he has now served over two years with an excellent record, we are recommending that the Erie County sentence be commuted in order that he may begin the latter sentence of two to four years which was imposed in Allegheny County.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Frank Serratore, 674-D, No. 5868 September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Serratore, convicted of murder, in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on February 3, 1937 be commuted from a maximum term of 20 years to a new maximum term of 17 years, 8 months, expiring on October 3, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 3, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of James Stanley, E-3220, No. A-2052, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Stanley, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 8, 1952, computed from August 15, 1952 be commuted from 2½ years to 2 years, 2 months, 10 days, expiring on October 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age and has no prior criminal record. He plead guilty to the crime of robbery of a taxicab driver in which the sum of twenty-two dollars was taken. For this offense he was sentenced to the term of not less than two and one-half nor more than five years.

The Board of Trustees advises this applicant has made an excellent adjustment and is considered a model inmate.

The trial judge feels that this applicant should serve his minimum sentence, but the district attorney of Philadelphia County is not opposed to the granting of clemency.

Since this applicant has no prior criminal record and since this was a first major conviction, we feel that this applicant has been sufficiently punished, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Edward F. Staples, E-3533, No. 1086, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward F. Staples, convicted of sodomy in the Court of Oyer and Terminer and Quarter Sessions of Monroe County on February 5, 1953, computed from November 19, 1952 be commuted from 5 years to 1 year, 11 months, 10 days, expiring on October 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is sixty-two years of age and he had no prior conviction. He was sentenced to a term of not less than five nor more than ten years in the Eastern State Penitentiary upon a plea of guilty to charges of sodomy.

The applicant has been confined nearly two years and the Board of Trustees states he has established and maintained an unblemished disciplinary record. His custodial officer commends upon his attitude and adjustment and considers him a model prisoner. This applicant received a D.D.S. Degree from the University of Pennsylvania. He is presently under the care of a physician and has been since he was admitted to the institution.

His aunt, eighty-two years old, who is a fine upstanding business woman, is badly in need of his help in the remaining years of her life. This aunt reared him and he is her only relative. She advised the Board she will do all in her power to help him rehabilitate himself. She will be assisted by the applicant's sponsor, Rev. Frank W. Wingerter of the First Presbyterian Church of East Stroudsburg.

The trial judge, the Honorable Fred W. Davis, recommends clemency if he gives his aunt the care and attention she deserves. The district attorney has made no comment. The Board, considering all the facts, feels his sentence should be commuted and so recommends

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

In re application of Matthew Taylor, No. A-2570, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Matthew Taylor, convicted of robbery and assault and battery and sodomy

in the Court of Oyer and Terminer of Philadelphia County on September 16, 1937 and May 17, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and has no prior criminal record. He was sentenced on charges of robbery and sodomy in 1937 and in 1940. In June of 1942 this applicant was paroled and since that time he has been in no further difficulty. The Board of Parole in inquiring into this applicant's reputation has been advised by his associates and neighbors that he bears a good reputation at this time.

The trial judge, the Honorable J. Frank Graf, leaves the matter of pardon up to the Board. The district attorney of Allegheny County is not opposed and recommends that clemency be granted.

Since this applicant has been in no further difficulty for more than fourteen years and has a good reputation, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth
FRANK F. TRUSCOTT,

WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

In re application of Edward John Teets, No. A-2634, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward John Teets, convicted of attempted rape and felonious assault and battery in the Court of Quarter Sessions of Allegheny County, on November 18, 1929 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty years of age and he had no other conviction. He was sentenced to a term of not less than one nor more than two years on charges of attempted rape and felonious assault and battery.

These offenses occurred in 1929 and the applicant served his time nearly twenty-five years ago.

Since the applicant's release he has had a good reputation and has completely rehabilited himself.

The trial judge is deceased and the present judge has no comment to make. The district attorney is not opposed.

Since this applicant has been in no further trouble and the sentencing authorities are not opposed, we recommend that a pardon be granted.

In re application of Carl Tripp, D-8623, No. A-2596, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Carl Tripp, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Bradford County on December 10, 1945, computed from November 27, 1945, be commuted from 20 years to 8 years, 11 months, expiring on October 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age and this was his first major conviction. He committed a series of burglaries in three different counties. He was apprehended in Mansfield and returned to Bradford County where he plead guilty and was sentenced to twenty to forty years, in the Eastern State Penitentiary.

The Board of Trustees advises us that he has a good performance record and is to be commended upon his attitude and adjustment.

The district attorney is impressed with what the applicant has done for himself while incarcerated and he advises us he has no objection to the granting of clemency. Neither is the trial judge, the Honorable Charles M. Culver, opposed to the granting of clemency.

Since this applicant has a good performance record, and since he has served over eight years, the Board feels that he should be granted commutation and so recommends.

In re application of Richard Vogel, No. A-2579, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Richard Vogel, convicted of establishing a gambling place in the Court of Quarter Sessions of Montgomery County, on October 19, 1951, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and he had no prior record.

He, together with four accomplices, were members of an American Legion Post which was trying to raise money for repairs to a bowling alley at Coatesville Veterans' Hospital. In re application of Walter E. Wayne, No. 6782, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Walter E. Wayne, convicted of rape and robbery in the Court of Oyer and Terminer of Allegheny County, on January 8, 1943, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and has no prior criminal record. He was convicted of the charges of rape and robbery in 1943 and served his sentences. After being released this applicant attempted to make good and has adjusted well to society. He bears an excellent reputation at the present time.

The trial judge, the Honorable J. Frank Graff, leaves the matter of pardon up to the Board. The district attorney of Allegheny County is not opposed.

Since this applicant has been in no further trouble for over eleven years and since the authorities are not opposed and he bears a good reputation we recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Harlan Martin Weaver, No. A-1616, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harlan Martin Weaver, convicted of arson in the Court of Quarter Session of Lancaster County on October 13, 1950. Computed from September 8, 1950 be commuted from 10 years to 4 years, 1 month, 20 days expiring on October 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and he has no prior record.

He was sentenced to the Eastern State Penitentiary for not less than four nor more than ten years on charges of arson. He was transferred to the Western State Penitentiary and in 1952 this Board saw fit to commute his minimum sentence. He was released on parole in December 1952. The Board of Parole advises us that he has an excellent record and has been in no further trouble of any kind.

This applicant is a deaf mute and he is engaged to be married to a girl who is also a deaf mute. He desires to be free from parole supervision when married. He is a member of a group of deaf mute people organized by a local minister in Lancaster County and attends meetings regularly.

The trial judge is opposed to the granting of pardon, but the Board feels that this applicant, since he has been in no further trouble, should be relieved of parole super-

vision, and we, therefore, recommend that his maximum sentence be commuted.

In re application of Roy Wenrich, 2372-B, No. 4231, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Roy Wenrich, convicted of murder in the first degree, in the Court of Oyer and Terminer of Washington County on March 5, 1928 be commuted from a maximum term of life imprisonment to a maximum term of 26 years, 7 months, expiring on October 5, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of William Weselyk, No. A-2654, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Weselyk, convicted of setting up and maintain an illegal lottery in the Court of Quarter Sessions of Philadelphia County, on January 3, 1941 and December 2, 1947 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age. In 1941 and again in 1947 he was convicted of two offenses of setting up and maintaining an illegal lottery. After the offense in 1947, to which the applicant plead guilty, the applicant removed himself from this illegal activity and has secured a position as salesman for the General Sea Food Company, Philadelphia. The Board of Parole advised the Board of Pardons that he enjoys a good reputation. He and his family live in a pleasant and healthy environment.

The trial judge, the Honorable Edwin O. Lewis, has not written the Board of Pardons as to his position in this matter. The district attorney of Philadelphia County is not opposed.

This applicant also served in World War II and was honorably discharged.

This applicant now seeks this pardon for the sake of his family and for the present good reputation that he now has. Since he has been in no further difficulty for seven years, we recommend that a pardon be granted.

BOARD OF PARDONS

In re application of Gophner J. Williams, No. A-2393, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gophner J. Williams, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on June 23, 1947, computed from September 17, 1947 be commuted from 20 years to 7 years, 4 months, expiring on October 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and has no prior criminal record. He and three accomplices committed a series of robberies and the applicant in these offenses acted as the lookout. He served with the Coast Guard during the past War and received an honorable discharge. One of the accomplices who received a sentence of twenty to forty years as did this applicant has received commutation of his sentence and has been released. This applicant had no prior criminal record and has now served more than seven years.

The district attorney of Allegheny County stated to the Board that he was not opposed to the granting of clemency and that he merits consideration under the circumstances.

In the light of the above facts, we recommend that clemency be granted.

In re application of Charles Winston, 1376-D, No. 6408, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Winston, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 24, 1938, computed from March 15, 1938, be commuted from a maximum term of 20 years to a new maximum term of 16 years 7 months expiring on October 15, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 15, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Governor.

BOARD OF PARDONS

In re application of John C. Wirth, E-3164, No. A-2030, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John C. Wirth, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Union County on August 18, 1952, computed from August 12, 1952, be commuted from 4½ years to 2 years, 2 months, 10 days, expiring on October 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction.

The applicant and accomplices attempted a holdup while armed and masked. The applicant was apprehended on the scene. He plead guilty and was sentenced to not less than four and one-half nor more than nine years.

The Board of Trustees of the State Penitentiary at Graterford states that the applicant has an excellent and unblemished record and all of his adjustment reports are excellent.

The trial judge, the Honorable William Showers, recommends and the district attorney has no objection as he feels the applicant has learned his lesson.

The applicant's accomplices have both had their sentences commuted upon recommendation of the Board, the one in January and the other in June of this year.

This applicant is the father of five children who need his assistance at home.

Since this applicant has an excellent record, the Board recommends commutation.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Walter Woolson, No. A-2577, September Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Walter Woolson, convicted of establishing a gambling place in the Court of Quarter Sessions of Montgomery County, on October 19, 1951 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and he had no prior record.

He, together with four accomplices, were members of an American Legion Post which was trying to raise money for repairs to a bowling alley at Coatesville Veterans' Hospital. To do so, they operated a five-cent wheel chancing off cigarettes at the Flourtown Firemen's Fair. A complaint was received that gambling was being conducted which was doing serious harm. However, when a raid was held, the only gambling was exceedingly technical, being operation of five and ten cent wheels of chance. At this time there was much publicity concerning gambling and these firemen were indicted.

Both the trial judge, the Honorable William F. Dannehower, and the district attorney, recommend that clemency be granted. In fact, the trial judge states at the most this was purely a technical violation of the law, and the district attorney states the offense could have well been disposed of before a justice of the peace.

This applicant bears an excellent reputation and has been in no further trouble for a period of nearly three years.

Under all the circumstances, the Board feels that a pardon should be granted and we so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of David Abrams, 9994-C, No. A-2667, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of David Abrams, convicted of Rape in the Court of Oyer and Terminer and Quarter Sessions of Bradford County on January 23, 1942, computed from January 1, 1942, be commuted from 15 years to 13 years, 10 months, expiring on November 1, 1955.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 1, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Thomas Bassetti, 2834-D, No. 7627, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Thomas Bassetti, convicted of transportation of female for prostitution, pandering, accepting bawd money, in the Court of Oyer & Terminer and Quarter Sessions on March 22, 1943, computed from August 24, 1945, be commuted from 10 years to 9 years, 3 months, expiring on November 24, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until August 24, 1955.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

I nre application of Richard U. Beck, No. A-1042, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Richard U. Beck, convicted of burglary in the Court of Oyer and Terminer of Lebanon County on June 4, 1947, computed from April 11, 1947 be commuted from 15 years to 7 years, 7 months, 17 days expiring on November 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age. He was sentenced on a plea of guilty on a charge of burglary to not less than seven and one-half nor more than fifteen years. After he had served more than four and one-half years of his minimum sentence he had his sentence commuted and he was released on parole. He has now been on parole three years and has completely rehabilitated himself.

The Board of Parole has no objection to commutation of the maximum sentence because of his excellent record while on parole. We believe that this applicant has learned a bitter lesson by his imprisonment in the Eastern State Penitentiary and since he has rehabilitated himself we are recommending that his maximum sentence be commuted and he be released from parole.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Hymen B. Berkowitz, No. A-2676, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Hymen B. Berkowitz, convicted of conducting a lottery in the Court of Quarter Sessions of Allegheny County, on April 26, 1940; and further plead guilty to operating a lottery in the Court of Quarter Sessions of Allegheny County, on April 25, 1940; and further plead guilty to conducting a lottery in the Court of Quarter Sessions of Allegehny County on May 20, 1943, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age. He was con-

victed on three offenses of lottery in 1940 and again in 1943. In those days the applicant was indeed a numbers writer but he has been in no further difficulty for twelve years, and has now completely rehabilitated himself, and bears an excellent reputation for the past thirteen years. He has become the treasurer of a television company and is self sustaining. He has two children, sixteen and thirteen years of age and it is for them, as well as the fact that he has paid his debt to society, that he requests a pardon.

Since he has had a good record for these eleven and one-half years, we are recommending that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Sarah Berkowitz, No. A-2675, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Sarah Berkowitz, convicted of lottery in the Court of Quarter Sessions of Allegheny County, on May 20, 1943 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and she had no prior conviction. She, however, did plead guilty to a commission of a lottery offense with her husband in 1943. Since that time she has disengaged herself from this activity and she is a housewife and has engaged in various charitable and religious activities, and therefore believes that her debt to society has been wiped out.

Since she has been a good housewife and mother we believe that she will not again commit this offense and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Andrew J. Beruck, No. A-386, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Andrew J. Beruck, convicted of larceny in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County, on March 6, 1950 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age. He had no prior criminal record. In 1950 he was convicted of larceny of pipe which pipe was formerly part of the Shenandoah Water System, which applicant, and several accomplices, were of the opinion the pipe was no longer used, and they sold it for junk. As a result of this conviction, the applicant was sentenced to not less than two and one-half nor more than five years in the Schuylkill County Prison. He served approximately eight months of this sentence, when his sentence was commuted. He has since been on parole and has maintained an excellent record. The maximum sentence in this matter would expire in March 1955. There is no doubt about the fact that this applicant has a good reputation in the community in which he lives and is well thought of by all the members in his community.

He desires to return to Florida and there engage in the garage business. He bases his request upon his rehabilitation.

The trial judge, the Honorable Charles W. Staudenmeier, has written the Board and states he has no objection to the granting of a pardon. The applicant's sponsor, John P. Maher, Commissioner of Police of Shenandoah, also recommends that clemency be granted. The district attorney of Schuylkill County, we are informed, is objecting although no word was received from him.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of William Henry Bullock, 9672-C, No. 7227, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of William Henry Bullock, convicted of murder in the second degree in the Court of Oyer & Terminer and Quarter Sessions on March 22, 1937, be commuted from 20 years to 17 years, 8 months, expiring on November 22, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 22, 1957.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Roy J. Cassel, Jr., E-2756, No. A-2710, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Roy J. Cassel, Jr., convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Dauphin County on January 17, 1952, computed from November 5, 1951 be commuted from 4 years to 3 years, 20 days expiring on November 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this was his first conviction. He was sentenced on a plea of guilty to not less than four nor more than eight years on charges of burglary. He has an excellent institutional record and he has been recommended for clemency by the Board of Trustees of the Eastern State Penitentiary.

The trial judge, the Honorable Paul Smith, leaves the matter up to the Board. The district attorney of Dauphin County appeared before the Board of Pardons and stated that he was not objecting to the granting of clemency in this matter since this applicant has served three years of a minimum sentence of four years for a first conviction. We feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Stephen Collins, C-607, No. A-1452, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stephen Collins, convicted of robbery armed with an offensive weapon and with accomplices in the Court of Oyer and Terminer of Beaver County on March 31, 1948, computed from February 28, 1948 be commuted from 10 years to 6 years, 9 months expiring on November 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age and he had a bad prior criminal record. At the time this offense was committed he was on probation for violation of the Witkins Firearms Act. He, together with four accomplices, committed a robbery and in order to commit this robbery stole an automobile.

This applicant has now served over six years, ten months of his minimum sentence of ten years in the Western State Penitentiary with an excellent institutional record, and it is believed that his application should be reviewed favorably by our Board.

This applicant's wife has rceently become a mental case and is living with relatives in Illinois. A sister-in-law of the applicant is now looking after his six children.

Both the trial judge, the Honorable Robert E. McCreary, and the district attorney of Beaver County are not opposed to the granting of clemency in order that this man may be released to reestablish his family and be responsible for their support and maintenance.

In view of his excellent adjustment in the institution and the fact that he has served over six years of his minimum sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Stanley J. Cizewski, No. A-2670, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Stanley J. Cizewski, convicted of Conspiracy to rob, carrying concealed deadly weapons, violation of the Firearms Act in the Court of Quarter Sessions of Philadelphia County, on October 21, 1937 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age. He has no prior criminal record. He was sentenced on a plea of guilty to carrying concealed deadly weapons and conspiracy to rob, and for violation of the Firearms Act. Although this applicant states he found the pistol and gave it to another accomplice to hold up the store, this applicant was a look-out. This offense occurred in 1937 and the applicant, after having served his minimum sentence was released on parole. He has been in no further difficulty for a period of seventeen years. At the present time the applicant is a sergeant first class in the United States Army and has an excellent record in the Army. Letters have been received from his commanding officer testifying to his excellent reputation and soldierly bearing.

The trial judge, the Honorable James C. Crumlish, recommends that this applicant receive consideration, and the district attorney is not objecting to the granting of clemency.

Since this applicant has been in no further trouble for seventeen years and since he has an excellent reputation and is now serving in the armed forces of the United States, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of John Francis Crider, E-1139, No. A-958, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Francis Crider, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Dauphin County on June 8, 1949, computed from June 7, 1949 be commuted from 9 years to 5 years, 5 months, 20 days, expiring on November 27, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-three years of age and he was sentenced to a term of not less than nine nor more than eighteen years for the commission of a series of robberies over a three month's period. At that time the applicant and his two accomplices, committed a series of eleven burglaries and the loot amounted to approximately twelve hundred dollars. This was the first serious offense for this applicant. He has now served over five years of his minimum sentence of nine years.

The Board of Pardons commuted the sentence of one of applicant's accomplices at the June 1954 Session. The present judge, the Honorable Paul G. Smith, leaves the matter up to the Board, and the district attorney of Dauphin County has stated that he believes this time served by the applicant is "par for the course." Since this applicant has an excellent institutional record and the authorities in Dauphin County are not opposed, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Chester Davidson, E-814, No. A-2098, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Chester Davidson, convicted of burglary in the Court of Quarter Sessions of Dauphin County on January 12, 1949, computed from December 31, 1948 be commuted from 15 years to 5 years, 10 months, 29 days, expiring on November 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-eight years of age and this was his first conviction for any offense whatever. He, and an accomplice, committed two robberies and attempted to commit a third robbery when they were frightened away.

This applicant has an excellent institutional record in the State Penitentiary at Graterford and he has now served nearly six years of a minimum sentence of fifteen years.

The present judge, the Honorable Paul G. Smith, is opposed to the granting of clemency, but the district attorney is not opposed.

Since this applicant is no worse than the other applicants from Dauphin County at this Session of the Board of Pardons, and since he received such a severe sentence, we feel that he has been sufficiently punishd by his nearly six years of incarceration, and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

In re application of Oscar Davis, 7766-C, No. 6873, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Oscar Davis, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on August 4, 1939, computed from March 24, 1939, be commuted from 20 years to 15 years, 8 months, expiring on November 24, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 24, 1959.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

The above recommendation is approved:

BOARD OF PARDONS

In re application of James P. Devlin, D-7055, No. 9422, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James P. Devlin, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on July 25, 1934, computed from March 29, 1943 be commuted from life imprisonment to 11 years, 8 months, expiring on November 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age and he has had an extensive criminal record. This applicant, and his accomplice, robbed a bakery truck and the driver was shot and killed. The applicant and his accomplices got away and were not apprehended until sometime later when the applicant was confined in the Eastern State Penitentiary on another charge he learned that there was a reward offered for any information that would lead to the arrest of the person, or persons, who shot the bakery driver. The applicant revealed the identity of himself and the accomplices to the police but when the accomplices "took it hard" he was upset and didn't have the heart to testify against them so he plead guilty and was sentenced to life imprisonment.

This applicant is a native of Sweden and there is at present a deportation warrant outstanding. He has a very good institutional record and since he is to be deported the district attorney of Philadelphia County has no objection to commutation if he is to be deported. Since he has now served eleven years and over seven months we believe this applicant has been sufficiently punished and since he is to be deported we recommend that his sentence be commuted subject to deportation.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of David Di Stasio, C-2900, No. A-2009, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Di Stasio, convicted of accepting bawd money, pandering and larceny in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 25, 1951 be commuted from 5 years to 3 years, 5 months, expiring on November 25, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age. He was sentenced on a plea of guilty to not less than five nor more than ten years on charges of accepting bawd money, pandering and larceny. He has had two prior convictions for burglary and assault and battery, but these offenses all occurred in 1950. He is at present an inmate of the Western State Penitentiary, having been removed there from State Penitentiary at Rockview, and has had an excellent record in the Western State Penitentiary.

The district attorney of Philadelphia County feels that since he has served over three years that he has been sufficiently punished and he is not objecting to the granting of clemency. Since this applicant has now served over three years of his minimum sentence, we recommend that clemency be granted.

In re application of Louis L. Gracie, No. A-2677, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Louis L. Gracie, convicted of robbery in the Court of Oyer and Terminer of Allegheny County, on January 20, 1939 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and he had no prior criminal record. He plead guilty to the commission of robbery in 1939. This was a case where the applicant and two accomplices, who were on W.P.A. and in need of money, decided to "roll a drunk." This was done, articles were stolen, and the money was subsequently recovered. The person who was the responsible one in this whole matter, the femme fatale, was found not guilty. This conviction has since plagued the applicant for the past fourteen years. He bears an excellent recommendation in the community. He is married, owns his own home and is well thought of by those who were interviewed in the community.

The trial judge is not opposed to the granting of pardon, nor is the district attorney of Allegheny County, and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

BOARD OF PARDONS

In re application of Jerry Harris, 990-D, No. 6481, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommend that the maximum sentence of Jerry Harris, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions on January 8, 1937, be commuted from 20 years to 17 years, 10 months, expiring on November 8, 1954; and further recommend that the maximum sentence of Jerry Harris, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions on January 8, 1937, be commuted from 20 years to 1 day, expiring on November 9, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 28, 1966.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of David Hozier, 73837, No. A-2701, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David Hozier, convicted of larceny in the Court of Quarter Sessions of Allegheny County on April 27, 1953, computed from April 24, 1953, be commuted from 2½ years to 1 year, 7 months, expiring on November 24, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age and he has a prior criminal record involving two separate offenses. He was convicted of the larceny of a motor vehicle and sentenced to a term of not less than two and one-half nor more than five years. At the present time this applicant has served one and one-half years and can be gainfully employed if released.

He has a good record in the Allegheny County Workhouse, and the present judge, the Honorable William H. McNaugher, leaves the matter up to the Board of Pardons. The district attorney of Allegheny County feels this applicant should be given another chance. Therefore, since he has served more than three-fourths of his minimum sentence, we are recommending that he be granted commutation.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

Governor.

BOARD OF PARDONS

In re application of Julius Jackson, 9963-C, No. 6002, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Julius Jackson, convicted of murder, in the second degree in the Court of Oyer and Terminer of Beaver County on August 3, 1938, computed from May 7, 1938, be commuted from 20 years to 16 years, 6 months, expiring on November 7, 1954.

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until May 7, 1958.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Cledith Leroy Johnson, D-9910, No. A-955, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Cledith Leroy Johnson, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Berks County on September 18, 1947, computed from June 18, 1947 be commuted from 8 years to 7 years, 5 months, 10 days, expiring on November 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this was his first conviction for any offense. He was sentenced, following conviction of murden in the second degree, to a term of not less than eight years nor more than twenty years. At the present time this applicant has served more than seven years in the State Penitentiary at Graterford with an excellent institutional record.

His parole plan calls for his release to his mother in

St. Louis, Missouri and since he has an excellent institutional record and the authorities in Berks County are not opposed to his release, we are recommending commutation of sentence on the basis of his excellent record and the fact that he has less than eight months to serve.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

In re application of James Edward Johnson, 2085-C, No. 6081, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Edward Johnson, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 10, 1939, computed from April 13, 1939, be commuted from 20 years to 15 years, 7 month, expiring on November 13, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons atfer reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until April 13, 1949.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Clayton Kelley, 2219-D, No. 7697, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Clayton Kelley, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 10, 1941, computed from March 29, 1941, be ing on November 29, 1954.

Our reasons for making this recommendation are as commuted from 20 years to 13 years, 8 months, expir- follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 29, 1961.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of William Kimpson, D-5574, No. 8498, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Kimpson, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 18, 1941, computed from January 18, 1941 be commuted from 15 years to 13 years 10 months 10 days expiring on November 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age. He had a previous criminal record involving three convictions as a juvenile. He was sentenced to a term of not less than fifteen nor more than thirty years following a plea of guilty to the commission of robbery.

At the present time he has served all but one year six months of his minimum sentence. We feel this applicant has been very severely punished and the most culpable one of his accomplices, Harry Milliner, received a sentence of not less than ten nor more than twenty years and has ben paroled for the past three and one-half years. Since this applicant was no more guilty than his accomplice and since this applicant has been released, we feel that this applicant should be granted some consideration.

It is pointed out that he has an excellent institutional record and both the trial judge, the Honorable Eugene V. Alessandroni, and the district attorney leave the matter of clemency up to the board. Since this applicant has served all but one year two months of his minimum sentence, we feel that he has been sufficiently punished and we are, therefore, recommending that commutation be granted.

BOARD OF PARDONS

In re application of George Laris, No. A-2682, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George Laris, convicted of fraudulent conversion in the Court of Quarter Sessions of Beaver County on March 17, 1937; and further plead guilty to setting up and conducting a lottery in the Court of Quarter Sessions of Beaver County on June 22, 1945, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age, and he had no prior criminal record. He was arrested for violation of the lottery laws and for the crime of fraudulent conversion. The fraudulent conversion amounted to twenty dollars, which he withheld for a grocery bill and the lottery offense was the applicant's first venture into this field and lasted for approximately two weeks.

This applicant now is in business in Florida and has had several very beneficial contracts with the United States Navy Department and he has risen within ten years from a small business valued at approximately four hundred and fifty dollars to a painting corporation, a ship building company and allied corporate businesses with a volume totalling many millions of dollars.

This applicant has been active in civic organizations in Florida where he now resides and is very well thought of in his community. Because of his continuous good conduct, and the fact that he has been in no further difficulty for more than nine years, indicates to us that he has given up any criminal tendency and is interested in his business and community's success. We, therefore, wish him well and recommend to your Excellency that a full and complete pardon be granted.

BOARD OF PARDONS

In re application of Gilbert J. LeSage, also known as James Gilbert Joseph LeSage, No. A-2728, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Gilbert J. LeSage, also known as James Gilbert Joseph LeSage, convicted in the Court of Quarter Sessions of Philadelphia County of larceny and receiving stolen goods on April 25, 1929; further convicted of unlawful possession and transportation of introxicating liquor on October 17, 1932, and further convicted of larceny, receiving stolen goods, entering freight car with intent to commit felony on November 15, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age. The only offenses which he committed occurred between 1929 and 1935 on three different occasions. Since his last offence in 1935, a period of approximately nineteen and one-half years, this applicant has been in no further trouble.

At the present time this applicant is working as Parking Superintendent for the Atlantic City Race Track and for various other Eastern Race Tracks as a Parking Supervisor. He follows this activity from the Eastern States to Florida depending upon the operation of the race tracks. However, the State of New Jersey recently passed a law, which states that any person convicted of a crime involving moral turpitude should not be permitted to work upon any race tracks in any capacity in the State of New Jersey.

This applicant's prior criminal record then came back to haunt him and he was discharged from his position. Since he has been living a blameless life for nineteen years, is married and is raising a family, we do not feel that these jail offenses should be held against him to the extent that he be discharged from gainful employment. We, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of John Medley 1627-B, No. A-2696, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John Medley, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on July 12, 1940, computed from February 8, 1940, be commuted from 20 years to 15 years, 9 months, expiring on January 8, 1955.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until February 8, 1960.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

In re application of Arthur Moore, 2157-B, No. 4994, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Arthur Moore, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on November 26, 1928 he commuted from life imprisonment to 28 years expiring on November 26, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons atfer reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until end of life.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

BOARD OF PARDONS

In re application of Louis Nardozi, 63306, No. A-1954, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Nardozi, convicted of robbery, receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on November 6, 1947, computed from October 1, 1947 be commuted from 7½ years to 7 years, 2 months, expiring on December 1, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and he had two prior convictions, one of assault and battery in which he served ten days, and the other of robbery in which he was sentenced to the Pennsylvania Industrial School, where he served approximately two years.

This applicant, and his brother, were apprehended for the commission of a robbery on victim, who went for a ride with him in applicant's car.

At the present time applicant has served seven years of a minimum sentence of seven and one-half years. The brother, Vincent Nardozi, is still confined in the Western State Penitentiary.

Since this applicant has an excellent record in the Allegheny County Workhouse, and since the trial judge, the Honorable John J. Kennedy, recommends clemency, we are of the opinion that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,

BOARD OF PARDONS

In re application of Louis J. Neuner, C-3087, No. A-2481, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis J. Neuner, convicted of statutory rape in the Court of Oyer and Terminer of Washington County on May 8, 1953 be commuted from 2 years to 1 year, 6 monhts, 20 days expiring on November 28, 1954.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age. He had no prior criminal record. He plead guilty to the commission of statutory rape on a fourteen year old girl, which the applicant alleges was consensual and was with knowledge of the victim's family.

The Board of Trustees of the Western State Penitentiary states that this applicant has an excellent institutional record and that clemency is merited.

The district attorney of Washington County recommends that clemency be granted and feels that this applicant has been very severely punished. The trial judge, the Honorable George T. Cummings, is not now opposed.

Since this applicant has served over one year six months of his minimum sentence with an excellent institutional record we recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of James O'Connor, B-7433, No. A-2119, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James O'Connor, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on November 14, 1940, computed from September 16, 1940 be commuted from 20 years to 14 years, 2 months, 10 days expiring on November 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and this is his first major conviction. He was convicted of the crime of robbery, armed with an offensive weapon, and sentenced to not less than twenty nor more than forty years in the Western State Penitentiary. Although this applicant is an invalid and confined to a wheelchair he conducted a school for criminals and was the leader of a gang of predatory youths, who committed robberies and burglaries in Allegheny County. He was a "typical Fagin" of Dickson's Fame.

At the present time he has served three-fourths of his minimum sentence, having now begun the fifteenth year of imprisonment. All accomplices have been released and we feel that this long period of imprisonment should have taught this applicant his lesson.

The Board of Trustees of the Western State Penitentiary recommend that this applicant be released as he has an excellent reputation. The trial judge, the Honorable J. Frank Graff, has left the matter of commutation up to the Board of Pardons. The district attorney of Allegheny County is opposed to the granting of clemency. However, the Board of Pardons is of the opinion that since he has served over fourteen years that this applicant has been severely punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Jacob Paley, No. A-2665, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Jacob Paley, convicted of gambling in the Court of Quarter Sessions of Philadelphia County on May 19, 1945; and further convicted of gambling and conspiracy in the Court of Quarter Sessions of Philadelphia County on July 23, 1948; and further convicted of establishing a gambling place in the Court of Oyer and Terminer and Quarter Sessions on August 4, 1949, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age. He had three convictions for gambling, which arose from the operation of a baseball pool between the years 1945 and 1949. In all the offenses he plead guilty and received sentences ranging from a fine of fifty dollars to a fine of one hundred dollars.

Since 1949 this applicant has gotten out of the gambling business and has become associated with the Republic Fish Corporation in Philadelphia and is a fish broker. He has a good reputation and is well thought of in his community. He has been in no further difficulty for over five years.

Since he bears this good reputation the trial judges leave the matter of pardon up to the Board. The district attorney of Philadelphia is opposed to this recommendation because he feels that the mere passage of time without more is insufficient reason to raise this man to the accepted standard of eligibility for pardon. We, however, do not agree with the district attorney of Philadelphia County in this matter and since the responsibility for recommendation for pardon is with the Board of Pardons, and not with the district attorney of Philadelphia County, we recommend that a pardon be granted in this matter.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Irene Palumbo, No. A-2565, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Irene Palumbo, convicted of abortion in the Court of Quarter Sessions of Lehigh County, on April 9, 1951, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is sixty-seven years af age. She plead guilty to the commission of an abortion upon victim and was sentenced to a term in the Lehigh County Prison, which she served. As a result of this conviction she has been cited for deportation to Italy. She has five children, two of whom are at home, and three of whom served in the last war. Her husband is seventy-four years of age and lives in Lehigh County so that if she were deported to Italy she would have no one to take care of her and she would become a charge upon the Italian Government.

The trial judge, the Honorable James E. Henninger, is not opposed and the district attorney of Lehigh County leaves the matter up to the Board.

We think to deport this applicant would be a cruel and unusual punishment and for that reason we are recommending that this pardon be granted in order that the applicant may be spared deportation to Italy.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Peter Pascuzzo, No. A-2666, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Peter Pascuzzo, convicted of breaking and entering and larceny in the Court of Oyer and Terminer of Montgomery County on July 16, 1924; and further convicted of unlawful possession of intoxicating liquor in the Court of Oyer and Terminer of Philadelphia County on October 22, 1928, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-one years of age. Although his various arrests were the product of the prohibition era we can report that there had been no offenses since the termination of that law. However, applicant plead guilty to a violation of the liquor law and one to the breaking and entering and larceny, the last offense occurring back in 1928, when the applicant was but twenty-five years of age.

This applicant has been in no further difficulty for a period of more than seventeen years.

The Board of Parole has indicated this applicant bears an excellent reputation in the community in which he lives and that he has become active in civic and social affairs in Philadelphia and Bucks Counties.

In view of this applicant's excellent rehabilitation we are of the opinion that he has been sufficiently punished and we, therefore, recommend that a pardon be granted for these offenses.

BOARD OF PARDONS

In re application of Joseph Polito, C-331, No. A-1568, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Polito, convicted of attempted burglary, larceny, and robbery in the Court of Quarter Sessions of Allegheny County on September 30, 1947, computed from June 11, 1947, be commuted from 10 years to 7 years, 5 months, 19 days, expiring on November 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and he was sentenced to a term of not less than ten nor more than twenty-one years in the Western State Penitentiary on charges of burglary, larceny and receiving stolen goods. The applicant had in his possession a revolver when apprehended. The applicant, and his accomplices, engaged in a series of strong armed robberies in Allegheny County.

The Board of Trustees of the Western State Penitentiary advises that this applicant has an excellent institutional record and it is felt that he has advanced himself during the seven years of his incarceration. His one accomplice received a sentence of three and one-half years to eight years and was released upon serving his minimum sentence.

Since this applicant served seven years of a ten year sentence with an excellent institutional record and since the trial judges, the Honorable Thomas M. Marshall and the Honorable John J. Kennedy, are not opposed but recommend in one instance, and since the district attorney of Allegheny County is not opposed, we recommend that his minimum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Norman Rechuba, E-2055, No. A1799, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Norman Rechuba, convicted of burglary, robbery with accomplice in the Court of Oyer and Terminer and Quarter Sessions of Chester County on December 4, 1950, computed from November 13, 1947 be commuted from 15 years to 7 years, 10 days expiring on November 23, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age. He had no prior criminal record with the exception of the Witkins Firearms Act for which he received a probation sentence back in 1939. However, he did enter a plea of guilty to the commission of a bank robbery and was sentenced to the maximum imprisonment for this offense by the trial judge. He has now served approximately seven years in the Eastern State Penitentiary and he has an excellent institutional record.

The trial judge, the Honorable Ernest Harvey, leaves the matter of commutation up to the Board. This applicant's accomplices, who received a similar sentence, had their commutations recommended by this Board at the March 1954 Session. This applicant, although he was equally guilty is now just applying for commutation of sentence.

Since this applicant has served nearly seven years of his minimum sentence with an excellent record, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Bert Ryan, C-9557, No. 4881, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Bert Ryan, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Cumberland County on February 12, 1934 be commuted from life imprisonment to 20 years, 9 months, 10 days expiring on November 22, 1954.

Our reasons for making this recommendation are as follows:

This applicant is seventy-two years of age. He plead guilty to the crime of murder generally and had his sentence fixed at life imprisonment. At the present time he has served more than twenty years of his life sentence. He had no prior criminal record.

The trial judge is deceased and the Board of Trustees of the Eastern State Penitentiary advise that he has an excellent institutional record and recommends commutation because of his cooperative attitude during his confinement. The district attorney of Cumberland County has not seen fit to state his position to the Board, but we do feel that since this applicant has served more than twenty years of a life sentence, and is seventy-two years of age, we can recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Alexander Savage, C-321, No. A-1778, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Alexander Savage, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on September 18, 1947, computed from July 19, 1947, be commuted from 10 years to 7 years, 4 months, 10 days, expiring on November 29, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and he had a bad prior criminal record. He was convicted on a charge of robbery, armed with an offensive weapon, and the conviction grew out of an agreement between this applicant and two accomplices to steal a car and hold up hotels. As the first holdup occurred they were apprehended and the applicant was convicted. He was sentenced to not less than ten nor more than twenty years in the Western State Penitentiary.

This applicant has now served over seven years three months with an excellent institutional record. One of the accomplices, who received a similar sentence, died in the Western State Penitentiary, and the disposition of the other accomplice is unknown.

The trial judge, the Honorable Thomas M. Marshall, has not advised the Board of his position and the district attorney has stated that he is opposed to the granting of clemency. Since this applicant has now served seven years three months with an excellent institutional record, we feel that he has been sufficiently punished and for that reason we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of William Sladko, D-3182, No. 8438, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Sladko, convicted of murder in the first degree in the Court of Oyer and Terminer of Philadelphia County on June 17, 1938, computed from August 17, 1937, be commuted from life imprisonment to 18 years, expiring on August 17, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age. He had a prior criminal record. He was convicted of the crime of murder in the first degree after he had fled to New York, where he was arrested on a fugitive warrant. The offense occurred in 1934 and this applicant was not apprehended until 1937.

He has an excellent institutional record in the Eastern State Penitentiary and the trial judge is deceased. The present judge has no comment to make. The district attorney of Philadelphia County has recommended that this applicant's sentence not be commuted until he has served at least eighteen years. Since this applicant's eighteen years will be up in August 1955, and since he is now serving his fifteenth year, we agree with the district attorney of Philadelphia County in this recommendation, and we, therefore, recommend that his sentence be commuted on August 17, 1955.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Frank Talerico, 1233-C, No. 8772, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Frank Talerico, convicted of voluntary manslaughter in the Court of Oyer and Terminer of Allegheny County on March 29, 1946, computed from January 22, 1946, be commuted from 10 years to 8 years, 10 months, expiring on November 22, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until January 22, 1956.

For the reason that this applicant has served a long time on parole, and the further reason that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of George D. Trainor, No. A-933, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of George D. Trainor, convicted of breaking and jail escape; larceny of automobile in the Court of Oyer and Terminer of Centre County on August 7, 1941 be commuted from 16 years to 3 years, 3 months, 10 days, expiring on November 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-eight years of age. He seeks commutation of his maximum sentence on two offenses that occurred in 1936 and again in 1941. This applicant had his sentence commuted in 1951 after he had served approximately ten years in the Western State Penitentiary. Subsequently to his release, the applicant went to live in Nevada where he is engaged in the business of raising cattle and operating a ranch. He is working closely with his brother. The parole Agent in Nevada reports that applicant has a very good attitude toward parole supervision and has made an excellent adjustment.

The applicant is married and has a son two years old and for this reason we feel that further parole supervision is unnecessary.

The district attorney of Allegheny County is not opposed, and the district attorney of Center County has made no comments. We, therefore, recommend that the maximum sentence of this applicant be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Myrtle Voughs, No. A-2726, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Myrtle Voughs, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Delaware County on January 9, 1945, be commuted from 2½ years to 1 month, 10 days, expiring on November 29, 1954; and further recommend that the maximum sentence of Myrtle Voughs, convicted of larceny and receiving stolen goods in the Court of Quarter Sessions of Montgomery County on February 5, 1945, be commuted from 10 years to 1 day, expiring on November 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is forty years of age and she had eight prior arrests and four convictions. She seems to have one failing, and that is, she cannot leave her fingers off other people's property. She is a house maid and she steals various articles of personal property from time to time from her employers. This has resulted in a sentence totalling seventeen and one-half years to thirty-five years. This applicant served her minimum sentence in the Philadelphia County Prison, and is now in the Delaware County Prison. She has an excellent institutional record in the Philadelphia County Prison.

Since she has served a minimum sentence of ten years the Philadelphia County District Attorney is not opposed. The trial judge is deceased. The present judges in Delaware County and in Montgomery County have both advised the Board of Pardons that they have no objection to the commutation of her sentence. Neither has the district attorney in Delaware County. The district attorney of Montgomery County has not advised the Board.

Since this applicant has served ten years of a seventeen and one-half to thirty-five year sentence, we feel that she has been sufficiently punished and we, therefore, recommend that her sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles Watt, 6999-C, No. 6653, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Watt, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on June 24, 1937, computed from December 30, 1936, be commuted from 20 years to 17 years, 11 months, expiring on November 30, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until December 30, 1956.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Ernest H. Wilson, D-8888, No. A-811, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ernest H. Wilson, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 9, 1946, computed from March 20, 1946, be commuted from 10 years to 8 years, 8 months, expiring on November 20, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age. He has no prior conviction for any offense. He plead guilty to murder in the second degree, the victim being his common-law wife from whom he had been separated. Upon learning that the estranged wife was entertaining other men the applicant got into a fight with her, stabbed her, and she died. He was given the maximum sentence for murder in the second degree and at the present time has served eight years, six months of his minimum sentence.

The applicant has three children whom he will support if he is released.

The Board of Trustees of the Eastern State Penitentiary recommend this applicant for commutation because of his excellent adjustment.

The district attorney of Philadelphia County is not opposed to the granting of clemency at this time.

Since this applicant has now served eight years, six months we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Paul Woods, C-1865, No. A-1737, October Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul Woods, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on November 15, 1950, computed from August 6, 1949, be commuted from 10 years to 5 years, 3 months, 20 days, expiring on November 26, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this is his first conviction for any offense whatever. He was convicted of murder in the second degree for the killing of his sweetheart, which grew out of a weird triangle in which the applicant accused his deceased victim of paying too much attention to applicant's brother.

It was advanced to the Board that this case should never have risen higher than voluntary manslaughter, and one of the chief witnesses for the Commonwealth was guilty of the commission of perjury.

The Board of Trustees of the Western State Penitentiary state that applicant is one of the most trusted men in the institution and has saved the Commonwealth considerable money in construction around the Western State Penitentiary.

The trial judge, the Honorable John G. Lamoree, states the application is a meritorious case and he recommends that clemency be granted. The district attorney of Allegheny County, although he was not the trial district attorney, believes the application is premature. The trial district attorney feels that this case should not have risen higher than voluntary manslaughter.

In view of the fact that this applicant has now served nearly the minimum sentence of voluntary manslaughter we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Francis R. Bailey, B-345, No. 1099, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Francis R. Bailey, convicted of aggravated assault and battery with intent to rape in the Court of Quarter Sessions of Philadelphia County, on March 30, 1927, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and this was the only offense for which he was ever convicted. He was convicted of aggravated assault and battery with intent to commit rape and was sentenced to not less than seven and one-half years nor more than fifteen years.

This applicant served his minimum sentence and was released on parole. He has been in no further trouble for a period of almost twenty-one years. This applicant is no longer on parole.

The District Attorney of Philadelphia is not opposed to clemency in this matter. The trial judge is deceased and the present judge has made no comment.

Since this applicant has not been in further trouble and since the district attorney of Philadelphia is not opposed, we are recommending that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

BOARD OF PARDONS

In re application of Frank J. Blyth, 2878-D, No. 6360, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of Frank J. Blyth, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Phliadelphia County on May 2, 1929, computed from March 27, 1939, be commuted from 20 years to 15 years, 8 months, expiring on November 27, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 27, 1959.

For the reason that this applicant has served a long time on parole, and the further resaon, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

The above recommendation is approved:

BOARD OF PARDONS

In re application of James J. Buckley, No. A-2783, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that James J. Buckley, convicted of setting up an illegal lottery; pool selling and bookmaking in the Court of Quarter Session of Philadelphia County, on March 14, 1952, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age and this was his only offense. He plead guilty to setting up a lottery, poolselling and bookmaking. He paid a fine of two hundred dollars and was placed on probation for a period of one year and has not been released from this probationary period for more than one year.

The Board of Parole states that he has an average good reputation and is respected by his friends and neighbors.

The present judge, the Honorable Raymond MacNeille has no objection, as this applicant has a good record. He does have a good record at the present time and is now the owner and operator of a hotel on South Broad Street, Philadelphia. The district attorney of Philadelphia, however, is opposed, because he says there is nothing to help this applicant other than the passage of time.

This applicant desires employment with the Federal Government and is unable to secure that position while this offense is outstanding. Since he has been in no further difficulty for nearly two and one-half years, we recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Daniel Capner, C-1099, No. A-2163, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel Capner, convicted of rape, incest contributing to delinquence of minor; concealing death of illegitimate child in the Court of Oyer and Terminer and Quarter Session of Allegheny County on April 20 1949, computed from February 21, 1949, be commuted from 10½ years to 5 years, 11 months, expiring on January 21, 1955, on condition that he be deported.

Our reasons for making this recommendation are as follows:

This applicant is seventy years of age. This was his second conviction for a serious offense. He was sentenced to a term of not less than ten and one-half nor more than twenty-one years. These offenses occurred with his daughter. He now served approximately five years eight months and because of his age he desires that he be commuted in order that he may be deported to Italy.

Neither the trial judge, the Honorable Henry X. O'Brien, nor the district attorney of Allegheny County are opposed if this applicant is to be deported. Since he has an excellent institutional record and seeks deportation it is the unanimous recommendation of this Board that commutation be granted on condition that he be deported.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Earl H. Clemmons, E-1555, No. A-2727, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Earl H. Clemmons, convicted of robbery, armed with an offensive weapon; operating auto without consent of owner; larceny of auto and receiving stolen goods in the Court of Oyer and Terminer of Philadelphia County on March 7, 1950, computed from February 21, 1950 be commuted from 10 years to 5 years, 6 months, expiring on August 21, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age. He had no prior record. He plead guilty to the offense of robbery and larceny and was sentenced to a term of not less than ten nor more than twenty years. This applicant has now been incarcerated nearly five years of his minimum sentence.

The Board of Trustees of the State Penitentiary at Graterford states this applicant has an excellent institutional record and has had it since 1951. There is no doubt about it he did have some trouble adjusting when he was first confined.

The trial judge, the Honorable E. V. Alessondroni, has advised the Board he has no comment to make as to the merits of this case and leaves it up to the discretion of the Board. The district attorney of Philadelphia County, however, states he has no objection when this applicant has served one-half of his minimum sentence. However, the Board is of the opinion that he should be compelled to serve for a period of five and one-half years and we, therefore, recommend that his sentenc be commuted upon the expiration of the five and one-half years.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Samuel W. Craig, No. A-2742, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Samuel W. Craig, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Allegheny County on August 21, 1953, computed from August 7, 1953, be commuted from 2 years to 1 year, 5 months, expiring on January 7, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age. He had no prior criminal record. He plead guilty to the offense of robbery, armed with an offensive weapon, which was the commission of a very silly offense in that after the applicant had been drinking he held up a loan company where he formerly worked.

He comes from a good family and if given an opportunity will again become rehabilitated and he can be reunited with his wife and family.

At this time the applicant has served over one year, three months, of his minimum sentence. Neither the trial judge, the Honorable William F. Dannehower, nor the district attorney of Montgomery County are opposed to the granting of clemency in this case.

Since he has served the period above set forth, we feel he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Karl H. Dollinger, No. A-2746, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice in open session, the undersigned members of the Board of Pardons recommend that Karl H. Dollinger, convicted of larceny in the Court of Oyer and Terminer of Delaware County, on January 20, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and has had two prior convictions. However, this applicant seeks a pardon on the two offenses committed in 1939 in Delaware County on charges of larceny, for the purpose of avoiding deportation to Germany. He seeks a pardon of these two offenses in order that he may be relieved of the prospect of deportation.

He has been employed and for the last eleven years has been in no further difficulty.

The trial judge, the Honorable W. Roger Fronefield, and the district attorney of Delaware County, both favor the granting of this pardon.

Under these circumstances we feel that a pardon should be granted and so recommend to your Excellency.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.

BOARD OF PARDONS

In re application of James Grace, D-7270, No. A-1663, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Grace, convicted of robbery, armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on July 1, 1943, computed from June 8, 1943, be commuted from 12½ years to 11 years, 7 months, plus 8 days, expiring on January 16, 1955; and further recommend that the minimum sentence of James Grace, convicted of prison breach in the Court of Oyer and Terminer and Quarter Session of Philadelphia County on June 5, 1945, to begin at expiration of above sentence, be commuted from 5 years to 1 day, expiring on January 17, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty-three years of age. He has a bad criminal record. He changed his plea to guilty while on trial and was sentenced for assault with intent to rob and robbery armed with an offensive weapon in an armed hold-up. The only loot involved was forty-four dollars and upon conviction the trial judge, the Honorable Harry S. McDevitt caused this man to be sentenced to twelve and one-half to forty-five years. At the present time this applicant has served eleven and one-half years of his minimum sentence. He desires to have his sentence commuted at this time so that he can begin the sentence of two and one-half years for violation of parole. The sentence for prison breach, which was to begin after the expiration of the other sentence, is to be considered by this Board in like manner.

The Board of Trustees of the Eastern State Penitentiary states this applicant has a good institutional record.

The trial judge is deceased and the present judge has no comment to make. The district attorney of Philadelphia County recommends that clemency be granted. It is the intent and purpose of this Board to recommend to your Excellency that his sentence be commuted in order that he may begin to serve the two and one-half to five year sentence for violation of parole and that all other sentences be commuted. We, therefore, so recommend.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Clarence Harmon, 1011-D, No. 5694, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Clarence Harmon, convicted of robbery, armed with an offensive weapon, in the Court of Quarter Sessions and Oyer and Terminer of Philadelphia County on March 30, 1939, computed from March 23, 1939, be commuted from 40 years to 15 years, 8 months, expiring on November 23, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence, would remain on parole until March 23, 1979.

For the reason that this applicant has served a long time on parole, and the further reason, that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Luther J. Hauser, C-1347, No. A-1671, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Luther J. Hauser, convicted of murder in the second degree in the Court of Oyer and Terminer of Westmoreland County on September 2, 1949, computed from September 2, 1948, be commuted from 10 years to 6 years, 5 months, expiring on February 2, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-three years of age, and this was his first major conviction. He was sentenced, following his conviction to murder in the second degree, to a term of not less than ten nor more than twenty years. The victim was under the influence of alcoholic liquor at the time this offense occurred although there is no doubt about it he handled the gun in a most reckless manner.

At the present time, however, the victim's children are

not opposed to the granting of clemency. This applicant has an excellent record in the State Penitentiary at Rockview, and it is felt that he will be able to rehabilitate himself on the outside.

The trial judge, the Honorable G. H. McWherter, has stated that this applicant has shown every evidence of rehabilitation and concern since he realized the seriousness of the shooting.

Since the district attorney of Westmoreland County is not opposed and he has now served over six years of his minimum sentence and the family of the victim is not opposed to his release, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of James D. Hawthorne, D-9370, No. A-1481, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James D. Hawthorne, convicted of burgulary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 14, 1947, computed from December 19, 1946, be commuted from 10 years to 8 years, 1 month, expiring on January 19, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty-four years of age and he has had a rather serious criminal record prior to this offense. He plead guilty to the crime of burglary and was sentenced to a term of not less than ten nor more than twenty years. At the present time this applicant has served nearly eight years of his minimum sentence.

He has an excellent institutional record and is presently a member of the bank at the State Penitentiary at Graterford.

The trial judge, the Honorable Vincent Carroll, has stated he has no objection as this applicant has a proper parole plan. His acomplice received a commutation of sentence on these same offenses approximately seven months ago.

The district attorney of Philadelphia County has no objection to his release at this particular time. In view of this fact and the fact that the trial judge does not object, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT—Dissents,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of James Luke Johnson, C-6981, No. 4819, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that James Luke Johnson, convicted of robbery, assault and rape in the Court of Oyer and Terminer and Quarter Sessions of Berks County, on April 8, 1931 be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-three years of age. He had one prior arrest and this was his only major conviction. In 1931 he was sentenced to not less than twenty-five nor more than fifty years on charges of robbery, assault and rape.

After serving approximately eleven and one-half years of his minimum sentence the Board released this applicant on parole. He has now been on parole twelve years, three months. All his accomplices have had their sentences commuted and have been released on parole. This applicant has an excellent parole record and bears a good reputation.

The Board is of the opinion that this applicant will never offend against society, as he has become rehabilitated. We recommend, therefore, that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Henry V. Kmiec, C-634, No. A-2772, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry V. Kmiec, convicted of buglary in the Court of Oyer and Terminer of Allegheny County on April 30, 1948, computed from March 24, 1948, be commuted from 8 years to 6 years, 10 months, expiring on January 24, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty-two years of age and this is his first major conviction. He is now serving two consecutive sentences which total fourteen to twenty-eight years. His representative, Norbert E. Welch, Senior Parole Officer at the Western State Penitentiary has advised the Board that this applicant has an excellent institutional record and has made a very good job of rehabilitation in the institution, and that he is trustworthy and dependable and tries to do the best he can.

Since this applicant must serve a sentence of murder in the second degree, after completion of his first sentence, the Board is inclined to commute the sentence of eight to sixteen years on the charge of burglary in order that this applicant may begin to serve his second sentence.

The trial judge, the Honorable Henry X. O'Brien, has advised the Board that he is not opposed to the granting

of clemency. The district attorney of Allegheny County, however, is opposed to the granting of any clemency.

We feel that this applicant, by his excellent record for six and one-half years, is entitled to some consideration. We, therefore, recommend that the sentence of eight to sixteen years on a charge of burglary be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Kuchneisen, Fred, B-5933, No. 6884, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Fred Kuchneisen, convicted of murder, in the first degree in the Court of Oyer and Terminer of Allegheny County on July 1, 1937, be commuted from life to 17 years, 6 months, expiring on January 1, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and this was his first major conviction. He was sentenced on a plea of guilty to life imprisonment on a charge of murder in the first degree. While in the institution he has had a very enviable record and the Board of Trustees at the State Penitentiary at Rockview advises that he has been a very cooperative inmate and they recommend that his sentence be commuted.

The trial judge is deceased and the present judge has made no recommendation. The District Attorney of Allegheny County is opposed to the granting of clemency. One of the accomplices of this applicant has had his sentence commuted by the Board in June 1954. The other accomplice served five years and was released. It should be pointed out that this accomplice has also been returned as a parole violator.

Since this applicant has an excellent record; has learned a trade, and is recommended by the institution, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

BOARD OF PARDONS

In re application of John J. Leach, E-1559, No. A-1704, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John J. Leach, convicted of robbery in the Court of Quarter Sessions and Oyer and Terminer of Philadelphia County on March 8, 1950, computed from January 24, 1950, be commuted from 6 years to 5 years, expiring on January 24, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age. He had no prior criminal record. He plead guilty to the charge of robbery when he held up a theatre together with an accomplice. He was sentenced to serve not less than six nor more than twelve years in the Eastern State Penitentiary. He has now served nearly five years of his minimum sentence with an excellent institutional record. His accomplice, who was equally guilty, was sentenced to not less than two nor more than five years, and has been released after serving his minimum.

Since this applicant has now served nearly five years of his minimum sentence we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

The above recommendation is approved:

JOHN S. FINE,

BOARD OF PARDONS

In re application of Bennett LeHodges, D-554, No. 2293, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Bennett LeHodges, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 4, 1935, be commuted from life to 20 years, expiring on January 4, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age and this was his first conviction for any serious offense. He plead guilty to murder generally and was sentenced to death. However, the Board of Pardons commuted his sentence to life imprisonment and at the present time this applicant has served nearly twenty years of his minimum sentence. This offense occurred in the commission of a robbery and the victim was the watchman who was struck over the head. Since his incarceration early in 1935 in the Eastern State Penitentiary, he has had an excellent institutional record and is considered an outstanding prisoner.

The trial judge, the Honorable Raymond MacNeille, is opposed although the district attorney of Philadelphia is not opposed to the granting of clemency at this time.

Two accomplices, who were arrested with this applicant, were given sentences of only three months, which they now have served. Since this accomplice has been confined in prison for approximately twenty years, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joseph S. Leo, 74218, No. A-2757, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph S. Leo, convicted of solicitation to commit sodomy in the Court of Quarter Sessions of Allegheny County on July 23, 1953, computed from July 2, 1953, be commuted from two years, six months to 1 year, 7 months, expiring on February 2, 1955.

Our reasons for making this recommendation are as follows:

This applicant is fifty-four years of age. He had a prior criminal record. He plead guilty to the offense of solicitation to commit sodomy although at the time this case was argued before the Board of Pardons we felt that there was sufficient doubt as to the propriety of the conviction that we felt some consideration should be given to this applicant at this time.

The trial judge is no longer on the bench and the present judge has not given his opinion or comment as to this applicant's request. The warden of the Allegheny County Workhouse has stated that this applicant has an excellent institutional record. Nevertheless the district attorney of Allegheny County is opposed.

Since this applicant has served one year, four months for a crime that had he stood trial it would be doubtful he would have been convicted, and since he has a good record we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,

In re application of Regis Lorenz, No. A-2778, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Regis Lorenz, convicted of burglary and receiving stolen goods in the Court of Oyer & Terminer of Allegheny County, on May 27, 1948, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age and had one prior criminal record. He plead guilty to the commission of seven burglaries and was placed on probation for a period of five years. He served his probation period without becoming involved in further difficulty. He is married and is the father of two children and has a good reputation in the community in which he lives. He is presently employed as a cab driver for the Yellow Cab Company and now desires to secure employment with the City of Pittsburgh as a member of the police force. In order to secure this employment a pardon is needed.

Neither the trial judge, the Honorable Henry X. O'Brien, nor the district attorney of Allegheny County have any objection to the granting of a pardon, and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Agnes Manduik, 1607, No. A-1676, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Agnes Manduik, convicted of murder, in the first degree, in the Court of Oyer and Terminer of Philadelphia County on March 18, 1941. Computed from May 5, 1939, be commuted from life to 15 years, 8 months expiring on January 5, 1955.

Our reasons for making this recommendation are as follows:

This applicant is fifty-eight years of age and has no prior record. She was convicted of murder in the first degree and was sentenced to life imprisonment. She has now been in prison nearly fifteen and one-half years in the State Industrial Home for Women. It should be pointed out here that the evidence against this applicant was very slight and it is difficult to understand how a conviction was secured, although there is no doubt that she was connected with some of the main figures of the Arsenic Ring.

At the present time her physical condition is very poor and she has suffered a heart attack. If released she will be a constant care to her family. However, they are willing to asume this care and responsibility.

Since this applicant has now served nearly fifteen and one-half years and has an excellent record and in view of her physical condition, we are recommending that she be released.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of Louis Marlin, No. A-2285, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Louis Marlin, convicted of unlawful pool selling in the Court of Quarter Session of Philadelphia County, on January 26, 1950, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age and this was his first conviction for any offense whatsoever. He committed this offense in 1950 when he was arrested for taking horse bets. Since his conviction and payment of fine he has become employed by the Standard Distributors of Atlantic City, a wholesale liquor firm. He is now in a position where he could be advanced to manager of this firm, but in order to do so he must have a pardon from the Commonwealth of Pennsylvania so that he can secure the necessary license from the State of New Jersey Alcoholic Beverage Control Board.

Since this applicant has been in no further trouble for nearly five years and has a good reputation, the District Attorney of Philadelphia County recommends that a pardon be granted and the present Judge leaves the matter up to the Board. Since this was this applicant's first offense and since he has been in no further trouble we are recommending that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

In re application of David Alonzo McHugh, No. A-2777, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that David Alonzo McHugh, convicted of conducting a lottery in the Court of Quarter Sessions of Allegheny County, on January 23, 1952, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and he has had no prior conviction. He plead guilty to the offense of conducting a lottery and was sentenced to pay a fine of fifty dollars. This offense occurred approximately three years ago and was the only time he was ever connected with a lottery business. He is now employed as a cab driver.

Neither the trial judge, the Honorable John J. Kennedy nor the district attorney are opposed to this petition.

Since this applicant has been in no further trouble for approximately three years we recommend that a pardon be granted.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Henry R. Nichols, D-9338, No. A-2769, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry R. Nichols, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 30, 1946, computed from October 4, 1946, be commuted from 50 years to 8 years, 3 months, expiring on January 4, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age. This was his first major conviction. He was sentenced, together with six accomplices, for a series of burglaries extending over a period of fourteen months. There was upwards of two hundred burgularies involved and this applicant was implicated in quite a few of them. At this time the applicant has served over eight years. He was sentenced by the late Judge Harry S. McDevitt a term of not less than fifty nor more than one hundred years. This, the Board of Pardons feels is an unconscionable sentence.

The Board of Trustees of the Eastern State Penitentiary states this applicant has an excellent institutional record and they would recommend him if eligible for parole.

We believe the fact that this applicant will be on parole for nearly one hundred years would be sufficient to deter him from further criminal activities and we, therefore, recommend his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Ellison Odom, D-5833, No. A-1505, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ellison Odom, convicted of burglary in the Court of Quarter Sessions of Philadelphia County on April 15, 1948, computed from March 10, 1948, be commuted from 10 years to 6 years, 9 months, expiring on January 15, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-one years of age, and this was

his first conviction of any offense. He was convicted of burglary and was sentenced to a term of not less than ten nor more than twenty years. At the present time this applicant has served nearly six and three-quarter years of a minimum sentence of ten. Of his accomplices, some have been released and one, who has a similar sentence to the applicant, still remains incarcerated. We have no adverse reports from the institution and the present judge has no comment to make. The district attorney of Philadelphia County recommends that this applicant be given consideration.

Since this applicant is a virtually first offender and has now served nearly seven years we are recommending that his sentence be commuted.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Larry Patrick, No. A-2730, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Larry Patrick, convicted of robbery in the Court of Quarter Sessions of Philadelphia County on October 31, 1952, computed from October 30, 1952, be commuted from 3 years to 2 years, 2 months, expiring on December 30, 1954.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age and this was his first conviction for any offense whatsoever. He plead guilty to robbery and was sentenced to a term of not less than three nor more than ten years. He plans to return to his boyhood home in North Carolina if released, where he will receive employment.

The trial judge, the Honorable Joseph L. Kun, feels that he imposed a moderate sentence but since this was his first offense for which this applicant was sentenced, and since he has now served over two-thirds of this sentence, we recommend that consideration be given and that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

In re application of John Henry Patton, No. A-2776, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Henry Patton, convicted of entering a building with intent to commit a felony, in the Court of Quarter Session of Allegheny County, on March 3, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is forty-seven years of age and has had no prior record. He was convicted of the charge of entering a building with intent to commit a felony in 1936 and was given a six months minimum sentence, which he served. Since that time he has been in no further difficulty and he is now employed by the Ferguson & Edmundson Company as a structural steel worker and goes from state to state setting up steel frames for buildings. He has an excellent reputation in the community in which he lives and he desires a pardon in order that this record of eighteen years ago will not give him any more trouble in his present and future life.

The trial judge is deceased and the district attorney is not opposed to the granting of clemency. Since this applicant has completely rehabilitated himself and has a good reputation, we feel that he deserves the executive clemency for which he prays, and we, therefore, recommend that a pardon be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,

BOARD OF PARDONS

In re application of Clarence Payne, B-5107, No. 3375, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clarence Payne, convicted of rape and attempted robbery to No. 60 August Term 1936 in the Court of Quarter Sessions on July 1, 1936, computed from January 1, 1949, be commuted from 7½ to 6 years, expiring on January 1, 1955; and further recommend that the minimum sentence of Clarence Payne, convicted of assault with offensive weapon with intent to rob to No. 60a August Term 1936 in the Court of Quarter Sessions of Westmoreland County on July 1, 1936 be commuted from 5 years to 1 day, expiring on January 2, 1955; and further recommend that the minimum sentence of Clarence Payne, convicted of assault with offensive weapon with intent to rob to No. 61 August Term 1936 in the Court of Quarter Sessions of Westmoreland County on July 1, 1936 be commuted from 5 years to 1 day, expiring on January 3, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-five years of age and this was his first major conviction for any offense. This applicant specialized in lover's lane robberies and committed rape upon some of the victims. A gun was used. He, however, received a very severe sentence in that he was sentenced to not less than thirty nor more than sixty years. He has now served more than eighteen years of this minimum

sentence with an excellent institutional record in the Western State Penitentiary.

The trial judge is deceased and the district attorney of Westmoreland County leaves the matter of clemency up to the Board.

Since this applicant has served over eighteen years of a minimum sentence of thirty years, we feel that he has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Robert Sylvester Potempa, E-2752, No. A-2142, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Sylvester Potempa, convicted of burglary in the Court of Quarter Session of Dauphin County on January 17, 1952, computed from November 5, 1951, be commuted from 5 years to 3 years, 2 months, expiring on January 5, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty-five years of age and this was his first serious conviction. He was sentenced to a term of not less than five nor more than ten years on charges of burglary. At the present time this applicant has served a little over three years.

The applicant's accomplice, who was equally guilty, received a sentence of not less than four nor more than eight years.

If this applicant is released he intends to return to Illinois, where he will be reconciled with his wife and family.

The trial judge, the Honorable Paul G. Smith, is opposed to his release, but since his parole plan calls for return to his native State of Illinois, the district attorney of Dauphin County is not opposed. Under the circumstances, we recommend that his sentence be commuted on condition that his parole plan in Illinois be acceptable to the Board of Parole.

In re application of Wayne Purnell, E-887, No. A-2734, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wayne Purnell, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 16, 1949, computed from February 6, 1949, be commuted from 10 years to 5 years, 11 months, expiring on January 6, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-five years of age and he had no prior criminal record. He plead guilty to the offense of armed robbery and was sentenced to a term of not less than ten nor more than twenty years and this was his first conviction for any offense whatsoever. At the present time he has served over five years nine months of his minimum sentence and his one accomplice in this offense has had his sentence commuted over eight years ago.

Since this applicant has an excellent institutional record and the district attorney is not opposed, and since his accomplice has received commutation of his sentence, we recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Charles Quici, 951-D, No. 7360 November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Quici, convicted of robbery, armed with an offensive weapon, in the Courts of Oyer and Terminer and Quarter Sessions of Bucks County on May 5, 1942, computed from April 11, 1942, be commuted from 20 years to 12 years, 8 month, expiring on December 11, 1954.

Our reasons for making this recommendation are as follows:

The Board of Parole has received a request from the applicant to be relieved of further parole supervision on the basis of his adjustment and progress on parole. The Board of Parole has favorably recommended this action to the Board of Pardons after reviewing his record. But for this action the applicant, because of his sentence would remain on parole until April 11, 1962.

For the reason that this applicant has served a long time on parole, and the further reason that the Board of Parole recommends him for release, the Board of Pardons recommends to your Excellency that the term of the maximum sentence of the applicant be commuted and that he be freed from further parole supervision.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of John M. Quigney, Jr., 6469, No. A-2044, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recomend that the minimum sentence of John M. Quigney, convicted of robbery in the Court of Oyer and Terminer of Northampton County, on January 31, 1950, computed from January 5, 1950, be commuted from 10 years to 5 years, expiring on January 5, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-six years of age. He and three accomplices committed a strong armed robbery on the victim and took his pocketbook. For this offense he was given a term of not less than ten nor more than twenty years in the Northampton County Prison. At the present time he has served approximately five years for this offense.

The applicant's accomplice, Timothy Psihoda, who had much worse criminal record than this applicant, was given a term of not less than five nor more than ten years and his sentence will expire on January 5, 1955. Two other accomplices received sentences in the Pennsylvania School and their sentences have already expired.

Since this applicant had a lesser criminal record than his accomplices, who received only one-half his minimum, we recommend that the applicant's sentence be computed so that he be given a minimum sentence of five years, expiring on January 5, 1955.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Rabena, Joseph D-1544, No. 3215, November Session, 1955.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Joseph Rabena, convicted of robbery in the Court of Quarter Sessions of Philadelphia County, on August 25, 1936, be commuted from 20 years to 18 years, 4 months, expiring on January 25, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-nine years of age. He had five prior arrests and one prior conviction. He was part of a gang that committed a pay roll robbery and although he still alleges his innocence he was convicted of the offense and sentenced to a term of not less than five and one-half nor more than twenty years. The Board of Pardons, in 1942, before the expiration of his sentence but after he had served five years, commuted his sentence and he was released on parole. He has been on parole for a period of nearly thirteen years and during that time the Board of Parole has stated he has a fair reputation and is considered a steady worker who adequately supports his family. He is presently in the grocery business and desires to move to New Jersey, where he expects to develop a produce auction. He, however, does not wish to be on parole in this venture, as he feels that such a venture would not be successful were he on parole.

The trial judge, the Honorable Raymond MacNeill, leaves the matter of commutation of maximum sentence up to the Board, and the District Attorney of Philadelphia recommends that clemency be granted.

It should be stated that the applicant's two accomplices have had their maximum sentences commuted or pardons granted. Therefore, we recommend the applicant's maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Michael Joseph Rispo, E-3671, No. A-2762, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Michael Joseph Rispo, convicted of fraudently making a written instrument and publishing same in the Court of Quarter Sessions of Philadelphia County on April 29, 1953, computed from March 26, 1953, be commuted from 4 years to 1 year, 10 months, expiring on January 26, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-four years of age, but this is not his first conviction. He was sentenced to a term of not less than four nor more than ten years on charges of burglary and larceny and forgery. The burglary consisted of stealing the check books and after stealing the check books the aplicant then forged checks to the sum of four hundred dollars, which he subsequently passed.

The Board of Trustees of the State Penitentiary at Graterford advises that this applicant has an excellent institutional record.

The trial judge, the Honorable Edwin O. Lewis, has not taken any position in this matter. The district attorney of Philadelphia County is opposed. However, the Board feels that consideration should be given as his accomplice, who received a sentence of one and one-half years, was released after serving two months. We, therefore, recommend that his sentence be commuted to two years.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.

FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Henry Viets Rivers, E-63, No. 1703, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Viets Rivers, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on December 5, 1947, computed from November 9, 1947, be commuted from 12 years to 7 years, 2 months, expiring on January 9, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and he had a bad prior record of two arrests, two convictions and this offense amounting to a parole violation from an offense committed in the State of Massachusetts.

The applicant, however, was sentenced on his plea of guilty to not less than twelve nor more than twenty-four years for the offense of breaking into six places and taking $135.00 and a ring.

The Board of Trustees of the State Penitentiary at Graterford states that this applicant has an excellent institutional record and they believe that he has made every effort to adjust himself and that his record in the institution has been outstanding.

The trial judge, the Honorable Michael J. Eagan, and the district attorney of Lackawanna County leave the matter of clemency up to the Board.

Since this applicant has now served over seven years, with an excellent institutional record, we feel he is entitled to some consideration. We, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of George Alfred Rowson, C-2652, No. A-1965, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Alfred Rowson, convicted of robbery, armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 28, 1949, computed from January 29, 1949, be commuted from 7 years, 6 months to 6 years, expiring on January 29, 1955.

Our reasons for making this recommendation are as follows:

This applicant is twenty-nine years of age and he had no prior criminal record. He plead guilty to robbery, armed with an offensive weapon and was sentenced to a term of not less than seven and one-half nor more than fifteen years.

The Board of Trustees of the State Penitentiary at Rockview states this applicant has an excellent institutional record.

The trial judge is deceased and the present judge has no comment. The district attorney of Philadelphia is not opposed to the granting of clemency at this time. One accomplice in these series of offenses has already served his minimum sentence, two are still incarcerated.

This applicant has now served over five years eight months of his minimum sentence of seven and one-half years. Since he was a first offender we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Maynard Courtney Schlusser, E-1143, No. A-2738, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Maynard Courtney Schlusser, convicted of burglary in the Court of Quarter Sessions of Dauphin County on June 8, 1949, be commuted from 10 years to 5 years, 7 months, expiring on January 8, 1955.

Our reasons for making this recommendation are as follows:

This applicant is forty-two years of age and this is his first major conviction. He was sentenced to not less than ten nor more than twenty years on charges of burglary. This applicant, together with two accomplices, committed a series of ten buglaries in and about Dauphin County and as a result he received this very substantial sentence. He has now served over one-half of his minimum sentence and an accomplice, who received the same type of sentence, has had his sentence commuted at the June, 1954, Session.

The trial judge is no longer on the bench and the district attorney of Dauphin County has left the matter up to the Board.

The Board feels that this applicant has been sufficiently punished and we, therefore, recommend that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Pasquale Stallone C-2410, No. 1720, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Pasquale Stallone, convicted of murder, in the second degree, in the Court of Oyer and Terminer of Lackawanna County, on March 15, 1924, be commuted from 60 years to 30 years, 11 months, expiring on February 15, 1955.

Our reasons for making this recommendation are as follows:

This applicant is sixty-five years of age and has had no prior criminal record. He was sentenced following a plea of guilty to murder in the second degree to not less than thirty nor more than sixty years. After having served approximately twenty-six years, the applicant's sentence was commuted and he was paroled on December 8, 1949.

Following his release on parole the applicant went to live in Bucks County where he has a satisfactory record. Many persons in Bucks County, and particularly in Bristol, have written the Board recommending clemency. He has been on parole over five years at this time and since he served such a long time in the institution and on parole, we feel that he should be given a chance at this time to lead a normal life and we, therefore, are recommending that the maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Harry Stuhldreher, C-2486, No. A-2160, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harry Stuhldreher, convicted of burglary and larceny, in the Court of Oyer and Terminer of Crawford County on February 5, 1952, computed from January 12, 1952, be commuted from 5 years to 3 years, expiring on January 12, 1954.

Our reasons for making this recommendation are as follows:

This applicant is twenty-seven years of age and this was his first major conviction. He was sentenced following a plea of guilty to not less than five nor more than twenty years on charges of burglary and larceny from two summer camps. At the present time this applicant has served nearly three years of his minimum sentence and he has an excellent institutional record in the Western State Penitentiary.

Both the trial judge, the Honorable H. A. Mook, and the district attorney of Crawford County, have stated that they have no objection to commutation being granted in his case and will go along with anything that the Board of Pardons desires.

We feel that this applicant has shown complete rehabilitation by his conduct while confined and since the trial judge and the district attorney are not opposed, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of James Triplett, C-319, No. A-642, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James T. Triplett, convicted of robbery, armed with an offensive weapon, in the Court of Oyer and Terminer of Allegheny County on September 17, 1947, computed from June 23, 1947, be commuted from 10 years to 7 years, 7 months, expiring on January 23, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age. He had no prior criminal record. He plead guilty to the offense of robbery, armed with an offensive weapon, in the commission of three hold-ups. He has an excellent record at the State Penitentiary at Rockview and has shown every evidence of having made a satisfactory personal adjustment.

Since this was applicant's first offense and since he has an excellent record the district attorney advises the Board of Pardons he feels this application merits consideration.

The trial judge is deceased and the present judge has made no recommendation.

Since this applicant has now served over seven years three months of his minimum sentence we recommend that commutation be granted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of William Undereiner, B-7574, No. A-2761, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Undereiner, convicted of robbery, armed with an offensive weapon, receiving stolen goods and burglary, in the Court of Oyer and Terminer of

Allegheny County on February 26, 1941, computed from October 10, 1950, be commuted from 5 years to 4 years, 3 months, expiring on January 10, 1955.

Our reasons for making this recommendation are as follows:

This applicant is fifty-two years of age. He has had a bad prior criminal record. He, however, had been in no further dufficulty for a period of approximately nine years when he became involved in this offense. He has served continuously in the Western State Penitentiary and at the present time he has been confined there for over nearly fifteen years. This is because this offense resulted in a violation of parole.

All the applicant's accomplices have been released on parole many years ago. Some as far back as 1947. We feel this applicant has served a substantial length of time, and since he has an excellent record and since the judge and district attorney recommend that clemency be granted, we hereby recommend to your Excellency that he be released on parole.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Anthony Vitale D-8703, No. A-65, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Anthony Vitale, convicted of murder, in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 1, 1946, to be computed from June 21, 1944, be commuted from life to 10 years, 7 months, expiring on January 21, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and this was his first conviction for any offense whatsoever. He plead guilty to murder generally and the court en banc set the degree as first degree and imposed the life sentence. It is difficult to understand how the Court could have fixed the degree of murder as first degree when at the most this applicant should have been sentenced to voluntary manslaughter.

The trial judge at the time of sentencing also suggested that this applicant be released after he had served a minimum period of imprisonment for murder in the second degree. This has been accomplished at the present time, and the district attorney of Philadelphia County recommends that he be granted clemency.

Since this was not a true first degree sentence and since he has now served the minimum sentence for second degree murder, which was recommended by the court, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,
Governor.

BOARD OF PARDONS

In re application of Harry E. Wells, E-1312, No. 9638, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harry E. Wells, convicted of robbery, in the Court of Quarter Sessions of Dauphin County on March 22, 1948, be commuted from 10 years to 5 years, 3 months, expiring on January 11, 1955.

Our reasons for making this recommendation are as follows:

This applicant is thirty years of age. He has had a bad prior criminal record, including the commission of other offenses in Delaware County, which is his home. The applicant was released in January 1953 from the Eastern State Penitentiary and immediately got married. However, in January of this year the applicant became ill with tuberculosis and is presently in the Rush Hospital in Philadelphia. It is because of his physical condition that he requests commutation of his maximum sentence so that he may be released from parole.

Since none of the judges who are famaliar with the case responded, we have no comment from anyone familiar with the crime. However the district attorney of Dauphin County did appear before the Board of Pardons and advised that he had no objection to the commutation of this applicant's maximum sentence. We, therefore, recommend that his maximum sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:
JOHN S. FINE,

BOARD OF PARDONS

In re application of Werner Joseph Ziemons, No. A-2754, November Session, 1954.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Werner Joseph Ziemons, convicted of voluntary manslaughter, in the Court of Oyer and Terminer of Bucks County on June 5, 1953, computed from November 10, 1952, be commuted from 2 years, 6 months, to 2 years, 2 months, expiring on January 10, 1956.

Our reasons for making this recommendation are as follows:

This applicant is twenty-one years of age. He had no prior criminal record. He plead guilty to the offense of manslaughter and was sentenced to a term of not less than two and one-half nor more than five years. He has an excellent record in the Bucks County Prison and he seeks clemency in this offense because of the fact that he

had no prior criminal record and that he has made a good rehabilitation in prison and because of his family.

There is no doubt about the fact that he received a very light sentence but the trial judge, the Honorable Edward G. Biester, in Bucks County, has no recommendation and leaves the matter of clemency up to the Board. This is very unusual for the officials in Bucks County and indicates that they have no objection to clemency being granted in this matter.

Since this applicant has an excellent record and his family needs him and since he is a first offender, we are recommending that his sentence be commuted.

Respectfully submitted,

LLOYD H. WOOD,
Lieutenant Governor.
GENE D. SMITH,
Secretary of the Commonwealth.
FRANK F. TRUSCOTT,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

HOUSE BILL No. 1176. Printer's No. 1769.

An Act defining and relating to installment land contracts in cities of the first class and providing for and regulating the rights and obligations between parties to such contracts under certain terms and conditions

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows

Section 1 Short Title This act shall be known and may be cited as the "Intallment Land Contract Law"

Section 2 Findings and Declaration of Policy It is hereby determined and declared as a matter of legislative finding that

(2) Since installment contracts are executory in nature and cover rights and obligations over an extended period of time prior to final settlement it is deemed advisable to clarify and define the nature of the contract and the rights and obligations of both parties

(3) It is the intent of this act to provide for an agreement that will be fair and equitable for both buyer and seller and will protect the buyer from unreasonable provisions pertaining to installment payments Define what constitutes default and remedies for same provide proper provisions for final settlement and delivery of good title to the purchaser

(4) By reason of the fact that the installment sales agreement is executory in nature under its terms and final settlement is not contemplated for an extended period of time The buyer is entitled to have full information and disclosure of the terms of his agreement the status of his account the balance due on the purchase price and a statement of the application of his monthly installments with the proper itemization of what constitutes principal payments and carrying charges during the existence of the agreement

Section 3 Definitions Application of Act (a) As used in this act

(1) "Installment land contract" includes every executory contract for the purchase and sale of a dwelling situate in any city of the first class whereby the purchaser is obligated to make six or more installment payments to the seller after the execution of the contract and before the time appointed for the conveyance of title to the dwelling

(2) "Dwelling" means a building or structure situate in any city of the first class which is wholly or principally used for residential purposes

(b) This act shall apply only to installment land contracts entered into after the effective date of this act and shall apply notwithstanding any provision of a contract inconsistent herewith

Section 4 Notice to Terminate Contract upon Purchaser's Default (a) Whenever default is made in the terms or conditions of any installment land contract by reason of which default the seller has the right to terminate the contract the seller shall as a condition precedent to the exercise of the right serve upon the purchaser a written notice of termination The notice shall be served personally or by registered mail sent to the last known address of the purchaser

(b) The notice shall specify the nature of the default and whenever the default arises out of the purchaser's failure to keep the premises in good repair pursuant to the provisions of the installment land contract the notice shall contain a reasonably specific statement of the items in disrepair

(c) The date of termination specified in the notice shall in no case be less than thirty days after the date upon which service of the notice is made upon the purchaser in the manner hereinbefore provided where default is because of failure to make payments when due Whenever default arises because of purchaser's failure to make repairs the notice shall be no less than sixty days

(d) If the default arises from the failure of the purchaser to pay the complete purchase price within the specified period prescribed in the contract the time specified in the notice shall in no case be less than one hundred twenty days after the date upon which service of the notice is made upon the purchaser in the manner hereinbefore provided

Section 5 Seller's Remedies (a) In the event of any default by the purchaser in the payment of any installment any assessment for public improvements or any sum owed by the purchaser because of repairs made by the seller and payable by the purchaser pursuant to the terms of the contract the remedies of the seller shall be limited to either

(1) Termination of the contract in accordance with the provisions of section 4 of this act or

(2) An action for the recovery of the installment assessment or the expenditure for repairs made by the seller

(b) Any seller who has pursued the remedies set forth in clause (2) above may at any subsequent time unless the purchaser shall have cured any subsequently declared default terminate the contract in accordance with the provisions of section 4 of this act

(c) In any action by a seller pursuant to subsection (a) clause (2) above recovery shall be limited to all installments and assessments for public improvements due prior to the surrender of the premises by the purchaser and whenever the purchaser is responsible for repairs the value of the repairs made by the seller prior to the surrender and the cost of any actual repairs made by the seller subsequent to the surrender of the premises which repairs became necessaary by reason of damage done by the buyer or the vandalism of the premises prior to the actual delivery of possession to the seller

(d) The seller upon termination of any installment land contract may maintain an action for damages for breach of the contract as hereinafter provided or an action for the recovery of possession of the property as now provided by law or both

(e) In any action by the seller to recover damages for a breach of any installment land contract the seller shall be entitled to recover damages for all losses resulting from the breach including but not limited to the excess of the contract price over the market price at the time of breach the unpaid installment payments due prior to the surrender of the dwelling by the purchaser the value of any repairs made by the seller prior to the surrender whenever the purchaser is responsible for the repairs and the cost of any actual repairs made by the seller subsequent to the surrender of the premises which repairs became necessary by reason of damage done by the buyer or the vandalism of the premises prior to the actual delivery of possession to the seller and any assessments for public improvements The unpaid balance of the purchase price shall not be considered an item of recoverable damages

Section 6 Action Maintainable by Defaulting Purchaser (a) Except as provided in Subsection (b) of this Section any purchaser who has voluntarily surrendered possesssion of the premises may maintain an action to recover payments of principal made on the contract and assessments for public improvements paid by him without interest on the payments less any damages sustained by the Seller Upon the purchaser's default and his termination of the contract by voluntary surrender of possession of the premises

(b) If the purchaser paid on account of principal a sum in excess of twenty per cent of the purchase price he shall be entitled to recover that portion in excess of twenty er cent less any other actual damages as is more specifically set forth in Section 5 Subsection (d) hereof suffered and expenditures made by the seller for which the purchaser has assumed liability That portion of the purchase price retained by the seller hereunder shall be considered as liquidated damages covering possible losses sustained for the breach of contract for use and occupancy and for depreciation and not as a penalty action by the purchaser must be instituted within one year from the date of default and such right of action by the purchaser shall not be deemed a cloud on seller's title nor prevent seller from conveying a clear title because of the pendency of the action

Section 7 Implied covenants of the seller (a) Any seller entering into an installment land contract shall impliedly covenant that

(1) Subject to subsections (f) and (g) hereof his title shall be good and marketable during the entire term of the contract and

(2) Upon the purchaser's written request and upon reasonable intervals he shall (i) Inform the purchaser in writing of the current unpaid balance of the purchase price (ii) Furnish the purchaser with a complete itemization of all components of an installment payment and (iii) Make available to the purchaser for his inspection all tax and insurance receipts for the premises and whenever the purchaser is responsible under the contract for repairs all bills and receipts therefor

(b) When any seller fails to perform any of the covenants set forth in subsection (a) hereof the purchaser may

(1) Terminate the contract or

(2) So long as the seller's default continues remain in possession under the contract and tender to the seller each installment payment provided for by the contract less that portion which is allocable to principal when any seller refuses or neglects to disclose information pursuant to subsection (a) clause (2) hereof the purchaser in making his tender may withhold from each installment payment that portion which he in good faith estimates as allocable to principal and when the seller's default has been remedied the purchaser shall pay to the seller all sums withheld under this clause

(c) A purchaser electing either of the remedies set forth in subsection (b) hereof shall serve a written notice of his election upon the seller personally or by registered mail or other mail service which results in the Post Office Department making a record of delivery and the sender receiving a receipt signed by the addressee or his agent evidencing delivery sent to his last known address and shall with reasonable particularity state the reason for

his action and the remedy he has elected the notice shall state that on a specified day not less than sixty days after service of the notice the contract shall terminate or the purchaser shall commence withholding principal payments whichever is the case unless prior thereto the seller shall cure his default and advise the purchaser thereof in writing delivered personally to the purchaser or by registered mail sent to the last known address of the purchaser

(d) Any purchaser not in default who has exercised his right to terminate the contract pursuant to subsections (b) and (c) hereof and who has surrendered possession of the premises may maintain an action to recover payments of principal made on the contract and assessment for public improvements paid by him without interest on any payments and other damages as the purchaser may have suffered

(e) When the purchaser exercises the option set forth in subsection (b) clause (2) hereof and continues to tender each installment payment pursuant thereto this shall be deemed to be full performance under the contract until the time that default is cured unless the default is cured the seller shall have no right to terminate the contract or to maintain an action for the balance of any installment payment

(f) A defect in the title which is specified in the contract other than a complete absence of title shall not constitute justification for termination of the contract by the purchaser A mere contract right in the seller to obtain a conveyance of the property shall be deemed a complete absence of title unless the character of the seller's interest is disclosed in the installment land contract and unless the seller is not in default under the contract from which he derives his interest

(g) For the purpose of this section a title shall be deemed marketable even though there is a lien or encumbrance affecting it which can be extinguished by the payment of a definitely ascertainable sum not in excess of the unpaid balance of the purchase price

Section 8 Seller's Duty to disclose the sale price (a) The seller shall set forth clearly in the installment land contract the total consideration for the sale

(b) When any seller violates subsection (a) hereof and the seller does not comply with subsection (a) hereof within thirty days after written demand therefor by the purchaser the purchaser may at any time thereafter terminate the contract on account of uncertainty and may recover from the seller all installment payments paid less that portion allocable to taxes water and sewer rent and insurance premiums and less the cost of repairs made by the seller if the purchaser is responsible under the contract for repairs

Section 9 Allocation of Monthly Payments In determining what portion of the monthly installments shall be applied against principal on account of the purchase price there shall first be deducted all items authorized under the agreement of sale such as taxes water and sewer rentals interest on the unpaid balance of purchase price cost of all insurance premiums repairs and assessments authorized under the terms of the agreement and the net balance thereof shall be applied to principal

Section 10 Existing Remedies of Purchaser The rights granted by this act to any purchaser under any installment land contract shall be in addition to and not in derogation of any rights of a purchaser under existing law

Section 11 Incorporation into contracts Sections 3 4 5 6 7 8 9 and 10 of this act shall be deemed to be a part of every installment land contract entered into after the effective date of this act and each seller shall incorporate those provisions into every contract

Section 12 Constitutional Construction The provisions of this act shall be severable and if any of the provisions thereof shall be held unconstitutional the decisions shall not affect the validity of any of the remaining provisions of this act is hereby declared as the legislative intent that this act would have been adopted had the unconstitutional provision not been included therein

HOUSE BILL No. 1996. Printer's No. 1389.

An Act regulating arbitration of controversies between labor and management when arbitration is required by written contract or agreement providing a method of securing arbitration and the appointment of arbitrators or an umpire regulating hearings evidence and awards imposing duties on courts of common pleas

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows

Section 1 Validity of Arbitration Agreements A provision in any written collective bargaining contract to settle by arbitration a controversy thereafter arising out of such contract or out of the performance of such contract or out of the employer-employe relationship or an agreement in writing between the parties to any controversy between labor or representatives thereof and management or representatives therof to submit to arbitration any controversy existing at the time of their execution of such agreement shall be valid irrevocable and enforceable save upon such grounds as exist at law or in equity for the revocation of contracts other than for arbitration

Section 2 Remedy in Case of Default (a) A party aggrieved by the alleged failure neglect or refusal of another to perform under a written agreement for arbitration may petition any court of common pleas having jurisdiction over either party to said agreement for an order to show cause why such arbitration should not proceed in the manner provided for in such agreement Five days' notice in writing of the filing of the petition shall be served upon the party in default Service thereof shall be made in the manner provided by law for the service of a summons An answer to the petition shall be filed within twenty days following service of the petition The court shall hear and determine the matter upon the petition and answer and upon depositions or hearing of the parties in open court as the court may determine The court upon being satisfied that the making of the agreement for arbitration and the failure to comply therewith is not at issue shall make an order directing the parties to proceed to arbitration in accordance with the terms of the agreement

(b) Should the party against whom the order to arbitrate is issued fail to comply with the order directing the arbitration to proceed the petitioner may thereafter proceed immediately to an arbitration hearing without the presence of the noncomplying party The arbitration proceeding in such event shall be before an arbitrator or arbitrators named by the petitioner and any award which may be made thereafter shall have the same effect as if the nonparticipating party had participated in all of the arbitration proceedings

Section 3 Stay of Proceedings If any suit or proceeding be brought involving any issue otherwise referable to arbitration under a written agreement for such arbitration the court in which the suit is pending upon being satisfied that the issue involved in the suit or proceeding is referable to arbitration under the agreement shall on application of one of the parties stay the trial of the action until the arbitration has been had in accordance with the terms of the agreement if the applicant for the stay is not in default in proceeding with arbitration Following the grant of a stay and in the event of failure to comply with the agreement for arbitration by a party to the suit or proceeding the provisions of section 3 hereof shall become operative

Section 4 Appointment of Arbitrators (a) If in the agreement for arbitration provision is made for a method of naming or appointing an arbitrator or arbitrators or an umpire such method shall be followed but if no method is provided therein or if a method is provided and any party thereto is unable to or refuses to avail himself of such method or if for any other reason there is a lapse in the naming of an arbitrator or arbitrators or an umpire or in filling a vacancy or in the event of the death of any such arbitrator or if for any other reason an arbitrator or arbitrators are unable to serve then upon the written application to the Secretary of Labor and Industry of the Commonwealth of Pennsylvania by either party to the agreement the following procedure shall be used

(1) The Secretary of Labor and Industry of the Commonwealth of Pennsylvania shall maintain a roster of arbitrators based on experience fitness and prior approval of representatives of both labor and management

(2) Upon the aforementioned application by either party to the agreement the Secretary of Labor and In-

dustry shall from the said roster designate and appoint arbitrators or an arbitrator as the case may require Nothing in this act shall be construed as directing appointment of more arbitrators than actually needed to comply with or satisfy the terms of the written agreement for arbitration

(b) The arbitrator or arbitrators shall act under the agreement for arbitration with the same force and effect as if he or they had been specifically named therein and unless a greater number is required by the terms of the agreement the arbitration shall be by a single arbitrator If the arbitrator or one of the arbitrators dies or for any reason becomes incapacitated after partial hearing of the matter in controversy then unless the parties agree to proceed with the remaining arbitrators if any or to proceed by naming a new arbitrator to fill the vacancy the arbitration shall be considered void and of no effect and the parties shall proceed ab initio

Section 5 Hearing (a) When more than one arbitrator is required by the terms of the agreement all the arbitrators shall sit at the hearings of the case unless by consent in writing all parties agree to proceed with the hearing with a lesser number The arbitrator or arbitrators selected either as prescribed in this act or otherwise may summon in writing any person to attend before him or them as a witness and in a proper case to bring with him any book record document or paper which may be deemed material as evidence in the case The fees for attendance shall be the same as the fees of witnesses in courts of general jurisdiction The summons shall issue in the name of the arbitrator or arbitrators and shall be directed to the person and shall be served in the same manner as subpoenas to appear and testify before a court If any person so summoned to testify refuses or neglects to obey the summons then upon petition to the court of common pleas of the county in which the arbitrator or arbitrators are setting the court may compel the attendance of such person before the arbitrator or arbitrators upon proof that the testimony sought of him is proper and that he could be compelled to appear in an action at law and the court may punish the person for contempt in the same manner now provided for securing the attendance of witnesses or for their punishment for neglect or refusal to attend in the courts of this Commonwealth

(b) Unless waived by the parties to the arbitration proceeding all testimony therein shall be taken under oath or affirmation At the request of either party or of the arbitrator or arbitrators all testimony shall be taken stenographically

(c) Subject to the terms of the agreement the arbitrator or arbitrators shall appoint a time and place for the hearing of the matters submitted to arbitration and shall cause notice thereof to be given to each of the parties The arbitrator or a majority of the arbitrators may on their own motion adjourn the hearing from time to time or upon the application of either party for good cause shown but not beyond the day fixed in the agreement for rendering their award unless the time so fixed is extended by the written consent of the parties to the agreement or their attorneys or the parties have continued with the arbitration without objection to such adjournment

(d) The court shall have power to direct the arbitrator or arbitrators to proceed promptly with the hearing and determination of the controversy

Section 6 Depositions Upon application by either party the arbitrator or arbitrators may direct the taking of depositions on behalf of any party to be used in evidence in the arbitration in accordance with existing law with respect to depositions

Section 7 Arbitrability Any and all questions concerning the arbitrability of the controversy shall be forever barred unless raised before the commencement of proceedings before the arbitrator or arbitrators on the merits of the controversy

After hearing the arguments raised on the issue of arbitrability the arbitrator or arbitrators shall rule on the question of arbitrability If the controversy is found to be arbitrable then arbitration on the merits of the matter shall immediately proceed Should the controversy be found not to be arbitrable then the ruling shall be the final disposition of the case The arbitrator or arbitrators shall have sole and complete authority to decide the issue of arbitrability and the decision shall be final and conclusive Appeals from the arbitrator's or arbitrators' decision on arbitrability to the court of common pleas of the county in which the arbitrator or arbitrators are sitting or sat for their hearing or hearings shall be allowed only upon the grounds and within the time limitations for appeals from the award on the merits provided for in section 9

Section 8 Awards In order to be enforceable under this act an award must be in writing and rendered within the time provided in the agreement or within the extended time consented to in writing by the parties and shall be subscribed by the arbitrator or arbitrators making it or a majority thereof and either filed in the office of the prothonotary of the court of common pleas of the county in which the arbitrator or arbitrators sat for their hearing or hearings or delivered to the parties or their respective attorneys

Section 9 Motion to Vacate Modify or Correct Awards (a) Upon the application by any party to the arbitration to the court of common pleas of the county in which the arbitrator or arbitrators sat for their hearing or hearings the court shall make an order vacating modifying or correcting the award as the case may be but only where it is shown that there was

(1) Fraud or corruption in procuring the award

(2) Fraud or corruption on the part of the arbitrators or any of them

(3) A material and prejudicial error in making the award which the arbitrator or a majority of the arbitrators have refused to correct despite a written request by one of the parties to make such correction

(b) A motion to vacate modify or correct the award if based upon a material and prejudicial error in making the award must be filed within ten days after the arbitration award is filed or delivered a motion to vacate the award on either of the other two grounds above set forth in subsection (a) of this section shall be filed within fifteen days after discovery of the fraud or corruption alleged but not more than two years after the filing or delivery of the award A copy of the motion to vacate above-mentioned causes shall be served upon the adverse party or attorney thereof as prescribed by law for service of notice of a motion in an action at law

Section 10 Enforceability of the Awards Either party to the arbitration may file a certified copy of the award in the office of the prothonotary of the court of common pleas in any county in which the court has jurisdiction over the party against whom enforcement of the award is sought The award so entered shall have the same force and effect as a judgment at law or a decree in equity and shall be enforced so as fully to effectuate the terms of the award including any direction therein that a party shall restore to employment by said party a person formerly in said party's employ

Section 11 Arbitration at Common Law Preserved The provisions of this act shall not be deemed to revoke affect or modify the right of any party or parties to arbitration under the common law of this Commonwealth or to affect or modify the law heretofore applicable to such arbitration or to awards rendered in such arbitration

Section 12 General Repeal All acts and parts of acts are repealed in so far as inconsistent herewith This act shall not apply to proceedings decisions and resolutions of the Anthracite Board of Conciliation and of any impartial umpire thereof appointed in accordance with the Award of the Anthracite Coal Strike Commission and any contracts or subsequent agreements or modifications or supplements pursuant thereto

An Act authorizing the Pennsylvania Historical and Museum Commission to edit illustrate and publish its new report on the Frontier Forts of Pennsylvania providing for the distribution and sale thereof and making an appropriation

The General Assembly of the Commonwealth of Pennylvania hereby enacts as follows

Section 1 (a) The forts blockhouses and stockades built y the government of the Province of Pennsylvania by ie British government and by pioneer settlers to protect rontier settlements and farms from raids by the French nd Indians two hundred years ago were the first deense measures ever taken in Pennsylvania In an historiil sense these forts were Pennsylvania's first line of efense

(b) By an act approved by Governor Robert E Pattison n May 23 1893 (P. L. 123) the General Assembly of ennsylvania established a commission to make inquiry ı relation to the various forts erected by the early ettlers of this Commonwealth as a defense against the ıdians The report of this commission first published in 396 and reprinted in 1916 was a landmark in the study f the defense of Pennsylvania during the French and ıdian War but it has been out of print for many years ecause of the heavy demand for these interesting and ıformative volumes

(c) In recent years scholarly research and surveys of istorical collections made by the Pennsylvania Historical ıd Museum Commission have brought to light many itherto unknown letters documents and plans relating the Frontier Forts of Pennsylvania All the Pennsylania material in the papers of the succession of British ommanders Lord Loudoun General James Abercromby ir Jeffery Amherst General Thomas Gage General Robert onckton and Colonel Henry Bouquet have been photoraphed on microfilm or photostats and thus brought to arrisburg for ready use and study

(d) The Pennsylvania Historical and Museum Comission undertook the preparation of a new work on ie Frontier Forts of Pennsylvania combining the basic sentials of the original report with the new facts sclosed by later research Careful planning and outlin-g have integrated the history of the forts into a corent narrative instead of a series of separate accounts the various forts Since the new manuscript thus elimiates duplication and repetition it can be produced in ne volume instead of two vloumes as in the earlier report

(e) The Commonwealth of Pennsylvania is now passing rough the two hundredth anniversary period since the rontier forts were built and since the wars from 1755 1764 which helped to determine that the Commonealth could expand grow and develop to its present estern boundary Communities in central and western ennsylvania at or near the sites of frontier forts will e celebrating many local bicentennials to commemorate eir beginnings It is proper that the new work on the rontier Forts of Pennsylvania be made available for ie in presenting programs and celebrations at these cal bicentennials which should also create a demand r the book so that the moneys expended for its publiion will eventually be returned to the Commonwealth

Section 2 The Pennsylvania Historical and Museum ommission is hereby authorized to edit illustrate and ublish two thousand five hundred copies of "Frontier orts of Pennsylvania" a new report presenting the sults of modern research on the history of the forts uilt for the protection of Pennsylvania settlers from e French and Indians together with the basic essentials of the "Report of the Commission to Locate the Sites of the Frontier Forts of Pennsylvania" as originally written pursuant to the act of May 23 1893 (P. L. 123)

Section 3 The two thousand five hundred copies shall be sold at a price sufficient to return the cost of publication to the Commonwealth

Section 4 For the expense of editing checking illustrating printing binding and other necessary costs of publication the sum of fifteen thousand dollars ($15,000) or as much thereof as is necessary is hereby appropriated to the Pennsylvania Historical and Museum Commission

Wednesday, March 23, 1955
at 1:00 o'clock p. m.

BEFORE JOINT INVESTIGATING COMMITTEE
of the
SENATE and HOUSE OF REPRESENTATIVES
COMMONWEALTH OF PENNSYLVANIA

Stenographic report of proceedings before the Joint Investigating Committee of the Senate and House of Representatives held in House Caucus Room, Main Capitol Building, Harrisburg, Pa., on Wednesday, March 23, 1955, at 1:00 o'clock p. m., re conditions existing at Laurelton State Village.

INVESTIGATING COMMITTEE:

SEN. ALBERT R. PECHAN, Chairman
SEN. ROBERT D. FLEMING
SEN. WILLIAM Z. SCOTT
SEN. MILES R. DERK
REP. DAVID M. BOIES
REP. LEON J. KOLANKIEWICZ
REP. NICHOLAS KORNICK
REP. EDWIN W. TOMPKINS

SENATOR PECHAN. I would like to present the members of this Committee. We have Representative Nicholas Kornick of Fayette County, Representative Leon Kolankiewicz of Philadelphia County, Senator William Scott of Carbon County, I am Senator Pechan, this is Representative Edwin Tompkins of Cameron County, Representative David Boies of Allegheny County, and to my rear is Senator Robert Fleming of Allegheny County and Senator Derk of Lycoming.

I would like to make an introductory statement before we begin so that we know why we are here and to make it clear to all of us.

The Constitution of the great Commonwealth of Pennsylvania guarantees to all of its citizens the individual right to be heard in defense of any charges leveled against them. It is part of the American way of life. Any procedure to deprive an individual of his day in court smacks of communistic maneuvers. The people through their representatives in the General Assembly will not tolerate high-handed methods of totalitarian practices on the part of the public officials.

Today we have a joint Senate and House Committee comprised of four Republicans and four Democrats prepared to give Dr. Effie C. Ireland, former Superintendent of Laurelton State Village, and Members of the Board of Trustees of that institution an opportunity to defend themselves against charges made by former Senator Harry Shapiro, who is now the Secretary of Welfare. Up to now they have been denied the opportunity to answer these charges. The investigation now to begin will give both sides of this controversy an opportunity to be heard, also it will aid Members of the General Assembly to determine what changes, if any, should be suggested in the program for the treatment, care and rehabilitation of mental defectives. Every witness will be free to expound his views.

It must not be forgotten that we are here to seek the truth. This hearing is open to the press and to the public. We will, however, hear only those witnesses whose names have first been submitted to the Committee. No questioning will be allowed from the audience. The press is free to take pictures and make notes of the testimony. In order that the unfortunate and the innocent may be protected, we respectfully request that the names of patients and their relatives which may be disclosed during the hearing not be used in any press stories or releases. I hope that you will honor that and I am sure that the gentlemen here will. If by chance one of the witnesses should drop a name, I hope the press will honor the request that we have made, because I don't think it is newsworthy.

I shall next read the resolution, Resolution No. 111, it was formerly No. 28, which was presented to the Senate by Senator Wolfe and Senator Fleming on February 22, 1955. When it came to the House, Mr. Readinger of the Committee on Rules of the House of Representatives offered an amendment on March 2nd, and this is the resolution:

"Harry Shapiro, the Secretary of Welfare, has accused the Board of Trustees and the Superintendent of Laurelton State Village, a State institution, of condoning "inhuman treatment" of patients. Frederick Maue, President of the Board of Trustees, and Dr. Effie C. Ireland Superintendent of Laurelton State Village, have denied the charges and requested an impartial investigation to clear their names.

"These charges cast reflection upon the integrity of all public officers and must create serious doubts and grave apprehension among the people concerning the good con

uct of our government. An immediate impartial investigaion of these charges is necessary in order to remedy his conduct, if true, or to protect the good name of our ublic officers and institutions, if false, therefore, be it Resolved (if the House of Representatives concurs) hat in the interest of fair play the President Pro Tempore f the Senate appoint four members of the Senate and he Speaker of the House of Representatives appoint our members of the House, who together shall constitute joint commission and be authorized and directed to nake an immediate investigation of all the charges nade. The committee shall have the power to issue subponeas under its hand and seal requesting and commandng any person or persons to appear before it and to nswer questions touching matters properly being inuired into and to produce such books, papers, records nd documents as the committee may deem necessary. Such subponeas may be served upon any person and shall ave the force and effect of subponeas issued out of ourts of this Commonwealth. The committee shall have he power to administer oaths and affirmations to witesses appearing before it. Any person who shall willully neglect or refuse to testify before the committee or o produce any books, papers, records, or documents nall be subject to the penalties provided by the laws f the Commonwealth in such cases. And be it further Resolved that said joint committee shall make its reorts to the respective branches of the General Assembly 'ithin a period not to exceed thirty days."

I will mention some of the charges that were made, will outline them. For instance, a news release by ecretary Shapiro of February 16, 1955, it was reported n the Harrisburg Evening News as follows, and I quote, He said that the Board was told of such conditions at ne institution as (1) Patients kept in solitary confineient for as long as six months, in forty barred cells in ohnston Cottage, with each cell sealed by a solid wooden oor that had only a peephole and a slot for feeding urposes; (2) Using Johnston Cottage for punishment for ile infractions; (3) Turning on cold water only once a ay for washing purposes; (4) Limiting meals to just a iece of bread with just as much food as could be placed n top of the bread slice; (5) Turning off the water pply for a toilet for a week; (6) Removing mattresses om beds and forcing patients to sleep on bare springs on the floor; (7) Beating and dragging a patient around y the hair; (8) Restraining girls by strapping their arms gether above their heads for as long as a week; (9) thirteen year old girl that it became necessary to send Warren; (10) The alleged syphilitic condition of the etitian; (11) Any other matter pertinent to the inquiry.

I think that we shall call our first witness. Doctor engs, will you come forward please?

Dr. HILDING BENGS, Sworn.

MR. TOMPKINS. Before proceeding with the questiong of Doctor Bengs I should like to read into the record he law in connection with the institution which we are ow concerned with.

'Mental defective' shall mean a person who is not ntally ill but whose mental development is so retarded at he has not acquired enough self-control, judgment nd discretion to manage himself and his affairs, and for whose welfare or that of others care is necessary or advisable. The term shall include 'feeble-minded', 'moron', 'idiot', and 'imbecile', but shall not include 'mental illness', 'inebriate' and 'senile'.

Also the same Act of 1951 provides as follows:

The Laurelton State Village shall be exclusively devoted to the care of mentally deficient women of childbearing age, and shall provide separate classification for the various grades of patients.

It also provides:

"The superintendent of every institution shall be a physician with at least seven years training or experience, or both, in the care of patients. In institutions for the care of female patients, the superintendent shall be a woman."

That is from the Mental Health Act of 1951.

Now, the Mental Health Act of 1951 repealed the original Act of 1913, which set up Laurelton Village. However, I should like to read one portion of the original law:

"It is specifically determined that the processes of an agricultural training shall be primarily considered in the educational department, and that the employment of the inmates in the care and raising of stock, and the cultivation of fruits, vegetables, roots, etc., shall be made tributary to the maintenance of the institution."

BY MR. TOMPKINS:

Q Is your name Dr. Hilding Bengs?

A That's right.

Q Dr. Bengs, what is your official capacity?

A Commissioner of Mental Health in the Department of Welfare.

Q How long have you been in this position, Doctor?

A That title since 1949.

Q And were you with the Department prior to that time?

A Yes, sir. I came there at the end of 1944 from the Warren State Hospital.

Q You have been continuously with the Department then since 1944?

A That's right.

Q And in your present capacity since 1949?

A That's right.

Q Doctor, would you state for us what your qualifications are, that is to say, your education, training, experience.

A University of Pennsylvania Medical School, having gone through college there, a two year internship Philadelphia General Hospital, and twelve years Warren State Hospital—

SENATOR PECHAN. Doctor could you speak just a little bit louder?

BY MR. TOMPKINS:

A All right. Twelve years, at Warren State Hospital, there as Clinical Director, then with the Department of Welfare for the past ten years, starting as Assistant Director of the Bureau of Mental Health. That is my professional record; there are a number of other incidentals, sir.

Q I think that will be sufficient. I am going to show your four exhibits and ask you to identify and tell us what those are?

A These are the biennial reports of the Laurelton State Village starting from 1946.

Q Those are official reports on file in the Department of Welfare?

A They are; they are made according to statute every biennium.

Q Doctor, I am going to ask you, the 1952-1954 report, what period does that cover?

A That covers the fiscal periods.

Q That is June 1, 1952, to May 31, 1954. Is that right?

A Yes, sir.

Q This is the last biennial report that has been filed, is that right, sir?

A Yes, sir.

Q Doctor, I would like to have you turn to page 8, if you will, and tell us as of May 31, 1954, how many patients were then in the institution?

A 1,038 in the institution.

Q Do you have listed, then, an additional 176 on visit? Is that right?

A Yes, that is under the supervision of the institution, but placed outside.

Q Making an over-all supervision total of 1,214.

A That is right.

Q Now, on that same page, will you tell us the number of girls that were admitted during that biennial period to the Village?

A Admitted for the first time, 184.

Q 184. How many were discharged from the Village during that same period?

A 96 were discharged from their commitment.

Q Turning to page 10, would you give us the classification of those who were admitted during that biennium?

A The 184 admitted during that biennium consisted of the clinical categories of 1 very low grade known as idiot, 25 low grade known as imbecile, 46 known as low moron, 72 as high moron, 36 border line cases, and 4 dull normal.

Q On page 11, would you state for us the nature of the offenses or—no, how many were prior institutionalizations?

A A total of 138 of these 184 had been previously institutionalized at local community facilities.

Q Would that be such as jail or penal institutions?

A Yes, and foster homes, other substitutes for their own homes.

Q Let us just get that into the record. Jail and penal institutions are 37, is that right?

A That is right.

Q Correctional 35, House of Good Shepherd 16, delivery homes 8, children's homes 12, county homes 4, foster homes 13, own homes 29, mental hospitals 14, and a note that 5 others have been in mental hospitals at some time, and other institutions for mental defectives 10, hospitals general 4, others, not own homes 2.

Now, Doctor, turning to page 12, would you tell us the summary of the offenses or the nature of the offenses for which these girls were committed there?

A 96.7 per cent of these 184 had been involved in some offense against society.

Q Does it not show that 172 of these had a sex offense of some kind?

A Sex was involved in their conduct.

Q 81 truancy. I think you will find that at the bottom of the page Doctor.

A Oh, yes. In the summary, yes.

Q 81 truancy of some kind, 38 in stealing.

A Yes.

Q 38 in stealing, 26 in assault, 14 alcoholism, 1 suicidal, 1 forgery, 2 drugs, 1 abandonment of children, 1 abuse of children, 3 psychotic, and 1 adultery, is that right?

A That's the way it is listed.

Q Doctor, on page 15 there is ananlysis of the total Village population as of May 31, 1954. Would you tell us what that analysis is?

A The analysis is two ways, the length of residence in the institution and also the categories by length of residence.

Q Give us the categories, please?

A Well, the 1,038 patients as of that date, 5-31-54, 9 were classified as idiots, 242 as imbeciles, 401 as low moron, 242 as high moron, 136 as borderline, 8 as dull normal classification.

Q Doctor, would you just tell us for our information what do those various classifications indicate or mean? How do you classify them as idiot, how do you classify them as imbeciles, and so forth?

A By a battery of psychological tests, these patients native ability, intellectual functioning, were measured and evaluated. They fell into these groups in descending order of severity of mental retardation. These names which are now becoming obsolete, by the way, professionally, are arbitrary classifications of grades o mental retardation.

Q Just what are those mental ages, according to whethe they are idiot—I am going to use these terms rathe than your later professional developments because o the fact that these are the classifications as set up in th Act of the Legislature itself. What would be the menta age of an idiot?

A The mental age of an idiot is equivalent to tha of an infant, less than two years.

Q What is the mental age of an imbecile?

A From two to nine years, or two to eight years, an morons from nine years up to twelve. There is a variatio in there—

Q The borderline would be of what age?

A A borderline and dull normal would be a variatio from about 12 to 14 or 16, depending upon what scal is used.

Q Doctor, what is the responsibility of a patient ac cording to his age rating?

A The responsibility will decrease as his mental ag rating decreases. It is over-simplified to say, but it comparable to say that a mental age of 6 years woul have the responsibility of a child of 6 years.

Q Now, are the people of this type likely to becom at times unmanageable and uncontrollable?

A Yes, they are; first, because of underprivileged back ground whereby there has been lack of proper supe vision and training; secondly, if they happen to belor to the class which have brain injuries or prior bra disease like inflammation of the brain, they may be hair triggered in their temperament as to be even al normal as a mental defective.

Q Those who are in that condition, are they likely time to become dangerous?

A That's a relative term, sir, it depends whether yo have a weapon in your hand. I would say that for the own protection and for the protection of the custodi

ere would have to be adequate help in properly super-sing them.

Q Are they in that condition likely to become assaultive?

A They may readily be, impulsively so.

Q Could they under those circumstances maybe be-me dangerous to an attendant?

A There is conceivable instances where they could come dangerous if handled by only one person. How-er, I would like to predicate all these remarks upon e cause of the reaction. These patients act with the ssened responsibility of the mental age they possess d they must not be thwarted, frustrated, provoked, or herwise—

Q Well, their mere commitment to an institution of is kind can cause a thwarting or frustration, couldn't ?

A There would be a period of readjustment for them get used to the institution.

Q And during that period of time they are—

A During that time they are very justifiably upset.

Q To the point of requiring extraordinary supervision?

A In some cases, yes.

Q Doctor—

A Pardon me. It also depends on how they are handled, eir being brought to the institution, and the fact—there e so many other factors, they may be apprehensive or raid.

Q Doctor, I want you to turn to page 38. On that page ere is "Activities of Girls' Library" during that bi-enial period. I refer you to Johnston Cottage. In there w many books does it indicate were borrowed during at period at Johnston Cottage?

A 3,200 books.

Q During that same period of time how many puzzles es it indicate were borrowed?

A 320.

Q Now, Doctor, on page 42 there is a list of choir gagements where these girls went to visit communities tside of the Village to put on choir entertainment, there quite an impressive list there, is there not?

A Yes, at least 25 engagements.

Q And that would constitute a part of the rehabilita-in there?

A Yes, sir.

Q And it shows that the girls were being rehabilitated that manner, otherwise there would be no record of y such choir engagements, would it not?

A Their ability to engage in outside activties repre-nts the results of good training.

Q On page 45, there is a list of articles made during th biennium in the sewing room. There is an impressive li there, is there not?

A There is quite a list, yes.

Q Such as aprons, gowns, jackets, mittens, suits, towels, d what have you, and there is a grand over-all total o 18,136 pieces during that biennium, is there not?

A Yes, sir, that is right.

Q Does that indicate a good rehabilitation program?

A Yes, this segment indicates considerable activities d productiveness in the programs for the girls.

Q Opposite page 46 there are two pictures, the one on th bottom of the sheet shows the girls at a beauty shop, es it not?

A That's right.

Q That indicates that the girls had the opportunity and privilege of primping themselves up, is that right?

A That was available to them, yes, sir.

Q On page 64 of that same report there is a dairy report, one for the period of July 1, 1951, to June 30, 1952, which shows that the value of the product above the feed cost for the total herd during that year's period amounts to $22,336.10, is that right?

A That's right.

Q For the annual period July 1, 1952, to June 30, 1953, it shows a value of product above feed cost of $19,069.95, does it not?

A That's right.

Q Doctor, let us turn to page 74, in there they refer to Item No. 5, "Renovation of Cottage No. 10 for trouble-some girls," and on page 75 it refers to three cottages for quiet girls. Now, just how many different types of cottages for different types of girls do they have at Laurelton?

A They have cottages for maximum security.

Q What would that be, Doctor?

A The Johnston Cottage would be the example for that and locked wards to a less degree of cottage 9, 10 and 11.

Q Is a maximum security cottage a necessary cottage in an institution of that kind?

A If they have those kind of behaviors, it is.

Q Do they have those kind of behaviors, or have they had those kind of behaviors. at Laurelton?

A They have disturbed behaviors among girls, yes, sir.

Q Of a nature that would require what you term the maximum security cottage?

A I would say, yes, in the sense that it would be a cottage where you would have to have close supervision.

Q Have to have what?

A Close supervision.

Q What would be a cottage for troublesome girls?

A Well, I would judge that it would be—

Q Not what you judge now. Don't you know what a cottage for troublesome girls would be, Doctor?

A I am confused as to what is troublesome. I suppose it is girls who don't cooperate very well, it would be a locked cottage.

Q What is that, Doctor?

A It would be a locked cottage, the cottage would have to be locked, and not free to come and go as you please.

Q And what type of girl would constitute a trouble-some girl?

A A girl that would be sufficiently uncooperative that she would not be trustworthy to stay on the grounds, be inclined to leave without permission, a girl who would be involved in altercations with her associates repeat-edly, and a girl who could not adjust to the activities prescribed for her.

Q What would you define as a cottage for quiet girls?

A That would be a cottage where there would be girls who are very conforming with the program and possibly girls who are quite low grade that they need more or less custodial care.

Q Are there any other types of cottages which are necessary in a mental defective institution?

A The open cottages where the girl who is in training for placement outside can be given unrestricted privileges

of the institutional grounds and could be using that cottage as she would her own home.

Q Would there be any other types of cottages?

A Well, the accessory cottages like the hospital unit.

Q Doctor, there is a cottage up at Laurelton known as Johnston Cottage, is that right?

A Yes, sir.

Q Now, is that what is known as the maximum security cottage?

A It was erected for maximum security.

Q Now, did you attend the opening of Johnston Cottage?

A No, sir.

Q How many times had you visited Johnston cottage?

A I visited it for the first time on February 10th of this year.

Q Visited it for the first time on February 10th?

A Yes, sir.

Q Do you know when Johnston cottage was opened?

A Yes, sometime in March, 1952.

Q March or October, was it?

A It was exhibited to the public October 15, '54; it was fully occupied on October 30, 1952.

Q On page 51 of that journal which you have there the report states: "It was exhibited to the public on Mental Health Day, October 15, 1954, and the next day the matron and the attendants moved in with four trustworthy girls who have fine quarters in unbarred adjoining rooms with bath. Then from its opening in October, '52, to February 10, '55, you did not visit Johnston cottage?

A I did not.

Q Did you attend or conduct a conference on mental defectives at Laurelton Village on November 24, 1953?

A I don't recall the occasion, but I had been there on several programs.

Q On page 78 it states, "On November 24, 1953, a Departmental Conference on the Care and Training of the Mentally Retarded Child was held at the Laurelton State Village. All of the state schools were represented, of course, also the Martha Lloyd School, the Elwyn Training School, the Allentown State Hospital and the Norristown State Hospital. Mr. Lester Myers and Miss Winger of the State Department of Special Education, and Dr. Hildings Bengs, Dr. Orville M. Fitzgerald, Miss Grace Cox, Mrs. Nancy Wright and Mrs. Katherine Brownell Oettinger, from the Department of Welfare attended."

A Yes, we were there for a meeting to start a consideration of the over-all program on mental deficiency.

Q And while there you did not visit Johnston Cottage?

A No, sir.

Q On page 80 of this same booklet you are listed as a visitor there during this biennium, and during your visits there you did not go and visit Johnston Cottage?

A No, I didn't.

Q This same booklet indicates that twice a year they have open house at Laurelton. Did you ever on any of those occasions of open house visit Johnston Cottage?

A No, I haven't.

Q Are you aware of the number of students and social groups who make visitations at Laurelton Village to study mental defectives and their program?

A There are quite a number of them. All the surrounding colleges send their classes there.

Q Have any of those study or observation groups ever to your knowledge sent any complaints in regarding the operation of the institution.

A I received none.

Q Do you know what the purpose of Johnston Cottage was, Doctor?

A It was erected for maximum security, what we would call a secure cottage.

Q I don't have an extra copy of this to show to you, this is the Laurelton State Village biennial report of 1946-1948. I refer to page 56 wherein it states: "In 1945 under Act 73-A a survey was made by Mr. George S. Idell, registered architect, Philadelphia, as to the requirements necessary to increase the population of Laurelton State Village to 1,500. This survey revealed the following construction necessary to the well rounded development of an institution to house 1,500 inmates of the type we receive," and among them they have listed one cottage for troublesome girls (of secure type) to house 40.

Turning to page 58 of that same report, it is stated: "Cottage of secure type for troublesome girls, The Laurelton State Village actually care for Pennsylvania's defective delinquent women. It was not designed for this, however, and we find that when our patients come in from jails, detention homes, correctional institutions, and our women's penal institution at Muncy, as a great majority of them do (157, or 94.6% of the 166 admissions in this biennium), they are resentful of further institutionalization and require more security then our ordinary cottage for troublesome girls can give. When one of these girls is so disturbed and in a bad mood, it just is not right to subject an attendant to possible bodily harm when she carries a tray to the girl's room or takes the girl from her room to the cottage bathroom. We should have one cottage with toilet facilities in the individual room and so designed that a tray may be passed in to the girl without the possibility of an attack being made on the attendant, or the tray hurled back in her face. The problem of caring for these disturbed women in our present type of cottage for troublesome girls has made the staffing of these cottages exceedingly difficult. Twice we have lost entire cottage staffs." Now, were you aware of that purpose for the building of Johnston cottage, Dr. Bengs?

A I was advised of that, yes, sir.

Q You had knowledge of that.

A Yes, sir.

Q Did you render any objection at that time to the construction of such a cottage and for that purpose?

A Not in principle, no.

Q Did you have knowledge of the two staffs, whole staffs, having quit because of the abuse which they were receiving from the patients?

A I don't recall that, sir.

Q You don't recall that?

A (The witness does not answer).

Q Now, of course, Johnston cottage is referred to, also in all subsequent reports and tells exactly what was done Is this the first known maximum security cottage built in the State of Pennsylvania, so far as you know, for mental defectives?

A Yes. I want to qualify it, with such construction, with toilet facilities in every room, a very limited amount of day space, and no wards. This cottage was built on the plan for single rooms only.

Q At the time of its construction you approved of the design of it, did you?

A In principle. I didn't attend all the construction conferences, we had quite a big building program going on.

Q Have there been any other maximum security cottages built in the State of Pennsylvania since this one?

A Not of that type.

Q Not of that type?

A (The witness does not answer).

Q. This is the only building of its type in existence in the state?

A That's right.

Q Doctor, a building of such a nature and the purposes, you never saw fit to visit it during that whole period of time from the time of its construction until February of this year?

A Well, there are extenuating circumstances I hope will be interpreted. This was something that we relied upon the superintendent's interpretation of the needs of her cottage and through another bureau—my bureau does not deal with construction we are in an advisory capacity only, we acceded to the wishes of the Superintendent. Now the fact I didn't visit it is just that I couldn't physically get around to all the institutions when there seemed to be higher priority matters to attend to elsewhere.

Q But you were there on several occasions in these years?

A On programs, yes.

Q Now, Doctor, do the Superintendent's monthly reports pass over your desk?

A They usually do.

Q Do you recall the reports from the Superintendent of Laurelton passing over your desk?

A Yes, I recall some of them.

Q Did you ever find anything in there for which you thought you should call her attention to her treatment of the patients at Laurelton?

A No. there is nothing.

Q There are periodic investigations made by an investigation staff of the Department of all of the institutions in the state, including Laurelton.

A Inspections, yes.

Q Inspections? How frequent are those inspections?

A From two to four times a year.

Q What do they inspect?

A Housekeeping, fire hazards, the general atmosphere of the place, that's all.

Q Do those inspection reports come over your desk?

A Yes, sir.

Q Have you ever since Johnston Cottage was opened found any of the inspection reports criticising any of the things at Johnston Cottage, or anywhere in Laurelton?

A Not of Johnston Cottage. There was, as I recall, a couple of inspection reports raising a question of double doors in some of the other cottages, double doors in the seclusion rooms.

Q What advice or what recommendation did you make when such reports came to you?

A We verbally questioned the use of two doors, to a single room, but we received what we thought was a satisfactory answer.

Q You approved, then, what the solution to it was, is that right?

A Yes, sir.

Q Now, are there any other institutions in the state that have double doors that you know of?

A I personally saw one at Polk; and the character of those two double doors was such that one was removed.

Q Is that the only institution where you know of double doors in the state?

A Yes, sir.

Q Did you ever visit at Muncy?

A Not for inspection purposes. I visited there once.

Q Do you know that they have double doors on their cells there?

A No, I haven't seen the seclusion cells at Muncy.

Q Do you know that they have slots in the door for the feeding of the inmates there?

A No, I don't.

Q Doctor, are there any hazards to the institution up there of any kind from the outside that you know of?

A Hazards to the Laurelton inmates you mean?

Q And the property, yes, sir.

A There are the usual hazards in a segregated community of that type. Visitors prompted by curiosity and also trying to get in touch with inmates for ulterior motives.

Q What would those ulterior motives be, Doctor?

A Kidnapping.

Q Is that all?

A In a technical sense.

Q What?

A In a technical sense. And, also, misappropriation of State property. We always have that trouble.

Q Do you know of any difficulties with reference to the area surrounding the institution? Strike that.

Just how much protective area do you have around the institution to protect them from the bullets of hunters?

A I guess the former superintendent could tell you better than I. It depends on how far the rifle shoots and where it is pointed. There is plenty of woods around Laurelton.

Q Do you know in the last biennium there was a hunter's bullet went through the windows of one of the cottages and it was only by reason of the fact that they happened to be out to chapel that morning that no one was injured?

A I don't recall that instance.

Q You don't recall that? Well, it's in the report there, Doctor, you will find it on page 65. Do you know that a similar incident has been reported again since that time?

A I could conceive it.

Q Now, do you have enough protective area around the institution at the present time to prevent such probable injuries that might result from a situation of that kind?

A There is enough buffer land around there. It is just a matter of having the property posted and enforced against hunters.

Q Do you know of any other institutions that are under a similar danger?

A The Polk State School is.

Q Has any request been made to the appropriate department to try to have something done to correct a situation of that kind?

A I believe so. The superintendent relayed a request to the department on that.

Q Doctor, on page 61 of this report—no, it is in the 1950-52 report, I am sorry, sir—do you know what the maintenance rating at Laurelton is?

A I believe at the present time it is running very close to $2.90 per patient per day.

Q Just what do you mean by that?

A I thought you meant the maintenance cost.

Q No. No.

A All right. The maintenance—

Q On page 61 of this 1950-52 report it states "Mr. William I. Rade, Assistant Engineer, Bureau of Institutional Management, inspected the Laurelton State Village from the maintenance standpoint on November 14, 15 and 16, 1950, and again on September 11, 1951. His first report stated that Laurelton was one of the best maintained institutions. Second that it was of its usual first class rating."

A The housekeeper is excellent there. It always has been, to my knowledge.

Q Then so far as you know it still maintains that kind of rating?

A It is a good one.

Q Now, Doctor, did you ever take some medical men, or psychiatrists, or professional people, at least, in this field from Finland up to visit Laurelton State Village?

A Yes, there was a welfare worker who had charge of the deficiency programs in Finland whom I took up there for overnight to inspect the institution.

Q Did this party want to see it, or was it your desire to take this party there to show it to them?

A It was on my own initiative; I took that institution as an example.

Q You had quite a high opinion of the institution, did you, Doctor?

A Yes, I did.

Q Have professional people in that field from other parts of the country at times gone to Laurelton to see it because of the nature of it and the manner in which it is operated and the results they obtain from there?

A It has always been one of our showplaces.

Q Do you still hold that same opinion, Doctor?

A I think it is one of the best facilities we have with certain modifications in its program, let me put it that way.

Q Which means something to the psychiatrist or the superintendent, but it doesn't mean a thing to me. Will you say it in plain terms?

A Well, in the light of recent events, if the hearsay that I have heard about it is proven to be factual, I would say that certain modifications in the program are necessary, but the institution as a whole has always had an excellent reputation.

Q Now, Doctor, you say you are making that remark from hearsay. When you were there on February 10th, didn't you look the place over?

A Yes, I did.

Q Did you visit Johnston Cottage?

A Yes, I did.

Q Did you see any of these things that have been reported to have taken place?

A I saw nothing.

Q You saw nothing when you were there?

(The witness does not answer.)

Q Then, all you know concerning the operation of that institution is what you have learned from somebody else, is that right?

A Plus a few things from the records.

Q What records?

A Well, on the doors of each room there were slips indicating dates as to when each girl went under certain restrictions of privileges.

Q Do you have any of those slips here?

A No, I personally don't.

Q Did you personally see such slips?

A Yes, sir.

Q Did you ever see a girl strapped down?

A I wasn't present, sir.

Q Did you ever see a girl dragged by her hair?

A I haven't seen a girl dragged by her hair, no sir.

Q Did you ever see a girl fed on wax paper?

A No, sir, I didn't.

Q Did you see a girl having to sleep on the floor on a blanket?

A Not at Johnston Cottage.

Q Doctor, are you acquainted or aware of the number of disturbances up there when it became necessary to call the State Police in to quiet them?

A No, sir, I don't recall the actual number, but it was at intervals, I would say at infrequent intervals, that the State Police were called upon to help.

Q How did you learn that?

A Directly from the management.

Q Did you ever go to visit the Village at any time after one of these disturbances to look it over?

A I was there once when a room was demolished, and I saw the piano very much damaged.

Q What brought that about?

A A number of girls had an altercation and it spread to the group.

Q It became necessary to call the State Police in in order the quiet that down, is that right?

A The State Police were called.

Q That's the only occasion on which you ever went to visit the Village after one of these disturbances, is that right?

A Yes, that was a major disturbance.

Q Well, there were several of them up there, weren't there, since you have been over in the Department?

A There may be several, yes.

Q Doctor, do you have with you an open letter addressed to Nursing Personnel under date of March 11, 1955?

A Yes.

Q Do you have another communication that was issued sometime in February, right after the Secretary directed you to take it over? Oh, by the way, are you presently in charge of the Village under the directions of the Secretary of Welfare?

A I was designated Acting Superintendent in Charge. I spend one or two days a week there.

Q You have since around late February of this year?

A Yes.

Q And you still are?

A Still am.

Q I just forget the name of that bulletin of yours. There was another bulletin you issued shortly—sometime around late February, as I recall it.

A Well, there was a list of recommendations we drew up after consulting with the Superintendent.

Q Yes, that's what I'm after. It's a bulletin of recommendations.

A Yes (The witness submits a paper to Mr. Tompkins).

Q That's February 16th. These recommendations were prepared under your direction?

A I wrote the recommendations after a conference with the consultants that were in the group with me.

Q Now, Doctor, in here I find that "unless for active seclusion all doors in individual roms to be open in the daytime, and, if personnel is available, the same open door policy at night-time, unless specifically requested by the patient." Do patients request their being locked in at night-time?

A Some patients feel more secure after they have been that way for sometime.

Q Do you know the history of that at the present time? How many of them do request it?

A Well, at the present time we have—well, the condition is in a state of flux, but I think right up to the present date, having only one person in the whole building at night, we have all the doors locked, just for the night-shift.

Q That is under your orders at the present time?

A Yes, sir.

Q Now, Doctor, have all these patients been removed from Johnston Cottage?

A Not counting the helpers, which would be there right along, we had a census of 40; at the present time there are 24 of the original 40.

Q Do you propose to discontinue the use of Johnston Cottage?

A You are asking my opinion, or under whose orders I am?

Q What is that?

A Are you asking my opinion?

Q Yes, I would like to know your opinion, Doctor.

A My recommendation to the Secretary of Welfare is that Johnston Cottage can be used an intensive treatment center for problem girls and because of its unusual appointments, where every single room has it own lavatory and toilet facilities, it might later be converted to an open cottage. At the present time Johnston Cottage has a function for close supervision and intensive treatment.

Q How do you propose to handle this type of patient in the future, the ones who have been confined to Johnston Cottage?

A We are trying to concentrate on the causes for disturbances rather than focusing on the disturbances themselves. In other words, if we can find out why a girl is incorrigible in the ordinary, popular sense of the word, perhaps there is some method of treatment or approach that would not emphasize constant restraint or the attitude of penalties. We are somewhat concerned that through the system of supervision there in the past the attitude among the girls themselves is focused on punishment, instead of deprivation of privileges because they are not able to handle them.

Q Doctor, do you mean to intimate here that no effort has been made up to now to try to find the cause of these girls' troubles?

A No, I do not intimate that. I feel it's worth a trial to shift the emphasis in the supervision of these girls so that there can be enough latitude given them if they make a mistake, or if they do not adjust, instead of having an overt act immediately associated with a deprivation of privilege.

Q Doctor, what instructions have you left with reference to the attendants regarding their entries and retirements from rooms of patients? Would you personally go into a room, Doctor, where you know there is quite an assaultive person in there and turn your back on them coming out?

A The standard practice in a state mental hospital where we have severely disturbed and mentally ill persons is never to go in alone. They always go in two or three, if it is necessary, to attend to a patient.

Q And when you come out do you turn your back on them to go out, or do you ordinarily back out of the room?

A You back out.

Q Why?

A That's just common sense.

Q All right. Why is it common sense? Isn't it a fact, Doctor, that you're afraid they might assault you from the rear?

A That's possible. I have been assaulted in that way.

Q Does that possibility not exist among mental defectives?

A Mental defectives, normal persons, insane persons.

Q Doctor, I am trying to ask you questions about mental defectives.

A Yes.

Q Is it not likely that that could happen, and is it not more likely that it could happen with mental defectives than it could with a normal person?

A It depends on how that mental defective is handled, sir. If that mental defective is actually hostile against you, has something against you, of course, it is going to happen.

Q Are you acquainted with the history of the assaults upon the attendants at Laurelton?

A I am acquainted with the fact that they have been assaulted, yes.

Q Do you know how frequently and with what degree of intensity?

A I know that at times they have been termed "potential killers."

Q Then what do you do with that "potential killer" today?

A I do not accept that designation as a potential killer. That, I think, is a stimga which will label a person to such extent that he is regarded by everyone—that he will be treated as a potential killer.

Q Well, how are you going to treat the person? Let's call them a potential killer. What are you going to call them?

A A disturbed person.

Q A disturbed person. What are you going to do with that disturbed person today?

A Treat him.

Q In what manner?

A Whatever his immediate needs appear to be.

Q Do you mean to say you are not going to try to put that person under a security regulation of some kind?

A In a single room, yes, sir.

Q All right, we will put them in a single room, we will call them just a disturbed person. Isn't that the

general classification for a disturbed person whether or not they just want to throw a pebble through a window or whether they are a potential killer?

A No, that's taking in quite a lot of ground. A disturbed person is one who is unable to conform in any respect with the welfare of the group. If it's just an impulsive act like smashing a window, the emotional feeling of the patient may be all over by the time the destruction is done. There are various degrees.

Q All right. Let's put this disturbed person in a cell by himself. Supposing this disturbed person goes what I would call berserk, tries to bat his head against the wall, and so forth. What would you do with him then?

A We would consider him actually ill. We would not permit him to injure himself. He would require proper handling according to psychiatric nursing procedure.

Q What would some of that handling be?

A Sedation, electric shock treatment, use of the so-called "wet pack," which is a therapeutic means of sedation. Anything, if possible, to avoid more than a temporary use of restraint.

Q All right, supposing I use temporary restraint, what would the nature of that restraint be?

A Preferably a dry pack, depending upon why you were giving the treatments, like in a process of feeding the patient or administering a medicine.

Q What do you mean by "dry pack?"

A Just blankets wrapped around the patient secured with—

Q Doctor, in this bulletin of yours of March 11th you stated for supervision to be effective it must be sufficient enough to remedy these situations and naturally will call for physical restraint as may be indicated. Now, what is that physical restraint you refer to in that bulletin?

A Laying hands on the patient.

Q Doctor, have you known of times that it may be necessary to employ upwards of from four to five people to physically restrain a person who goes berserk?

A Yes, that's true.

Q What do you think a layman would think today if he should see five people taking care of a patient who went berserk and had no professional mind to be looking at it?

A It would depend upon his interpretation of the situation.

Q Every person would think, perhaps, without a trained mind, that that fellow is certainly getting a brutal treatment, wouldn't he?

A He could, if it wasn't given properly.

Q What would you do with this patient, Doctor, if he should decide that he is going to take his cot and use it as a ramrod to start breaking down the doors and breaking down the walls?

A You would have to interefer with that process.

Q What do you mean by interference?

A Entering the room and restraining him.

Q How?

A Well, there are various ways, but usually with a blanket as a protection—not a blanket, a mattress as a protection. It is possible to corner a disturbed patient until he can be apprehended by the help, by the attendant.

Q Have you ever done it youself, personally, Doctor?

A At the state mental hospital I have helped, yes.

Q Have the beds ever been taken away from them when they tried to us them for that purpose?

A If they are unable to use a bed properly, then it is customary to give a mattress with blankets.

Q Then it may sometimes be necessary to take the bed away from them is that right?

A For short periods.

Q Would it be necessary, also, to take the mattress away from them?

A Conceivably, if they are destructive and are unable to use a mattress properly.

Q Then the only thing they might have would be a blanket for themselves, is that right?

A Temporarily so.

Q Doctor, are you acquainted with any of the details regarding the oustide control of water at Johnston Cottage?

A I have seen the access to the water and radiator control from the corridor, yes, sir.

Q Did you actually yourself operate it and see how it works?

A No, I saw how it handles.

Q Saw it handled?

A The valves.

Q Do you know the reasons for the outside control, Doctor?

A I believe the basic reason was in case of flooding so they could control the water.

Q What would cause the flooding, Doctor?

A When the patient would plug up the hopper, or the lavatory bowl.

Q Then it is wise to have an outside control, is that right?

A Well, better outside than inside.

Q Doctor, do you know anything regarding the condition at the Village regarding the smashing of windows prior to the order that was issued in February and since the time of that order?

A I believe, according to statistics, there was some increase in window smashing since the order.

Q Do you know the extent of that increase?

A Well, I was told there were thirty-four panes smashed in the month.

Q Against how many in the previous two years, I let's say?

A Of previous two years taken on a monthly basis, I suppose it is a matter of—well, I cannot give a figure of that, the steward can tell you better of the destruction. I was told there was an increase.

Q There is an increase.

A (The witness does not answer)

Q What is the situation with reference to escapees from the village?

A During the last month there were nine escapees.

Q How does that stand with relation to escapees prior to this order?

A Well, you would have to—Just prior? That was a slight increase to the prior months, but there have been months that there were more than nine.

Q Doctor, do you know that the male attendants at the Village today are reluctant, and in some cases refused, to help return the escapees for fear of being accused of abuse?

A That was the reason for the open letter.

Q Has that still solved the fear in the back of the minds of the male employees?

A I don't know what is in the back of their minds, but I have been advised we are getting better cooperation. Naturally, they did not know the extent to which they could handle a patient before and I have assured them all to use their good judgment and to be effective.

Q Doctor, those are such general terms. What are you going to do when you are going to have to grab a girl by the arm? Are they allowed to grab a girl by the arm if it becomes necessary to bring a girl back?

A They have been doing it before, I saw no reason why they couldn't do it now.

Q Supposing two of them have to sort of force her to come back? Would that still be a standing order?

A It is impossible to make a regulation for every contingency, but I have asked for effective supervision and, if they are out to bring a girl back, they can bring a girl back and I trust I can judge their nature that they are not going to abuse. If there are any injuries involved, we want, of course, an immediate report and to clear the circumstances.

Q Have you prior to the date of this order had any reports of injuries to the girls up there?

A No. I have been told informally, of course, there are some scratches or bruises that could be very well anticipated if there is resistance.

Q What did you do about that? Did you raise any issue about that?

A No, sir.

Q Now, Doctor, during your years in the Department where you have been, what has been your experience in recruiting professional personnel for mental institutions?

A Not satisfactory; personnel are scarce.

Q Doctor, do you think incidents such as have happended at Laurelton are going to help to better that situation in the recruitment of professional personnel?

A You mean the publicity? I don't get your question, sir?

Q Well, Doctor, here is charges leveled against one of our mental institutions—

A The natural reaction undoubtedly will be some assurance as to what the security of the position is and what authority that person has in executing his assignment.

Q Doctor, I asked you a simple question and you have given me a long answer. Do you think there will be difficulty in recruiting personnel with such situations as have been developing in our mental hospitals in the state of Pennsylvania, including Laurelton? Do you think you can attract good professional personnel? You have had trouble even without this, do you think you can attract people to go in there?

A It does not add to the encouragement.

Q Doctor, do you have knowledge of the fact that Doctor Ireland sought to retire over a year ago from her superintendency at Laurelton Village?

A Yes, I know that.

Q And that she was prevailed upon by the administration to stay on her job?

A That is correct.

Q Which she did.

A She did.

Q Other than an isolated incident that can happen in institutions of this kind or any kind, has there ever been any general criticism of the operation of Laurelton?

A I have not heard of any.

Q Laurelton was always held up more or less as a model, was it not?

A It was held in good regard by us.

BY MR. KOLANKIEWICZ

Q Doctor, may I ask you one question? It has been known that Doctor Ireland was to resign a year ago?

A That is correct.

Q Why didn't she resign? Do you know why?

A Why she did not, or why—

Q Why she did not resign?

A Upon personal representations from our bureau. We were not in a circumstance to replace here at that time.

Q As to the personnel, you just said that it was not satisfactory. Can you give me one reason or two reasons why it isn't? Is it the long hours, the insecurity, the fear of physical injury, or—

A Mr. Tompkins, I think, drew a comparison. It hasn't been too satisfactory in the past and these incidents now make it more unsatisfactory, I think is that what you have reference to?

Q Yes.

A I find in general that job security is the top priority in applying for work. Unfortunately, publicity regarding an institution may raise some anxiety and apprehension as to coming into that work. You would want some more assurance to look forward too.

Q When a person's, one of the inmate's bed or cot is taken away from them due to violence, and the mattress is taken away from them, and perhaps the blanket is taken away from them, and that leaves them a bare floor to sleep on, are they mentally ill, are they feeble-minded, or are they insane? What do you consider a person like that?

A I would give first preference to mental illness. That would be inflicting undue punishment upon oneself.

Q That would be what?

A Inflicting undue punishment upon oneself, that would be a deviation.

Q Would you tell me why some of the inmates request a locking of doors at night and some prefer to have them open, I mean in Johnston Cottage? Is that happening now in Johnston Cottage?

A At the present time we don't have the help, having only one person on all night, to allow them to have their choice. But in my orders of the day I said that when we had enough help we would let them have the privilege, instead of making it mandatory, of doors open at night. Some of the girls feel more secure if their doors are locked. This just has to do with the night.

Q Just at night?

A Yes.

Q Now, when I was up there I happened to see and look at one of the inmates chin that was bruised and she evidently was the one that was strapped to the springs of the bed. Is such treatment like that the custom in institutions like Johnston Cottage? Is that customary?

A I would not say it is customary, because we have several mental hospitals where we have no mechanical restraints at all, they have been abolished.

Q Some of the inmates, Doctor, were saying that they

get violent at times. When they do get violent, you use a hypodermic needle. For what purpose? What would then be used to restrain them?

A Wee, sedation.

Q Sedation. When that is used, how does that act on the inmate?

A It should make them—it should blunt their sensibilities to the extent that they would prefer to sleep.

Q They are able to sleep. Until that period of time elapses and then they are conscious again.

A Yes.

Q Were these girls permitted to go to church before February 15th?

A I understand that church privileges were not associated with the girls at Johnston Cottage.

Q Are they permitted to go now?

A Yes, they are

Q May I ask you another question? Were these girls permitted recreation prior to February 15th?

A Not outside the cottage.

Q Are they permitted now?

A Yes, they have been to movies.

Q Are they permitted to go down to the dining room?

A Their own dining room in the building.

Q Their own dining room?

A Yes.

BY MR. BOIS:

Q Doctor, may I ask you whether or not you are in full accord with the changes that have been made in the conduct of Johnston Cottage and whether or not you think they were necessary and desirable?

A The changes since we took charge there?

Q On the orders of the Secretary?

A Yes, the Secretary placed me actively in charge and the changes were effected on my own responsibility, so I have to be in accord with them, sir.

Q You believe they were necessary and desirable?

A I think the results are bearing me out that they were desirable.

Q May I ask, Doctor, whether such changes had ever been suggested before?

A No.

Q They never had been?

A Maybe they had been verbally. I don't recall specifically, but there is nothing on the record on that.

BY SEN. SCOTT:

Q Doctor Bengs, I would like to return for a minute to the problem of escapees. I refer you to page 8 of the Laurelton State Village book of 1952-1954. Will you quote from page 8 as to the number of escapees in the period 1952 to 1954?

A Five in 1952; 1953-1954 five, a total of 10 for the biennium.

Q Is that all, 10 for the biennium? How many did you testify escaped since February 18th of this year?

A Nine. And may I break it down, two were out overnight, the rest were returned within ten or fifteen minutes.

Q I believe you testified a few minutes ago, Doctor, that none of the inmates at the Johnston Cottage were given any physical recreation, is that correct?

A Let me put it, they were given no formal or directed program.

Q Were they allowed outside of the Cottage at any time?

A Those with certain ratings were allowed in an enclosure.

Q For what purpose?

A Personally, I have seen them hanging up wash, but I imagine they have been out for an airing, also.

Q Was there any athletic activity, exercise activity connected with that?

A Not at that time. We didn't have the physical director with us.

BY SEN. DERK:

Q I would like to ask the Doctor if any of the help, if you know if any of the help has quit on account of fear of the patients at any time?

A I don't know of my own knowledge, sir. There are numerous reasons for separations, but in the past month I don't know of any separations on account of actual fear.

Q I am not interested in the help that has quit on account of various reasons, but I want to know whether they quit because of fear of the patients, that they were afraid of them?

A It is very likely that some have in the past. It is very likely.

BY SEN. PECHAN:

Q Doctor, in that connection did you not testify just a little while ago when Representative Tompkins—

SEN. PECHAN. Was it a direct question, I don't recall, when the entire force quit at one time? Did you ask that question?

MR. TOMPKINS. Two different occasions. That is reported in the 1946-1948 report.

BY SEN. PECHAN:

A I wasn't acquainted with that.

BY MR. TOMPKINS:

Q That was before the Shapiro era—

A This is in 1946?

Q And this was before the Johnston Cottage era?

A Yes.

Q Doctor, did you in reviewing the monthly reports of Dr. Ireland, the monthly superintendent's reports, ever run across a report that she had dismissed two employees for the mistreatment and abuse of patients there?

A I believe she has. That is standard procedure. I am very sure she had done it.

Q In other words Doctor Ireland has a reputation that when she found some employe abusing or mistreating a patient she dismissed them, has she not?

A We had faith in her Superintendency.

BY MR. KOLANKIEWICZ:

Q Doctor Bengs, I would like to ask one or two more questions. The physical ground of Laurelton Village is very nice, I will admit, and I was very much impressed with it, but what startled me was going in and out of those buildings the way you must lock those doors for safety reasons. Then when I found out that there is only three fire plugs on the whole grounds and the closest fire apparatus would be reached somewhere around nine miles from the village, it created a fear in me that I can't express myself.

I would like to know what facilities or what steps did you take towards that hazardous condition? Or can any steps be taken?

A No, the best is to have test runs, or dry runs, from the nearest company to serve as good relationship and cooperation with them and develop your own volunteer fire force I am not acquainted with the details, sir. That is another bureau, that does not affect me very much.

Q I have noticed that the inmates up there are in dire need of dental care. Has that ever been taken under consideration?

A That has been under constant consideration, yes, sir.

Q Is there anything being done for that?

A Yes.

BY SEN. PECHAN:

Q Doctor, you have one dentist there, don't you?

A Yes, we have a dentist.

BY MR. KOLANKIEWICZ:

Q I did find out in speaking to some of the inmates that their mail is being censored. Is that permissible in those institutions, incoming mail and outgoing mail?

A Well, it is a local regulation there.

BY SEN. PECHAN:

Q Is it still being done, Doctor.

A Oh, yes, it is still being done. It has worked in the past, we are continuing.

BY MR. KOLANKIEWICZ:

Q Now they have a recreation room in Johnston Cottage.

A Yes.

Q Which they never used. They also spoke about, some of the inmates, if they would be privileged to get down into that recreation room during bad weather it would build the morale of those inmates very much. I did notice and found out that they were allowed to get outside for an hour or two in sort of a court, screened in, which they appreciated very much.

They also complained that the only regret they have that they can't eat in the dining room in the morning for breakfast. They are very well pleased since the 17th of February. They are very well pleased with the liberty they have that they can go down to the dining room and eat their lunch and dinner and they would like to have breakfast.

A They are getting breakfast now. We have enough supervision that they are getting breakfast now.

BY SEN. FLEMING:

Q Mr. Chairman, I would like to ask one question and it may have been asked you, Doctor. Did I understand in your testimony that you said there was indication of a good rehabilitation program at Johnston Cottage?

Did you so say, or did I misunderstand you sir?

A Probably a slight misunderstanding in emphasis. Johnston Cottage has its potentialities of a good rehabilitation program. We have brought some modification of the programs there to increase that.

Q Now when you say you have brought it, since when did you bring it, sir? You mean since February 17th?

A Oh yes, since February 10th—

Q Now, prior to that date, sir—

A Prior to that there were certain restrictions that we have been able to eliminate.

Q But in general, sir, what would you say about the rehabilitation program at the Johnston Cottage prior to February 17th?

A Prior to that we might take exception to some phases of it.

Q In general was it good or bad?

A Do you mean Johnston or the Village as a whole?

Q In Johnston, I am primarily concerned.

A I am afraid to say it was unsatisfactory.

BY MR. KOLANKIEWICZ:

Q Doctor, I have noticed in Johnston's Cottage the ages of those inmates range from about 14 to about 26. Is that the usual run of inmates that are somewhat wild?

A Well, they are the healthy, vigorous girls and higher grade girls who are the leaders of those who are less privileged. Their backgrounds, of course, are underprivileged and they have quite a history behind them. Therefore, Johnston Cottage represents the concentration of the most serious conduct disorders.

BY SEN. SCOTT:

Q Doctor Bengs, just what changes have been made at Johnston Cottage?

A We eliminated solitary confinement for more than 24 hours.

Q For more than 24 hours?

A Yes. At the present time there is no solitary confinement, although the majority of the girls are still there.

Q Doctor, will you tell us of any other charges?

A We opened up the dining room, we discontinued the use of certain drug that is rather restraining rather than sedative. We permitted church-outside activities in the sense of going to church, going to movies, on a trial basis and it worked out. There is a list of modifications we have done whereby we feel that the girl might have incentive to cooperate better with us.

Q Doctor, you said you opened up the dining room?

A Yes.

Q What are you giving the inmates in the way of eating utensils?

A Just as they would have at home that the institution can provide, plastic dishes, the usual silverware to make a complete diet.

BY MR. TOMPKINS:

Q Doctor, you talk about a restraining drug that is not classified as a sedative. What would be the reaction on a patient with the use of that particular drug?

A If given a full dose, it would make them nauseated and very sick.

Q You think, then, they wouldn't care to be wanting to ramble—

A It is restraint if you can render a person so sick that he has no incentive to do otherwise.

Q Doctor, have they been using a new drug up there?

A Yes, they are using a prevalent drug called Thorazine which is being widely tested throughout all mental hospitals.

Q Is that a sedative or a restraining drug?

A It is what we call a tranquilizer. It is in the class of sedative drugs.

Q I believe you stated in answer to Senator Fleming that the rehabilitation program at Johnston Cottage was not all that could be desired, or might be desired, is that right?

A That's correct.

Q Was the attention of the officials of the institution called to that prior to the time of your taking over?

A Probably two days before. We drew a list of recommendations and discussed it with them.

Q Prior to that time there had been no recommendations?

A Prior to that, no. Any program we might have had in mind we felt was rather controversial and we trusted the officials that they were equal to the best thought in their field.

Q The fact remains, the matter was never called to their attention and you didn't state to them you did not think their rehabilitation program was not proper or—

A No, sir, we didn't make a serious discussion of that.

Q Doctor, you have discontinued the use of the intercommunication system at Johnston Cottage, is that right?

A In the sense that it monitors what is going on in every ward, each of the four wards. The communication system still works outward in the broadcasting of music.

Q And you state that you use silverware utensils in their dining room?

A Yes, sir.

Q Are you aware of a plot to commit murder that was thwarted with use of an intercom system at one of their cottages up there?

A No, I am not.

Q Are you aware that the instrument which they finally found which was intended to be used for that purpose was a metal eating utensil?

A No, but that's conceivable. I have seen it happen in state mental hospitals.

Q Do you think that the intercom system would be of any value in trying to thwart any plots to do harm or injury to any other people?

A There is a basic philosophy either that it is a prison or it is a training school. It doesn't belong in a training school. It is certainly a spying system and it certainly will not imbue confidence in the management.

BY MR. BOIES:

Q Isn't it a fact, Doctor, that at Johnston Cottage they had no recreation or rehabilitation whatever?

A Johnston Cottage's program represented probably the most total restriction of activities and withdrawal of privileges.

Q When we were there we saw a few magazines, and decks of cards, and so on, and they told us they had never had such things before?

A That's correct. We introduced them.

Q They weren't permitted out in that 50 x 36 screened area?
